INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Warner Music Group 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Warner Music Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Warner Music Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Warner Music Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Warner Music Group 401(k) Plan's ability to continue as a going concern for one year from the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Warner Music Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Warner Music Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Warner Music Group 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

Warner Music Group Corp. (the Company) sponsors the Warner Music Group 401(k) Plan (the Plan) to provide eligible employees with a method of saving for their retirement and other needs. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions and information regarding eligibility, contributions, distributions, vesting, withdrawals, loans, fund redistribution, and definitions of all items.

Eligibility

For plan years beginning before 2022, employees were eligible to participate in the Plan on their employment commencement date and were eligible for Company matching contributions and discretionary contributions following their completion of a one-year period of service. Effective with the plan year beginning in 2022, employees are eligible to participate in the Plan on their employment commencement date and are eligible for Company matching contributions and discretionary contributions upon hire.

Contributions

Non-highly compensated participants can contribute from 2% to 50% of pre-tax or post-tax annual compensation, as defined by the Plan, provided their contributions do not exceed maximum allowable amounts under the Internal Revenue Code of 1986, as amended (the Code). Highly compensated participants, as defined by the Plan, are allowed to contribute from 2% to 20%, as defined by the Plan, provided their contributions do not exceed maximum allowable amounts under the Code. Highly compensated participants are defined as any employee of the Company that at any time during the calendar year or the preceding calendar year received compensation in excess of the dollar limitation set forth in the Code in effect at the beginning of the current year. Under the Code, individual contributions for which taxes may be deferred were limited to \$20,500 for calendar year 2022. The Code also allows participants age 50 and over to make an extra "catch-up" contribution on a pre-tax basis, which may not exceed \$6,500 for 2022. The Code defined the threshold for highly compensated participants to be \$135,000 for 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Warner Music Group 401(k) Plan

Notes to Financial Statements (continued)

December 31, 2022 and 2021

1. Description of the Plan (continued)

For plan years beginning before 2022, the Company would credit to the account of each eligible participant who makes deferrals under the Plan, a matching contribution equal to the lesser of 50% of the employee contributions and 3% of such participant's eligible compensation for the plan year. Effective with the plan year beginning in 2022, the Company will credit to the account of each eligible participant who makes deferrals under the Plan, a matching contribution equal to the lesser of 50% of the employee contributions and 4% of such participant's eligible compensation for the plan year. Matching contributions are made on a per payroll basis. The Plan provides a true-up of employer matching contributions that ensures participants receive the full employer matching contributions based on the annual amount the participant contributed to the Plan. The contribution is deposited into the participant's account during the first quarter of the following year. Under the Code, matching contributions for which taxes may be deferred were limited to \$9,150 for calendar year 2022, which is 3% of the maximum compensation limitation that can be considered for this purpose.

Under the Plan, the Company has the right to make discretionary contributions to some or all participants' accounts in such amount and in such manner as may be determined by the Company. If the Company decides to make a discretionary contribution for the plan year, those contributions will be credited to an account established on such participants' behalf. There were no discretionary contributions made for the year ended December 31, 2022.

Amounts reported as refundable contributions for the year ended December 31, 2022 in the amount of \$14,031 are reflected as corrective distributions on the income and expense statement in the 2022 Form 5500.

Contributions receivable reported at December 31, 2022 in the amounts of \$1,216,959 for participants and \$1,226,073 for employer represent contributions to the Plan for the year ended December 31, 2022, but not yet paid as of year-end.

Participant Accounts

Each participant's account is credited with participant contributions and allocations of (a) the employer matching and (b) Plan earnings, which are charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account balance.

Warner Music Group 401(k) Plan

Notes to Financial Statements (continued)

December 31, 2022 and 2021

1. Description of the Plan (continued)

Payment of Benefits

Participants or their beneficiary will be entitled to receive distribution of their vested balance following their termination of employment, disability or death. On termination of service due to disability or termination of employment, a participant may elect to receive payments in either a lump sum or in annual, semi-annual, quarterly or monthly installments. On termination of service due to death, the participant's beneficiary will receive the value of the participant's account in a lump-sum payment. In addition, participants may elect in-service withdrawals in certain limited circumstances. In-service withdrawals are available as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan included recordkeeping and trustee fees. Expenses related to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Other administrative expenses of the Plan are paid by the Company. Administrative expenses were \$238,245 for the year ended December 31, 2022.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to \$50,000 or 50% of their vested account balance, whichever is less. Participants are allowed to have two loans outstanding and only one of these loans can be related to the purchase of a principal residence. For personal loans, terms range from six months to five years. Home purchase loans can be repaid in up to 15 years. The loans are secured by the balance in the participant's account and bear a fixed rate of interest at the prime lending rate in effect on the first day of the next calendar quarter in which the loan is taken, plus 1%. At December 31, 2022 and 2021, outstanding loans bore interest at rates ranging from 4.25% to 8.50%. Principal and interest are paid ratably through biweekly payroll deductions.

Warner Music Group 401(k) Plan

Notes to Financial Statements (continued)

December 31, 2022 and 2021

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their employee contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on the following vesting schedules on the basis of the aggregate years of service, as applicable, through their termination of employment:

Contributions made for plan years ending before 2022:

Years of Service	Percentage Vested
Less than two years	0%
Two years, but less than three years	25%
Three years, but less than four years	50%
Four years, but less than five years	75%
Five years or more	100%

Contributions made for plan years starting in 2022:

Years of Service	Percentage Vested
Less than one year	0%
One year, but less than two years	33%
Two years, but less than three years	67%
Three years or more	100%

In addition, a participant becomes 100% vested in the value of Company contributions immediately upon attainment of age 65 or if they become totally and permanently disabled or are deceased.

Warner Music Group 401(k) Plan

Notes to Financial Statements (continued)

December 31, 2022 and 2021

1. Description of the Plan (continued)

Forfeitures

Non-vested employer matching and discretionary contributions are forfeited upon termination of employment or a participant's withdrawal from the Plan. Forfeitures may be used to pay Plan expenses and reduce employer matching contributions. Unallocated forfeitures were \$242,376 and \$333,077 as of December 31, 2022 and December 31, 2021, respectively, and \$250,000 of forfeitures were used to reduce future employer matching contributions for the year ended December 31, 2022.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in the value of their respective participant account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP). The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results may differ from those estimates.

The Plan has evaluated subsequent events through October 3, 2023, the date the financial statements are available to be issued and has determined that no additional disclosures are necessary.

Warner Music Group 401(k) Plan

Notes to Financial Statements (continued)

December 31, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the investments advisers, custodians and insurance company. See Note 3 for additional information.

Under applicable accounting standards, investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Investments in common collective trust funds can be redeemed immediately at the current net asset value based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized depreciation on investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Warner Music Group 401(k) Plan

Notes to Financial Statements (continued)

December 31, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

3. Fair Value Measurements

The Plan follows a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to assets or liabilities valued using unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to assets or liabilities valued using unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Warner Music Group 401(k) Plan

Notes to Financial Statements (continued)

December 31, 2022 and 2021

3. Fair Value Measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Registered investment companies: Units of participation are valued at the net asset value (NAV), based on quoted prices in active markets, of shares held by the Plan at year end. Since the NAV is a quoted price in a market that is active, the Plan administrator determined that registered investment companies should be classified within Level 1 of the valuation hierarchy.

The method described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Fair Value Measurements as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 315,686,984</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 315,686,984</u>

Fair Value Measurements as of December 31, 2021

Notes to Financial Statements (continued)

4. Information Certified and Prepared by the Trustee (unaudited)

At December 31, 2022 and 2021, the Plan's investments were held by Fidelity Management Trust Company ("Fidelity" or the "Trustee"). The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants as reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2022 and 2021 and the related investment income and interest income on notes receivable from participants reflected in the statements of changes in net assets available for plan benefits for the year ended December 31, 2022. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified as complete and accurate at December 31, 2022 and 2021 and for the year ended December 31, 2022 by the Trustee, except for comparing the certified information included in the financial statements and schedule.

The following is a summary of aforementioned certified balances:

	December 31,

5. Guaranteed Annuity Contract

The Plan invests in a fully benefit-responsive guaranteed annuity contract (GAC). The New York Life Anchor Fund is a general account product. The applicable interest rate is reset by New York Life each January 1 and July 1 and is applicable for the following six calendar month period. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The applicable interest rate will be equal to the lesser of (a) 3.00% and (b) a rate that is not less than 1.00% and determined by using the six-month average of the five-year constant maturity treasury rate as reported by the Federal Reserve for June through November (for the January 1 reset date) and December through May (for the July 1 reset date) rounded to the nearest one-twentieth of one percent (.05%) minus 1.25%.

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer and therefore would also limit the ability of the Plan to transact at contract value with the participants. Such events include total or partial plan termination, merger, spin-off, lay-offs, early retirement incentive program, sale or closing of all or part of the Plan sponsor's operations, bankruptcy or receivership. The Plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

A contract termination may occur upon twelve months' advance written notice by either party. Since the GAC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GAC.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, the Plan's sponsor may terminate the contract provided there is written notice of at least ten days, at which time New York Life will pay a single sum amount equal to the contract value plus a market adjustment.

The average yield earned by the Plan for the GAC was approximately 3% and 2% for the years ended December 31, 2022 and 2021, respectively. The average yield earned by the Plan for the GAC, adjusted to reflect the actual interest rate credited to participants, approximated 3% and 2% for the years ended December 31, 2022 and 2021, respectively.

6. Tax Status

The Plan received a favorable determination letter from the IRS, dated September 14, 2015, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require the Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

7. Reconciliation of Financial Statements

Excess contributions are reported as a reduction to employee contributions in the financial statements and as a separate line item, corrective distributions, in the Form 5500.

The following is a reconciliation of excess contributions reported in the financial statements to the Form 5500 for the year ended December 31, 2022:

Participant contributions per the financial statements	\$ 20,395,476
Add: Amounts allocated for refundable contributions	14,031
Participant contributions per Form 5500	<u>\$ 20,409,507</u>
Corrective distributions per the financial statements	\$ -

8. Related Party Transactions

Certain of the Plan's investments are shares of registered investment companies managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. However, they are exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan for the investment management and administrative services amounted to \$238,245 for the year ended December 31, 2022.

At December 31, 2022 and 2021, the Plan had notes receivable from participants of \$2,772,556 and \$2,462,328, respectively. These transactions are considered parties-in-interest transactions.
