The Anschutz Employees' Thrift Savings Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Anschutz Employees' Thrift Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Anschutz Employees' Thrift Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Anschutz Employees' Thrift Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Anschutz Employees' Thrift Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Anschutz Employees' Thrift Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Anschutz Employees' Thrift Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ANSCHUTZ EMPLOYEES' THRIFT SAVINGS PLAN

Notes to Financial Statements

(1) DESCRIPTION OF THE PLAN

The following information is only a summary description of The Anschutz Employees' Thrift Savings Plan (the Plan). Participants should refer to the applicable Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution employee benefit plan sponsored and administered by The Anschutz Corporation and its participating subsidiaries (collectively, the Company).

The Plan was amended effective March 1, 2022, to allow non-highly compensated full-time employees who are at least 21 years old to make elective deferrals 30 days after employment, without amending the eligibility requirements for employer matching contributions. Highly compensated employees are eligible to make elective deferrals beginning 12 months and 1,000 hours from their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Empower Life & Annuity Insurance Company and its affiliates (Empower) perform various record-keeping, administrative and custodial services for the Plan pursuant to a service agreement.

Halbert, Hargrove Global Advisors LLC is appointed as the investment manager and provides monitoring of investment performance and appropriateness of investment offerings.

Under the Plan, the Board of Directors of the Company has the right to amend the Plan, discontinue Company contributions at any time or terminate the Plan (but has not expressed any such intent), subject to certain provisions. In the event of Plan termination, Plan participants would become fully vested in their employer contributions.

Contributions, Participant Accounts and Vesting

The combined total annual contribution to the Plan by the participant and the Company is limited under the Internal Revenue Code (IRC) to the lesser of 100% of the participant's compensation or \$61,000 (this amount is indexed for inflation). Limitations also apply to the amount that can be contributed annually by each participant as elective deferrals (\$20,500 in 2022, or \$27,000 for participants eligible for catch-up contributions) and the amount that certain highly compensated employees may contribute. The Plan allows participants to designate contributions as Roth 401(k) contributions, and effective November 1, 2021, allows participants to elect in-plan Roth rollovers of vested amounts. Participants may also contribute rollover amounts representing distributions from other qualified plans. Effective January 1, 2021, the employer matching contribution formula of the Plan was amended to provide that, employees who are categorized as non-highly compensated under the IRC shall receive an employer matching contribution equal to 100% up to 6% of the participant's compensation and employees who are categorized as highly compensated under the IRC shall receive an employer matching contribution equal to 50% up to 6% of the participant's compensation, subject to the IRC's maximum compensation limits.

Participant accounts are allocated their share of the Plan's earnings or losses based on the performance of the participant's selected investment options. Participants may be allocated additional amounts by the Plan through a service-based pricing arrangement with Empower. Under this arrangement, revenue paid to Empower by mutual funds in which

participant accounts are invested is deposited in an ERISA expense account and used to pay certain administrative and audit fees of the Plan. Any remaining amount is allocated to Plan participants. The balance of the ERISA expense account was \$2 and \$24,309 at December 31, 2022 and 2021, respectively.

Participants are immediately vested in their voluntary contributions to the Plan, adjusted by any actual earnings/losses thereon. Company contributions, also adjusted by any actual earnings/losses thereon, vest according to a graded schedule (20% increments between two and six years of service, when 100% vesting occurs). Any Company contributions that are forfeited by terminated participants are used to offset future Company contributions owed under the Plan and pay Plan expenses. Forfeited non-vested amounts totaled \$18,764 and \$46,775 at December 31, 2022 and 2021, respectively. During 2022, forfeitures were used to pay \$22,676 of administrative expenses.

Investment Options

Upon enrollment in the Plan, participants may choose to invest their contributions and related Company matching contributions in 1% increments in any of the available investment options. The investment options are selected and monitored by a third-party registered investment advisor. Participants may change their investment options on a quarterly basis.

Payment of Benefits

Under the Plan, participants are generally entitled to distribution of Plan benefits upon retirement, death, disability or termination of employment. Retirement occurs when a participant terminates employment after age 65 or age 60 if they have completed five years of service. Participants may defer distributions to as late as age 70 1/2 and may elect to receive either a lump sum distribution or a series of payments over time. Distributions may be made at the participant's election prior to termination upon attainment of age 59 1/2 or hardship as defined in the Plan document.

Investment Management Fees and Plan Expenses

The Company pays certain Plan expenses, including investment management and legal fees. Recordkeeping fees are paid by the Plan.

(2) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

Investments and Fair Value Measurements

Investments are measured at fair value on a recurring basis at each reporting date. Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. Fair value measurements encompass a three-tiered hierarchy that prioritizes the quality of inputs utilized in the valuation depending on whether the inputs are observable (Level 1 and 2) or unobservable (Level 3). Level 1 inputs (with the highest priority) are readily available, unadjusted quoted prices in active markets for identical assets or liabilities. Level 2 inputs are significant other observable inputs, such as quoted market prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets. Finally, Level 3 unobservable inputs are based on the

THE ANSCHUTZ EMPLOYEES' THRIFT SAVINGS PLAN

Notes to Financial Statements

Plan's assumptions about the relevant information market participants would utilize to price an asset or liability in the specific circumstances.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2022 and 2021.

Mutual funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at fair value based on NAV of units held of the collective fund. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

The methods described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets measured at fair value on a recurring basis based on the three hierarchy levels described above were as follows at December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
2022:				
Mutual funds	\$ 76,482,227	\$ -	\$ -	\$ 76,482,227
Collective trust fund	-	10,265,835	-	10,265,835
Money market mutual fund	-	2,289,618	-	2,289,618
	<u>\$ 76,482,227</u>	<u>\$ 12,555,453</u>	<u>\$ -</u>	<u>\$ 89,037,680</u>
2021:				
Mutual funds	\$ 93,340,525	\$ -	\$ -	\$ 93,340,525
Collective trust fund	-	10,940,268	-	10,940,268
Money market mutual fund	-	5,316,410	-	5,316,410
	<u>\$ 93,340,525</u>	<u>\$ 16,256,678</u>	<u>\$ -</u>	<u>\$ 109,597,203</u>

Changes in market values that occur subsequent to year-end are not taken into account in the accompanying financial statements. Investment purchases and sales are recorded on a trade-date basis. Realized gains and losses are computed using the average cost method. When gains and losses on investments are realized and reinvested, any amount previously recorded as unrealized appreciation or depreciation is reversed. Investment income is recorded on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

THE ANSCHUTZ EMPLOYEES' THRIFT SAVINGS PLAN

Notes to Financial Statements

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Participants may borrow up to the lesser of one-half of their vested account balance or \$50,000. A participant may not have more than three loans outstanding at any one time. Loans to participants in connection with the acquisition of their principal residence have a maximum term of ten years. Other loans have a maximum term of five years. The loans are subject to an application fee paid by the participant and bear interest at the prime rate plus 2%. At December 31, 2022, the interest rates on outstanding notes receivable from participants ranged from 5.25% to 9.00%. The notes receivable are stated at their unpaid principal balance plus any accrued but unpaid interest.

Use of Estimates

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make certain estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as of the date of the statement of net assets available for plan benefits and the reported amounts of additions and deductions in net assets during the reporting period. The actual results could differ significantly from those estimates.

Payment of Benefits

Benefits are recorded when paid.

(3) INFORMATION CERTIFIED

The Plan administrator has elected the method of annual reporting compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower in its statement of accounts as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

(4) INCOME TAX STATUS

Prior to January 1, 2017, the Plan was governed by an individually-designed Plan document, as amended from time to time (the Prior Plan). Effective on January 1, 2017, the Plan adopted plan documents pursuant to a volume submitter defined contribution plan profit sharing/401(k) plan sponsored by Bryan Cave LLP (the Bryan Cave Plan).

The IRS has determined and informed the Company, most recently by a letter dated April 12, 2018, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC, covering the Prior Plan documents of the Plan through December 31, 2016.

THE ANSCHUTZ EMPLOYEES' THRIFT SAVINGS PLAN

Notes to Financial Statements

Similarly, the IRS has determined and informed Bryan Cave Leighton Paisner LLP (formerly, Bryan Cave LLP and referred to herein as "Bryan Cave") that the Bryan Cave pre-approved volume submitter plan document and related trust were designed in accordance with the applicable regulations of the IRC in an advisory letter to Bryan Cave dated June 30, 2020. Subsequent to issuance of this advisory letter, the Bryan Cave Plan was amended for legally required amendments.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more than likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(6) **PARTY-IN-INTEREST TRANSACTIONS**

Notes receivable from participants (and related transactions) granted in accordance with the Plan are considered exempt party-in-interest transactions. In 2022 and 2021, the Plan paid audit and recordkeeping fees to service providers of the Plan which are also exempt party-in-interest transactions under ERISA.

(7) **SUBSEQUENT EVENTS**

The plan administrator has evaluated subsequent events through September 28, 2023, the date which the financial statements were available to be issued.
