INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Stan Boyett & Son, Inc., Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stan Boyett & Son, Inc., Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stan Boyett & Son, Inc., Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stan Boyett & Son, Inc., Profit Sharing 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stan Boyett & Son, Inc., Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stan Boyett & Son, Inc., Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stan Boyett & Son, Inc., Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STAN BOYETT & SON, INC., PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of Stan Boyett Petroleum & Son, Inc Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

GENERAL

The Plan is a participant directed defined contribution plan covering all full-time non-leased employees of the Company who have 1,000 hours of service and are age 21 or older. After meeting this requirement, the employee will enter the plan the first day of the next following month. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

CONTRIBUTIONS

Each year, participants may make pre-tax salary deferrals that cannot exceed the lesser of the annual specified maximum allowed by income tax regulations or 90% of pre-tax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investments offered by the Plan Custodian.

All employees who are eligible to make pre-tax salary deferrals can also make after-tax salary deferrals. These contributions are also known as Roth Deferral Contributions. This means that you will be taxed on the money when it is withheld from your paycheck. You can contribute all or a portion of salary deferral as a Roth deferral.

The Company instituted a Safe Harbor matching contribution equal to 100% of elective deferrals that do not exceed 3% of compensation of each participant, plus 50% of the elective deferrals that exceed 3% of compensation but do not exceed 5% of compensation of each participant. The Company contributed \$378,357 during 2022.

The Company may also make a profit-sharing contribution. The contribution amount is discretionary and will be allocated to participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants. Profit sharing contributions will be used to satisfy contributions determined by the Davis Bacon Act of any other Federal, State or Municipal Prevailing Wage Law.

PARTICIPANT ACCOUNTS

Participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if applicable) and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FORFEITED ACCOUNTS

There were forfeitures of \$7,082 during 2022. Non-vested contributions that are forfeited are applied to reduce administrative expenses of the Plan. The remaining forfeited amounts are applied to reduce fees and employer contributions. During the year, the plan used \$0 forfeiture funds to reduce fees and plan expenses.

STAN BOYETT & SON, INC., PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

AUTOMATIC SALARY DEFERRAL

The plan has an automatic salary deferral feature. If a participant fails to complete a salary reduction agreement provided to them by their employer, their compensation will automatically be reduced by 2.00% and contributed to the plan on their behalf. At the anniversary date that the participant's automatic deferrals were first implemented, the initial automatic deferral amount shall increase 1% of compensation per year up to a maximum of 6% of compensation.

If a participant does not want the automatic deferral feature to apply to them, they must notify their employer. This plan feature will apply to all new participants, and all current participants without an election.

VESTING

Participants are immediately 100% vested in their own contributions, and immediately vested in the safe harbor contributions.

PAYMENT OF BENEFITS

On termination of service for any reason, accounts with vested benefits less than \$5,000 will be distributed in a lump sum. For accounts with vested benefits greater than \$5,000 a participant may elect to receive a single lump sum distribution, part lump sum distribution and part installments, or installment payments over a specified time period.

ADMINISTRATIVE EXPENSES

Administrative expenses recorded in the Plan represent custodial fees, accounting fees and other third-party administration fees paid directly from the Plan to the respective service provider. The Company also pays administrative costs of the plan associated with plan communication and recordkeeping as well as provides equipment, personnel, and supplies to administer the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow up to 50% of the current value of their vested account balance less any current outstanding loan balance (up to a maximum of \$50,000). The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. In addition, other terms and restrictions to amounts and repayment may apply.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

STAN BOYETT & SON, INC., PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Quoted market prices are used to value investments. Shares of pooled separate accounts are valued at the net asset value of shares held by the Plan at the year end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced to zero, and the delinquent note receivable is recorded as a deemed distribution. The deemed distribution would be recorded as a benefit payment on the Statement of Changes in Net Assets Available for Benefits.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

STAN BOYETT & SON, INC., PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient, if any, are not required to be reported within the hierarchy.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund

See Note 4 for more information on the stable value fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 7,636,292	\$ 3,224,853	\$ 4,411,439	\$ 0
Stable value fund	704,513	0	704,513	0

NOTE 4 – GROUP UNALLOCATED CONTRACT WITH TRANSAMERICA FINANCIAL LIFE INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract, stable value fund, with Transamerica Financial Life Insurance Company (Transamerica) totaling \$704,513 as of December 31, 2022. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is not guaranteed nor is there a minimum.

STAN BOYETT & SON, INC., PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 4 – GROUP UNALLOCATED CONTRACT WITH TRANSAMERICA FINANCIAL LIFE INSURANCE COMPANY (CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants. Additionally, under limited circumstances, Transamerica may impose up to a 12-month delay period on all withdrawal requests from all plan sponsors at the plan level.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Transamerica Financial Life Insurance Company was the trustee and custodian of plan assets. As the custodian and trustee of the Plan, any transactions with them qualified as party-in-interest transactions. Therefore, the fees associated with the trustee and the third-party administrator are deemed to be party-in-interest transactions.

In addition, if accounting and plan administration services are paid directly by the Plan these services are also deemed to be party-in-interest transactions.

STAN BOYETT & SON, INC., PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

NOTE 7 – RISKS AND UNCERTAINTIES

Investments consist primarily of pooled separate accounts comprised of underlying mutual funds. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Company's income tax returns are subject to routine audit examination by the appropriate tax jurisdictions, and the company's tax returns generally remain open for the last three years.

NOTE 9 – INFORMATION CERTIFIED BY PLAN TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Financial Life Insurance Company (the trustee of the Plan).
