INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Participants of the
Weissman PC 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Weissman PC 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Weissman PC 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following description of the Weissman PC 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Weissman PC (the Company or Plan Sponsor). Employees are eligible to participate in the Plan on the first day of each quarter coinciding with or following the date after attaining the age of 18 and completing six months of service. The Plan was amended and restated effective January 11, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees are automatically enrolled into the Plan, and pre-tax participant contributions are withheld at 5% of eligible compensation unless the employee elects differently. The Plan allows for an annual 1% automatic increase of participant pre-tax contributions up to a maximum of 8%. Each participant may elect to make pre-tax contributions of up to 100% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$20,500 in 2022, plus catch-up contributions of \$6,500 for those participants who are at least 50 years of age before the close of the Plan year. Effective July 1, 2023, the Plan was amended to add Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may also make discretionary matching and non-elective contributions to the Plan. For the discretionary matching contributions, participants must attain age 18 and complete six months of service. During 2022, the Company provided discretionary matching contributions equal to 100% of participant contributions up to 1% of eligible compensation. For the discretionary non-elective contributions, participants must attain age 21 and be employed as of the last day of the Plan year with at least 1,000 hours of service. The Company did not make any discretionary non-elective contributions in 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, any Company discretionary matching and non-elective contributions, investment earnings and losses, and is charged with certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Weissman PC 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants are vested immediately in their contributions plus earnings thereon. Vesting in Company contributions is based on years of continuous service. Participants vest 20% per year in Company discretionary matching and non-elective contributions and are fully vested after five years of service. All amounts become fully vested upon the participant's attainment of normal retirement age, disability, or death.

Forfeited Accounts

Forfeited non-vested accounts totaled \$1,122 and \$1,111 at December 31, 2022 and 2021, respectively. Forfeitures may be used to reduce Company discretionary matching contributions. During 2022, forfeitures of \$14,915 were used to reduce Company discretionary matching contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. The notes are secured by the balance in the participant's account and bear interest at a rate of Prime + 1%. During 2022, notes had rates ranging from 4.25% to 8.00%. Notes must be repaid in 5 years unless used for the purchase of a primary residence, in which case the term may be up to 10 years. Participants may have two notes outstanding at any time. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, a participant or their beneficiary may receive payment of the vested interest in their account in the form of a lump-sum or installment distribution. In-service withdrawals are also permitted for participants who have attained age 59½. If a participant terminates employment and has an account balance between \$1,000 and \$5,000 for which no distribution request has been made, the balance will be rolled into an individual retirement account in the participant's name. If a participant terminates employment and has an account balance less than \$1,000, the participant will automatically receive a lump-sum distribution. Participants are eligible to receive hardship withdrawals when certain conditions are met.

Administrative Expenses

Certain transaction fees for distributions and loans are charged directly to the participants. Administrative expenses also include recordkeeping fees, investment management fees, and advisory fees, which are deducted from participant accounts as defined by the Plan document. These expenses are paid to service providers of the Plan and, therefore, qualify as party-in-interest transactions. Investment related expenses are included in net change in fair

value or contract value of investments. The Company pays all other administrative expenses of the Plan and provides certain accounting and administrative services to the Plan. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company discretionary matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and approved by the Company. The Company discretionary non-elective contribution is considered payable to the Plan when approved to be paid by the Company.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed interest account which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value or contract value of investments includes realized and unrealized gains and losses on investments, interest, and dividends. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Weissman PC 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 15, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All investment information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, net change in fair value and contract value of investments and interest income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC (formerly, Great-West Trust Company, LLC), and Empower Annuity Insurance Company of America (formerly, Great-West Life & Annuity Insurance Company) (collectively, Empower), the Plan's qualified institutions.

4. Investments

Plan investments include a Guaranteed Interest Account (GIA), which is managed by Empower. Empower is a service provider to the Plan; therefore, transactions in this investment qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value or contract value of investments, as they are paid through revenue sharing rather than a direct payment.

Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Weissman PC 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other significant observable inputs, including quoted prices in active markets for similar securities

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in the self-directed brokerage accounts include common stock, money market funds, and mutual funds and are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a guaranteed interest account which is a general obligation of Empower. The guaranteed interest account is valued at contract value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The investment contract is backed by the general account of the issuer. The Plan makes deposits with the issuer and receives a guaranteed interest rate for the specified time. Interest is accrued on a fully compounded basis and paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals will occur at contract value (principal plus accrued interest). The methodology for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The weighted average crediting interest earned by the contract for the years ended December 31, 2022 and 2021 was 0.94% and 0.90%, respectively. Empower considers the contract to be fully benefit responsive for participant-initiated transactions and is

Weissman PC 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

stated at contract value. Investment income of this contract is presented on a contract basis. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any.

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2022 and 2021:

	Level 1	
	2022	2021
Mutual funds	\$ 15,762,600	\$ 18,012,906
Self-directed brokerage accounts	1,696,753	2,115,173
Total investments, at fair value	\$ 17,459,353	\$ 20,128,079

5. Income Tax Status

The Plan uses a non-standardized prototype plan document sponsored by Great-West Trust Company, LLC (Great-West). Great-West received an opinion letter from the Internal Revenue Service, dated June 30, 2020, which states that the prototype document designed satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.
