Plan Committee and Participants of
HAECO Americas 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the 2022 financial statements of HAECO Americas 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statement comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued or within one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the 2021 audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 14, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the HAECO Americas 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1995, covering non-union employees of HAECO Americas (the “Company”). Employees become eligible to participate upon completing one month of service, as defined, and attaining the age of 18. The Plan administrator controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) serves as the trustee of the Plan (the “trustee”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants are automatically enrolled at 4% with annual increases of 1% per year up to 10% of their pretax annual compensation, unless they elect otherwise. Participants may contribute an amount equal to, but not less than, 1%, and not more than 92% of their eligible compensation, as defined in the plan document, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

The Company may make non-discretionary matching, true-up, discretionary non-elective and profit-sharing contributions. Company contributions are invested directly in the participants' account investments, as directed by the participants. True-up, discretionary non-elective and profit-sharing contributions are recorded annually. Prior to October 1, 2022 the Plan allowed for an employer matching contribution of 50% of the first 4% of eligible participant compensation and catch-up contributions, and for an additional discretionary matching employer contribution on behalf of each eligible participant, as defined, in an amount equal to a percentage of the eligible contributions made by each eligible participant during the plan year. Effective October 1, 2022, employer matching contribution changed to 50% of the first 6% of eligible participant compensation and catch-up contributions. The additional matching employer contribution may be limited to match only contributions up to a specified percentage of compensation or limit the amount of the match to a specified dollar amount. The contribution period for purposes of calculating the amount of matching employer contribution is quarterly. A participant in the Plan is not eligible for the additional matching employer contribution if they are not employed by the Company, or a related company, on the last day of the contribution period, as defined. During 2022, the company made a non-discretionary match of \$2,080,633. There was no profit share contributions made for 2022.

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, money market funds, and a common collective trust fund as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings (losses) and charged with benefit payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions and Company non-elective contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, additional true-up contributions and profit-sharing contributions is based on years of service, as defined below. If an active participant dies or becomes disabled prior to attaining the normal retirement age, the participant's account becomes 100% vested. A participant becomes 25% vested after two years of service, 50% vested after three years of service, 75% vested after four years of service, and 100% vested after five years of service, as defined.

Notes receivable from participants

Participants may borrow up to a maximum of \$50,000 or 50% of the vested portion of their account balance, whichever is less. Loans are calculated on a fully amortized basis. Loans are collateralized by the balance in a participant's account and bear interest at rates that range from 4.25% to 8.00% as of December 31, 2022 and 4.25% to 8.25% as of December 31, 2021, which are commensurate with market rates for similar loans. The loan repayment terms are for a minimum of one year and a maximum of five years unless the loan is used to purchase a principal residence, in which case, the term is established by the Plan administrator but is customarily 20 years. Participants are able to have one loan outstanding at a time. The principal and interest paid are allocated to the appropriate funds according to the participant's investment election at the time of payment. Outstanding loans as of December 31, 2022 are set to mature between 2023 through 2031.

Payment of benefits

On termination of service a participant will receive a lump-sum distribution. Amounts contributed on a before-tax basis may be withdrawn only upon demonstration of financial hardship or disability.

Forfeited accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$129,281 and \$0 respectively. These accounts may be used to reduce future Company contributions or pay plan expenses. In 2022, forfeited amounts of \$116,167 were used to offset company contributions and \$76,030 was used to pay administrative expenses.

Reclassifications

The 2021 financial statements have been reclassified to correspond to the 2022 presentation. Total assets and net appreciation are unchanged due to these reclassifications.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent through October 5, 2023, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities, and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds and money market fund

Mutual funds and the money market fund are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust fund

The Plan invests in a common collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") per share provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trust fund is not required to be classified within a level on the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	\$ 86,613,519	\$ -	\$ -	\$ 86,613,519
Total assets in the fair value hierarchy	\$ 86,613,519	\$ -	\$ -	86,613,519
Investments measured at net asset value (a)				2,525,275
Investments at fair value				\$ 89,138,794

HAECO Americas 401(k) Plan
Notes to Financial Statements

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	\$ 108,505,238	\$ -	\$ -	\$ 108,505,238
Total assets in the fair value hierarchy	\$ 108,505,238	\$ -	\$ -	108,505,238
Investments measured at net asset value (a)				631,250
Investments at fair value				\$ 109,136,488

(a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Goldman Sachs Stable Value Institutional	\$ 2,525,275	\$ 631,250	N/A	Daily	12 months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	2022	2021
Investments	\$ 89,138,794	\$ 109,136,488
Notes receivable from participants	\$ 2,334,498	\$ 2,255,084
Net depreciation in fair value of investments	\$ (20,610,932)	
Interest and dividend income	\$ 1,967,970	
Interest income on notes receivable from participants	\$ 104,934	

5. Exempt Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustee and its affiliates by the Plan amounted to \$239,845 for the year ended December 31, 2022.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of IRC. The Plan is relying on IRS approval of the Prototype Non-standardized Profit Sharing Plan with CODA that it is utilizing. The IRS has determined and informed the prototype plan sponsor by a letter dated June 30, 2020, that the prototype plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risk And Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2022 and 2021 financial statements to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 92,146,481	\$ 111,391,572
Less: Contributions receivable	<u>(673,189)</u>	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$ 91,473,292</u>	<u>\$ 111,391,572</u>

The following is a reconciliation of net change in the statement of changes in net assets available for benefits per the financial statements for the year ended December 31, 2022, to net loss per Form 5500:

Net change per the financial statements	\$ (19,245,091)
Less: Change in contributions receivable	<u>(673,189)</u>
Net loss per Form 5500	<u>\$ (19,918,280)</u>
