INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Elmet Technologies Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Elmet Technologies Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

To the Plan Administrator and Participants
Elmet Technologies Retirement Plan

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ELMET TECHNOLOGIES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. Description of Plan

The following description of the Elmet Technologies Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) plan, sponsored by Elmet Technologies LLC (the Company), that was established May 1, 2015. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Effective July 20, 2021, the Plan was amended and restated to operate under a non-standardized pre-approved basic plan document sponsored by Empower Trust Company, LLC (formerly Great-West Trust Company, LLC). There were no significant changes to the Plan as a result of this restatement.

Eligibility and Participation

The Plan covers all full-time employees of the Company who have reached age 18, with the exception of nonresident aliens, leased employees, and part-time, temporary and seasonal employees, as defined by the Plan. The Plan has no length of service requirements. Additionally, employees subject to a collective bargaining agreement are excluded from employer match contributions after 18 months of service.

Contributions

Participants may elect to contribute a percentage of pre-tax dollars or post-tax Roth contributions up to the Internal Revenue Service maximum allowable amount. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, as defined.

The Plan Sponsor, on behalf of each participant who elects to contribute to the Plan and meets eligibility requirements described above, makes safe harbor matching contributions consisting of 100% of elective deferrals up to 4% of the participant's eligible compensation plus 50% of elective deferrals up to 6% of the participant's eligible compensation.

The Plan allows for an employer discretionary matching contribution equal to a percentage, as determined by the Company, of the participant's elective deferrals. Additionally, the Plan allows for a discretionary profit sharing contribution to be determined by the Company. The Company made no discretionary matching contributions or discretionary profit sharing contributions in 2022 and 2021.

At the participant's option, contributions may be invested in any of the available investment options. The options consist of mutual funds and a guaranteed fixed fund.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. **Description of Plan (Continued)**

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses, which is generally netted with investment earnings in the participant accounts. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

The Plan allows participants to borrow against their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest in their account. Participants may have only one loan outstanding at any time. Loan terms generally range from 1 to 5 years, with longer terms allowed for the purchase of a primary residence. The loans bear interest at the prevailing interest rate at the date of the loan, charged on similar loans under like circumstances, by persons in the business of lending money. Such rates are fixed throughout the duration of the loans. Principal and interest are paid via payroll deduction under a level amortization schedule.

Vesting

Participants are immediately vested in their contributions and the Company's match (including discretionary match) and safe harbor match contributions, plus actual earnings thereon. A participant becomes 100% vested in their profit sharing account balance after three years of service.

Payment of Benefits

On termination of service, participants may elect to withdraw their accounts in the form of a lump-sum distribution. Vested account balances totaling less than \$5,000 (including rollover balances) are automatically distributed to participants, absent consent. If a participant's vested account balance exceeds \$5,000 (including rollover balances), a terminated participant may elect to leave the funds in the Plan until retirement or take a distribution at their discretion, subject to applicable withholding taxes.

The Plan provides for in-service distributions for participants who have attained the age of 59½, and those distributions may be made from all accounts. The Plan provides that hardship distributions may be made to eligible participants from pretax and Roth elective deferral accounts provided they meet certain criteria.

Plan Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administrator of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments in the Plan's records.

ELMET TECHNOLOGIES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. **Description of Plan (Continued)**

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their balances.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value based upon quoted market prices which represent the net asset value of shares held by the Plan. Investments in the guaranteed fixed fund are valued based on contract value (see Note 4).

Purchases and sales are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statements of changes in net assets the net (depreciation) appreciation in the fair value of its investments which consists of realized gains or losses and unrealized (depreciation) appreciation on investments held at the Plan's year end.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Employee elective contributions and employer matching contributions are recorded in the period in which payroll deductions are made. Employer discretionary matching and profit sharing contributions are recorded in the period to which the service relates.

ELMET TECHNOLOGIES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

2. **Summary of Significant Accounting Policies (Continued)**

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. If a participant does not make loan repayments and the Plan Administrator considers the loan to be in default, the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net asset available for benefits.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through September 19, 2023, which is the date the financial statements were available to be issued.

3. **Tax Status**

A qualifying plan is one for which the employer may currently deduct contributions on its income tax return, the employee is not currently taxed on the contribution, and the plan income is not taxable.

The Internal Revenue Service (IRS) has issued an opinion letter dated, November 14, 2022, for the non-standardized pre-approved plan stating that the Plan is qualified under the appropriate sections of the Internal Revenue Code (the Code). The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code upon which the tax determination letter was based.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

ELMET TECHNOLOGIES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

4. **Investments and Information Certified by the Trustees**

The Plan's investments, including interest and dividends, net (depreciation) appreciation in fair value of investments and investment transactions, and notes receivable from participants, interest associated with the notes receivable and notes receivable transactions were certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (formerly Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC), the trustees, as of and for the years ended December 31, 2022 and 2021. The Plan Administrator has determined that Empower Annuity Insurance Company of America and Empower Trust Company, LLC meet the requirements of a qualified institution as defined by the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, in accordance with the request of the Plan's Administrator and as permitted by CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subjected to generally accepted auditing procedures by the Plan's independent public accountants.

The Plan has investments in a guaranteed fixed fund. The guaranteed fixed fund contract guarantees participant withdrawals at contract value and is fully benefit-responsive. The guaranteed fixed fund is included in the financial statements at contract value as reported by the trustees. Interest rates are determined quarterly. The average yield earned by the fund and credited to participants was 0.93% and 0.90% in 2022 and 2021, respectively.

The guaranteed fixed fund is a general account product with an insurance company. The methodology for calculating the interest crediting rates is based on the earnings of the underlying assets in the portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The Plan guaranteed fixed fund pays interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

5. **Fair Value Measurements**

Accounting standards define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). For disclosures, a fair value hierarchy prioritizes the input to valuation techniques used to measure fair value into three levels:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

ELMET TECHNOLOGIES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

5. Fair Value Measurements (Continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds – valued based upon quoted market prices, which represent the net asset values of shares held by the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value by type as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2022</u>				
Mutual funds	<u>\$ 7,946,396</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 7,946,396</u>

6. Party-in-Interest Transactions

Certain investments of the Plan are investments in a guaranteed fixed fund managed by a Trustee. Therefore, transactions involving the Plan's investments qualify as party-in-interest. The Plan reimbursed the Plan Sponsor for fees related to administering the Plan and paid administrative fees to investment advisors and trustees in the amount of \$15,906 and \$13,621 for the years ended December 31, 2022 and 2021, respectively. Additionally, notes receivable from Plan participants, the related interest income and transactions are also considered party-in-interest transactions.

7. Reconciliation to Form 5500

The following is a reconciliation of the significant differences between the financial statements and Form 5500 as of and for the year ended December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits – per financial statements	\$ 8,594,885	\$11,614,009
Participant contributions receivable	–	(2,115)
Employer contributions receivable	<u>–</u>	<u>(587)</u>
Net assets – per Form 5500	<u>\$ 8,594,885</u>	<u>\$11,611,307</u>
Net (decrease) increase in net assets available for benefits per financial statements	\$ (3,019,124)	\$ 858,914
Participant contributions receivable – 2020	–	1,120
Employer contributions receivable – 2020	–	289
Participant contributions receivable – 2021	2,115	(2,115)
Employer contributions receivable – 2021	<u>587</u>	<u>(587)</u>
Net (loss) income – per Form 5500	<u>\$ (3,016,422)</u>	<u>\$ 857,621</u>

Notes receivable from participants are reflected as a receivable on the financial statements, which is different from the Form 5500 presentation. On the Form 5500, notes receivable are classified as investments under the caption, "participant loans."
