401(k) Committee
Akwasasne Mohawk Casino 401(k) Plan
Hogansburg, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Akwasasne Mohawk Casino 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The basic financial statements comprise the statements of fiduciary net position as of December 31, 2022 and 2021, and the related statements of changes in fiduciary net position for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed, as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As discussed in Note 2, the financial statements present only the Plan and do not purport to, and do not, present fairly the financial position of the Saint Regis Mohawk Tribe as of December 31, 2022 and 2021, the changes in its financial position, or, where applicable, its cash flows for the years ended December 31, 2022 and 2021, in accordance with GAAP. Our opinion is not modified with respect to this matter.

Other Matter - Management's Discussion and Analysis

Management has omitted management's discussion and analysis that GAAP requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of basic financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. Our report on the basic financial statements is not affected by this missing information.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures, in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compare such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Akwesasne Mohawk Casino 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of Akwesasne Mohawk Casino 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was established on August 1, 1999. The Plan is a defined contribution plan covering substantially all employees of Mohawk Gaming Enterprises, LLC (the Casino or Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Tribal Council has delegated the administration of the Plan to the 401(k) Committee. The 401(k) Committee has responsibility for determining the appropriateness of the Plan's investment offerings and monitors investment performance. The Casino serves as Plan Administrator, which is responsible for establishing the Plan's benefits, contributions, and other provisions, and for approving all Plan amendments. In 2022, Empower Annuity Insurance Company of America acquired the retirement business of Prudential Financial, Inc. As a result, Prudential Bank & Trust F.S.B., the trustee of the Plan, is no longer an affiliate of Prudential Financial, Inc., and Prudential Retirement Insurance and Annuity Company, the contract holder, was renamed Empower Annuity Insurance Company.

Eligibility

To be eligible for salary deferral contributions, employees must have attained age 18 and completed three consecutive months of service, as defined by the Plan. Participants must complete at least one year of service with a minimum of 1,000 hours and be employed as of the last day of the Plan year to be eligible to receive Company contributions. As of December 31, 2022 and 2021, there were 674 and 601 participants in the Plan, respectively.

Contributions

Each year, participants may contribute between 2% and 80% of annual compensation, as defined in the Plan, on a pre-tax or after-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation, and their contributions are invested in a designated balanced fund until changed by the participant.

The Company may elect to make discretionary matching and profit-sharing contributions to the Plan. For the 2022 Plan year, the Company elected to make a discretionary matching contribution of \$294,333, gross of forfeitures used of \$1,329. For the 2021 Plan year, the Company elected to make a discretionary matching contribution of \$185,250, gross of forfeitures used of \$55,020. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Contributions are subject to certain regulatory limitations.

Akwesasne Mohawk Casino 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contribution, if any, as well as allocations of Plan investment results. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions and related earnings is based on years of service, with increases in increments of 20% per year until fully vested after five years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivables are secured by the balance in the participant's account and bear interest at prime plus 1%. The maximum loan term is five years unless the loan proceeds are used by the participant to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Principal and interest are paid ratably through payroll deductions. Interest rates on notes receivable outstanding as of December 31, 2022 range from 4.25% to 7.25%.

Payment of Benefits

Upon termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum amount in cash or as a rollover equal to the value of the participant's vested interest in their account. Installment distributions are allowed solely to the extent necessary to satisfy any required minimum distributions. Terminated participants with balances of \$5,000 or less are automatically paid a lump sum. In addition, the Plan provides for withdrawals by participants in certain hardship situations, as defined by the Plan. Rollover contributions may be withdrawn at any time. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts were approximately \$4,200 and \$55,000. For the years ended December 31, 2022 and 2021, administrative expenses were reduced by approximately \$1,700 and \$4,000, respectively, from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles promulgated by the Governmental Accounting Standards Board (GASB). The Plan is sponsored by the Casino, a component unit of Te wá tha hón:ni Corporation (the Corporation), which is owned by the Saint Regis Mohawk Tribe (the Tribe) of New York. These

Akwesasne Mohawk Casino 401(k) Plan

Notes to Financial Statements

financial statements present only the Plan and are not intended to present the financial statements of the Casino, Corporation, or Tribe.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount a participant would receive if they were to initiate transactions under the terms of the ongoing plan. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, custodian, and other third parties. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest and other administrative expenses. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan Agreement.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental Schedule of Assets (Held at End of Year).

Investment Policy and Risks

Investment Policy

The Plan offers a broad range of diversified investments that enable the participant to construct a portfolio with aggregate risk and return characteristics at any point within the participant's desired range. Adherence to the specific investment objectives and criteria contained herein will be evaluated over a full-market cycle, which historically has been five to seven years.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Investments with longer maturities have greater sensitivity to fair value changes based on market interest rates. Mutual funds and pooled separate accounts classified as bond and governmental funds, and the guaranteed income fund are exposed to this risk.

Credit Risk

Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. Mutual funds and pooled separate accounts classified as bond and governmental funds are exposed to this risk.

Akwesasne Mohawk Casino 401(k) Plan

Notes to Financial Statements

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover its investment or collateral securities that are in the possession of an outside party. The Plan's investments are evidenced by mutual fund shares and pooled separate account units. In accordance with the GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, investments in these funds should be disclosed but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The Plan's investment is the mutual fund share or pooled separate account unit, not the underlying security. Additionally, investments in open-end mutual or commingled funds are not subject to custodial credit risk disclosures.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The Plan holds a guaranteed investment contract that accounts for 7.3% and 4.4% of total investments as of December 31, 2022 and 2021, respectively. Other than the Plan's investments in mutual funds or pooled separate accounts, which are not subject to the GASB 40 disclosure requirements, the Plan does not have any other investments in any single issuer that represent 5% or more of fiduciary net position or total investments.

The following table presents the credit and interest rate risk associated with the Plan's fixed-income investment options:

Investment	Fair Value at December 31, 2022	Weighted-Average Credit Rating (S&P)	Weighted-Average Maturity (Years)
Core Plus Bond/PGIM Fund	\$ 565,224	A	8.3
Intermediate-Term Treasury Index Fund	267,035	AAA	5.1
High-Yield Corporate Fund	310,054	BB	5.5

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities at the report date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates could adversely affect the fair value of the investment. While the Plan allows the option of investments in mutual funds that invest outside the U.S., the total fair value of those international funds for which the Plan is indirectly exposed to foreign currency risk is not material.

Payment of Benefits

Benefits are recorded when paid.

Akwesasne Mohawk Casino 401(k) Plan

Notes to Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of specific participant transactions are charged directly to the participant's account and are included in administrative expenses.

Investment-related expenses reduce net appreciation in fair value of investments. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in their values could occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

Subsequent events have been evaluated by management through October 3, 2023, the date these financial statements were available to be issued.

3. Investments

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset. The Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments. There have been no changes in methodologies as of December 31, 2022 and 2021.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and

Akwesasne Mohawk Casino 401(k) Plan

Notes to Financial Statements

Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - Pooled separate accounts are valued at the NAV of the units of accounts held by the Plan. The NAV is used as a practical expedient in estimating fair value. The NAV of the accounts is based on the quoted market price of the underlying assets, which consist primarily of publicly issued bonds or common stocks or other equity securities of domestic or foreign companies or units of other separate accounts or interests in other commingled investments held that invest in common stock or other types of equity or debt investments. The practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are no unfunded commitments or redemption restrictions related to these investments.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan's management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets and investment liabilities at fair value:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,554,624	\$ -	\$ -	\$ 7,554,624
Investments measured at NAV				6,362,922
Total Investments, at fair value				\$ 13,917,546

4. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2022 and 2021 and for the years then ended. Accordingly, Prudential Bank & Trust, F.S.B. and Empower Annuity Insurance Company (formerly Prudential Retirement Insurance and Annuity Company), qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of fiduciary net position as of December 31, 2022 and 2021.
- Investment income (loss) as shown in the statements of changes in fiduciary net position for the years ended December 31, 2022 and 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Related Party and Party-in-Interest Transactions

Prudential Bank & Trust, F.S.B. is the trustee, Empower Annuity Insurance Company (formerly Prudential Retirement Insurance and Annuity Company) is the contract-holder, and Prudential Retirement is the recordkeeper, as defined by the Plan. The transactions with these parties qualify as party-in-interest transactions. Fees paid by the Plan to these parties are included in administrative expenses in the statements of changes in fiduciary net position. Fees incurred by the Plan for investment management services reduce the net appreciation in fair value of the investments.

6. Investment Contract with Prudential Retirement Insurance and Annuity Company

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Prudential Retirement Insurance and Annuity Company. Assets under this contract totaled approximately \$1,093,000 and \$858,000 at December 31, 2022 and 2021, respectively. Empower Annuity Insurance Company (formerly Prudential Retirement Insurance and Annuity Company), maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract permits the contract issuer to terminate the agreement upon 90 days' advance notice if continued operation of the fund is no longer commercially desirable for Empower Annuity Insurance Company, and notification in writing is given to all investors.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract.

Notes to Financial Statements

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in any employer contributions.

8. Income Tax Status

The Plan adopted the Non-Standardized Pre-Approved Profit Sharing Plan with CODA, sponsored by the Empower Retirement LLC, which received a favorable opinion letter from the Internal Revenue Service (IRS) on September 16, 2022, which stated that the Plan, as then-designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
