Independent Auditor's Report

Plan Administrator
University of Dubuque Employees' 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the University of Dubuque Employees' 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

University of Dubuque Employees' 403(b) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of the University of Dubuque Employees' 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 403(b) plan covering substantially all employees of the University of Dubuque (University), except for student employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute up to 100% of their eligible annual compensation, as defined in the Plan subject to the provisions of the Internal Revenue Code (Code). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions and participants who have completed at least 15 years of service with the University may also make qualified organization catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit plans (rollover contributions).

The University has elected to match employee deferral contributions of up to 5% as follows:

<u>Elective Deferral %</u>	<u>Matching Rate</u>
1-4%	100%
5%	140%

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of: (a) University contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the balance of the participant's vested account.

Investment options: The Plan allows participants to invest in annuity contracts, a pooled separate account, variable annuities and mutual funds through three vendors as specified in the Plan's funding policy method. Participants may direct their contributions to any of the accounts available with the issuer and/or custodians and may allocate their accounts to the various investment alternatives on a daily basis.

Vesting: Participants are vested immediately in their contributions and the University's contributions plus actual earnings thereon.

Payment of benefits: Distributions from the Plan are permitted upon termination of employment, retirement, disability or death. A life annuity for single participants and a joint-survivor annuity for married participants is the automatic term of distribution, unless another form of distribution is elected by the participant or beneficiary. Other options include annuity options, installments or lump-sum withdrawals.

Transfers between accounts: Participants are permitted to transfer funds between their College Retirement Equities Fund (CREF) variable annuity and pooled separate accounts and accounts held by other vendors and into their TIAA annuity accounts at any time. However, transfers out of the Teachers Insurance and Annuity Association (TIAA) annuity accounts into any CREF account held by an active participant can only be made through a Transfer Payout Annuity, which provides for the transfer of funds in substantially equal installments over a period of 10 years.

University of Dubuque Employees' 403(b) Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts (fixed annuity contracts) issued by TIAA-CREF, which are reported at contract value (see Notes 4 and 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Most Plan investment and administrative expenses are netted with Plan earnings and allocated to participants based on their account balances in the Plan.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.

University of Dubuque Employees' 403(b) Plan

Notes to Financial Statements

Note 3. Investment Information

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule obtained by management and agreed to or derived from information certified by TIAA-CREF, as issuer, and T. Rowe Price Trust Company (T. Rowe Price) and Newport Trust Company (Newport), custodians of the Plan. The Plan Administrator has obtained certifications from the issuer and/or custodians that information provided to the Plan Administrator by the issuer and/or custodians related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments, at fair value:		
Fixed annuity contracts	\$ 10,488,540	\$ 10,340,175
Pooled separate account	1,928,789	1,863,266
Variable annuities	28,197,238	37,245,054
Mutual funds	18,552,869	20,945,003
Investments, at contract value, fixed annuity contracts	297,566	318,357
	<u>\$ 59,465,002</u>	<u>\$ 70,711,855</u>

The issuer and/or custodians also certified the completeness and accuracy of the net depreciation in fair value of investments and of interest and dividends related to the aforementioned assets as follows:

	Year Ended December 31, 2022
Investment loss:	
Net depreciation in fair value of investments	\$ (11,658,877)
Interest and dividends	1,200,458
	<u>\$ (10,458,419)</u>

University of Dubuque Employees' 403(b) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following are descriptions of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Fixed annuity contracts: Reported at fair value based on the contract value of the investments, which TIAA-CREF has indicated approximates fair value (see Note 5). This determination is based on TIAA-CREF's credit rating and yield during 2022 and 2021 being comparable to similar alternative investments and the interest rate being comparable to a 10-year treasury bond.

Pooled separate account: Valued at the daily unit values, which are published on National Association of Securities Dealers Automated Quotations (NASDAQ). The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

Variable annuities: Valued at the daily unit values, which are published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the funds.

Mutual funds: Value based on quoted prices in the active markets in which the funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

University of Dubuque Employees' 403(b) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Fixed annuity contracts, nonbenefit-responsive	\$ -	\$ -	\$ 10,488,540	\$ 10,488,540
Pooled separate account	-	1,928,789	-	1,928,789
Variable annuities	28,197,238	-	-	28,197,238
Mutual funds	18,552,869	-	-	18,552,869
Total assets in the fair value hierarchy	\$ 46,750,107	\$ 1,928,789	\$ 10,488,540	\$ 59,167,436

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Fixed annuity contracts, nonbenefit-responsive	\$ -	\$ -	\$ 10,340,175	\$ 10,340,175
Pooled separate account	-	1,863,266	-	1,863,266
Variable annuities	37,245,054	-	-	37,245,054
Mutual funds	20,945,003	-	-	20,945,003
Total assets in the fair value hierarchy	\$ 58,190,057	\$ 1,863,266	\$ 10,340,175	\$ 70,393,498

The Plan had no transfers in or out of Level 3 of the fair value hierarchy for the year ended December 31, 2022. During the year ended December 31, 2022, the Plan had purchases of \$1,639,898 and sales of \$1,809,121 of Level 3 investments.

Note 5. Investment Contracts With Insurance Company

The Plan has fixed annuity investment contracts with TIAA-CREF. Under these contracts are sub-contracts, some of which are fully benefit-responsive while others are not. TIAA-CREF maintains the contributions in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Investment contracts that are fully benefit-responsive are included in the financial statements at contract value as reported to the Plan by TIAA-CREF. Investment contracts that are not fully benefit-responsive are included in the financial statements at fair value, as reported to the Plan by TIAA-CREF. TIAA-CREF indicates the contract value approximates fair value for these investments as of December 31, 2022 and 2021. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, which as of December 31, 2022 and 2021, may not be less than 3%. Such rates are viewed on an annual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 403(b) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts

University of Dubuque Employees' 403(b) Plan

Notes to Financial Statements

Note 5. Investment Contracts With Insurance Company (Continued)

- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are funds managed by TIAA-CREF, T. Rowe Price and Newport, all of which are issuers and/or custodians as defined by the Plan, and therefore, transactions involving these investments qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8. Income Tax Status

The Plan adopted a volume submitter plan sponsored by Newport Group, Inc. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

University of Dubuque Employees' 403(b) Plan

Notes to Financial Statements

Note 9. Risks and Uncertainties

The investments of the Plan are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term could materially affect investment balances and the amounts reported in the financial statements.

Note 10. Net Assets Available for Benefits

In November 2007, the Department of Labor issued amended regulations eliminating an exemption granted to 403(b) plans from annual Form 5500 reporting, disclosure and audit requirements under Title I of ERISA. The removal of this exemption subjected the Plan to audit and expanded Form 5500 reporting requirements for the first time beginning with the Plan's year ended December 31, 2009. The Plan and its third-party issuer and/or custodians have not maintained sufficiently detailed accounting records relating to the Plan's annuity and custodial accounts issued to current and former employees prior to December 31, 2008. Accordingly, the completeness of the Plan's net assets available for benefits as of December 31, 2022 and 2021, and changes in net assets available for benefits for the year ended December 31, 2022, could not be verified.

In addition, the Plan has excluded investments and all activity from the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the statement of changes for the year ended December 31, 2022, related to accounts held by one vendor used by the Plan due to insufficient records and supporting documents being available from this vendor. Accounting principles generally accepted in the United States of America require that these accounts and the related activity be included in the accompanying financial statements.
