INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Plan Participants and beneficiaries of
Enerfin Resources Company 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Enerfin Resources Company 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Enerfin Resources Company 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Enerfin Resources Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Enerfin Resources Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Enerfin Resources Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Enerfin Resources Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year), delinquent participant contributions, loans or fixed income obligations (in default), Leases in default or classified as uncollectible, and non-exempt (prohibited) or reportable transactions (together, the “supplemental schedules”) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENERFIN RESOURCES COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Enerfin Resources Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan provisions.

General

The Enerfin Resources Company 401(k) Profit Sharing Plan, as amended and restated, was established January 1, 1992, as a defined contribution plan covering all eligible employees of Enerfin Resources Company (the "Plan Sponsor" or the "Company") except non-resident aliens and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 1, 2022, Great-West Trust Company, LLC. ("Great-West"), the previous trustee of the Plan, changed names to Empower Trust Company, LLC. ("Empower").

Eligibility

Employees of the Company are eligible to participate in the Plan beginning the first day of the month after completing one month of service with the Company. There is no age requirement to participate in the plan.

Contributions

Unless a participant affirmatively elects otherwise, the participant will be automatically enrolled to contribute 6% of their eligible compensation. The percentage will increase by 1% on the first day of each plan year thereafter up to a maximum of 10% unless the participant elects a different percentage.

Employees may elect to contribute up to 100% of their pretax annual compensation, as defined by the Plan, subject to Internal Revenue Service limitations. The contribution limit applies to any calendar year and is adjusted annually by the Internal Revenue Service. Participants who have attained the age of 50 before the end of the plan year may make additional pre-tax catch-up contributions. The Plan allows for rollover contributions from other qualified retirement plans. The Plan is participant directed. Participants may change their contribution rates at the beginning of each payroll period and investment options at any time.

For each plan year, the Company shall contribute a matching contribution to each participant equal to 50% of employee deferrals up to a maximum of 6% of a participant's eligible annual compensation. Participants must be employed for at least one month and attain at least 1,000 hours of service in the plan year to be considered eligible for the matching contribution. The Company does not match catch-up deferrals. The Company may also make a discretionary nonelective profit sharing contribution to all eligible participants in an amount equal to a pro rata, uniform percentage of eligible participant compensation for that plan year. Participants must attain at least one year of service, as defined, during the plan year to qualify for the profit-sharing contribution. There were no nonelective profit sharing contributions made to the Plan in 2022.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative fees that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Vesting and Payment of Benefits

For vesting purposes, a participant must be credited with at least 1,000 hours during the plan year to qualify as one year of service and count toward vesting. Participants are always fully vested in their participant and rollover contributions accounts and the appreciation or depreciation thereon. A participant shall be immediately vested upon death, retirement, or termination of employment due to permanent disability. Company contributions vest according to the following schedule:

Years of Service	Percentage Vested
0-2 Years	0%
2-3 Years	20%
3-4 Years	40%
4-5 Years	60%
5-6 Years	80%
6 Years and over	100%

The normal retirement age under the Plan is the later of age 55 or the 5th anniversary of the first day of the plan year in which the participant commenced participation in the Plan. Participants who have attained the age of 59 ½ may receive distributions during employment. Hardship distributions are also available to employees in limited circumstances. Distributions are required for participants over 70 ½ to meet the minimum distribution requirements of Internal Revenue Code regulations. Except for minimum distribution requirements, payments to retirees, employees or separated employees are paid in either a lump sum or installment plan paid over a specified period. Separating participants may elect to rollover their account into another plan, as permitted by Internal Revenue Service regulations. Termination due to death, disability or retirement will allow a participant to elect to receive a lump sum amount equal to the value of the participant's vested account balance, in the form of a cash distribution, a direct rollover distribution, or a combination of both. For termination due to other reasons, a participant may receive the value of the account as a lump sum distribution.

Mandatory distributions greater than \$1,000 but not more than \$5,000 that are made in accordance with the provisions of the Plan providing for an automatic distribution to a participant without the participant's consent, if the participant does not elect to have such distribution paid directly to an "eligible retirement plan" specified by the participant in a direct rollover (in accordance with the direct rollover provisions of the Plan) or to receive the distribution directly, the Administrator shall pay the distribution in a direct rollover to an

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

individual retirement plan designated by the Administrator. Participants with an account balance of greater than \$5,000 can elect to indefinitely maintain their account balance within the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance in the Plan. Interest rates on loans are stated at a reasonable rate. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, and in certain situations may exceed five years. Loans are secured by the participant's vested account balance to the extent of the principal amount of the loan plus accrued interest.

Forfeitures

The Plan controlled forfeiture account, which is funded from the non-vested portions of terminated participants' account balances, serves to reduce employer contributions, or pay Plan administrative fees. At December 31, 2022 and 2021, the Plan retained \$18,909 and \$6,114, respectively, in forfeitures. In 2022, employer contributions were reduced by \$7,762 from forfeited nonvested accounts.

CARES Act

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, which laws change the plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, increased loan limits, expanded distribution options, and delayed the commencement date for required minimum distributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

ENERFIN RESOURCES COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. At December 31, 2022 and 2021, no allowance was considered necessary by management.

Administrative fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative fees. Other investment-related expenses are included in net appreciation of investments.

Benefit Payments

Distributions to participants are recorded when paid.

NOTE 3: INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the trustee of the Plan, has certified to the completeness and accuracy of all investment balances reflected in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022. The Plan's independent auditors did not perform any procedures with respect to this information, except comparing and reconciling such information to the financial statements.

ENERFIN RESOURCES COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS

The Plan measures the fair value of Plan assets as the price that would be received to sell an asset in the principal market for that asset. These measurements are classified into a hierarchy framework by the inputs used to perform the fair value calculation. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds:

Valued at net asset value (NAV) of shares held by the Plan at year-end.

Collective investment trust funds:

The investment includes the Putnam Stable Value Fund which is valued daily. The stable value fund invests in high-quality guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks, and other financial institutions. The Fund also invests up to 75% of its assets in security-backed investment contracts ("SBICs"), including separate account products of insurance companies. The fair value of participation units held in the stable value fund are based on NAV to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts. Redemptions to the stable value fund are generally permitted daily at the current net asset value and are considered as made immediately after the daily valuation.

ENERFIN RESOURCES COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

If the fund experiences periods of insufficient liquidity, then the stable value fund may defer honoring any payment request until liquidity is sufficient. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments as of December 31, 2022 and 2021.

The following table summarizes the valuation of the Company's financial instruments by ASC 820-10 pricing levels as of December 31, 2022 and 2021:

December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 7,867,444	\$ -	\$ -	\$ 7,867,444
*Collective Investment Trust	-	-	-	1,452,267
Total	\$ 7,867,444	\$ -	\$ -	\$ 9,319,711

December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 9,738,498	\$ -	\$ -	\$ 9,738,498
*Collective Investment Trust	-	-	-	1,436,744
Total	\$ 9,738,498	\$ -	\$ -	\$ 11,175,242

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS

Administrative fees paid out of the Plan to Empower Annuity Insurance Company of America, the Plan's recordkeeper, were approximately \$24,000 in 2022. Fees paid out of the plan to UBS Financial Services Inc., the Plan's investment advisor, were approximately \$43,000 in 2022. Fees paid out of the Plan to Empower Advisory Group, LLC, the Plan's investment manager, were approximately \$6,000 in 2022. These fees are included in administrative fees on the statement of changes in net assets available for benefits. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provision.

NOTE 6: INCOME TAX STATUS

The IRS has determined and informed the Plan Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable

ENERFIN RESOURCES COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6: INCOME TAX STATUS (Continued)

requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan did not have unrecognized tax benefits as of December 31, 2022 and 2021 and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2022 and 2021, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 7: RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investment securities, and are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that reduction in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements:

	<u>2022</u>	<u>2021</u>
Net assets, Form 5500	\$ 9,415,613	\$ 11,319,731

Net assets, statements of net assets available for benefits	<u>\$ 9,630,853</u>	<u>\$ 11,511,128</u>

NOTE 9: SUBSEQUENT EVENTS

Management evaluated the period from January 1, 2023 through September 19, 2023, which was the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements as of December 31, 2022.
