Independent Auditors' Report

To the Plan Administrator
K2 Integrity 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of the K2 Integrity 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the period July 25, 2022 (date of inception of the Plan) through December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the period July 25, 2022 (date of inception of the Plan) through December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental (1) Schedule H , Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the period ended December 31, 2022 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

K2 Integrity 401(k) Plan

Notes to Financial Statements
December 31, 2022

1. Description of Plan

The following description of the K2 Integrity 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of K2 Intelligence, LLC (the "Company") and participating employers which include, Financial Integrity Network, LLC and The Privacy Co. Employees who have attained age of 21 and completed 1 month of service are eligible to make employee contributions and receive employer contributions. Excluded employees include employees covered by a collective bargaining agreement, unless the agreement requires the employees be included in the Plan and Nonresident aliens who do not receive any earned income from the Company which constitutes United States source income. A participant is automatically entered in the Plan (unless they elect otherwise) on the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2022, the Plan merged in assets from the ADP Totalsource Retirement Savings Plan, which amounted to \$19,667,299. The ADP Totalsource Retirement Savings Plan is a multiple employer plan that the Company participated in prior to establishing the Plan effective July 25, 2022.

Contributions

Each year participants may contribute up to 99% of their gross compensation for the year or the amount allowed by the Internal Revenue Code ("IRC") of pre-tax annual compensation or Roth basis, as defined in the Plan agreement. Participants who are age 50 before the end of the Plan year are eligible to make catch up contributions up to 100% of their gross compensation or the statutory permitted amount. Participants that have met the eligibility requirements may contribute rollover contribution, which represent distributions from other qualified plans. The Plan includes an automatic salary deferral feature for participants of 3%. The Plan allows for discretionary matching contributions by the Company, equal to 50% of the first 8% of eligible compensation that a participant contributed to the Plan to all participants employed on the last day of the Plan year. The Company may also make discretionary nonelective contributions to the Plan to all participants employed on the last day of the Plan year. The nonelective contribution will be allocated among participants eligible to share in the contribution for the Plan year based upon the ratio of individual compensation to the total of all participants eligible to share. There were no nonelective employer contributions made to the plan during the 2022 plan period.

1. Description of Plan (*continued*)

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their pre-tax contributions, employer discretionary matching contributions and nonelective employer contributions plus actual earnings thereon. Vesting in employer source funds that were merged from the ADP Totalsource Retirement Savings Plan are based on the schedules below.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence, which may be paid back over a period of ten years. Participants may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest rates determined by the Company based on prevailing interest rates made under similar circumstances. Principal and interest are paid ratably through ACH payments from the participants bank account.

K2 Integrity 401(k) Plan

Notes to Financial Statements December 31, 2022

1. Description of Plan (*continued*)

Distributions

Participants are eligible to receive distributions from their accounts at the normal retirement age (age of 65), disability, death or termination of employment. Participants receive the value of their vested account balance in the form of a single-sum payment or installments. Additionally, participants are entitled to apply for hardship withdrawals and, after attaining age 59 ½, may receive in-service distributions.

Forfeitures

The employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2022, forfeited non-vested accounts totaled \$17,854. During 2022, no forfeitures were used to reduce Company matching contributions.

Plan Expense Account

The Plan Expense Account is a nonparticipant directed cash account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of plan-generated fund revenue that exceeds the costs associated with plan administration. The Plan Expense Account balance was \$207 at December 31, 2022. During 2022, no funds from the Plan's Plan Expense Account were used to reduce administrative expenses incurred by the Plan.

Administration

The Plan is administered by the Company. Fidelity Management Trust Company is the trustee of the Plan ("Trustee") and Fidelity Workplace Services LLC is the record keeper of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") using the accrual basis of accounting, which recognizes revenue when it is earned and expenses as they are incurred.

Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

K2 Integrity 401(k) Plan

Notes to Financial Statements
December 31, 2022

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets of liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. The mutual funds and money market fund are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The funds are deemed to be actively traded. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal amounts plus accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 4, 2023.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2022, and net depreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the period ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

4. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

		2022	
		Other	
		Investments	
		Measured	
	Level 1	at NAV *	Total
Mutual funds	\$ 18,373,545	\$ -	\$ 18,373,545
Common/collective trust	-	853,335	853,335
Money market fund	207	-	207
	<u>\$ 18,373,752</u>	<u>\$ 853,335</u>	<u>\$ 19,227,087</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Investment in Common/Collective Trust

Participants have the option to invest in a stable value fund called the Reliance Trust New York Life Anchor Account Series I (the "Fund"), which is intended to provide a stable return on investment and protection of principal from changes in market interest rates. The Fund is a collective investment trust that invests in a group annuity contract (which has underlying investments in various guaranteed investment contracts, synthetic guaranteed investment contracts and securities) issued by the fund provider. Participant withdrawals from the Fund are generally transacted at the fund's per-share net asset value (NAV). Certain events prompting a withdrawal from the Fund may be transacted at the fair value of its underlying investments, which may be less than the NAV.

K2 Integrity 401(k) Plan

Notes to Financial Statements
December 31, 2022

5. Investment in Common/Collective Trust (*continued*)

Participants are generally prohibited from transferring their respective balances (in whole or in any part) in the Fund directly into other Plan investment options that are considered to be competing investment options. Instead, Participants must first transfer such balances into a non-competing Plan investment option for 90 days before transferring such balances into a competing Plan investment option. There were no unfunded commitments to the Stable Value Fund as of December 31, 2022.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

7. Non-exempt Party-in-Interest Transactions

For the 2022 plan period, the Employer failed to transmit to the Plan contributions for participants totaling \$3,975 within the period prescribed by Department of Labor regulations. The Employer has subsequently made the necessary corrections.

8. Tax Status

The Internal Revenue Service ("IRS") has issued an opinion letter to the prototype plan document preparer dated June 30, 2020, which states that the Plan is designed in accordance with the applicable regulations of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

K2 Integrity 401(k) Plan

Notes to Financial Statements
December 31, 2022

10. Party-in-Interest Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Company, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

Certain investments of the Plan are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest under ERISA.

Independent Auditors' Report

To the Plan Administrator
K2 Integrity 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of the K2 Integrity 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the period July 25, 2022 (date of inception of the Plan) through December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the period July 25, 2022 (date of inception of the Plan) through December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental (1) Schedule H , Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the period ended December 31, 2022 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

K2 Integrity 401(k) Plan

Notes to Financial Statements
December 31, 2022

1. Description of Plan

The following description of the K2 Integrity 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of K2 Intelligence, LLC (the "Company") and participating employers which include, Financial Integrity Network, LLC and The Privacy Co. Employees who have attained age of 21 and completed 1 month of service are eligible to make employee contributions and receive employer contributions. Excluded employees include employees covered by a collective bargaining agreement, unless the agreement requires the employees be included in the Plan and Nonresident aliens who do not receive any earned income from the Company which constitutes United States source income. A participant is automatically entered in the Plan (unless they elect otherwise) on the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2022, the Plan merged in assets from the ADP Totalsource Retirement Savings Plan, which amounted to \$19,667,299. The ADP Totalsource Retirement Savings Plan is a multiple employer plan that the Company participated in prior to establishing the Plan effective July 25, 2022.

Contributions

Each year participants may contribute up to 99% of their gross compensation for the year or the amount allowed by the Internal Revenue Code ("IRC") of pre-tax annual compensation or Roth basis, as defined in the Plan agreement. Participants who are age 50 before the end of the Plan year are eligible to make catch up contributions up to 100% of their gross compensation or the statutory permitted amount. Participants that have met the eligibility requirements may contribute rollover contribution, which represent distributions from other qualified plans. The Plan includes an automatic salary deferral feature for participants of 3%. The Plan allows for discretionary matching contributions by the Company, equal to 50% of the first 8% of eligible compensation that a participant contributed to the Plan to all participants employed on the last day of the Plan year. The Company may also make discretionary nonelective contributions to the Plan to all participants employed on the last day of the Plan year. The nonelective contribution will be allocated among participants eligible to share in the contribution for the Plan year based upon the ratio of individual compensation to the total of all participants eligible to share. There were no nonelective employer contributions made to the plan during the 2022 plan period.

1. Description of Plan (*continued*)

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their pre-tax contributions, employer discretionary matching contributions and nonelective employer contributions plus actual earnings thereon. Vesting in employer source funds that were merged from the ADP Totalsource Retirement Savings Plan are based on the schedules below.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence, which may be paid back over a period of ten years. Participants may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest rates determined by the Company based on prevailing interest rates made under similar circumstances. Principal and interest are paid ratably through ACH payments from the participants bank account.

Notes to Financial Statements December 31, 2022

1. Description of Plan (*continued*)

Distributions

Participants are eligible to receive distributions from their accounts at the normal retirement age (age of 65), disability, death or termination of employment. Participants receive the value of their vested account balance in the form of a single-sum payment or installments. Additionally, participants are entitled to apply for hardship withdrawals and, after attaining age 59 ½, may receive in-service distributions.

Forfeitures

The employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2022, forfeited non-vested accounts totaled \$17,854. During 2022, no forfeitures were used to reduce Company matching contributions.

Plan Expense Account

The Plan Expense Account is a nonparticipant directed cash account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of plan-generated fund revenue that exceeds the costs associated with plan administration. The Plan Expense Account balance was \$207 at December 31, 2022. During 2022, no funds from the Plan's Plan Expense Account were used to reduce administrative expenses incurred by the Plan.

Administration

The Plan is administered by the Company. Fidelity Management Trust Company is the trustee of the Plan ("Trustee") and Fidelity Workplace Services LLC is the record keeper of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") using the accrual basis of accounting, which recognizes revenue when it is earned and expenses as they are incurred.

Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

K2 Integrity 401(k) Plan

Notes to Financial Statements
December 31, 2022

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets of liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. The mutual funds and money market fund are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The funds are deemed to be actively traded. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal amounts plus accrued but unpaid interest. If a participant cease to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financials statements. Investment related expenses are included in net depreciation in fair value of investments.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 4, 2023.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2022, and net depreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the period ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

4. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

		2022	
		Other	
		Investments	
		Measured	
	Level 1	at NAV *	Total
Mutual funds	\$ 18,373,545	\$ -	\$ 18,373,545
Common/collective trust	-	853,335	853,335
Money market fund	207	-	207
	<u>\$ 18,373,752</u>	<u>\$ 853,335</u>	<u>\$ 19,227,087</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Investment in Common/Collective Trust

Participants have the option to invest in a stable value fund called the Reliance Trust New York Life Anchor Account Series I (the "Fund"), which is intended to provide a stable return on investment and protection of principal from changes in market interest rates. The Fund is a collective investment trust that invests in a group annuity contract (which has underlying investments in various guaranteed investment contracts, synthetic guaranteed investment contracts and securities) issued by the fund provider. Participant withdrawals from the Fund are generally transacted at the fund's per-share net asset value (NAV). Certain events prompting a withdrawal from the Fund may be transacted at the fair value of its underlying investments, which may be less than the NAV.

K2 Integrity 401(k) Plan

Notes to Financial Statements
December 31, 2022

5. Investment in Common/Collective Trust (*continued*)

Participants are generally prohibited from transferring their respective balances (in whole or in any part) in the Fund directly into other Plan investment options that are considered to be competing investment options. Instead, Participants must first transfer such balances into a non-competing Plan investment option for 90 days before transferring such balances into a competing Plan investment option. There were no unfunded commitments to the Stable Value Fund as of December 31, 2022.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

7. Non-exempt Party-in-Interest Transactions

For the 2022 plan period, the Employer failed to transmit to the Plan contributions for participants totaling \$3,975 within the period prescribed by Department of Labor regulations. The Employer has subsequently made the necessary corrections.

8. Tax Status

The Internal Revenue Service ("IRS") has issued an opinion letter to the prototype plan document preparer dated June 30, 2020, which states that the Plan is designed in accordance with the applicable regulations of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

Notes to Financial Statements
December 31, 2022

10. Party-in-Interest Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Company, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

Certain investments of the Plan are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest under ERISA.

Independent Auditors' Report

To the Plan Administrator
K2 Integrity 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of the K2 Integrity 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the period July 25, 2022 (date of inception of the Plan) through December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the period July 25, 2022 (date of inception of the Plan) through December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental (1) Schedule H , Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the period ended December 31, 2022 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

K2 Integrity 401(k) Plan

Notes to Financial Statements
December 31, 2022

1. Description of Plan

The following description of the K2 Integrity 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of K2 Intelligence, LLC (the "Company") and participating employers which include, Financial Integrity Network, LLC and The Privacy Co. Employees who have attained age of 21 and completed 1 month of service are eligible to make employee contributions and receive employer contributions. Excluded employees include employees covered by a collective bargaining agreement, unless the agreement requires the employees be included in the Plan and Nonresident aliens who do not receive any earned income from the Company which constitutes United States source income. A participant is automatically entered in the Plan (unless they elect otherwise) on the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2022, the Plan merged in assets from the ADP Totalsource Retirement Savings Plan, which amounted to \$19,667,299. The ADP Totalsource Retirement Savings Plan is a multiple employer plan that the Company participated in prior to establishing the Plan effective July 25, 2022.

Contributions

Each year participants may contribute up to 99% of their gross compensation for the year or the amount allowed by the Internal Revenue Code ("IRC") of pre-tax annual compensation or Roth basis, as defined in the Plan agreement. Participants who are age 50 before the end of the Plan year are eligible to make catch up contributions up to 100% of their gross compensation or the statutory permitted amount. Participants that have met the eligibility requirements may contribute rollover contribution, which represent distributions from other qualified plans. The Plan includes an automatic salary deferral feature for participants of 3%. The Plan allows for discretionary matching contributions by the Company, equal to 50% of the first 8% of eligible compensation that a participant contributed to the Plan to all participants employed on the last day of the Plan year. The Company may also make discretionary nonelective contributions to the Plan to all participants employed on the last day of the Plan year. The nonelective contribution will be allocated among participants eligible to share in the contribution for the Plan year based upon the ratio of individual compensation to the total of all participants eligible to share. There were no nonelective employer contributions made to the plan during the 2022 plan period.

1. Description of Plan (*continued*)

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their pre-tax contributions, employer discretionary matching contributions and nonelective employer contributions plus actual earnings thereon. Vesting in employer source funds that were merged from the ADP Totalsource Retirement Savings Plan are based on the schedules below.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence, which may be paid back over a period of ten years. Participants may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest rates determined by the Company based on prevailing interest rates made under similar circumstances. Principal and interest are paid ratably through ACH payments from the participants bank account.

1. Description of Plan (*continued*)

Distributions

Participants are eligible to receive distributions from their accounts at the normal retirement age (age of 65), disability, death or termination of employment. Participants receive the value of their vested account balance in the form of a single-sum payment or installments. Additionally, participants are entitled to apply for hardship withdrawals and, after attaining age 59 ½, may receive in-service distributions.

Forfeitures

The employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2022, forfeited non-vested accounts totaled \$17,854. During 2022, no forfeitures were used to reduce Company matching contributions.

Plan Expense Account

The Plan Expense Account is a nonparticipant directed cash account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of plan-generated fund revenue that exceeds the costs associated with plan administration. The Plan Expense Account balance was \$207 at December 31, 2022. During 2022, no funds from the Plan's Plan Expense Account were used to reduce administrative expenses incurred by the Plan.

Administration

The Plan is administered by the Company. Fidelity Management Trust Company is the trustee of the Plan ("Trustee") and Fidelity Workplace Services LLC is the record keeper of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") using the accrual basis of accounting, which recognizes revenue when it is earned and expenses as they are incurred.

Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets of liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. The mutual funds and money market fund are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The funds are deemed to be actively traded. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal amounts plus accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 4, 2023.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2022, and net depreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the period ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

4. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

		2022	
		Other	
		Investments	
		Measured	
	Level 1	at NAV *	Total
Mutual funds	\$ 18,373,545	\$ -	\$ 18,373,545
Common/collective trust	-	853,335	853,335
Money market fund	207	-	207
	<u>\$ 18,373,752</u>	<u>\$ 853,335</u>	<u>\$ 19,227,087</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Investment in Common/Collective Trust

Participants have the option to invest in a stable value fund called the Reliance Trust New York Life Anchor Account Series I (the "Fund"), which is intended to provide a stable return on investment and protection of principal from changes in market interest rates. The Fund is a collective investment trust that invests in a group annuity contract (which has underlying investments in various guaranteed investment contracts, synthetic guaranteed investment contracts and securities) issued by the fund provider. Participant withdrawals from the Fund are generally transacted at the fund's per-share net asset value (NAV). Certain events prompting a withdrawal from the Fund may be transacted at the fair value of its underlying investments, which may be less than the NAV.

Notes to Financial Statements

5. Investment in Common/Collective Trust (*continued*)

Participants are generally prohibited from transferring their respective balances (in whole or in any part) in the Fund directly into other Plan investment options that are considered to be competing investment options. Instead, Participants must first transfer such balances into a non-competing Plan investment option for 90 days before transferring such balances into a competing Plan investment option. There were no unfunded commitments to the Stable Value Fund as of December 31, 2022.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

7. Non-exempt Party-in-Interest Transactions

For the 2022 plan period, the Employer failed to transmit to the Plan contributions for participants totaling \$3,975 within the period prescribed by Department of Labor regulations. The Employer has subsequently made the necessary corrections.

8. Tax Status

The Internal Revenue Service ("IRS") has issued an opinion letter to the prototype plan document preparer dated June 30, 2020, which states that the Plan is designed in accordance with the applicable regulations of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

10. Party-in-Interest Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Company, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

Certain investments of the Plan are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest under ERISA.
