Independent Auditors' Report

To the Audit Committee of the Altabancorp Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Altabancorp Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) as of April 11, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits in liquidation for the period ended April 11, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Altabancorp Employee Stock Ownership Plan as of April 11, 2023 (in liquidation), and December 31, 2022 (in liquidation), and the changes in its net assets available for benefits in liquidation for the period ended April 11, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Altabancorp Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Adoption of Liquidation Basis of Accounting

As further discussed in Notes 1 and 4 of the financial statements, those charged with governance made a decision to terminate the Altabancorp Employee Stock Ownership Plan, upon the merger of Altabancorp and Glacier Bancorp, Inc. As a result, in accordance with accounting principles generally accepted in the United States of America, the Altabancorp Employee Stock Ownership Plan has used the liquidation basis of accounting in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Reportable Transactions for the period ended April 11, 2023, referred to as "supplementary information" is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Altabancorp™ Employee Stock Ownership Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Altabancorp™ Employee Stock Ownership Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – Altabancorp™ (“Company”) is the holding company for Altabank (“Bank”). The Bank is a full-service community bank providing loans, deposit and cash management services to businesses and individuals. The Bank’s primary clients are small to medium sized businesses that require highly personalized commercial banking products and services. The Bank has 25 branch locations. The Bank has been serving communities in Utah and southern Idaho for more than 100 years. The Company was the Plan Sponsor of the Plan through September 30, 2021. On September 30, 2021, the Company froze and terminated the Plan (See Note 4). Effective October 1, 2021, the Company was merged into Glacier Bancorp, Inc. (“GBCI”) with GBCI as the surviving entity, and GBCI became the successor Plan Sponsor of the Plan. All of the Company’s publicly traded stock in the Plan was exchanged for GBCI publicly traded stock.

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document amended and restated as of January 1, 2019, for more complete information.

The primary purpose of the Plan is to provide employees who become participants in the Plan prior to October 1, 2021, an opportunity to share in the profits of the Company, which are then invested in the Company’s common stock and, since October 1, 2021, GBCI’s publicly traded common shares. To the extent that GBCI’s common shares increase in value, participants will receive the benefit of appreciation in such shares, along with any dividends paid to shareholders of GBCI. The Plan operates as an employee stock ownership plan, and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The governing body of Altabancorp approved a Termination Amendment on September 30, 2021, resulting in liquidation becoming imminent. See Note 4 for additional information.

Altabancorp™ Employee Stock Ownership Plan

Note 1 – Description of Plan, Continued

Eligibility – Employees of the Company are able to participate in the Plan upon reaching age 18. To be eligible to receive any fully discretionary contributions made by the Company, participants must have completed at least 1,000 hours (750 hours for the 2021 plan year) of service during the Plan year and be employed as of the last day of the Plan year. Employees who terminated employment during the year by reason of death, retirement at or after the participant's normal age of retirement of 65, or disability are also eligible. Excluded employees are not eligible for participation in the Plan and include union employees whose employment is governed by a collective bargaining agreement, certain non-resident aliens who have no earned income from sources within the United States, temporary employees, and leased employees.

Contributions – Contributions to the Plan are fully discretionary. The amount of the contribution is primarily driven by the profitability of the Company. Management recommends the annual contribution amount, which is approved by the Board of Directors. A portion of the contributions will be credited to each qualifying participant's account, based on a formula as defined in the Plan.

For period ended April 11, 2023 and the year ended December 31, 2022, the Company made no contributions to the Plan.

In addition, participants shall receive dividends paid to shareholders by the Company based on the number of shares held. Dividends may be immediately distributed to the participant or can be reinvested in the Company's common shares.

Participant accounts – Each participant's account is credited with an allocation of the Company's contributions each Plan year as previously described. Participant accounts may either increase or decrease in value based upon the fair value of the Company's common shares. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting – Contributions vest 20% after one year of vesting service (defined as at least 1,000 hours worked during the Plan year), with an additional 20% for each year of vesting service thereafter until being fully vested after five years or more of vesting service. A participant's account shall fully vest upon death, disability, or attainment of age 65. Upon termination of the Plan on September 30, 2021, all participants became a 100% vested in their account balances (See Note 4).

Payment of benefits – On termination of service due to death, disability, or retirement, a participant or their beneficiary will receive a payment amount based on the value of the participant's vested account as of the valuation date immediately preceding approval of an application for distribution. Payment will be made in a lump sum in cash and/or common shares of the Company.

Altabancorp™ Employee Stock Ownership Plan

Note 1 – Description of Plan, Continued

On termination of service for reasons other than death, disability, or retirement, a participant or their beneficiary will receive a payment amount based on the value of the participant's vested account as of the valuation date immediately preceding approval of an application for distribution. Unless otherwise elected by the participant or their beneficiary in an application for distribution, amounts under \$1,000 will be distributed as a single lump sum and amounts between \$1,000 and \$5,000 will be rolled over to an individual retirement account.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, may be used to restore the accounts of rehired employees, reduce employer contributions, be allocated among the remaining participants based upon the proportion of each participant's compensation for the Plan year to the total compensation for all participants for the year Plan, or to pay administrative expenses. During 2023, no forfeitures were utilized for these purposes.

Diversification – Diversification is offered to participants close to retirement so they may have the opportunity to move part of the value of their investment in the Company common stock into investments that are more diversified. Participants who are at least age 55, with at least ten years of participation in the Plan, may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less all amounts previously diversified. In the sixth year, the percentage increases to 50%. Participants who elect to diversify receive a cash distribution.

Voting rights – Each participant is entitled to exercise certain voting rights attributable to the shares allocated to his or her account and is notified by the Company prior to the time that such rights may be exercised.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – As a result of the decision to terminate the Plan effective September 30, 2021, and in accordance with accounting principles generally accepted in the United States of America (US GAAP), the Plan's financial statements as of April 11, 2023 and December 31, 2022, and the period ended April 11, 2023, are presented using the liquidation basis of accounting.

Use of estimates – The preparation of financial statements in accordance with US GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are reported at fair value. See Note 6 for discussion of fair value measurements.

Altabancorp™ Employee Stock Ownership Plan

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. The net appreciation (depreciation) in fair value of the Company's common shares consists of both the realized gains or losses and unrealized appreciation and depreciation of the Company's common shares.

Payment of benefits – Benefits are recorded when paid.

Expenses – General Plan administrative expenses may be paid out of the forfeiture account, paid by plan participants or paid by the Company.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through **August 18, 2023**, which is the date the financial statements were available to be issued.

Note 3 – Tax Status

On November 21, 2019, the Company received a favorable opinion letter from the Internal Revenue Service (IRS), which stated that the Plan, as then designed, has in accordance with the applicable sections of the IRC. The Company believes that the Plan is currently being operated in compliance with the applicable sections of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Plan Termination

The Company had the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested. Effective September 30, 2021, the Plan was frozen and terminated by the Company and all participants became a 100% vested in their account balances.

Altabancorp™ Employee Stock Ownership Plan

On January 26, 2022, GBCI as the successor Plan Sponsor submitted Form 5310, Application for Determination Upon Termination. Following the receipt of IRS determination letter of November 28, 2022 notifying the Company that it has complied with the relevant rules and regulations of terminating an ERISA plan, participants' balances have been distributed. Participants had the choice of receiving their distributions in cash or GBCI stock, but not both. Participants could have elected to receive a taxable lump sum distribution or have their account balance rolled over, tax-free to the GBCI sponsored plan, a Principal individual retirement account, or other individual retirement account as elected by the participant, subject to the provisions of ERISA. The accounts of participants who did not make a distribution election were rolled over, tax-free, to an individual retirement account with Principal.

Note 5 – Investments

On December 17, 2021, GBCI transferred the listing of its common stock from NASDAQ to the New York Stock Exchange (NYSE) and its common stock began trading on the NYSE on December 17, 2021, continuing under its ticker symbol of "GBCI". The closing stock price as of April 11, 2023, for GBCI (NYSE) was \$40.18 per share. The fair value of GBCI common shares as of April 11, 2023, was \$0, with a cost of \$0 compared to an estimated fair value of \$5,010,348, with a cost of \$5,439,731, as of December 31, 2022, for the Company's common shares. All shares are allocated to participants.

Employer contributions may be made in cash or in the form of sponsor Company common shares and cannot be diversified until certain criteria are met. As the participant lacks the ability to exercise independent control over these funds, they are defined as nonparticipant-directed. Although a portion of the Company's common shares could be participant-directed for those participants who have met diversification criteria, as defined in Note 1, no participants met the 10 years of participation diversification requirement as of the Plan's termination date. Accordingly, 100% of the sponsor Company's common shares held by the Plan has been presented as nonparticipant-directed.

Altabancorp™ Employee Stock Ownership Plan

Nonparticipant-directed investments as of April 11, 2023 and December 31, 2022, are as follows:

	April 11, 2023	December 31, 2022
Company common shares		
GBCI stock	\$ -	\$ 5,010,348

Note 6 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 11, 2023.

The fair market value of the Company and, as applicable, GBCI common stock held by the Plan is valued based upon the closing price listed on the NYSE.

GBCI stock	\$ 5,010,348	\$ -	\$ -	\$ 5,010,348

Note 7 – Risks and Uncertainties

Prior to October 1, 2021, the Plan only invested in Altabancorp™ publicly traded common stock. Altabancorp™ is a community financial institution operating in Utah and Southern Idaho. The Plan is exposed to risks specific to Altabancorp™ including: banking industry risk, economic risks related specific to the communities that Altabancorp operates in, and the financial performance of Altabancorp. The Plan is exposed to various industry risks, such as interest rate, market volatility, regulatory risk, credit risk. It is reasonably possible, given the level of investment concentration in the Plan that Altabancorp™ common shares may decline significantly in value in the near term affecting participant account balances and the amounts reported in the financial statements. On September 30, 2021, the Company froze and terminated the Plan (See Note 4). Effective October 1, 2021, Altabancorp was merged with Glacier Bancorp with Glacier Bancorp as the surviving entity. All Altabancorp publicly traded stock in the Plan were exchanged for Glacier Bancorp publicly traded stock.

Note 8 – Party in Interest Transactions

Prior to September 30, 2021, the Plan invested in shares of the Company's common shares. Under certain provisions of the Plan, participants were allowed to liquidate their holdings in the Company's common shares. To affect these transactions, the Plan would sell shares of Company stock to the Company, at the fair value of the stock, based on the NASDAQ stock exchange.

Altabancorp™ Employee Stock Ownership Plan

Note 9 – Concentration of Market Risk

Included in assets as of April 11, 2023 and December 31, 2022, are common shares of Glacier Bancorp, Inc. with a value of \$0 and \$5,010,348 respectively. The shares of GBCI's common stock represent 100% of investment balances as of April 11, 2023 and December 31, 2022, and 100% respectively, of total assets. Significant declines in the market value of GBCI's common stock would significantly affect the net assets available for benefits.

Note 10 – Administration of Plan Assets

The Plan's assets, which consist principally of GBCI common shares are held by the Plan's Trustee. Certain administrative functions are performed by officers or employees of the Company, its subsidiaries, or parent company (Glacier Bancorp, Inc.). No such officer or employee receives compensation from the Plan. Administrative expenses for the custodian's fees may be paid out of the forfeiture account or paid directly by the Company.
