Laradon Hall Society Retirement Plan

Financial Statements and Supplemental Information

December 31, 2022 and 2021

(With Independent Auditor's Report Thereon)

Independent Auditor's Report

To the Participants and Plan Administrator of the Laradon Hall Society Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of the Laradon Hall Society Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Laradon Hall Society Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Laradon Hall Society Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Participants and Plan Administrator of the Laradon Hall Society Retirement Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Laradon Hall Society Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Laradon Hall Society Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Laradon Hall Society Retirement Plan's ability to continue as a going concern for a reasonable period of time.

**To the Participants and Plan Administrator of the
Laradon Hall Society Retirement Plan**

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i-Schedule of Assets (Held at End of Year) and Schedule H, Line 4a-Schedule of Delinquent Participant Contributions (the Schedules) as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Laradon Hall Society Retirement Plan
Notes to the Financial Statements
December 31, 2022 and 2021

(1) General Description of the Plan

The following description of the Laradon Hall Society Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that covers all employees of the Laradon Hall Society for Exceptional Children and Adults (Laradon). Effective January 1, 2022, all employees who have completed at least two months of service, excluding employees covered by a collective bargaining agreement, nonresident aliens, and acquired employees, are eligible to participate in the Plan. The entry date for eligible participants is the first day of the month on or after the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For the year ended December 31, 2021, employees were eligible to participate in the plan upon completing six months of service.

(b) Contributions

The Plan provides for employee salary deferral and after-tax Roth contributions. Each year, participants may contribute to the Plan the maximum amount allowed by law. Participants who have attained age 50 during a calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans as rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers two pooled separate accounts and twenty-five mutual funds as investment options for participants. Effective January 1, 2022, the Plan includes an auto-enrollment provision whereby all newly eligible employees shall be automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate of 4% of eligible compensation. For the year ended December 31, 2021, newly eligible employees were automatically enrolled with a deferral rate of 1% of eligible compensation. Contributions are automatically invested in a default fund, which is their age-appropriate Principal LifeTime Hybrid Collective Investment Fund, until changed by the participant. The Plan is operating pursuant to the safe harbor provisions of the Internal Revenue Code Section 401(k)(12). Laradon's safe harbor matching contributions are equal to 100% of the participant's elective deferral contributions, not to exceed 4% of eligible compensation. In addition, Laradon may make an additional discretionary contribution determined on an annual basis. No additional discretionary contributions were made for the years ended December 31, 2022 and 2021. Employer contributions are invested in the portfolio of investments as directed by the participant.

(c) Participant Accounts

Each participant's account is credited with the participant's, Laradon's, and rollover contributions and participant earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. If a participant terminates employment, the participant may elect to receive a distribution of some or all of the participant's vested account balance.

Laradon Hall Society Retirement Plan

Notes to the Financial Statements, Continued

(1) General Description of the Plan, Continued

(d) Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, employer safe harbor matching contributions, and the actual earnings or losses thereon. Vesting in the employer's discretionary contribution is based on years of service, in which a participant is 100% vested after three years of credited service.

(e) Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of the participant's vested account balance or \$50,000 minus the highest total outstanding loan balance in the twelve months immediately before the date of the participant's new loan. Participants may only have one outstanding loan at any given time. The loans are secured by the balance in the participant's account and bear interest rates between 4.25% and 8.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Loans must be repaid in substantially level, amortized payments over a period not exceeding five years, except in the purchase of a primary residence, in which case the term is thirty years. Total loans outstanding at December 31, 2022 and 2021 were \$113,835 and \$52,517, respectively.

(f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to either receive a single lump-sum cash payment equal to the value of the participants' vested interest in his or her account or various installment annuities. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant's vested account balance is \$5,000 or less, the participant will receive a single-sum payment at termination of employment. Participants who are age 59½ and still employed by Laradon may withdraw all or a portion of their respective vested account balance. The Plan allows in-plan Roth conversions.

(g) Forfeited Accounts

If a participant is not fully vested on his or her termination date, the non-vested amount of the account is forfeited. Forfeitures are used to pay certain Plan expenses and to reduce Laradon's contributions to the Plan. During 2022 and 2021, there were no forfeited non-vested accounts.

(h) Hardship Distributions

The Plan permits the withdrawal of a hardship distribution by a participant to satisfy immediate and heavy financial needs. A hardship distribution may be made only for certain needs, including medical expenses, costs related to the purchase of a principal residence, costs to prevent eviction from a principal residence, burial or funeral expenses, expenses for the repair of damage to a participant's personal residence, or certain education expenses for post-secondary education. Furthermore, the distribution cannot be in excess of the amount of the participant's immediate and heavy financial need. The distribution can be made only from the participant's salary deferrals (including catch-up contributions), qualified non-elective contribution (QNEC), safe harbor qualified matching contributions (QMAC), and qualified automatic contribution arrangements (QACA). The plan administrator must approve any such hardship withdrawals.

(i) Expenses

Plan administration fees are paid from the assets of the Plan to the extent permitted. Expenses may be allocated among all Plan participants or charged directly against individual account balances. Fees charged directly to individual account balances include general recordkeeping fees and expenses related to processing distributions or loans, qualified domestic relations orders, and directing the investment of the participants' account balance. Other expenses incurred to manage, administer, and audit the Plan are paid by Laradon and totaled \$12,800 and \$12,500 in 2022 and 2021, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investments

Investments are reported at fair value. Fair value is determined as more fully described in note 2(d). Investments in mutual funds with readily determinable market values are reported at fair value based on quoted prices in active markets. The market values for pooled separate accounts represent the Plan's pro-rata interest in the net assets of each investment and are based on the fair value of the underlying assets. These investments are not publicly traded on national security market exchanges and may be valued differently than if readily available markets existed for such investments. Management is responsible for the fair value measurement of investments reported in the financial statements and believes that the reported values are reasonable.

Investment return consists of the Plan's distributive share of any interest, dividends, capital gains and losses, generated from investments, as well as the change in fair value of the investments. Gains and losses attributable to investments are realized and reported upon a sales or disposition of the investments. Unrealized gains and losses are included in the change in net assets available for benefits.

(d) Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes investments based on the assumptions market participants would use when pricing an asset. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to an entity's assumptions (unobservable inputs). The Plan groups assets at fair value in three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. In addition, the Plan reports certain investments using the "practical expedient" method.

Laradon Hall Society Retirement Plan

Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(d) Fair Value Measurements, Continued

The practical expedient allows net asset value per share or its equivalent to represent fair value for reporting purposes when the criteria for using this method are met. Investments valued using net asset value per share or its equivalent are not categorized within the hierarchy.

These levels are:

- Level 1 Unadjusted quoted market prices for identical assets or liabilities in active markets as of the measurement date.
- Level 2 Other observable inputs, either directly or indirectly, including:
 - Quoted prices for similar assets/liabilities in active markets;
 - Quoted prices for identical or similar assets in non-active markets;
 - Inputs other than quoted prices that are observable for the asset/liability; and,
 - Inputs that are derived principally from or corroborated by other observable market data.
- Level 3 Unobservable inputs that cannot be corroborated by observable market data.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. These classifications (Level 1, 2 and 3) are intended to reflect the observability of inputs used in the valuation of investments and are not necessarily an indication of risk or liquidity.

Market price is affected by a number of factors, including the type of instrument and the characteristics specific to the instrument, as well as the effects of market, interest and credit risk. Instruments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. It is reasonably possible that change in values of these instruments will occur in the near term and that such changes could materially affect amounts reported in the Plan's financial statements.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are placed on nonaccrual status at the time a participant terminates employment and makes no further payments on the loan. A participant loan is considered delinquent when payments are ninety days past due, at which time the entire balance of principal and interest is due. A terminated employee is required to repay the entire balance of principal and interest within sixty days of termination. If unpaid these participant loans for terminated participants are reclassified as distributions based upon the terms of the Plan document; therefore, there is no allowance for doubtful accounts.

Laradon Hall Society Retirement Plan

Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Participant Accounting Records

The Plan's custodian maintains individual participants' accounting records. Contributions and income are allocated by the custodian to the participants' accounts on a monthly basis, and statements are prepared and sent to all participants quarterly.

(h) Subsequent Events

Management has evaluated subsequent events through September 19, 2023, the date the financial statements were available to be issued.

(3) Plan Termination

Although it has not expressed any intent to do so, Laradon has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(4) Tax Status

The Plan has been informed by its contract administrator that the adopted prototype 401(k) plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since its adoption. Laradon is of the opinion that the Plan is currently being operated and fulfills the applicable requirements of a qualified plan. Accordingly, no provision for federal or state taxes has been provided.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements and determined there are none. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan files Form 5500, and the three previous tax years remain subject to examination.

(5) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(6) Investments

The following table summarizes, with the exception of those investments valued using net asset value per share (or its equivalent), the valuation of the Plan's investments by the above fair value hierarchy levels as of December 31, 2022:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds measured at FMV	\$ <u>4,739,459</u>	<u>4,739,459</u>	<u>—</u>	<u>—</u>

Total investments	\$ <u>4,866,450</u>	<u>4,739,459</u>	<u>—</u>	<u>—</u>

The following table summarizes, with the exception of those investments valued using net asset value per share (or its equivalent), the valuation of the Plan's investments by the above fair value hierarchy levels as of December 31, 2021:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds measured at FMV	\$ <u>5,349,838</u>	<u>5,349,838</u>	<u>—</u>	<u>—</u>

Mid cap US equity	172,907			
Small cap US equity	<u>50,414</u>			
Investments measured at NAV (a)	<u>223,321</u>			
Total investments	\$ <u>5,573,159</u>	<u>5,349,838</u>	<u>—</u>	<u>—</u>

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient, which is a reasonable estimate of fair value, have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of assets available for benefits.

Level 1 assets have been valued using a market approach. The pooled separate accounts are measured at the net asset value (NAV) per share as reported by the investment manager or sponsor as a practical expedient. There were no changes in the valuation techniques during the current year.

The following table summarizes the significant information related to investments valued at net asset value as of December 31, 2022:

Category	Fair Value 2022	Unfunded Commitments	Redemption Frequency	Notice Period
Separate accounts				
Mid cap US equity	\$ 84,122	n/a	Daily	1 day
Small cap US equity	42,869	n/a	Daily	1 day

The following table summarizes the significant information related to investments valued at net asset value as of December 31, 2021:

Category	Fair Value 2021	Unfunded Commitments	Redemption Frequency	Notice Period
Separate accounts				
Mid cap US equity	\$ 172,907	n/a	Daily	1 day
Small cap US equity	50,414	n/a	Daily	1 day

Separate accounts are invested in underlying funds that primarily consist of equity securities, fixed-income instruments, and other mutual funds and short-term instruments. Investments are valued daily and can be redeemed with a one-day notice period.

(7) Related Party Transactions

Investment products, custodial and trustee services are provided by Principal Life Insurance Company (Principal Life), Principal Global Investors, and Principal Trust Company (Principal Trust). Principal Life, Principal Global Investors and Principal Trust are members of Principal Financial Group. Principal Life is the third-party administrator and provides administrative services as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services were \$41,008 in 2022 and \$39,770 in 2021.

(8) Financial Data Certified by the Plan Trustee

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan trustee has certified all financial data from which the Plan, investment balances and activities reported on the statements of net assets available for benefits, the statements of changes in net assets available for benefits, and the supplemental schedule of assets held for investment purposes have been prepared.

(9) Reconciliation of the Financial Statements to Form 5500

The Form 5500 is prepared by the third-party administrator on a cash basis of accounting and the financial statements are prepared on an accrual basis of accounting. This creates a difference in the contributions receivable and received during the year.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

(10) Prohibited Transactions

During a prior year, the Plan sponsor failed to remit to the Plan's trustee certain employee contributions and participant loan repayments totaling approximately \$1,947 within the period prescribed by DOL regulations. The Plan sponsor will restore lost earnings on participant accounts in 2023.
