INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Hoss's Steak and Sea House Savings Plan
170 Patchway Road
Duncansville, PA 16635

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hoss's Steak and Sea House Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hoss's Steak and Sea House Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from John Hancock Trust Company LLC as of December 31, 2022 and for the period June 16, 2022 to December 31, 2022, and Standard Insurance Company as of June 15, 2022 and December 31, 2021, and for the period January 1, 2022 to June 15, 2022 and the year ended December 31, 2021, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hoss's Steak and Sea House Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hoss's Steak and Sea House Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hoss's Steak and Sea House Savings Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hoss's Steak and Sea House Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HOSS'S STEAK AND SEA HOUSE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note A - Description of Plan

The following description of the Hoss's Steak and Sea House Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan covering all full-time employees of Hoss's Steak and Sea House, Inc. (Company) and its participating employers who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Consolidations Appropriations Act of 2021 became a law on December 27, 2020 which includes a temporary rule that prevents partial plan terminations for qualified retirement plan in certain circumstances.

2. Contributions - Each year, participants may contribute up to their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may match a percentage, as determined by the Company's Board of Directors, up to 6 percent of compensation that a participant contributes to the Plan based on a pay period basis. Effective for the pay date October 7, 2020, the match was suspended, and restarted on pay date August 30, 2021. The matching Company contribution is also directed by participants. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors and are also directed by participants. Participants who are not employed on the last working day of the plan year are generally not eligible for an allocation of Company profit sharing contributions for such year. Contributions are subject to certain IRS limitations.

Note A - Description of Plan (Continued)

3. Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's matching contributions, account earnings, as well as allocations of the Company profit sharing contribution. Participant accounts are charged directly for participant requested services and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service.
5. Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be outstanding at a time, unless if one loan is a principal residence loan. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates, as determined by the plan administrator through June 15, 2022, thereafter set at 2% above the prime rate. The interest rates range from 3.25% to 9.0%. Principal and interest is paid ratably through payroll deductions through June 15, 2022, thereafter directly by participants via ACH.
6. Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or have their benefits paid in regular periodic payments or in partial distributions as requested by the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
7. Forfeited Accounts - Amounts forfeited by terminated participants' nonvested account balances may first be used to pay administrative expenses then shall reduce the earliest Company contribution to be made after the forfeitures are determined. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,674 and \$399, respectively. Company contributions were reduced by \$-0- and \$-0- and expenses paid were \$427 and \$2,132 in 2022 and 2021, respectively from forfeited nonvested accounts.

HOSS'S STEAK AND SEA HOUSE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note B - Summary of Accounting Policies

1. Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.
2. Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by custodians and insurance companies. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Pooled separate accounts by their nature do not pay dividends. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
5. Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction. The Plan distributed any excess contributions to the applicable participants prior to March 15th of the year following the excess, with amounts paid being \$328 and \$6,786 in 2022 or 2021, respectively.
6. Payment of Benefits - Benefits are recorded when paid.

HOSS'S STEAK AND SEA HOUSE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note B - Summary of Accounting Policies (Continued)

7. Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to notes receivable from participants, Mainspring Managed portfolios, payment of benefits, and investment advisory services are charged directly to the participant's account and are included in administrative expenses. Investment and record keeping related expenses are included in net appreciation (depreciation) in fair value of investments.
8. Subsequent Events - The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Note C - Group Annuity Insurance Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed insurance contract with Standard Insurance Company (Standard) in 2004 totaling \$-0- for 2022 and \$4,622,194 for 2021. Standard maintains the contributions in a general account named The Standard Stable Asset A. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting.

Because the guaranteed insurance contract is not an investment contract, contract value approximates fair value and fair value is presented in the financial statements. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply.

HOSS'S STEAK AND SEA HOUSE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note C - Group Annuity Insurance Contract with Insurance Company (Continued)

The Plan did exercise an option in the contract when selecting John Hancock Trust Company LLC (John Hancock) as its new trustee in 2022. The contract with Standard provided an option that if the Stable Asset A value is transferred in 6 equal installments over a period of 5 years, the market value adjustment charge would not be assessed. Contingent on fulfilling that requirement, this option does not limit the ability of the Plan and participants to transact at contract value with the contract issuer. Participants are not limited to transact at contract value individually at any time with investments that are not a competing fund type.

In a trustee to trustee transfer, Standard transferred \$4,104,383 to John Hancock, in which the 1st installment was invested by John Hancock in the John Hancock Stable Value R11, a common/collective trust, and the balance was invested in Standard Stable Asset Fund Q, a common/collective trust. Future installments from the Standard Stable Asset Fund Q will fluctuate based on earning and participant allowed transfer activity.

Standard retains an option to transfer/disburse any remaining balance from its fund in a single lump sum.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HOSS'S STEAK AND SEA HOUSE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note D - Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Group annuity insurance contract: Valued daily at the daily net asset value (NAV) by written procedures by the trustee, is used as a readily determinable fair value to estimate fair value (see Note C).

Pooled separate accounts: Valued daily at the daily net asset value (NAV) of the underlying mutual fund shares held by the Plan subject to a unitization valuation process by the trustee, is used as a readily determinable fair value. These accounts are part of a group annuity contract that not themselves publicly traded but are composed of mutual funds that are either priced by a pricing service or directly by the relevant mutual fund company trading partner.

Mutual funds: Valued at the daily closing price as reported by the fund at net asset value of the shares held by the Plan.

Common/Collective trust: Valued either by the trust using a discounted cash flow methodology based on the prevailing market rates of similar instruments with comparable durations or by the contract issuer using independent pricing services for investment contracts in which the readily determinable fair value is used to estimate fair value. Participant transactions occur daily and the trust is priced daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022:

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

HOSS'S STEAK AND SEA HOUSE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note F - Tax Status

The Internal Revenue Service (IRS) has determined and informed the pre-approved plan provider by letter dated June 30, 2020 that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan has been amended since receiving its determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Since the Plan is a pre-approved plan, it is not necessary for the Plan administrator to submit the Plan for favorable determination.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Concentration of Credit Risk

The Company is primarily associated with the family style restaurant business, having locations throughout Pennsylvania and surrounding states.

Note H - Information Prepared and Certified by Trustees

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees, Standard and John Hancock:

HOSS'S STEAK AND SEA HOUSE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note J - Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are with Standard and John Hancock. Standard and John Hancock are the trustees and recordkeepers for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

A Retirement Plan Administrative Service Agreement exists with Standard Retirement Services, Inc. The Plan also has an Investment Advisory Agreement with StanCorp Investment Advisers, Inc. in which fees are paid through Standard Retirement Services, Inc., and paid by John Hancock after they became the trustee, to Heritage Seubert Financial, LLC for investment advisory services. Effective May 27, 2022, a Service Agreement with John Hancock Retirement Plan Services LLC was entered into. The Plan or Company may make a payment for administrative expenses. Investment and record keeping related fees incurred by the Plan are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. See Note B for further description on administrative expenses.

Note K - Partial Plan Termination

The Plan incurred a partial plan termination during the plan year 2020 by not making the requirement under the Internal Revenue Code following IRS COVID-19 guidance in which active participants in Plan on March 31, 2021 were at least 80% of the number of active participants covered on March 13, 2020. Those who terminated employment due to employer initiated in severance in 2020 have become fully vested and any forfeitures were restored in 2021.

Note L - Plan Amendments
