Independent Auditor's Report

To the Board of Trustees of The Shamrock Companies, Inc. 401(k) Retirement Plan
Westlake, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Shamrock Companies, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Shamrock Companies, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Shamrock Companies, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Shamrock Companies, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Shamrock Companies, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Shamrock Companies, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. PLAN DESCRIPTION

The following description of The Shamrock Companies, Inc. (the “Company” or “Plan Sponsor”) 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and adoption agreement for a complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan with an Internal Revenue Code (“IRC”) Section 401(k) arrangement which allows plan participants to defer current taxation on a portion of their salaries by electing a percentage of their salary to be contributed to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility - The Plan covers all employees of the Company age twenty-one or older who have completed twelve months of service. Those eligible to participate in the Plan may enroll on the first day of the quarter following the date of eligibility.

Contributions - Eligible employees may contribute up to 100% of their compensation on a pre-tax or post-tax (“Roth”) basis subject to the IRC 402(g) limit. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor, however, may be required to limit contributions of certain employees to comply with the IRC.

The Plan Sponsor may, at its option, match a portion of participants’ salary deferrals. There were no matching contributions for the year ended December 31, 2022.

The Plan Sponsor may make additional discretionary contributions to the Plan. All eligible employees, as defined, may receive these discretionary contributions but must be actively employed as of December 31.

The Plan also permits rollover contributions from other qualified retirement plans and certain IRAs.

Participant Accounts - Each participant’s account is credited with the participant’s contributions, employer matching contributions, allocation of the Company’s discretionary contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants direct the allocation of their contributions into the various investment options provided, including a self-directed brokerage account. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in employer discretionary matching and non-matching discretionary contributions after six years of credited service.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

The Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act that was signed into law on March 27, 2020. The CARES Act increased the maximum loan amount to \$100,000 or 100% of a participant’s vested balance, through September 22, 2020. For periods prior to the adoption of the CARES Act and after September 22, 2020, participants were permitted to borrow from their salary deferral accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Loan terms generally range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bear interest ranging from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, the participant may elect to receive his or her account balance as a lump-sum payment or in periodic installments. The Plan Administrator may automatically make a lump-sum distribution for account balances less than \$5,000. Participants terminated are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeitures - As of December 31, 2022 and 2021, there were no forfeited non-vested accounts. These accounts are used to reduce future employer contributions or to pay Plan expenses.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third-party administrative expenses and investment management fees, are paid by the Plan. Distribution and loan fees are paid by participants. All other expenses of maintaining the Plan are paid by the Company. Investment related expenses are included in net depreciation in fair value of investments.

C. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Mid Atlantic Trust Company ("MATC"), the custodian for the Plan.

MATC has certified as to the completeness and accuracy of the investments it holds and the changes in net assets arising from said investment activity (\$13,858,157 and \$18,266,984 as of December 31, 2022 and 2021, respectively), except for the self-directed brokerage accounts (\$1,824,358 and \$5,173,451 as of December 31, 2022 and 2021, respectively) and notes receivable from participants (\$79,907 and \$71,712 as of December 31, 2022 and 2021, respectively), as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

MATC has certified as to the completeness and accuracy of the schedule of assets (held at end of year), except for the self-directed brokerage accounts and notes receivable from participants, as of December 31, 2022.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Common collective trust - The Plan holds interests in a Stable Value Fund, which consists of an investment in the New York Life Insurance Anchor Account (the "Anchor Account"), which is not traded in an active market, and is valued at the net asset value ("NAV") per share of the fund as a practical expedient for the estimated fair value of the fund. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV is provided by the fund sponsor and verified using the audited financial statements of the fund. The Anchor Account is made available to the participating plans through a group annuity contract. The group annuity contract is an investment contract that is benefit-responsive, meaning it provides for a stated return on principal invested over a specified period and permits withdrawals at a contract value for benefit payments, loans, or transfers to other investment options offered to the participant by the Plan. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the Stable Value Fund, the issuer reserves the right to require 12 months' notification to ensure the liquidation of securities is carried out in an orderly business manner.

Self-directed brokerage accounts - The value of the account, as provided by the brokerage firm, is determined using external sources and valued based on quoted prices or the active market for the investments held.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to the Financial Statements

December 31, 2022 and 2021

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Total
Self-directed brokerage accounts, audited	\$ 1,824,358	\$ 1,824,358
Mutual funds, unaudited	12,471,471	12,471,471
Total assets in the fair value hierarchy	14,295,829	14,295,829
Investments measured at net asset value, unaudited (a)	-	1,466,593
Investments at fair value	<u>\$ 14,295,829</u>	<u>\$ 15,762,422</u>

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022.

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 1,466,593	\$ -	Daily	12 Months

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Total
Self-directed brokerage accounts, audited	\$ 5,173,451	\$ 5,173,451
Mutual funds, unaudited	16,671,968	16,671,968
Total assets in the fair value hierarchy	21,845,419	21,845,419
Investments measured at net asset value, unaudited (a)	-	1,573,795
Investments at fair value	<u>\$ 21,845,419</u>	<u>\$ 23,419,214</u>

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021.

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 1,573,795	\$ -	Daily	12 Months

- (a) In accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Shamrock Companies, Inc. 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2022 and 2021

Participants in the Anchor Account may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Withdrawals and transfers resulting from certain events, including employer-initiated events may limit the ability of the fund to transact at contract value. These events may cause liquidation of all or a portion of a contract at market value. The Plan Administrator believes that the occurrence of any event which would limit the Plan's ability to transact at contract value is not probable.

E. RELATED-PARTY TRANSACTIONS

MATC provides certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and the custodian. MATC may receive revenue sharing from mutual fund service providers. This revenue is transferred to the record keeper on a quarterly basis and such amounts are applied to pay Plan administrative expenses. During 2022, approximately \$6,200 was applied to pay Plan administrative expenses. For the year ended December 31, 2022, the Plan paid administrative expenses of approximately \$56,600 and \$10,000, respectively, to Flexible Benefits Systems, the third-party administrator, and Ancora, the investment advisor.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant would have a non-forfeitable right to his or her total account balance as of the date of termination.

G. FEDERAL INCOME TAX STATUS

The Plan adopted the CCH Incorporated, DBA ftwilliam.com Pre-Approved Plan effective January 1, 2022. The Plan has been amended since the prototype received an Internal Revenue Service ("IRS") opinion letter dated June 30, 2020. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. PLAN AMENDMENTS

Effective January 1, 2022, the Plan was restated as part of the required Cycle 3 restatement.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 14, 2023, the date that the Plan's annual financial statements were available to be issued.

Effective February 1, 2023, the Plan was amended to modify its eligibility and vesting service rules to include years of service with Innovative Business Products, LLC.
