INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Boening Bros. 401 (k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Boening Bros. 401 (k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually

or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to

auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Boening Bros. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Internal Revenue Service ("IRS") Code Section 401(k) effective January 1, 1987 and most recently restated January 1, 2022. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 ("ERISA").

The Plan covers substantially all eligible employees of Boening Brothers, Inc. and Oak Beverages, Inc. (collectively, the "Company") who have one year of experience and are over 21 years old. Eligible employees include all employees except those that are represented by a bargaining unit that has bargained with the Company in good faith on the subject of retirement benefits, a nonresident alien with no U.S. income or all such income is exempt from U.S. income tax, or considered an independent contractor. Effective January 1, 2022, the entry date of all contribution types is the first day of the Plan Year or first day of 7th month of Plan Year coinciding with or next following date requirements met (previously the entry date was only the first day of the Plan Year).

Contributions

The Plan allows pre-tax Salary Deferrals. Participants who have attained age of 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable. The Company may make discretionary matching and nonelective (effective January 1, 2022) employer contributions on behalf of each of its eligible participants. Discretionary nonelective employer contributions have an additional 1,000-hour service requirement. For the year December 31, 2022 the Company contributed $55,040 to the Plan as discretionary matching contributions. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, if any, and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their balances into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions and the employer contribution, plus actual earnings thereon.

Notes Receivable from Participants

The Plan does not allow for notes receivable from participants.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants shall be entitled to receive in-service withdrawals upon attainment of normal retirement age or as a hardship distributions, as defined in the plan agreement.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts were $0. Forfeitures, if any, are allocated to pay employer contributions, pay administration fees, and to restore participant accounts. For the year ended December 31, 2022, no forfeitures were allocated.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is

recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. At December 31, 2022 and 2021, excess contributions payable were $12,682 and $845, respectively. The excess contributions payable at December 31, 2021 were distributed back to the applicable participants prior to March 15 of the subsequent year. The excess contribution payable at December 31, 2022 were not distributed back to the applicable participants prior to March 15 of the subsequent year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net change in fair value of investments.

3. CERTIFIED INFORMATION

The following investment information was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company of New York ("John Hancock"), the insurance company of the Plan. The life insurance contracts investment, and related investment income, were not certified.

	December 31, 2022	December 31, 2021
Investments at fair value certified by the insurance company		
Pooled Separate Accounts	$ 11,334,369	$ 15,914,899
Non-interest bearing cash certified by the insurance company	571,063	500,551
	$ 11,905,432	$ 16,415,450

	Year Ended December 31, 2022
Investment income certified by the insurance company	
Net change in fair value of investments	$ (2,516,490)

	December 31, 2022	2021
Investments at fair value not certified by the insurance company		
Life Insurance Contracts	$ 36,207	$ 34,632

	Year Ended December 31, 2022
Investment income not certified by the insurance company	
Net change in fair value of investments	$ 1,575

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts
Pooled Separate Accounts are not publicly quoted and are priced at net asset value ("NAV"). ASC 820 allows NAV per share to serve as a practical expedient to estimate fair value.

Life Insurance Contracts
Life insurance contracts are not actively traded and are priced at cash surrender value. Cash surrender value is calculated as the total cash value less any surrender charges.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Life Insurance Contracts	$ -	$ -	$ 36,207	$ 36,207
Total assets in the fair value hierarchy	-	-	36,207	36,207
Investments measured at NAV[(a)]	-	-	-	11,334,369
Investments at fair value	$ -	$ -	$ 36,207	$ 11,370,576

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Life Insurance Contracts	$ -	$ -	$ 34,632	$ 34,632
Total assets in the fair value hierarchy	-	-	34,632	34,632
Investments measured at NAV[(a)]	-	-	-	15,914,899
Investments at fair value	$ -	$ -	$ 34,632	$ 15,949,531

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2022, are reported in net change in fair value of investments.

For the year ended December 31, 2022, there were no significant transfers between Level 1 and 2 and no transfers into or out of Level 3.

The following table presents the changes in assets classified in Level 3 of the fair value hierarchy for the year ended December 31, 2022, attributable to the following:

	Life Insurance Contracts
Purchases	$ -
Transfer into Level 3	$ -
Transfer out of Level 3	$ -

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

	Fair Value at 12/31/22	Valuation Techniques	Unobservable Inputs	Range
Life Insurance Contracts	$ 36,207	Cash value less surrender charges	Cash value	$6,765 - $21,661
			Surrender charge	$ 0

	Fair Value at 12/31/21	Valuation Techniques	Unobservable Inputs	Range
Life Insurance Contracts	$ 34,632	Cash value less surrender charges	Cash value	$6,649 - $21,661
			Surrender charge	$ 0

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022, and 2021, respectively.

(a) Equity Funds: Equity funds invest in stocks. The objective of an equity fund is growth through capital gains and dividends. Stock funds may have a specific style, for example, value or growth, and include investments in different sized companies and geographic regions.

(b) Asset Allocation Funds: Asset allocation funds invest in a combination of stocks and bonds seeking both growth of principal and current income. Some funds are more aggressive or conservative by allocation between equities and fixed income.

(c) Fixed Income Funds: Fixed income funds invest in fixed income securities. The objective of fixed income funds is generally to receive interest payments or capital growth. Fixed income funds generally invest in sovereign, corporate, or municipal debt. In addition, the fixed income funds may invest in fixed income securities of different durations. Debt rates of return are based upon economic conditions and the credit worthiness of the debtor,

amongst other factors.

(d) John Hancock Stable Value Fund: Seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. This pooled separate account invests solely in the John Hancock Stable Value Fund (Class 1).

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

John Hancock is the insurance company and recordkeeper of the Plan and therefore certain transactions qualify as party-in-interest transactions. John Hancock was compensated indirectly from the Plan during the year ended December 31, 2022.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

7. TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing/money purchase/CODA plan and is relying on an opinion letter received by Fair Fitzgerald & Hershaft PC dated June 30, 2020 stating that the IRS has determined that the plan adopted by the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe the Plan is qualified, and the related grouping annuity contract is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect

participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 28, 2023**,** the date the financial statements were available to be issued.
