Independent Auditors' Report

Plan Administrator
D&D Distributors Non-Union 401(k) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of D&D Distributors Non-Union 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

D&D DISTRIBUTORS NON-UNION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 And 2021

1. Description Of The Plan

The following brief description of D&D Distributors Non-Union 401(k) Plan (the Plan) provides only general information. Plan participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit-sharing plan. The Plan covers substantially all non-union employees of D & D Distributors (the Employer) who have completed the service requirement and are age 21 and older. The Plan was amended in July 2022 to change the service requirement to six months or employment. Prior to July 2022, the service requirement was 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions

Participants may contribute (pre-tax or after-tax) up to 100% of compensation as specified in the Plan Document with an annual maximum limit as established by the Internal Revenue Code (IRC). Participants age 50 or older are also eligible to contribute catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans.

The Plan provides for discretionary matching contributions equal to a uniform percentage of employee salary deferrals and a percentage of eligible compensation. For the years ended December 31, 2022 and 2021, the Company matched 50% of the first 6% of eligible compensation plus an additional 1% of eligible compensation, for a maximum contribution of 4%.

The Plan provides for discretionary profit sharing contributions. No profit sharing contributions were made for the years ended December 31, 2022 or 2021.

Vesting

Participants are 100% vested in their deferral contributions, rollover contributions, plus actual earnings thereon. Vesting in Company discretionary contributions is based on years of service. Participants vest 20% after each year of service and become fully vested after five years of service. Participants also become 100% vested upon reaching normal retirement age (age 65), becoming disabled, or death.

Notes To Financial Statements *(Continued)*

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined in the Plan, represents forfeitures. Forfeitures shall be used first to offset Employer matching contributions, and any remaining forfeitures shall be used to pay reasonable costs and expenses of the Plan. Forfeitures of \$6,462 and \$11,533 were used for the years ended December 31, 2022 and 2021, respectively. Unallocated forfeitures available for future use at December 31, 2022 and 2021 totaled \$2,465 and \$1,319, respectively.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, the Employer's matching contributions, and an allocation of the Plan's earnings or losses. The allocation of earnings or losses is determined by the earnings or losses of each participant's investment selection based on each participant's account balance, as defined in the Plan Document.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in a number of investment options offered by the Plan.

Payment Of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant may retire at age 65, or with at least five years of service, and receive the amount of all vested account balances in a lump sum cash payment or installment payments. In-service distributions are permitted upon attainment of age 59-1/2. Rollover contributions may be withdrawn at any time.

Upon termination of service, a participant may elect to defer their distribution or receive a lump-sum distribution equal to the participant's vested interest in their account. Account balances less than \$5,000 are generally distributed to an Individual Retirement Account if the participant does not make a distribution election.

Notes Receivable From Participants

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000.

D&D DISTRIBUTORS NON-UNION 401(k) PLAN

Notes To Financial Statements *(Continued)*

All notes are to be repaid within five years except for notes whose proceeds are used to acquire a principal residence. The notes are secured by the vested balance in the participants' account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest are repaid ratably through payroll deductions.

Participant Hardship Withdrawals

A participant may withdraw from the Plan that portion of their account resulting from their salary deferral contributions in the event of undue financial hardship, which includes payments for education expenses, medical expenses, funeral expenses, and the purchase of a home.

Administrative Expenses

During 2022 and 2021, certain administrative expenses of the Plan are paid by the Employer. All other expenses are paid out of Plan assets.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

The Plan Administrator uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States. Those estimates and assumptions affect the reported amounts of net assets available for benefits, the disclosure of contingencies, and the reported additions to and deductions from net assets available for benefits. Actual results could vary from the estimates that were used.

Investment Valuation And Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Investment transactions are accounted for on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

D&D DISTRIBUTORS NON-UNION 401(k) PLAN

Notes To Financial Statements *(Continued)*

Notes Receivable From Participants

Notes receivable from participants are measured at the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net change in fair value of investments, interest and dividends for the years then ended were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Charles Schwab Trust Bank (the Trustee). This information has not been audited by the Plan's independent auditor.

4. Fair Value Measurements

The Plan utilizes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets; |

D&D DISTRIBUTORS NON-UNION 401(k) PLAN

Notes To Financial Statements (*Continued*)

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Funds

Valued at the NAV of units of the individual fund. The NAV, as provided by the trustee of the invested fund, is used as a practical expedient to estimate fair value and is calculated daily by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Withdrawals from the collective investment funds for benefit payments are made within 30 days after the request for distribution. The collective investment funds file an annual report on Form 5500 as a direct filing entity, and there are no capital commitments related to the collective trust funds.

D&D DISTRIBUTORS NON-UNION 401(k) PLAN

Notes To Financial Statements *(Continued)*

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 5,415,528	\$ —	\$ —	\$ 5,415,528
Collective investment funds measured at net asset value per share (a)				6,632,231
Total Investments, At Fair Value				\$ 12,047,759

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 6,316,618	\$ —	\$ —	\$ 6,316,618
Collective investment funds measured at net asset value per share (a)				7,945,061
Total Investments, At Fair Value				\$ 14,261,679

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

There have been no changes in the valuation methodologies used at December 31, 2022 or 2021.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, participants will become 100% vested in their accounts.

D&D DISTRIBUTORS NON-UNION 401(k) PLAN

Notes To Financial Statements *(Continued)*

6. Income Tax Status

The Plan has adopted a nonstandardized volume submitter plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 in which the IRS stated that the volume submitter plan document was in compliance with the IRC. The Plan and the volume submitter document have been amended since the date of the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Effective January 1, 2022, the Plan was restated through the adoption of a non-standardized pre-approved profit sharing plan, which received a favorable IRS opinion letter dated June 30, 2020. The Plan has been amended since the date of the opinion letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal tax returns for tax years 2019 and later remain subject to examination by taxing authorities.

7. Risks And Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes To Financial Statements *(Continued)*

8. Party In Interest Transactions

Certain Plan investments consist of collective investment funds managed by an affiliate of the Trustee. In addition, certain participants have outstanding loans with the Plan as of December 31, 2022 and 2021. These transactions are considered party in interest transactions allowable under ERISA.
