To the Plan Administrator
Reinicke Athens, Inc. Employee Savings and Retirement Plan

We have audited the financial statements of Reinicke Athens, Inc. Employee Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2022, and we have issued our report thereon dated October 3, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company, the Custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 24, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Reinicke Athens, Inc. Employee Savings and Retirement Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no such estimates in the financial statements for the year ended December 31, 2022.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 3, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan Administrator and management of Reinicke Athens, Inc. Employee Savings and Retirement Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Bates, Carter & Co., LLP

General Comments and Suggestions

In planning and performing our audit of your financial statements as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the REINICKE ATHENS, INC. EMPLOYEE SAVINGS AND RETIREMENT PLAN's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal controls.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain matters involving the internal control and other operational matters that are presented for your consideration. This letter does not affect our report dated October 3, 2023 on the financial statements of the REINICKE ATHENS, INC. EMPLOYEE SAVINGS AND RETIREMENT PLAN's. We will review the status of these comments during our next audit engagement. Our comments and recommendations, which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies. We will be pleased to discuss these comments in further detail at your convenience, perform any additional study of this matter, or assist you in implementing the recommendations.

Our comments are summarized on the following page.

Participant Data

Finding

During participant data testing, for one of the 25 employees tested, we noted that although the employee had not met the maximum IRS contribution limit for the Plan year, the employee did not have deferrals withheld on their check.

Recommendation

We recommend monitoring total contributions by participants to determine when participants reach their maximum contribution amounts so that deferrals are properly withheld.

Management's Response:

This error resulted from a miscalculation within the ERP system.

Finding

During participant data testing, for three of the 25 employees tested, their form I-9's had missing information.

Recommendation

We recommend reviewing your employee files to confirm the Company is in compliance with this federal requirement.

Distributions

Finding

During distribution testing, we noted two individuals that requested a full payout had small balances left in their accounts (Stover and Jones). We expect this to be a result of residual earnings being allocated after the participants had withdrawn their balance.

Recommendation

We recommend the client notify the participants of their remaining funds and make appropriate arrangements to disburse the remaining funds. Additionally, the recordkeeper may be able to automatically disburse the remainder of these funds.

Finding

During distribution testing, the client was unable to provide a separation notice for one participant to confirm the termination date.

Recommendation

We recommend completing a separation notice for each terminated employee regardless of the reason for termination.

Contributions

Finding

During the testing of contributions, we found that a majority of contributions were remitted within 10 days of the pay date, however, 15 of the contributions were remitted more than 10 days after the pay date.

Recommendation

We recommend that future contributions are remitted in a timely and consistent manner.

Management's Response:

This error resulted in payroll personnel turnover and has since been corrected.

SERVICE ORGANIZATION CONTROL 1 Report

During our audit, we reviewed the most recent SOC 1 reports for The Standard Insurance Company and Reliance Trust Company and did not note any control issues that would materially affect your plan.

In designing its system, your service organizations have contemplated that certain complementary user entity controls would be implemented by your organization to achieve certain control objectives included in their SOC 1 report.

We have included those sections of the SOC 1 reports below and on the following page. However, we recommend that you review the entire SOC 1 on an annual basis.

The Standard Insurance Company

6.0 Complementary User Entity Controls

RP's control procedures are only a portion of the overall internal control over the user entities' retirement servicing activities. User entities should implement their own effective internal control policies and procedures. Additionally, each user entity should review the list of user entity controls listed below to help ensure they are in place (where appropriate) to contribute to the overall control of the impacted objectives listed in Section IV. The overall control environment (and whether the list of user entity controls apply) depends upon the nature of the transactions processed by RP, the degree of interaction between RP's and a client user entity's internal controls, and the terms of the agreements between the client user entity and RP.

User Organization Controls	Control Objective Reference
User entities should have controls in place to provide instructions and information to RP that are in accordance with the provisions of the Contract and the Administrative Services Agreement.	4.1, 4.2 and 5.1
User entities should have controls in place to provide RP timely written notification of changes in individuals who are authorized to instruct RP on behalf of a client organization.	4.1, 4.2, 4.7, 4.8 and 5.1
User entities should have controls in place for timely remittance of contributions to RP.	4.3, 4.4, 4.7
User entities should have controls in place for timely review of data integrity — for example, verification of the correctness of participant names, SSNs, dates of birth, etc., which RP relies on to maintain accurate records for the plan.	4.1, 4.2, 4.3, 4.4, 4.5, 4.6, 4.7, 4.8, 4.9 and 5.1
User entities should have controls in place to provide RP timely written notice of any discrepancies noted through review of reports. These include, but are not limited to, quarterly or annual reports showing contract activity, annual Internal Revenue Service Form 5500, annual census data, and plan restatement or amendments.	4.1, 4.2, 4.5, 4.6, 4.7, 4.8, 4.9, 5.1, 5.2, 5.3, 5.4, and 5.5
User entities should have controls in place for timely distribution of participant statements (for plans where statements are distributed by the plan sponsor).	4.9
User entities should have controls in place for the control and use of PlanNet and PDM passwords. Users authorized for these applications should be periodically reviewed and passwords should be changed on a regular basis.	4.2

Reliance Trust Company

F. Complementary User Entity Controls

FIS' controls relating to the system cover only a portion of the overall internal control structure of each user entity of FIS' system. It is not feasible for the control objectives to be solely achieved by FIS. Therefore, each user entity's internal control over financial reporting must be evaluated in conjunction with the FIS' controls and related testing detailed in Section IV of this report, taking into account the related complementary user entity controls identified in the table below, where applicable. Complementary user entity controls and their associated control objective(s) are included within the table below.

Complementary User Entity Controls	Associated Control Objective(s)
User entities should have controls in place over initiation and authorization of checks or wires and printing of checks when performed at a customer location. User entities should establish practices to verify appropriate segregation of duties.	Control Objective 15
User entities should have controls in place to review account information, opening of new accounts, account activity, the maintenance of account data for accuracy, and review reconciliation.	Control Objective 1 Control Objective 5 Control Objective 6
User entities should have controls in place to monitor trades initiated by directed investment managers and compare the information in the electronic confirmation file for accuracy.	Control Objective 8 Control Objective 9
User entities are responsible for establishing controls to provide reasonable assurance that manual prices provided are complete and accurate.	Control Objective 10
User entities are responsible for designating sweep vehicles as part of the initial account setup process.	Control Objective 1

In order for user entities to rely on the controls reported on herein, each user entity must evaluate its own internal control to determine if the identified complementary user entity controls have been implemented and are operating effectively.

Complementary User Entity Controls	Associated Control Objective(s)
User entities are responsible for establishing physical access controls to terminals.	Control Objective 4
User entities are responsible for securely maintaining user passwords.	Control Objective 26
User entities are responsible for communicating changes in individual access rights, in a timely manner, to Reliance.	Control Objective 26
User entities are responsible for performing periodic review of user access levels to ensure that transactions are properly authorized.	Control Objective 2 Control Objective 3 Control Objective 26
User entities are responsible for communication of changes to individuals authorized to instruct RTC or RFC on behalf of the Trust client.	Control Objective 26
User entities are responsible for ensuring that transactions are appropriately authorized, complete, and accurate.	Control Objectives 1 through 25
User entities are responsible for ensuring that instructions and information, provided to Reliance, is in accordance with the provisions of all Trust Agreements and/or applicable Legal Agreements.	Control Objectives 1 through 25
User entities are responsible for ensuring that administrative fees are accurate, based on the agreed fee schedule.	Control Objective 17
User entities are responsible for ensuring that responses to the selection of voluntary corporation action are submitted in a timely manner.	Control Objective 11
User entities are responsible for reviewing account statements, for completeness and accuracy, and that any errors are communicated to Reliance (as appropriate) for resolution.	Control Objective 16
User entities should have controls in place to perform timely review of control and exception reports provided by the Company and provide written notice to the Company of discrepancies as compared to its own records.	Control Objectives 1 through 25
User entities should have controls in place to perform and review the balancing and transmittal of tax withholding to the IRS and/or other taxing authority.	Control Objective 18

Part III Form M-1 Compliance Information (to be completed by welfare benefit plans)

11a If the plan provides welfare benefits, was the plan subject to the Form M-1 filing requirements during the plan year? (See instructions and 29 CFR 2520.101-2.) ☐ Yes ☐ No

If "Yes" is checked, complete lines 11b and 11c.

11b Is the plan currently in compliance with the Form M-1 filing requirements? (See instructions and 29 CFR 2520.101-2.) ☐ Yes ☐ No

11c Enter the Receipt Confirmation Code for the 2022 Form M-1 annual report. If the plan was not required to file the 2022 Form M-1 annual report, enter the Receipt Confirmation Code for the most recent Form M-1 that was required to be filed under the Form M-1 filing requirements. (Failure to enter a valid Receipt Confirmation Code will subject the Form 5500 filing to rejection as incomplete.)
