INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants, and Beneficiaries
Lloyd Companies 401(k) Plan and Trust

Report on the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of **LLOYD COMPANIES 401(k) PLAN AND TRUST** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section –

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Other Matter – 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C),

Other Matter – Predecessor Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of **LLOYD COMPANIES 401(k) PLAN AND TRUST** were audited by other auditors, as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), the audit of the 2021 financial statements did not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Their report dated October 6, 2022, expressed an unmodified opinion on those statements.

LLOYD COMPANIES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

(1) Summary of Significant Accounting Policies

Nature of Business of Plan Sponsor

Lloyd Companies Inc. (the Plan Sponsor, Plan Administrator, Employer, or the Company) provides services related to property development, architecture design, real estate brokerage, construction, property management, and hospitality primarily in Eastern South Dakota.

Basis of Accounting

The financial statements of Lloyd Companies 401(k) Plan and Trust (the Plan) are prepared using the accrual method of accounting.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value on a recurring basis as determined by the Trustee (Notes 3 and 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results could differ from those estimates.

Net Change in Fair Market Value of Investments

The net appreciation (depreciation) in fair market value of investments is composed of the realized gains and losses in securities that were sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated events through September 1, 2023 the date at which the financial statements were available to be issued.

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

LLOYD COMPANIES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

(2) Description of the Plan

General

The Plan is a defined contribution plan covering substantially all employees of the Plan Sponsor. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Full-time employees of the Company who have completed 30 days of service and attained the age of 21 are eligible to participate in the Plan. The Plan excludes union employees, leased employees, and nonresident aliens.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to certain limits as established by the Internal Revenue Service. The Plan provides for matching contributions, after six months of service, by the Company equal to 100 percent of each participant's elective deferral up to one percent of their pretax annual compensation, plus an additional 50 percent of each participant's elective deferral contributions up to five percent of their pretax annual compensation. Matching contributions may not exceed 3.5 percent of participant's pretax annual compensation. The Plan also allows for additional discretionary profit-sharing contributions by the Company. There were no additional discretionary contributions made for the years ended December 31, 2022 and 2021. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan allows Roth elective deferrals. Contributions to Roth accounts are made on an after-tax basis and contributions to a Roth account are included in the participant's gross contributions. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participant's Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

The Plan includes automatic enrollment in which the Plan Sponsor automatically withholds 3 percent of the eligible participant's compensation upon becoming eligible to participate unless otherwise elected by the participant. Contributions are automatically invested in the appropriate target date fund unless the participant elects other investment options. The Plan automatically increases participant deferral contributions by 1 percentage per year up to a maximum 10 percent of compensation unless elected otherwise by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contribution, the Company's additional discretionary contribution, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants direct investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants direct their account balance to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options and terminate contributions at any time throughout the year.

LLOYD COMPANIES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

(2) Description of the Plan

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

The portion of the participant's account attributable to the employer's discretionary profit-sharing contributions prior to January 1, 2019, become 20 percent vested after two years of credited service, as defined, and continues to vest at a rate of 20 percent for each successive year of service until 100 percent vested after six years of credited service.

All qualified automatic enrollment arrangement (QACA) safe harbor matching contributions allocated to participant accounts during the period of January 1, 2019 to April 30, 2020 are subject to a two-year cliff vesting schedule based on years of credited service.

Safe harbor (non-QACA) matching contributions allocated to participant accounts between April 30, 2020 and December 31, 2021 are immediately vested by the participants.

Effective January 1, 2022 all QACA safe harbor matching contributions allocated to participant accounts are subject to a two-year cliff vesting schedule based on years of credited service.

A participant also becomes 100 percent vested upon death, plan termination or permanent disability.

Payment of Benefits

Upon termination of service due to death or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or one of various annuities or installment distributions over a specific period not to exceed the life or life expectancy of the participant. For termination due to other reasons, a participant may elect a lump-sum amount equal to his or her vested balance. Benefits less than \$1,000 are paid as soon as administratively feasible after the participant's termination of employment. A participant with an account balance of greater than \$1,000, but less than \$5,000, may receive a rollover distribution into an individual retirement account set up by the Plan Administrator. The Plan also allows for hardship withdrawals, subject to Plan Provisions.

Forfeitures

Non-vested account balances are forfeited unless participants return to employment and contribute the distribution received at termination within a specified time. These amounts are first used to pay Plan expenses. Any remaining amounts are used to reduce employer contributions. No forfeitures were used to reduce employer contributions during the year ended December 31, 2022. Forfeitures available for use totaled **\$8,207** and **\$-0-** at December 31, 2022 and 2021, respectively.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. The Company has, at its discretion, absorbed certain other administrative expenses pertaining to the Plan. If not paid by the Company, these administrative expenses become the responsibility of the Plan.

(3) Information Certified by Trustee

The Plan's investments are held by the Security National Bank of Sioux City, Iowa, the Trustee, who performs all accounting functions associated with the Plan's investments. The fair value of investments at December 31, 2022 and 2021 is determined by the Trustee (Note 7).

LLOYD COMPANIES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

(3) Information Certified by Trustee

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan as of and for the years ended December 31, 2022 and 2021. The Trustee has certified information contained in the following:

Statements of Net Assets Available for Benefits (except participant and employer contributions receivable)
Statement of Changes in Net Assets Available for Benefits (except for contributions, benefits paid to participants, and administrative expenses)
Schedule of Assets Held at End of Year

Market volatility of equity-based investments may substantially impact the value of such investments at any given time. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. It is possible that the value of the Plan's investments, both in total and in individual participant accounts, has changed significantly since December 31, 2022.

(4) Income Tax Status

The Plan has adopted a non-standardized form of prototype plan. The prototype plan obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the volume submitter document satisfies the applicable requirements of the Internal Revenue Code. The Plan has since been amended and the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or IRS. Plan management has analyzed the tax positions taken by the Plan, and had concluded that as of December 31, 2022, and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their entire account.

(6) Participant Withdrawals

Vested, undistributed account balances of separated Plan participants totaled approximately \$379,000 at December 31, 2022.

(7) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LLOYD COMPANIES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

(7) Fair Value Measurements

- Level One: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level Two: inputs include:
 1. Quoted prices for similar assets or liabilities in active markets;
 2. Quoted prices for identical or similar assets or liabilities in inactive markets;
 3. Inputs other than quoted prices that are observable for the asset or liability;
 4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level Three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The following tables present the assets carried at fair value as of December 31, 2022 and 2021 in the accompanying Statements of Net Assets Available for Benefits by fair value hierarchy, as described above. All are measured on a recurring basis. No liabilities are measured at fair value on a recurring or nonrecurring basis.

December 31, 2022:	Level One	Level Two	Level Three	Total
Mutual Funds	\$ 10,895,728	\$ -	\$ -	\$ 10,895,728
Money Market Fund	201,854	-	-	201,854

Total Assets in the Fair Value Hierarchy	<u>\$ 11,099,082</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,099,082</u>
December 31, 2021:	Level One	Level Two	Level Three	Total
Mutual Funds	\$ 11,041,735	\$ -	\$ -	\$ 11,041,735
Money Market Fund	157,475	-	-	157,475

Total Assets in the Fair Value Hierarchy	<u>\$ 11,199,311</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,199,311</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at carrying value, which approximates fair value based on the amount of net contributions plus any investment earnings allocated to the account.

Self Directed: Valued at fair market value.

(8) Related Party Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Company at its discretion.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.
