Report of Independent Auditors

To the Participants and the Benefit Investment Committee of
Southern Star Investment Plan
Owensboro, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Southern Star Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Other Matter - Supplemental Schedule Required by ERISA , continued

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SOUTHERN STAR INVESTMENT PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the Southern Star Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions, copies of which may be obtained from Southern Star Central Gas Pipeline, Inc.

General

The Plan is a defined contribution plan established November 15, 2002 and was most recently restated effective January 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers all eligible employees of Southern Star Central Gas Pipeline, Inc. (the Company, Plan Sponsor and Plan Administrator). The Company is responsible for the general administration of the Plan. T. Rowe Price Trust Company (T. Rowe Price) is the trustee of the Plan.

Eligibility

Employees are eligible to participate in the Plan on their hire date. Eligible participants are automatically enrolled into the Plan as soon as administratively feasible following their date of hire, unless there is affirmative election against enrollment. At that time, participants can begin deferring compensation into the Plan, and become eligible for Company matching contributions.

Contributions

Participants are automatically enrolled in the Plan and 6% of their compensation each payroll period is withheld and contributed to the Plan. Participants may subsequently elect an alternative deferral amount or elect not to defer under the Plan. Each year, participants may contribute up to 100% of pre-tax or post-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants may also contribute amounts representing distributions from other qualified plans. In addition, a participant may elect to defer up to 100% of any bonuses, which are paid during the year. Participants who are at least age 50 by the last day of the Plan year may elect to contribute additional catch up contributions, subject to certain IRC limitations. The Company may elect to make discretionary matching contributions, and for the year ended December 31, 2022, it contributed an amount equal to 100% of each participant's contribution up to a maximum of 6% of eligible compensation as defined in the Plan. All contributions are subject to certain limitations of the IRC.

Investment Options

Participants can direct their elective contributions into various investment options offered by the Plan, including a self-directed brokerage account option with Charles Schwab and Company Inc. (Charles Schwab), and can change their investment options on a daily basis. All amounts in a participant's account are participant-directed. If participants have not chosen to direct their contributions to any of the investment options offered under the Plan, their contributions are invested in a Qualified Default Investment Alternative based on the target date closest to the year in which the participant turns 65. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

SOUTHERN STAR INVESTMENT PLAN

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of Plan earnings, and is charged with an allocation of administrative expenses (including participant loan processing fees and self-directed brokerage account fees when applicable). Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's matching contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0	0%
1	33.33%
2	66.66%
3	100%

A participant becomes 100% vested in the Company's matching contributions if they die, become disabled, or are employed on or after their normal retirement age (65 years of age).

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired before incurring five 1-year breaks in service, the forfeited contributions may be reinstated. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions and offset administrative expenses. Forfeited participant balances during 2022 totaled \$27,498. Forfeitures totaling \$20,286 were used to reduce Company contributions during 2022. As of December 31, 2022 and 2021, forfeited account balances were immaterial.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally may not exceed five years; however, if the loan is for the purchase of a primary residence, the Plan Administrator may permit a longer repayment term. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates at the date of issuance as determined by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions. If a participant terminates employment with the Company, the loan generally becomes due and payable in full immediately. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months.

SOUTHERN STAR INVESTMENT PLAN

1. Description of the Plan, continued

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than \$5,000 has the option to receive benefits in the form of a lump-sum payment, installment payments, or direct rollovers into an Individual Retirement Account (IRA) or other eligible retirement plan. A participant may postpone distribution until April 1 of the calendar year following the calendar year in which the participant reaches age 70 ½.

Upon separation of employment, if a participant's vested account balance is \$5,000 or less, the participant's account will be "cashed out" by distributing the participant's vested interest in their account in a single-sum payment or by direct rollover to an IRA or other eligible retirement plan as soon as reasonably practicable following the date their employment terminates. If the value of a participant's vested balance is \$1,000 or less, and the participant does not make an election, payment will be made directly to them.

If a participant dies while still employed by the Company, then 100% of the participant's account balance will be used to provide the beneficiary with a death benefit.

If a participant becomes disabled, they will be entitled to 100% of their account balance. Payment of the participant's disability benefits will be made as if they had retired. However, if the value of the account balance does not exceed \$1,000, then a distribution of the account balance will be made to the participant, regardless of whether participant consents to receive it.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Administrative expenses paid by the Plan include recordkeeper and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

SOUTHERN STAR INVESTMENT PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

Management's Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan holds investments in a common collective trust fund that is fully benefit-responsive and stated at contract value. Contract value is the relevant measurement for the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Risks and Uncertainties

The Plan provides for participant-directed investment options in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Management has evaluated subsequent events for recognition or disclosure in the financial statements through October 4, 2023, the date that the financial statements were available to be issued.

3. Information Certified or Provided by T. Rowe Price

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure Under ERISA, the Plan Administrator has elected that information certified by the trustee, T. Rowe Price, not be subjected to any auditing procedures, except for comparing such information to the related information contained in the financial statements and supplementary information.

The following information was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by the trustee. The fair value of the investments held in the self-directed brokerage accounts and related investment income (loss) was not certified.

The following tables set forth the Plan's investments as of December 31, 2022 and 2021, and investment income (loss) for the year ended December 31, 2022:

	<u>2022</u>	<u>2021</u>
Investments certified by the trustee:

4. Fair Value Measurements

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at amortized cost, which approximates fair value.

Self-directed brokerage accounts: Accounts primarily consist of money market funds, mutual funds and common stocks that are valued on the basis of readily determinable market prices.

There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2022</u>				
Investments measured at fair value:				
Mutual funds	\$ 96,167,734	\$ -	\$ -	\$ 96,167,734
Money market funds	16,126	-	-	16,126
Self-directed brokerage accounts	<u>2,955,380</u>	<u>-</u>	<u>-</u>	<u>2,955,380</u>
Total investments at fair value	<u>\$ 99,139,240</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 99,139,240</u>
<u>2021</u>				
Investments measured at fair value:				
Mutual funds	\$129,411,655	\$ -	\$ -	\$129,411,655
Money market funds	17,823	-	-	17,823
Self-directed brokerage accounts	<u>3,316,074</u>	<u>-</u>	<u>-</u>	<u>3,316,074</u>

SOUTHERN STAR INVESTMENT PLAN

Notes to the Financial Statements, continued

4. Fair Value Measurements, continued

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no significant transfers in or out of Level 3.

5. Common Collective Trust Fund

The Plan holds an investment in a common collective trust fund. The common collective trust fund invests in a stable value fund which includes investment contracts issued by insurance companies, cash equivalents, separate account contracts and synthetic investment contracts. Investments in this category can be redeemed daily. Under certain circumstances, unit holders have agreed to the payment of redemption over a period of twelve or thirty months. These investments meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

SOUTHERN STAR INVESTMENT PLAN

Notes to the Financial Statements, continued

6. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price. T. Rowe Price is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest. Administrative expenses of \$55,109 for the year ended December 31, 2022 are comprised of fees paid by the Plan to T. Rowe Price for investment management services and withdrawal charges. The Plan pays additional direct fees to other third parties which is also included in administrative expenses on the statement of changes in net assets available for benefits.

Additionally, indirect fees are paid to T. Rowe Price based on investment account values. These fees range from 0.04% to 0.95% of the investment account value. The fees are included with net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

7. Tax Status

The Plan uses a prototype plan document sponsored by T. Rowe Price Retirement Plan Services, Inc. T. Rowe Price received an opinion letter from the IRS, dated August 19, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.
