INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Roland DGA Corporation 401(k) Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Roland DGA 401(k) Plan and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following description of the Roland DGA Corporation 401(k) Savings and Investment Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on January 1, 2003 and is a qualified, defined contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is sponsored by Roland DGA Corporation (the “Company”), who also serves as the Plan Administrator. Prudential Bank & Trust, F.S.B. (the “Trustee”) is the custodian and trustee of the Plan’s investment assets (Note 4).

Eligibility

The Plan covers all current employees of the Company. Employees become eligible after 90 days of employment with the Company.

Contributions

Participants may contribute up to the maximum dollar limit as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may elect to make an annual discretionary matching contribution, up to a maximum of 50% the first 6% of the participant’s contribution, as defined by the Plan agreement. In addition, the Company, at its discretion, may make additional nonelective contributions. No nonelective contributions were made in 2022.

Participant Accounts

An account is maintained for each participant and credited with the participant’s contributions and the allocation of any investment income or losses. Investment income and losses are allocated among eligible participants in the ratio which the dollar value of the respective participant’s interest in the specific investment bears to the dollar value of all participant’s interests in that investment.

See accompanying independent auditors’ report.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions, plus actual investment income and losses thereon. Vesting in the Company's matching and nonelective contributions occurs ratably at 25% per year over four years of service.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her account into any of the investment options offered by the Plan. Participants may change or transfer their investment options daily.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant or the participant's beneficiaries may receive the vested interest in the participant's account in a lump-sum distribution or rollover the value of the vested interest into another qualified benefit plan, less any loans outstanding. Account withdrawals are permitted by participants who suffer certain financial hardships and meet criteria established by the IRC.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of 50% of their vested account balance. Participants may never borrow more than \$50,000 minus the highest outstanding balance of their total Plan loans during the last 12 months. Notes receivable from participants are stated at their unpaid principal balance and are secured by the balance in the participant's account. Principal and interest are paid ratably through regular payroll deductions. All notes receivable must be repaid over a five-year period unless it is for the purchase of a principal residence. Interest on notes receivable from participants ranged from 4.25% to 7.25% as of December 31, 2022. For the year ended December 31, 2022, defaulted loans totaled \$2,145 resulting in a decrease to notes receivable from participants as of December 31, 2022.

See accompanying independent auditors' report.

Notes to Financial Statements (continued)

December 31, 2022

1. Description of the Plan (continued)

Administrative and Advisory Fees

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative and advisory fees. Fees paid by the Plan for investment management services during 2022 were included as a reduction of investment return on the related investment. Based upon the Company's discretion, additional costs of administering the Plan, including accounting and legal fees, are either paid by the Company or paid through forfeitures. Expenses that are paid by the Company are excluded from these financial statements.

Forfeited Accounts

At December 31, 2022, forfeited accounts totaled \$2,123 (\$17,866 at December 31, 2021). Under the Plan agreement, as amended, these amounts can be used to pay Plan administrative and advisory fees. Any remaining forfeitures can be used to reduce the Company's nonelective or matching contributions.

Plan Termination

It is the intention of the Company to maintain the Plan throughout its corporate existence. Nevertheless, the Company reserves the right, at any time, to discontinue or terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are governed by a trust agreement with the Trustee. The Plan's mutual funds and pooled separate account investments are stated at fair value. Investments in pooled separate accounts ("PSAs") are valued on a net asset value ("NAV") per share basis. The PSAs are credited with earnings on the underlying investments and charged for Plan benefits paid and deductions for investment expenses and annual management fees. Redemptions may occur on a daily basis.

The Plan invests in a guaranteed income fund ("GIF") which is reported at contract value. Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to the fully benefit-responsive guaranteed income fund.

Investment income consists of interest earned and realized, and unrealized gains or losses in the fair value of investments, less investment expenses. Purchases and sales of securities are reflected on the settlement date. Dividends are recorded on the ex-dividend date.

Benefit Payments

In accordance with ERISA reporting requirements, benefit payments due to participants who have elected to withdraw from the Plan are recorded when paid.

Subsequent Events

The Plan Administrator evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

3. Investments

The Plan accounts for financial assets and liabilities that are being measured and reported at fair value on a recurring and non-recurring basis in accordance with Accounting Standards Codification (“ASC”) 820 Fair Value Measurements and Disclosures. ASC 820 defines fair value as the price that the Plan would receive to sell an asset, or pay to transfer a liability, in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a framework for measuring fair value, and a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity.

Unobservable inputs reflect the reporting entity’s own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available under the circumstances. The Plan’s investments are assigned a level based upon the observability of the inputs which are significant to the overall valuation. The three-tier hierarchy of inputs is summarized below.

Level 1: Valuation for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer, or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

See accompanying independent auditors’ report.

3. Investments (continued)

Investments in the Plan are measured and reported at fair value, excluding GICs, on a recurring basis. The following table shows the balances of these assets based on their GAAP designated levels:

As of December 31, 2022					
	Level 1	Level 2	Level 3	Investments at NAV	Total
Investments, at fair value					
Mutual funds	\$ 7,604,046	\$ -	\$ -	\$ -	\$ 7,604,046
Pooled separate accounts	-	-	-	6,124,453	6,124,453
Total investments, at fair value	<u>\$ 7,604,046</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,124,453</u>	<u>\$ 13,728,499</u>
Guaranteed income fund					4,839,436
Total investments					<u>\$ 18,567,935</u>

As of December 31, 2021					
	Level 1	Level 2	Level 3	Investments at NAV	Total
Investments, at fair value					
Mutual funds	\$ 9,109,359	\$ -	\$ -	\$ -	\$ 9,109,359
Pooled separate accounts	-	-	-	7,453,649	7,453,649
Total investments, at fair value	<u>\$ 9,109,359</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,453,649</u>	<u>\$ 16,563,008</u>
Guaranteed income fund					4,553,959
Total investments					<u>\$ 21,116,967</u>

Investments in PSAs are valued using the NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by the Trustee. While the majority of the underlying asset values are based on quoted prices, NAV of the PSAs are not publicly quoted. The NAV is reported by the Trustee as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

3. Investments (continued)

The Plan is a party to a fully benefit-responsive guaranteed income fund with the Trustee. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for plan benefits attributable to the guaranteed income fund. The guaranteed income fund is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Information Certified by Trustee

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2022 and 2021, and as summarized in the tables in Note 3 of these financial statements.
- Outstanding plan participant loan balances as of December 31, 2022 and 2021.
- Investment transactions as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), Supplemental Schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

5. Income Tax Status

The Plan was created from a plan instrument drafted by a service provider. The Internal Revenue Service (“IRS”) has determined and informed this service provider by a letter dated December 4, 2020, that the plan instrument, as originally written by the service provider, was subjected to IRS review and has been designed in accordance with applicable sections of the IRC and is, therefore, exempt from federal income taxes.

6. Related Party and Party-In-Interest Transactions

During the year ended December 31, 2022, certain administrative functions were performed by officers or employees of the Company and the Plan did not compensate such individuals for their services. Also, as discussed in Note 1, the Company pays certain costs of administering the Plan.

The Plan investments are managed by the Trustee, and therefore, they qualify as “party-in-interest” transactions, which are permitted by Department of Labor’s Rules and Regulations. Notes receivable from participants and the related interest income are also considered party-in-interest.

7. Accounting for Uncertainty in Income Taxes

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan, as directed by participants, invests in investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participant’s account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

See accompanying independent auditors’ report.

9. Reconciliation of Financial Statements to Form 5500

The information contained in the financial statements does not agree to the information contained in the Form 5500 as of December 31, 2021 and for the year ended December 31, 2022. The differences are due to the recording of an employer receivable in the financial statements.

Reconciliation of the differences for the year ended December 31, 2022, are as follows:

	<u>2022</u>
Net assets available for Plan benefits per Form 5500	\$ 18,906,334
Employer contributions receivable	<u>20,749</u>
Net assets available for Plan benefits per the financial statements	<u><u>\$ 18,927,083</u></u>

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Roland DGA Corporation 401(k) Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Roland DGA 401(k) Plan and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following description of the Roland DGA Corporation 401(k) Savings and Investment Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on January 1, 2003 and is a qualified, defined contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is sponsored by Roland DGA Corporation (the “Company”), who also serves as the Plan Administrator. Prudential Bank & Trust, F.S.B. (the “Trustee”) is the custodian and trustee of the Plan’s investment assets (Note 4).

Eligibility

The Plan covers all current employees of the Company. Employees become eligible after 90 days of employment with the Company.

Contributions

Participants may contribute up to the maximum dollar limit as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may elect to make an annual discretionary matching contribution, up to a maximum of 50% the first 6% of the participant’s contribution, as defined by the Plan agreement. In addition, the Company, at its discretion, may make additional nonelective contributions. No nonelective contributions were made in 2022.

Participant Accounts

An account is maintained for each participant and credited with the participant’s contributions and the allocation of any investment income or losses. Investment income and losses are allocated among eligible participants in the ratio which the dollar value of the respective participant’s interest in the specific investment bears to the dollar value of all participant’s interests in that investment.

See accompanying independent auditors’ report.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions, plus actual investment income and losses thereon. Vesting in the Company's matching and nonelective contributions occurs ratably at 25% per year over four years of service.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her account into any of the investment options offered by the Plan. Participants may change or transfer their investment options daily.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant or the participant's beneficiaries may receive the vested interest in the participant's account in a lump-sum distribution or rollover the value of the vested interest into another qualified benefit plan, less any loans outstanding. Account withdrawals are permitted by participants who suffer certain financial hardships and meet criteria established by the IRC.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of 50% of their vested account balance. Participants may never borrow more than \$50,000 minus the highest outstanding balance of their total Plan loans during the last 12 months. Notes receivable from participants are stated at their unpaid principal balance and are secured by the balance in the participant's account. Principal and interest are paid ratably through regular payroll deductions. All notes receivable must be repaid over a five-year period unless it is for the purchase of a principal residence. Interest on notes receivable from participants ranged from 4.25% to 7.25% as of December 31, 2022. For the year ended December 31, 2022, defaulted loans totaled \$2,145 resulting in a decrease to notes receivable from participants as of December 31, 2022.

See accompanying independent auditors' report.

401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

1. Description of the Plan (continued)

Administrative and Advisory Fees

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative and advisory fees. Fees paid by the Plan for investment management services during 2022 were included as a reduction of investment return on the related investment. Based upon the Company's discretion, additional costs of administering the Plan, including accounting and legal fees, are either paid by the Company or paid through forfeitures. Expenses that are paid by the Company are excluded from these financial statements.

Forfeited Accounts

At December 31, 2022, forfeited accounts totaled \$2,123 (\$17,866 at December 31, 2021). Under the Plan agreement, as amended, these amounts can be used to pay Plan administrative and advisory fees. Any remaining forfeitures can be used to reduce the Company's nonelective or matching contributions.

Plan Termination

It is the intention of the Company to maintain the Plan throughout its corporate existence. Nevertheless, the Company reserves the right, at any time, to discontinue or terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are governed by a trust agreement with the Trustee. The Plan's mutual funds and pooled separate account investments are stated at fair value. Investments in pooled separate accounts ("PSAs") are valued on a net asset value ("NAV") per share basis. The PSAs are credited with earnings on the underlying investments and charged for Plan benefits paid and deductions for investment expenses and annual management fees. Redemptions may occur on a daily basis.

The Plan invests in a guaranteed income fund ("GIF") which is reported at contract value. Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to the fully benefit-responsive guaranteed income fund.

Investment income consists of interest earned and realized, and unrealized gains or losses in the fair value of investments, less investment expenses. Purchases and sales of securities are reflected on the settlement date. Dividends are recorded on the ex-dividend date.

Benefit Payments

In accordance with ERISA reporting requirements, benefit payments due to participants who have elected to withdraw from the Plan are recorded when paid.

Subsequent Events

The Plan Administrator evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

3. Investments

The Plan accounts for financial assets and liabilities that are being measured and reported at fair value on a recurring and non-recurring basis in accordance with Accounting Standards Codification (“ASC”) 820 Fair Value Measurements and Disclosures. ASC 820 defines fair value as the price that the Plan would receive to sell an asset, or pay to transfer a liability, in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a framework for measuring fair value, and a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity.

Unobservable inputs reflect the reporting entity’s own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available under the circumstances. The Plan’s investments are assigned a level based upon the observability of the inputs which are significant to the overall valuation. The three-tier hierarchy of inputs is summarized below.

Level 1: Valuation for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer, or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

See accompanying independent auditors’ report.

3. Investments (continued)

Investments in the Plan are measured and reported at fair value, excluding GICs, on a recurring basis. The following table shows the balances of these assets based on their GAAP designated levels:

As of December 31, 2022					
	Level 1	Level 2	Level 3	Investments at NAV	Total
Investments, at fair value					
Mutual funds	\$ 7,604,046	\$ -	\$ -	\$ -	\$ 7,604,046
Pooled separate accounts	-	-	-	6,124,453	6,124,453
Total investments, at fair value	<u>\$ 7,604,046</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,124,453</u>	<u>\$ 13,728,499</u>
Guaranteed income fund					4,839,436
Total investments					<u>\$ 18,567,935</u>

As of December 31, 2021					
	Level 1	Level 2	Level 3	Investments at NAV	Total
Investments, at fair value					
Mutual funds	\$ 9,109,359	\$ -	\$ -	\$ -	\$ 9,109,359
Pooled separate accounts	-	-	-	7,453,649	7,453,649
Total investments, at fair value	<u>\$ 9,109,359</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,453,649</u>	<u>\$ 16,563,008</u>
Guaranteed income fund					4,553,959
Total investments					<u>\$ 21,116,967</u>

Investments in PSAs are valued using the NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by the Trustee. While the majority of the underlying asset values are based on quoted prices, NAV of the PSAs are not publicly quoted. The NAV is reported by the Trustee as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

3. Investments (continued)

The Plan is a party to a fully benefit-responsive guaranteed income fund with the Trustee. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for plan benefits attributable to the guaranteed income fund. The guaranteed income fund is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Information Certified by Trustee

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2022 and 2021, and as summarized in the tables in Note 3 of these financial statements.
- Outstanding plan participant loan balances as of December 31, 2022 and 2021.
- Investment transactions as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), Supplemental Schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

5. Income Tax Status

The Plan was created from a plan instrument drafted by a service provider. The Internal Revenue Service (“IRS”) has determined and informed this service provider by a letter dated December 4, 2020, that the plan instrument, as originally written by the service provider, was subjected to IRS review and has been designed in accordance with applicable sections of the IRC and is, therefore, exempt from federal income taxes.

6. Related Party and Party-In-Interest Transactions

During the year ended December 31, 2022, certain administrative functions were performed by officers or employees of the Company and the Plan did not compensate such individuals for their services. Also, as discussed in Note 1, the Company pays certain costs of administering the Plan.

The Plan investments are managed by the Trustee, and therefore, they qualify as “party-in-interest” transactions, which are permitted by Department of Labor’s Rules and Regulations. Notes receivable from participants and the related interest income are also considered party-in-interest.

7. Accounting for Uncertainty in Income Taxes

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan, as directed by participants, invests in investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participant’s account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

See accompanying independent auditors’ report.

9. Reconciliation of Financial Statements to Form 5500

The information contained in the financial statements does not agree to the information contained in the Form 5500 as of December 31, 2021 and for the year ended December 31, 2022. The differences are due to the recording of an employer receivable in the financial statements.

Reconciliation of the differences for the year ended December 31, 2022, are as follows:

	<u>2022</u>
Net assets available for Plan benefits per Form 5500	\$ 18,906,334
Employer contributions receivable	<u>20,749</u>
Net assets available for Plan benefits per the financial statements	<u><u>\$ 18,927,083</u></u>
Employer contributions per Form 5500	\$ 307,643
Less: prior year employer contributions receivable	(4,308)
Plus: current year employer contributions receivable	<u>20,749</u>
Employer contributions per the financial statements	<u><u>\$ 324,084</u></u>

Reconciliation of the differences as of December 31, 2021 are as follows:

	<u>2021</u>

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Roland DGA Corporation 401(k) Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Roland DGA 401(k) Plan and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following description of the Roland DGA Corporation 401(k) Savings and Investment Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on January 1, 2003 and is a qualified, defined contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is sponsored by Roland DGA Corporation (the “Company”), who also serves as the Plan Administrator. Prudential Bank & Trust, F.S.B. (the “Trustee”) is the custodian and trustee of the Plan’s investment assets (Note 4).

Eligibility

The Plan covers all current employees of the Company. Employees become eligible after 90 days of employment with the Company.

Contributions

Participants may contribute up to the maximum dollar limit as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may elect to make an annual discretionary matching contribution, up to a maximum of 50% the first 6% of the participant’s contribution, as defined by the Plan agreement. In addition, the Company, at its discretion, may make additional nonelective contributions. No nonelective contributions were made in 2022.

Participant Accounts

An account is maintained for each participant and credited with the participant’s contributions and the allocation of any investment income or losses. Investment income and losses are allocated among eligible participants in the ratio which the dollar value of the respective participant’s interest in the specific investment bears to the dollar value of all participant’s interests in that investment.

See accompanying independent auditors’ report.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions, plus actual investment income and losses thereon. Vesting in the Company's matching and nonelective contributions occurs ratably at 25% per year over four years of service.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her account into any of the investment options offered by the Plan. Participants may change or transfer their investment options daily.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant or the participant's beneficiaries may receive the vested interest in the participant's account in a lump-sum distribution or rollover the value of the vested interest into another qualified benefit plan, less any loans outstanding. Account withdrawals are permitted by participants who suffer certain financial hardships and meet criteria established by the IRC.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of 50% of their vested account balance. Participants may never borrow more than \$50,000 minus the highest outstanding balance of their total Plan loans during the last 12 months. Notes receivable from participants are stated at their unpaid principal balance and are secured by the balance in the participant's account. Principal and interest are paid ratably through regular payroll deductions. All notes receivable must be repaid over a five-year period unless it is for the purchase of a principal residence. Interest on notes receivable from participants ranged from 4.25% to 7.25% as of December 31, 2022. For the year ended December 31, 2022, defaulted loans totaled \$2,145 resulting in a decrease to notes receivable from participants as of December 31, 2022.

See accompanying independent auditors' report.

401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

1. Description of the Plan (continued)

Administrative and Advisory Fees

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative and advisory fees. Fees paid by the Plan for investment management services during 2022 were included as a reduction of investment return on the related investment. Based upon the Company's discretion, additional costs of administering the Plan, including accounting and legal fees, are either paid by the Company or paid through forfeitures. Expenses that are paid by the Company are excluded from these financial statements.

Forfeited Accounts

At December 31, 2022, forfeited accounts totaled \$2,123 (\$17,866 at December 31, 2021). Under the Plan agreement, as amended, these amounts can be used to pay Plan administrative and advisory fees. Any remaining forfeitures can be used to reduce the Company's nonelective or matching contributions.

Plan Termination

It is the intention of the Company to maintain the Plan throughout its corporate existence. Nevertheless, the Company reserves the right, at any time, to discontinue or terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are governed by a trust agreement with the Trustee. The Plan's mutual funds and pooled separate account investments are stated at fair value. Investments in pooled separate accounts ("PSAs") are valued on a net asset value ("NAV") per share basis. The PSAs are credited with earnings on the underlying investments and charged for Plan benefits paid and deductions for investment expenses and annual management fees. Redemptions may occur on a daily basis.

The Plan invests in a guaranteed income fund ("GIF") which is reported at contract value. Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to the fully benefit-responsive guaranteed income fund.

Investment income consists of interest earned and realized, and unrealized gains or losses in the fair value of investments, less investment expenses. Purchases and sales of securities are reflected on the settlement date. Dividends are recorded on the ex-dividend date.

Benefit Payments

In accordance with ERISA reporting requirements, benefit payments due to participants who have elected to withdraw from the Plan are recorded when paid.

Subsequent Events

The Plan Administrator evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

3. Investments

The Plan accounts for financial assets and liabilities that are being measured and reported at fair value on a recurring and non-recurring basis in accordance with Accounting Standards Codification (“ASC”) 820 Fair Value Measurements and Disclosures. ASC 820 defines fair value as the price that the Plan would receive to sell an asset, or pay to transfer a liability, in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a framework for measuring fair value, and a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity.

Unobservable inputs reflect the reporting entity’s own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available under the circumstances. The Plan’s investments are assigned a level based upon the observability of the inputs which are significant to the overall valuation. The three-tier hierarchy of inputs is summarized below.

Level 1: Valuation for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer, or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

See accompanying independent auditors’ report.

3. Investments (continued)

Investments in the Plan are measured and reported at fair value, excluding GICs, on a recurring basis. The following table shows the balances of these assets based on their GAAP designated levels:

As of December 31, 2022					
	Level 1	Level 2	Level 3	Investments at NAV	Total
Investments, at fair value					
Mutual funds	\$ 7,604,046	\$ -	\$ -	\$ -	\$ 7,604,046
Pooled separate accounts	-	-	-	6,124,453	6,124,453
Total investments, at fair value	<u>\$ 7,604,046</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,124,453</u>	<u>\$ 13,728,499</u>
Guaranteed income fund					4,839,436
Total investments					<u>\$ 18,567,935</u>

As of December 31, 2021					
	Level 1	Level 2	Level 3	Investments at NAV	Total
Investments, at fair value					
Mutual funds	\$ 9,109,359	\$ -	\$ -	\$ -	\$ 9,109,359
Pooled separate accounts	-	-	-	7,453,649	7,453,649
Total investments, at fair value	<u>\$ 9,109,359</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,453,649</u>	<u>\$ 16,563,008</u>
Guaranteed income fund					4,553,959
Total investments					<u>\$ 21,116,967</u>

Investments in PSAs are valued using the NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by the Trustee. While the majority of the underlying asset values are based on quoted prices, NAV of the PSAs are not publicly quoted. The NAV is reported by the Trustee as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

3. Investments (continued)

The Plan is a party to a fully benefit-responsive guaranteed income fund with the Trustee. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for plan benefits attributable to the guaranteed income fund. The guaranteed income fund is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Information Certified by Trustee

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2022 and 2021, and as summarized in the tables in Note 3 of these financial statements.
- Outstanding plan participant loan balances as of December 31, 2022 and 2021.
- Investment transactions as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), Supplemental Schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

5. Income Tax Status

The Plan was created from a plan instrument drafted by a service provider. The Internal Revenue Service (“IRS”) has determined and informed this service provider by a letter dated December 4, 2020, that the plan instrument, as originally written by the service provider, was subjected to IRS review and has been designed in accordance with applicable sections of the IRC and is, therefore, exempt from federal income taxes.

6. Related Party and Party-In-Interest Transactions

During the year ended December 31, 2022, certain administrative functions were performed by officers or employees of the Company and the Plan did not compensate such individuals for their services. Also, as discussed in Note 1, the Company pays certain costs of administering the Plan.

The Plan investments are managed by the Trustee, and therefore, they qualify as “party-in-interest” transactions, which are permitted by Department of Labor’s Rules and Regulations. Notes receivable from participants and the related interest income are also considered party-in-interest.

7. Accounting for Uncertainty in Income Taxes

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan, as directed by participants, invests in investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participant’s account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

See accompanying independent auditors’ report.

9. Reconciliation of Financial Statements to Form 5500

The information contained in the financial statements does not agree to the information contained in the Form 5500 as of December 31, 2021 and for the year ended December 31, 2022. The differences are due to the recording of an employer receivable in the financial statements.

Reconciliation of the differences for the year ended December 31, 2022, are as follows:

	<u>2022</u>
Net assets available for Plan benefits per Form 5500	\$ 18,906,334
Employer contributions receivable	<u>20,749</u>
Net assets available for Plan benefits per the financial statements	<u><u>\$ 18,927,083</u></u>
Employer contributions per Form 5500	\$ 307,643
Less: prior year employer contributions receivable	(4,308)
Plus: current year employer contributions receivable	<u>20,749</u>
Employer contributions per the financial statements	<u><u>\$ 324,084</u></u>

Reconciliation of the differences as of December 31, 2021 are as follows:

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Roland DGA Corporation 401(k) Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Roland DGA 401(k) Plan and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following description of the Roland DGA Corporation 401(k) Savings and Investment Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on January 1, 2003 and is a qualified, defined contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is sponsored by Roland DGA Corporation (the “Company”), who also serves as the Plan Administrator. Prudential Bank & Trust, F.S.B. (the “Trustee”) is the custodian and trustee of the Plan’s investment assets (Note 4).

Eligibility

The Plan covers all current employees of the Company. Employees become eligible after 90 days of employment with the Company.

Contributions

Participants may contribute up to the maximum dollar limit as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may elect to make an annual discretionary matching contribution, up to a maximum of 50% the first 6% of the participant’s contribution, as defined by the Plan agreement. In addition, the Company, at its discretion, may make additional nonelective contributions. No nonelective contributions were made in 2022.

Participant Accounts

An account is maintained for each participant and credited with the participant’s contributions and the allocation of any investment income or losses. Investment income and losses are allocated among eligible participants in the ratio which the dollar value of the respective participant’s interest in the specific investment bears to the dollar value of all participant’s interests in that investment.

See accompanying independent auditors’ report.

Notes to Financial Statements (continued)

December 31, 2022

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions, plus actual investment income and losses thereon. Vesting in the Company's matching and nonelective contributions occurs ratably at 25% per year over four years of service.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her account into any of the investment options offered by the Plan. Participants may change or transfer their investment options daily.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant or the participant's beneficiaries may receive the vested interest in the participant's account in a lump-sum distribution or rollover the value of the vested interest into another qualified benefit plan, less any loans outstanding. Account withdrawals are permitted by participants who suffer certain financial hardships and meet criteria established by the IRC.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of 50% of their vested account balance. Participants may never borrow more than \$50,000 minus the highest outstanding balance of their total Plan loans during the last 12 months. Notes receivable from participants are stated at their unpaid principal balance and are secured by the balance in the participant's account. Principal and interest are paid ratably through regular payroll deductions. All notes receivable must be repaid over a five-year period unless it is for the purchase of a principal residence. Interest on notes receivable from participants ranged from 4.25% to 7.25% as of December 31, 2022. For the year ended December 31, 2022, defaulted loans totaled \$2,145 resulting in a decrease to notes receivable from participants as of December 31, 2022.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

1. Description of the Plan (continued)

Administrative and Advisory Fees

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative and advisory fees. Fees paid by the Plan for investment management services during 2022 were included as a reduction of investment return on the related investment. Based upon the Company's discretion, additional costs of administering the Plan, including accounting and legal fees, are either paid by the Company or paid through forfeitures. Expenses that are paid by the Company are excluded from these financial statements.

Forfeited Accounts

At December 31, 2022, forfeited accounts totaled \$2,123 (\$17,866 at December 31, 2021). Under the Plan agreement, as amended, these amounts can be used to pay Plan administrative and advisory fees. Any remaining forfeitures can be used to reduce the Company's nonelective or matching contributions.

Plan Termination

It is the intention of the Company to maintain the Plan throughout its corporate existence. Nevertheless, the Company reserves the right, at any time, to discontinue or terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are governed by a trust agreement with the Trustee. The Plan's mutual funds and pooled separate account investments are stated at fair value. Investments in pooled separate accounts ("PSAs") are valued on a net asset value ("NAV") per share basis. The PSAs are credited with earnings on the underlying investments and charged for Plan benefits paid and deductions for investment expenses and annual management fees. Redemptions may occur on a daily basis.

The Plan invests in a guaranteed income fund ("GIF") which is reported at contract value. Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to the fully benefit-responsive guaranteed income fund.

Investment income consists of interest earned and realized, and unrealized gains or losses in the fair value of investments, less investment expenses. Purchases and sales of securities are reflected on the settlement date. Dividends are recorded on the ex-dividend date.

Benefit Payments

In accordance with ERISA reporting requirements, benefit payments due to participants who have elected to withdraw from the Plan are recorded when paid.

Subsequent Events

The Plan Administrator evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

3. Investments

The Plan accounts for financial assets and liabilities that are being measured and reported at fair value on a recurring and non-recurring basis in accordance with Accounting Standards Codification (“ASC”) 820 Fair Value Measurements and Disclosures. ASC 820 defines fair value as the price that the Plan would receive to sell an asset, or pay to transfer a liability, in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a framework for measuring fair value, and a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity.

Unobservable inputs reflect the reporting entity’s own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available under the circumstances. The Plan’s investments are assigned a level based upon the observability of the inputs which are significant to the overall valuation. The three-tier hierarchy of inputs is summarized below.

Level 1: Valuation for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer, or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

See accompanying independent auditors’ report.

3. Investments (continued)

Investments in the Plan are measured and reported at fair value, excluding GICs, on a recurring basis. The following table shows the balances of these assets based on their GAAP designated levels:

As of December 31, 2022					
	Level 1	Level 2	Level 3	Investments at NAV	Total
Investments, at fair value					
Mutual funds	\$ 7,604,046	\$ -	\$ -	\$ -	\$ 7,604,046
Pooled separate accounts	-	-	-	6,124,453	6,124,453
Total investments, at fair value	<u>\$ 7,604,046</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,124,453</u>	<u>\$ 13,728,499</u>
Guaranteed income fund					4,839,436
Total investments					<u>\$ 18,567,935</u>

As of December 31, 2021					
	Level 1	Level 2	Level 3	Investments at NAV	Total
Investments, at fair value					
Mutual funds	\$ 9,109,359	\$ -	\$ -	\$ -	\$ 9,109,359
Pooled separate accounts	-	-	-	7,453,649	7,453,649
Total investments, at fair value	<u>\$ 9,109,359</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,453,649</u>	<u>\$ 16,563,008</u>
Guaranteed income fund					4,553,959
Total investments					<u>\$ 21,116,967</u>

Investments in PSAs are valued using the NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by the Trustee. While the majority of the underlying asset values are based on quoted prices, NAV of the PSAs are not publicly quoted. The NAV is reported by the Trustee as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

3. Investments (continued)

The Plan is a party to a fully benefit-responsive guaranteed income fund with the Trustee. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for plan benefits attributable to the guaranteed income fund. The guaranteed income fund is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Information Certified by Trustee

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2022 and 2021, and as summarized in the tables in Note 3 of these financial statements.
- Outstanding plan participant loan balances as of December 31, 2022 and 2021.
- Investment transactions as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), Supplemental Schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

See accompanying independent auditors' report.

ROLAND DGA CORPORATION
401(k) SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements (continued)

December 31, 2022

5. Income Tax Status

The Plan was created from a plan instrument drafted by a service provider. The Internal Revenue Service (“IRS”) has determined and informed this service provider by a letter dated December 4, 2020, that the plan instrument, as originally written by the service provider, was subjected to IRS review and has been designed in accordance with applicable sections of the IRC and is, therefore, exempt from federal income taxes.

6. Related Party and Party-In-Interest Transactions

During the year ended December 31, 2022, certain administrative functions were performed by officers or employees of the Company and the Plan did not compensate such individuals for their services. Also, as discussed in Note 1, the Company pays certain costs of administering the Plan.

The Plan investments are managed by the Trustee, and therefore, they qualify as “party-in-interest” transactions, which are permitted by Department of Labor’s Rules and Regulations. Notes receivable from participants and the related interest income are also considered party-in-interest.

7. Accounting for Uncertainty in Income Taxes

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan, as directed by participants, invests in investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participant’s account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

See accompanying independent auditors’ report.

9. Reconciliation of Financial Statements to Form 5500

The information contained in the financial statements does not agree to the information contained in the Form 5500 as of December 31, 2021 and for the year ended December 31, 2022. The differences are due to the recording of an employer receivable in the financial statements.

Reconciliation of the differences for the year ended December 31, 2022, are as follows:
