Independent Auditor's Report

The Plan Administrator
EmblemHealth Services Company, LLC 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of EmblemHealth Services Company, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EmblemHealth Services Company, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the EmblemHealth Services Company, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of EmblemHealth Services Company, LLC (EHS or the Company) who have one month of service and are not covered by a collective bargaining agreement. The Plan was adopted on September 30, 2003 and became effective January 1, 2004. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As of January 1, 2008, the Plan was amended and restated to include all non-union employees transferred from Health Insurance Plan of Greater New York (HIP), Vytra Health Plans, EmblemHealth Plan, Inc. (EHPI), and HIP Administrators of Florida. The EHPI HMO Select, Inc. 401(k) Savings Plan merged with the Plan on November 9, 2012.

Great-West Trust Company, LLC is the trustee and the custodian of the Plan. Effective August 1, 2022, Great-West Trust Company, LLC's name was changed to Empower Trust Company, LLC (Empower).

Participant Contributions

Participants are permitted to contribute up to 80% of their annual compensation, as defined, not to exceed the dollar limitation of \$20,500 for 2022, in accordance with Section 402(g) of the Internal Revenue Code (IRC). Participants aged 50 or older are eligible to contribute an additional \$6,500 for 2022. Participants may also roll over amounts representing distributions from other qualified defined contribution plans.

All eligible employees hired on or after July 1, 2013 are automatically enrolled on the first day of the month following 60 days of first becomes eligible to participate in the Plan, unless the employee has elected to enroll in the Plan within the 60-day period.

Employer Contributions

The Company matches 100% of the employee contributions up to 6% of eligible pay, as defined. The Plan allows for two discretionary contributions: employer discretionary matching and profit-sharing contributions. The Company has not made any employer discretionary matching or profit-sharing contributions to this Plan.

Participant Accounts and Investments

Each participant's account is credited with the participant's contributions and allocations of (i) the employer's contribution, and (ii) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, deferrals, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan offers various mutual funds, common collective trusts, and a fixed annuity as investment options to participants. Participant investment accounts are self-directed.

EmblemHealth Services Company, LLC 401(k) Plan

Notes to Financial Statements

Vesting

Participants are at all times 100% vested in their account balance, including any earnings thereon.

Benefits Paid to Participants

On termination of service, a participant may elect to receive either a lump-sum amount equal to the vested value of their account or installment payments payable monthly or quarterly over a period not to exceed 15 years. A terminated participant may also elect to maintain the account balance in the Plan or select a direct rollover to an individual retirement account or another qualified plan.

Notes Receivable from Participants

Participants may borrow from their account balance up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum available loan is \$500. Notes are repaid within a period not to exceed five years, except for the purchase of a primary residence, which may be repaid over a reasonable period of time not to exceed ten years. Notes are secured by the balance in the participant's account and bear interest at the rate of 1% above the prime rate at the note's inception. The loan interest rates for 2022 range from 4.25% to 8.00%. The loan interest rates for 2021 ranged from 4.25% to 6.50%. No more than two notes may be outstanding at any given time.

Any outstanding balance of a note at the time of any distribution due to death, retirement, or termination of employment shall be deducted from the amount, which would otherwise have been payable to the participant. Generally, principal and interest are paid ratably through payroll deductions. Fees charged by the trustees relating to notes receivable from participants are paid from the related participants' accounts.

Other Income

Other income represents income from Empower for the ERISA Spending Account (ESA), which may be used to pay Plan-related expenses, or it can be allocated to Plan participants during the year. The ESA is a Plan-level unallocated account held under the terms of the Plan, which may be credited with revenue in excess of the amount of compensation Empower received during the year. The revenue may include distribution fees and administrative fees that Empower or its affiliates received from the Plan's investment options. ESA funds in the amount of \$192,104 were used during the year ended December 31, 2022. Revenue earned for the year ended December 31, 2022 totaled \$191,994. As of December 31, 2022 and 2021, the ESA had a balance of \$25,296 and \$25,294, respectively.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

EmblemHealth Services Company, LLC 401(k) Plan

Notes to Financial Statements

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants will remain 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for a discussion of fair value measurements.

The Plan presents in the statements of changes in net assets available for benefits the net depreciation in fair value of investments, which consists of realized and unrealized gains or losses on investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance, plus accrued interest. Delinquent notes are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that those changes could materially affect

EmblemHealth Services Company, LLC 401(k) Plan

Notes to Financial Statements

participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower and Empower Life & Annuity Insurance Company of New York (formerly Great-West Life & Annuity Insurance Company of New York) (ELA of NY), qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Fair Value Measurement

GAAP establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy, as defined by GAAP, are as follows:

Level 1 - Valuations are based on quoted (unadjusted) prices for identical assets or liabilities in active markets.

Level 2 - Valuations are based on quoted prices for similar assets/liabilities in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets/liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Significant inputs to the valuation model are unobservable and significant to the fair value measurement.

EmblemHealth Services Company, LLC 401(k) Plan

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - These assets are valued at unadjusted quoted market prices, which represent the net asset value (NAV) of shares owned by the Plan at year-end.

Common Collective Trusts - These assets are valued based on the value of the units owned by the Plan. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The Plan's investment in the common/collective trusts can be redeemed immediately at the current NAV per share as a practical expedient. There were no unfunded commitments as of December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present, by level within the fair value hierarchy, the Plan's assets that are accounted for at fair value on a recurring basis:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 133,632,445	\$ -	\$ -	\$ 133,632,445
Common collective trusts, measured at NAV*				117,886,974
Total Investments, at fair value				\$ 251,519,419

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 172,724,551	\$ -	\$ -	\$ 172,724,551
Common collective trusts, measured at NAV*				140,964,897
Total Investments, at fair value				\$ 313,689,448

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

EmblemHealth Services Company, LLC 401(k) Plan

Notes to Financial Statements

The Plan had no assets that were measured at fair value on a nonrecurring basis.

6. Group Annuity Contract

The Plan has a fully benefit-responsive contract with ELA of NY amounting to \$29,946,540 and \$29,528,517 at December 31, 2022 and 2021, respectively. ELA of NY maintains the contributions in general accounts. ELA of NY is contractually obligated to repay the principal and the specified interest rate that is guaranteed to the Plan. Because the group annuity contract is fully benefit-responsive, it is valued at contract value. Contract value, as reported to the Plan by ELA of NY, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with ELA of NY. Such events include (1) amendments to the Plan document (including complete partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (i.e., divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption from ERISA. The Plan management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the participants, is probable.

7. Party-in-Interest Transactions

Recordkeeping and certain administrative services are provided by Empower or its affiliates. These transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions also qualify as exempt party-in-interest transactions under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

8. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated January 9, 2014 stating that, in design, it is a qualified plan under Section 401(a) of the IRC and, therefore, the related trust qualifies as a tax-exempt trust under Section 501(a) of the IRC. The Plan has been amended since receiving the determination letter. The Company and Plan management believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Company and Plan management believe that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

EmblemHealth Services Company, LLC 401(k) Plan

Notes to Financial Statements

9. Net Transfers

In the event that a Plan participant has a change in employment status such that the participant is no longer eligible to participate in the Plan but is eligible to participate in another defined contribution plan maintained by the Company or affiliate, the value of such participant's accounts will be transferred to the other plan when the participant has become eligible as a result of the change in employment status.

During 2022, due to the change in employment status, several participants were transferred from the Plan to affiliated plans, as follows:

December 31, 2022

Transfers from:	
AdvantageCare Physicians PC 401(k) Plan	\$ 631,210
EmblemHealth Services Company, LLC 401(k) Plan for Collectively Bargained Employees	3,234
Transfers to:	
AdvantageCare Physicians PC 401(k) Plan	(513,954)
Net Transfers of Net Assets from (to) Affiliated Plans	\$ 120,490

10. Late Remittances

In prior years, employee withholdings in the amount of \$3,280 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions, as defined by ERISA. The Company is taking the appropriate steps to correct the situation and has further implemented a procedure to ensure all future remittances are done within the prescribed time period.

11. Subsequent Events

Effective September 6, 2023, the EmblemHealth Services Company, LLC 401(k) Plan for Collectively Bargained Employees, a qualified defined contribution plan sponsored by the Company, merged with the Plan.

Plan management has evaluated the accompanying financial statements for subsequent events through October 4, 2023, the date the financial statements were available to be issued, and has determined that no other material subsequent events have occurred that would require an adjustment to or disclosure in the accompanying financial statements.
