INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants,
Jinon Corporation 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jinon Corporation 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Jinon Corporation 401(k) Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jinon Corporation 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jinon Corporation 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jinon Corporation 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jinon Corporation 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Jinon Corporation 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Jinon Corporation 401(k) Retirement Plan ("the plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Jinon Corporation (the "Company") who are age 21 or older, except collective bargaining (union) employees, non-resident aliens, and residents of Puerto Rico. Employees are eligible to participate after completing one year of employment with a minimum of 1,000 hours of service and may enter the Plan on either January 1st or July 1st after the eligibility criteria have been met. On July 15, 2022, the Plan changed its investment custodian and record keeper from John Hancock Life Insurance Company ("John Hancock") to Reliance Trust Company ("Reliance") at the discretion of Plan management. As a result of the change in custodian, the assets of the Plan transferred from John Hancock to Reliance (collectively, "the Custodians"). During 2022 and through July 14, 2022, John Hancock served as the sole trustee of the Plan and on July 15, 2022, Reliance was appointed as the new trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code Limitations. Participants may also make rollover contributions from other qualified Plans. The Company may elect each Plan year to make discretionary matching contributions to the Plan at an amount not exceeding 8% of the participant's compensation. To be eligible for the discretionary matching contributions, an employee must have completed one year of employment with a minimum of 1,000 hours of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and allocations of the Plan's earnings, and charged with the participant's withdrawals, allocations of the Plan's losses, and allocations of the Plan's expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary contributions and rollover contributions plus accumulated earnings thereon. Vesting in the Company's discretionary matching contributions is based on years of continuous service. Participants are 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, and 100% vested after five years of service.

Forfeitures

On December 31, 2022 and 2021, forfeited non-vested accounts included in Plan investments were \$32,224 and \$5,534, respectively. Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions or to pay administrative expenses of the Plan. During 2022, the Plan did not use any of the forfeitures to pay administrative expenses of the Plan.

Jinon Corporation 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Payment of Benefits

A participant may withdraw the vested interest in their account only in the event of termination of employment, retirement, death, disability, financial hardship or when they reach an age of 59 1/2. On termination of employment, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account or a portion of the total vested balance at the participant's discretion. If a participant makes no distribution election upon termination of employment, and the vested account balance does not exceed \$5,000, the participant will receive an automatic single lump-sum payout.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000, up to a maximum of \$50,000 or 50% of the vested portion of their account balance, whichever is less. The notes bear interest at rates ranging from 5.25% - 7.00% maturing at various dates through December 2027 and are usually payable within a five-year term. The notes are secured by the balance in the participant's account and bear interest at rates which were commensurate with local prevailing rates for similar notes at the time funds were borrowed. Principal and interest are paid ratably through payroll deductions. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the default will be a deemed distribution. However, the participant's account will not be reduced until a distributable event occurs under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022, or 2021. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Investment, Investment Valuation, and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

The investments in stable value funds, issued by John Hancock Life Insurance Company as of December 31, 2022 and 2021, are considered fully benefit responsive. The stable value funds are reported at contract value. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the investment. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, which is generally at \$1.00 per unit.

Jinon Corporation 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Plan as provided in the Plan document. However, the Company may also pay the Plan expenses directly. Transaction charges for loan and benefit payment transactions, if any, are paid by the Plan by reducing the balances of those participants initiating the transaction. Transaction fees charged by the custodian are absorbed in investment income and are not readily determinable.

Payment of Benefits

Benefit payments to participants are recorded during the period in which the participant is paid.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - These inputs into the valuation methodology consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Examples of these inputs into the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Jinon Corporation 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Interest-Bearing Cash*: Valued at cost plus accrued interest, which approximates fair value.
- *Pooled Separate Accounts (“PSA”)*: Valued using the net asset value (“NAV”) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.
- *Stable Value Fund*: Included in pooled separate accounts, is a stable value fund which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The Plan has concluded that the net asset value as adjusted and reported by the insurance company denotes readily determinable fair value.
- *Collective Trust Funds*: Valued at the net asset value of units of a collective trust. The NAV, as provided by the fund’s trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The use of NAV is deemed appropriate as the common collectible trust does not have finite lives, unfunded commitments, or significant restrictions on redemptions.
- *Mutual Funds*: Valued at the net asset value of shares held at year end. The NAV is a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investment assets at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,359,543	\$ -	\$ -	\$ 10,359,543
Investments measured at net asset value as a practical expedient:				
Collective trust, at NAV*				148,531
Total investments, at fair value				<u>\$ 10,508,074</u>
Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 5,534	\$ -	\$ -	\$ 5,534
Investments measured at net asset value as a practical expedient:				
Pooled separate accounts				11,917,927
Total investments, at fair value				<u>\$ 11,923,461</u>

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by the Custodians, expect for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of:

- a) Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, as well as the supplemental schedule of assets (held at end of year) as of December 31, 2022.
- b) Net depreciation in fair value of investments, dividends, interest income on notes receivable from participants and other (loss) reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

5. PARTIES IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodians, the trustees for the Plan and, therefore, these transactions qualify as exempt party in interest transactions. All investment fund earnings or losses posted to each participant's account are net of investment management fees charged by each investment fund under the Plan. Notes receivable from participants also qualify as exempt party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100% vested in their employer contributions.

7. TAX STATUS

The Internal Revenue Service has determined and informed the sponsor of the prototype plan adopted by the Company, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Company believes that the Plan is being operated in compliance with the applicable requirements. Accordingly, this reliance on the favorable opinion letter is equivalent to a favorable determination letter issued to the Company.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing and other jurisdictions. However, there are currently no audits in progress for any prior tax periods.

8. RISKS AND UNCERTAINTIES

The Plan utilizes various investment securities that are exposed to various risks, such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. The Plan is subject to review by certain regulatory authorities. Management does not believe that the effect of such reviews, if any, will have a significant impact on the Plan.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Annual Return / Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis of accounting. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The ending net asset balances are reconciled as follows:

	<u>2022</u>	<u>2021</u>
Net assets as presented in these financial statements	\$ 10,555,319	\$ 11,969,993
Excess contributions payable not included in Form 5500	-	13,910
Net assets as presented in Form 5500	<u>\$ 10,555,319</u>	<u>\$ 11,983,903</u>

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2022 per the financial statements to Form 5500:

Decrease in net assets available for benefits as presented in these financial statements	\$ (1,414,674)
Excess contributions payable at December 31, 2021, included in Form 5500	(13,910)
Decrease in net assets available for benefits as presented in Form 5500	<u>\$ (1,428,584)</u>

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.
