INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Cadwalader, Wickersham & Taft LLP Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cadwalader, Wickersham & Taft LLP Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CADWALADER, WICKERSHAM & TAFT LLP DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the Cadwalader, Wickersham & Taft LLP Defined Contribution Plan (the "Plan") provides only general information and participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, with a 401(k) arrangement, covering partners and staff, as defined in the Plan document, of Cadwalader, Wickersham & Taft LLP (the "Firm" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration - The Plan is administered by the Firm, which is responsible for carrying out the provisions of the Plan. The Plan is funded through a trust, of which Vanguard Fiduciary Trust Company ("Vanguard") is the trustee.

Eligibility - Partners and staff of the Firm are eligible to participate in the Plan on the first day of the month after the date of hire and attaining the age of 21. Non-legal and legal staff (together "employees") and partners may elect to make Participant Contributions (as described below) at the beginning of the first month once these requirements have been met or at any time thereafter.

Contributions - Participants may elect to have their annual compensation (in the case of employees) or distributions (in the case of partners) reduced by a specified amount from 1% to 50% and have the amount of the reduction contributed to the Plan as an Elective Contribution (including Roth Elective Contribution in the case of the employees). Elective Contributions other than Roth Elective Contributions are tax-deferred amounts that the participant elects to have contributed to the Plan; in the case of an employee, the participant's compensation is reduced by the amount of the Elective Contribution. The accumulations and earnings in a participant's Elective Contribution account build on a tax-deferred basis. Roth Elective Contributions are made on an after-tax basis but the earnings on which are tax-exempt upon withdrawal, if certain requirements are met. Participants may also make Voluntary Contributions which allow a participant to contribute additional amounts over the standard 401(k) limits on an after-tax basis, as defined in the Plan document. Voluntary Contributions can be made either in a lump sum or through payroll deductions from compensation or distributions. Effective July 1, 2019, the Plan commenced automatic enrollment of staff employees hired on or after July 1, 2019, at the default enrollment rate of 6% of eligible compensation. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make additional contributions above the otherwise applicable limitations, known as "catch-up contributions." Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan also provides for a Firm Profit Sharing contribution to each participant who is a partner. Such contribution will amount to 13.28% of partner compensation as defined in the Plan, but not more than \$40,500 in 2022.

The Firm also makes, on behalf of Basic Participants only, a Firm Basic Contribution ranging from 4% to 12% of the participant's Basic Compensation, as defined in the Plan document, for the six-month period beginning on January 1 or July 1, provided they are Basic Participants on such January 1 or July 1. Basic Participants are non-legal staff who have both attained age 21 and completed one year of service.

On behalf of each Matching Participant, the Firm makes a Firm Matching Contribution equal to 50% of the employee's Elective Contribution (including Roth Elective Contributions) for the Plan year, up to a maximum Matching Contribution of 3% of Compensation provided that the Matching Participant is employed on the last day of the Plan year. Matching Participants are non-legal staff who have both attained age 21 and completed three years of service; such employees become Matching Participants on the earliest January 1 or July 1 after both events occur.

CADWALADER, WICKERSHAM & TAFT LLP DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF THE PLAN (CONTINUED)

The Firm Basic Contribution and Firm Matching Contribution receivables are included in the Firm contribution's receivable in the statements of net assets available for benefits. The Firm Basic Contribution receivable was \$1,319,025 and \$1,347,282 at December 31, 2022 and 2021, respectively. The Firm Matching Contribution receivable was \$693,160 and \$725,759 at December 31, 2022 and 2021, respectively.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the Participant's Contributions, the Firm contributions, and an allocation of Plan earnings, and charged with withdrawals and administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change those investments at will.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon, except for the Firm Basic Contributions and Firm Profit Sharing Contributions. Prior to January 1, 2017, participants were 20% vested in the Firm Basic Contributions at two years of service and continued to vest at a rate of 20% per year and became fully vested after six years. Effective January 1, 2017, participants become fully vested in Firm Basic Contributions upon completion of three years of service. Effective August 1, 2017, participants become fully vested in Firm Basic Contributions and Firm Profit Sharing Contributions upon completion of three years of service. Effective October 1, 2018, participants become fully vested in the Firm Basic Contributions and Firm Profit Sharing Contributions at all times.

Notes Receivable from Participants - Loans may be made to participants upon their request, subject to approval by the Firm. Participants may borrow a minimum of \$1,000 from their accounts within the Plan and secure such loans by a pledge of the vested portion of their accounts, provided that loans to any participant, in the aggregate, may not exceed 50% of the participant's account balance (at the time of the loan) and may not exceed \$50,000. The interest rate for loans is established by the Plan administrator from time to time as provided in the loan policy based upon market conditions and surveys of various commercial lenders. Generally, the rate established for loans of five years or less has been approximately one point above the prime rate, and, for longer terms, approximately two points above the prime rate. Principal and interest are paid through payroll deductions or deductions from partners' distributions in equal payments sufficient to fully amortize the loan over its term. Loan terms may not exceed five years, except for loans that are taken for the purpose of acquiring a participant's principal residence. As of December 31, 2022, outstanding participant loans have maturities through 2046 and bear interest ranging from 4.25% to 10.25%. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments or a partial payment. Installment payments are payable over a fixed number of years elected by the participant which may not exceed the life expectancy of the participant, or the joint life expectancies of the participant and his or her beneficiary. Upon attainment of age fifty-nine and one-half, participants may withdraw part or all of their balance in their Elective Contribution and Roth Contribution accounts. Participants are also eligible to withdraw part or all of their balance in their Voluntary Contribution accounts.

Participants are eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Retrospectively, the Plan was amended effective January 1, 2019, to allow "Safe Harbor" hardship withdrawals in the event of certain disasters declared by the President. The expenses and losses incurred by the Participant as a result of a presidentially-declared disaster, provided that the Participant's principal

residence or principal place of employment at the time of the disaster was located in an area that has been designated as being affected by the disaster.

Forfeited Accounts - The Plan document requires that forfeited nonvested accounts be used to reduce employer contributions for the Plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated by the employer as a Firm Basic Contribution or Firm Profit Sharing Contribution, as applicable. The Plan's forfeited nonvested accounts balance was approximately \$138,000 and \$87,000 at December 31, 2022 and 2021, respectively.

During the year ended December 31, 2022, approximately \$13,100 of forfeitures were used to reduce Firm Contributions as follows: 1) approximately \$13,000 to reduce deposit of prior year Firm Basic and Matching Contributions, and 2) approximately \$100 to reduce deposit of Basic Contribution for the six-month period ended June 30, 2022. The Firm Contributions receivable in the amount of \$2,012,185 recorded as of December 31, 2022 is presented net of approximately \$26,000 of forfeitures used to reduce this employer contribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, Plan management believes it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the securities, and therefore, the value of the participant's account balances and amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion on fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Substantially all expenses, with the exception of fees related to notes receivable from participants and distribution fees, incurred in connection with the administration of the Plan are paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements.

Payment of Benefits - Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

3. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity as reflected in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB's") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Asset Valuation Techniques - The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds (registered investment companies) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund (collective investment trust) - Valued at the of NAV units of a bank collective trust. The net asset value as provided by the trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to make a full withdrawal from the Vanguard Retirement Savings Trust III ("VRST III"), a twelve-month notice is required. VRST III reserves the right to temporarily delay Plan-level withdrawals pending availability of cash proceeds from the sale of securities liquidated to fund a withdrawal and other circumstances as determined by the VRST III's trustees.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Any such withdrawal may be made in cash or in-kind in the discretion of the VRST III's trustees. For participant-level transactions relating to the VRST III, reinvesting in a competing investment is prohibited for ninety days.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021:

Investment Assets at Fair Value at December 31, 2022			
	(Level 1)	(Level 2)	(Level 3)
Registered investment companies	\$ 416,684,837		\$ 416,684,837
Total investment assets in the fair value hierarchy	\$ 416,684,837		\$ 416,684,837
Investments measured at net asset value (A) (B) - Collective investment trust			\$ 35,713,125
Investments at fair value			\$ 452,397,962

Investment Assets at Fair Value at December 31, 2022			
	(Level 1)	(Level 2)	(Level 3)
Registered investment companies	\$ 509,448,101		\$ 509,448,101
Total investment assets in the fair value hierarchy	\$ 509,448,101		\$ 509,448,101
Investments measured at net asset value (A) (B) - Collective investment trust			\$ 42,186,749
Investments at fair value			\$ 551,634,850

(A) Certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(B) The collective investment trust seeks to invest primarily in investment contracts issued by insurance companies, banks, or other financial institutions, including investment contracts backed by high-quality fixed income securities.

Changes in Fair Value Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

5. MUTUAL FUND FEES

Investments in mutual funds are subject to annual fund operating expenses, which include management fees and other expenses. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identified as an expense.

6. TAX STATUS

The Internal Revenue Service ("IRS") issued favorable determination letter with respect to the Plan dated June 13, 2017, having found that the Plan and related trust were designed in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since issuance of the letter, and, effective August 1, 2017, has undergone a merger with two related plans. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, each participant or beneficiary would receive the current value of his/her account in a manner prescribed by the Plan which is subject to the provisions set forth in the IRC and ERISA.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies that are managed by affiliates of The Vanguard Group, Inc. (the recordkeeper) and units in collective trusts managed by Vanguard Fiduciary Trust Company, which is the Plan trustee and is also an affiliate of The Vanguard Group, Inc. Investment management service fees were netted against the return credited to the Plan on each investment. Certain of these transactions may constitute party-in-interest transactions, but if so, are exempt from sanctions applicable to such transactions by reason of exemptions promulgated by the Department of Labor. Fees paid by the Plan to The Vanguard Group, Inc. and its affiliates for recordkeeping and investment advisory services were \$147,810 for the year ended December 31, 2022.

Certain employees of the Firm who participate in the Plan perform administrative services related to the operation, recordkeeping, and financial reporting of the Plan and use the Firm's facilities to do so. In addition, certain employees of the Firm who participate in the Plan, and who are parties-in-interest, have borrowed funds from the Plan. These transactions are party-in-interest transactions but are covered by statutory exemptions under the IRC and ERISA, and administrative exemptions promulgated thereunder.

9. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 5, 2023, the date these financial statements were available to be issued and has determined that there were no subsequent events requiring adjustment to or disclosure in the financial statements.

Effective June 1, 2023, The Plan changed its recordkeeper from Vanguard to Fidelity Workplace Services LLC and amended the Plan to change the Trustee (and transfer assets) from Vanguard Fiduciary Trust Company to Fidelity Management Trust Company.
