Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of K&H Printers-Lithographers, Inc. 401(k) Retirement & Profit Sharing Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) - Schedule of delinquent participant contributions and Schedule H, Line 4(i) - Schedule of assets (Held at End of Year) as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

K&H Printers-Lithographers, Inc. 401(k) Retirement & Profit Sharing Plan

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - DESCRIPTION OF PLAN

The following description of the K & H Printer-Lithographers, Inc. 401(k) Retirement & Profit Sharing Plan (the "plan") provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the plan's provisions, which are available from the plan administrator. The plan sponsor is K&H Printers-Lithographers, Inc. ("the company").

GENERAL

The plan is a defined contribution 401(k) plan covering all full-time employees of K&H Printers-Lithographers, Inc., Ackley Beverage Group, LLC, Ackley Capital, LLC, and Ackley Brands LTD, who have completed three consecutive months of service. Leased employees and nonresident aliens with no earned income from sources within the United States are not eligible to participate in the plan. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute a percentage of eligible annual compensation as pre-tax contributions, as defined by the plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the plan, are allowed to make catch-up contributions as defined in the plan. Participants direct the investment of all contributions into various investment options offered by the plan. The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 5% percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. All contributions are invested with Charles Schwab Trust Bank.

The company may make safe harbor matching contributions. These contributions are equal to 100% of the employee contributions that are not in excess of 3% of the employee's compensation, plus 50% of the amount of the employee contributions that exceed 3% of the employee's compensation but that do not exceed 5% of the employee's compensation, as defined in the plan agreement. Participants must complete a year of service to be eligible for safe harbor contributions. The company made safe harbor matching contributions of \$357,742 and \$345,276 for the years ended December 31, 2022 and 2021, respectively.

The company may make discretionary non safe harbor matching contributions to the plan, based on salary deferrals up to a certain percentage of the participant's compensation. The company may also make discretionary profit sharing contributions to the plan. Participants must complete a year of service to be eligible for non-safe harbor matching and profit sharing contributions. Participants must be employed on the last day of the plan year to qualify for the profit sharing contribution. There were no non safe harbor matching or profit sharing contributions for the years ended December 31, 2022 and 2021.

Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

PARTICIPANT INVESTMENT ACCOUNT OPTIONS

Upon enrollment in the plan, participants are able to direct their contributions, including company contributions, among any or all of the multiple investment account options. Investment options are shares of mutual funds held by Charles Schwab Trust Bank and a guaranteed investment contract held by Standard Insurance Company. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investments options daily. There are no nonparticipant directed investments.

Contributions may be temporarily held as cash balances with a corresponding accrued liability prior to the execution of the investment according to the participant's direction.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the company's non-safe harbor matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant becomes 20% vested in any non-safe harbor and profit sharing contributions after two years of service and vests ratably thereafter until 100% vested after six years of service.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions and the loan can be repaid in full at any time.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant with a balance in excess of \$1,000 may receive a single lump-sum distribution equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant with a balance in excess of \$1,000 may elect whether to receive a lump-sum distribution or roll over the vested interest in his or her account into another qualified plan. A participant will receive an automatic benefit payment for the value of the vested interest in his or her account as a cash lump sum for balances under \$1,000.

HARDSHIP AND IN-SERVICE WITHDRAWALS

Participants are permitted to withdraw, in a single sum, up to the vested portion of their account balance under certain conditions. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition,

the payment of funeral expenses or casualty losses (as defined by the Internal Revenue Code) or to prevent eviction or foreclosure from the participant's principal residence.

Participants are permitted to receive in-service distributions prior to termination of employment if they have attained the age of 59 ½ and distributions are from fully vested accounts.

FORFEITED ACCOUNTS

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0. These accounts will be used to pay plan administrative expenses or reduce future employer contributions. No forfeitures were used during the years ended December 31, 2022 or 2021.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the plan are prepared on the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's trustees determine the plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

The plan's guaranteed investment contract is valued at contract value as contract value is the relevant measurement attributable to fully benefit-responsive investment contracts. Contract value represents the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Contract value approximates fair value of the guaranteed interest fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of the plan are paid by the company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

SUBSEQUENT EVENTS

The plan has evaluated subsequent events through October 4, 2023, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the custodian of the plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Cash
- Investments at fair value
- Guaranteed investment contract at contract value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Notes receivable from participants
- Interest income on notes receivable from participants
- Investments, as reflected in Schedule H, Line 4(i) - Schedule of assets (Held at End of Year)

The plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,282,191	\$ -	\$ -	\$ 10,282,191

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,787,564	\$ -	\$ -	\$ 12,787,564

Note 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The plan has a fully benefit-responsive guaranteed investment contract with Standard Insurance Company "Standard." Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The

crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the plan. Contract value, as reported to the plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events, such as the premature termination of the contract by the plan or the termination of the plan may limit the plan's ability to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of such events, which would also limit the plan's ability to transact at contract value with participants, is probable.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The guaranteed investment contract is managed by Standard Insurance Company. This investment and related investment transactions qualify as party-in-interest transactions. The plan paid certain expenses related to the plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions.

Note 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of employer contributions receivable per the financial statements at December 31 to Form 5500:

December 31,	2022	2021
Employer contribution receivable per the financial statements	\$ 52,265	\$ 24,304
Less: Additional financial statement employer receivable	(11,809)	(13,298)
Employer contribution receivable per 5500	\$ 40,456	\$ 11,006

The following is a reconciliation of participant contributions receivable per the financial statements at December 31 to Form 5500:

December 31,	2022	2021
Participant contribution receivable per the financial statements	\$ 86,992	\$ 30,619
Less: Additional financial statement participant receivable	(28,024)	(30,451)
Participant contribution receivable per 5500	\$ 58,968	\$ 168

The following is a reconciliation of contributions per the financial statements for the years ended December 31 to Form 5500:

Years Ended December 31,	2022	2021
Contributions per the financial statements	\$ 1,135,805	\$ 1,116,122
Change in participant contributions receivable	2,427	(4,752)
Change in employer contributions receivable	1,489	(1,669)
Contributions per Schedule H of the Form 5500	\$ 1,139,721	\$ 1,109,701

Note 9 - TAX STATUS

The plan adopted a Prototype Non-Standardized profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the plan (as restated January 1, 2022) is designed in accordance with the applicable sections of the IRC. Once qualified, the plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that as of December 31, 2022, the plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statement.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2022 and 2021, approximately 43% and 52% of the plan's investments were invested in the JP Morgan Mid Cap Growth Fund and the Vanguard 500 Index Fund, respectively.

Note 11 - OTHER MATTERS

Defined contribution plans are required to remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. While the company remitted all employee contributions to the plan, contributions of \$83,069 were not remitted within the required time period for the year ended December 31, 2022. The company corrected these late contributions by remitting these delinquent employee deferrals including any lost earnings to the impacted participant accounts.
