INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Naval Systems, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Naval Systems, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2021 and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NAVAL SYSTEMS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2021 and 2020

1. Description of the Plan

The following description of the Naval Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted with an effective date of June 1, 2007, is a qualified automatic contribution arrangement plan under Section 401(k) of the Internal Revenue Code (the IRC) covering all regular employees of Naval Systems, Inc. (NSI) and is amended from time to time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The anniversary date for the Plan is January 1 of each year, and a plan year is the 12-month period commencing January 1 and ending on December 31 of each year.

On January 6, 2021, the trustee, Branch Banking and Trust Company, announced that they had sold their retirement plan services to Ascensus, LLC. As a result of this transaction, and with the Plan's consent, the Plan's recordkeeping services were transferred to Ascensus, LLC and custodial services were transferred to Ascensus Trust Company. As part of this service transition, the Plan's assets were transferred to Ascensus Trust Company on March 1, 2021 and the Plan document was restated effective May 10, 2021.

Eligibility

Employees are eligible to participate in the Plan on their date of hire. Full-time employees and part-time employees are eligible to participate in the plan. There is no minimum age or service requirement an employee must attain to become a participant in the Plan for purposes of making elective deferrals.

Contributions

The Plan is funded by the employees' contributions, which equal the total salary reduction elections of all participants. The Plan includes an automatic deferral feature. Accordingly, NSI automatically withholds a portion of the employees' compensation each pay period and contributes the amount to the Plan as a pre-tax deferral unless the employee makes a contrary election. Maximum contribution limits are adjusted annually by the Internal Revenue Service (the IRS). Catch-up contributions, as defined in the Plan, are permitted for eligible participants age 50 or older. Participants may also contribute amounts representing distributions from other qualified retirement plans.

NSI is required to make a safe harbor contribution for each eligible employee for the plan year equal to 100% of the participants' salary deferrals that do not exceed 1% of their compensation, plus 50% of the participants' salary deferrals between 1% and 6% of their compensation. The safe harbor matching contribution is 100% vested at all times. The Plan also allows for a discretionary matching contribution based on a percentage of participants' contributions, but not to exceed 4% of the participants' annual compensation. During the years ended December 31, 2021 and 2020, NSI did not elect to make any discretionary matching contributions to the Plan.

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2021 and 2020

1. Description of the Plan (continued)

Rollovers from Other Plans

For eligible employees or participants, the Plan allows rollover contributions from all qualified plans. A separate account is maintained by the Plan for a participant's rollover contribution, which is nonforfeitable at all times. The account shares in the income and gains and losses of the funding vehicles in which it is invested.

Participant Accounts

Each participant's account is credited with the participant's contribution, the safe harbor contribution and any discretionary matching contributions and allocations of (a) plan earnings; and (b) administrative expenses. Allocations are based on participant compensation, participant earnings, account balances or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Elections

Participants may direct the investment of their contributions and any discretionary matching contributions into various investment options offered by the Plan. Participants may change their investment elections and their total contribution percentage via an automated system at any time.

Vesting

Participants are immediately vested in all contributions into the Plan plus earnings thereon.

Payment of Benefits

On termination of service due to severance from employment, death, disability, attaining age 59½ years or retirement, a participant with a vested balance of less than \$5,000 will receive a lump-sum distribution. Participants or their beneficiaries who have individual balances greater than \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, a life annuity payment or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account automatically as a lump-sum distribution. A participant's benefits must be distributed or must begin to be distributed not later than April 1 of the calendar year following the later of (i) the calendar year in which the participant attains age 70½ or (ii) the calendar year in which the participant retires.

Hardship distributions are permitted, provided that the withdrawal is to satisfy a heavy financial need. Effective January 1, 2020, the Plan elected to adopt provisions of the Budget Act of 2018 impacting the default provisions on NSI's 401(k) Plan. The key provisions adopted by the Plan include: (1) the elimination of the six months suspension requirement and, (2) the elimination of the requirement to exhaust the Plan's loan provision before taking a hardship withdrawal.

NAVAL SYSTEMS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2021 and 2020

1. Description of the Plan (continued)

Payment of Benefits (continued)

In addition, effective April 20, 2020, the plan administrator authorized the trustee to adopt the provisions of the CARES Act, impacting the default provisions of the Plan. The key CARES Act provisions adopted by the Plan, which are available to participants impacted by COVID-19, include: (1) COVID-19 related hardship distributions up to \$100,000, which exclude federal withholding and are taxable over a three-year period, unless repaid by the participant over that period, which is permitted, and (2) a one-year deferral of certain loan repayments.

Notes Receivable from Participants

Loans to plan participants are permitted. Participants may borrow funds from their participant accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balances. In addition, the maximum aggregate dollar amount of loans outstanding to any participant may not exceed \$50,000, reduced by the excess of the participant's highest outstanding loan balance during the 12-month period ending on the day of the origin date of the loan to a participant's current outstanding loan balance on that date. A participant may not request a loan of less than \$1,000. A participant may not have more than one outstanding loan at any given time. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence, in which case the loan must be repaid in 10 years. The loans are collateralized by the balances in the participants' accounts and bear interest at a reasonable rate as determined by the plan administrator. The applicable interest rate ranges between 4.25% and 6.50% for the years ended December 31, 2021 and 2020. Principal and interest payments are paid by the participant and are invested back into the participant's plan account based on current investment elections.

Expenses

All administrative expenses may be paid out of the Plan, unless paid by NSI. Administrative expenses of maintaining the Plan are primarily paid by NSI and are not included in these financial statements. Administrative expenses paid by the Plan totaled \$105,699 and \$95,726 for the years ended December 31, 2021 and 2020, respectively.

Plan Termination

Although it has not expressed any intent to do so, NSI has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become fully vested in any discretionary employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to benefit plans. The Plan's financial statements are prepared on the accrual basis of accounting.

NAVAL SYSTEMS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is defined as the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, defines fair value, establishes a framework for measuring fair value in accordance with GAAP and requires disclosures about fair value measurements for assets and liabilities measured at fair value on a recurring basis. The ASC emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and therefore a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, the ASC established a fair value hierarchy based upon the transparency of the inputs to the valuation of an asset or liability. These inputs may be observable, whereby market participant assumptions are developed based on market data obtained from independent sources, and unobservable, whereby assumptions about market participant assumptions are developed by the reporting entity based on the best information available in the circumstances.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities accessible at the measurement date.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets.

Level 3 – Unobservable inputs for the asset or liability, including the reporting entity's own assumptions in determining the fair value measurement.

As of December 31, 2021 and 2020, only the Plan's investments, as described in Note 4 of these financial statements, were measured at fair value on a recurring basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded for the years ended December 31, 2021 and 2020.

2. Summary of Significant Accounting Policies (continued)

Payment of Participant Benefits

Benefit payments to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Information Certified by the Plan's Trustees

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Branch Banking and Trust Company for the year ended December 31, 2020 and the period January 1, 2021 through February 28, 2021, and Acensus Trust Company, as an agent for Ascensus, at December 31, 2021 and for the period March 1, 2021 through December 31, 2021. This information has not been audited by the Plan's independent auditors.

4. Fair Value Measurement

The following table summarizes the Plan's assets measured at fair value on a recurring basis as of December 31, 2021 and 2020, aggregated by the fair value hierarchy level with which those measurements were made:

^(a)In accordance with Accounting Standards Codification Subtopic 820-10, certain investments measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the Statements of Net Assets Available for Benefits.

NAVAL SYSTEMS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2021 and 2020

4. Fair Value Measurement (continued)

The Plan used the following method and significant assumptions to estimate fair value for assets recorded at fair value:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in these mutual funds can be redeemed daily upon request.

Common trust funds – Valued daily using the net asset value (NAV). The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments in fully benefit-responsive guaranteed investment contracts that include underlying securities, which are predominantly traded on an active market. The underlying investments consists of guaranteed investment contracts, synthetic investment contracts with investments in securities in U.S. government agencies, mortgage-backed securities, corporate bonds, asset-backed securities, money market instruments and shares of mutual funds and commingled pools invested in the previously mentioned securities.

The table below details the Plan's ability to redeem the common trust fund valued at NAV as of December 31, 2021 and 2020, and also includes the funds' redemption frequency and redemption notice period.

	<u>Fair Value</u>		<u>Unfunded Commitments</u>	<u>Redemption Frequency If Currently Eligible</u>	<u>Redemption Notice Period</u>
	<u>2021</u>	<u>2020</u>			
Common Trust Funds	\$6,553,887	\$ 740,316	\$ -	Daily	1 day

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investments securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Party-in-Interest and Prohibited Transactions

The Plan extends loans to participants who are considered parties in interest and are exempt from the prohibited transaction rules. Other transactions that may be considered party-in-interest transactions relate to normal management and administrative services and the payment of expenses related thereto.

NAVAL SYSTEMS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2021 and 2020

6. Party-in-Interest and Prohibited Transactions (continued)

No prohibited transactions that are required to be reported on Schedule G of the federal Form 5500 occurred during the years ended December 31, 2021 and 2020. However, the Plan failed to transmit participant contributions and loan repayments to the Plan within the time period prescribed in 29 CFR 2510.3-102 during the year ended December 31, 2020. There were no such late remittances during the year ended December 31, 2021. The amount required to be reported on Schedule H, Part IV, Line 4a, of the federal Form 5500 was \$494 for both the year ended December 31, 2021 and 2020. NSI intends to remit these lost earnings to the Plan as soon as administratively feasible.

7. Tax Status

The plan administrator is currently not required to submit the plan to the Internal Revenue Service (IRS) for determination as it is a Prototype Non-standardized Profit Sharing Plan. The Plan previously operated under an IRS opinion letter dated March 31, 2014. The Plan was restated effective May 10, 2021 as a Non-standardized Pre-Approved Profit Sharing Plan operating under an IRS opinion letter dated June 30, 2020. The plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan's management to evaluate the Plan's uncertainty in income taxes and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through June 12, 2023, the date the financial statements were available to be issued. There were no subsequent events that require recognition or disclosure in these financial statements.

C Plan sponsor's name as shown on line 2a of Form 5500		D Employer Identification Number (EIN)	

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.
