Plan Administrator
Armstrong Bank 401(k) Profit Sharing Plan
Muskogee, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Armstrong Bank 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified to by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's

Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Armstrong Bank 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of Armstrong Bank 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Armstrong Bank and covers all non-union, resident employees, excluding contract employees who work less than 1,000 hours, of Armstrong Bank and Ironhorse Financial Group, Inc. (collectively, the Company). Non-contract employees are eligible to participate in the Plan after reaching the age of 18 and completing 60 days of service. Contract employees are eligible to participate in the Plan after reaching the age of 18 and completing 1,000 hours of service during a 12-month period. All employees are entitled to receive employer discretionary matching contributions when they become eligible to participate in the Plan. To receive employer discretionary profit-sharing contributions, employees must be employed on the last day of the plan year, regardless of the amount of service completed during the year.

The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the current Internal Revenue Code (IRC) and similar state laws. The Plan is subject to the current provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Empower Annuity Insurance Company of America (Empower Insurance), formerly Great-West Life & Annuity Insurance Company, and Empower Trust Company, LLC (Empower Trust), formerly Great-West Trust Company, serve as record-keepers and trustees of the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions up to, but not exceeding, the maximum allowed under federal regulations. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Company provides a discretionary matching contribution equal to a percentage of employee pre-tax contributions determined by the Board of Directors. The Company, at the discretion of its Board of Directors, may also make annual discretionary profit-sharing contributions. In 2022, the Company matched 100% of employee deferrals up to 5.00% of eligible compensation and contributed 4.91% of annual eligible compensation as a discretionary profit-sharing contribution. In 2021, the Company matched 100% of employee deferrals up to 5.00% of eligible compensation and contributed approximately 4.82% of annual eligible compensation as a discretionary profit-sharing contribution. Contributions are subject to certain limitations.

Participant Investment Account Options

Individual participants have the option of directing their contributions into any of the separate investment accounts and may change the allocation daily. The plan document also includes an

Armstrong Bank 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. The Plan measures a year of service based on a 12-consecutive-month period during the plan year in which the participant must complete at least 1,000 hours of service. A participant vests 20% per year beginning after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of credited service. The nonvested balance is forfeited upon termination of service; however, if the participant incurs a severance from employment as a result of death or disability, the participant will be considered 100% vested. Also, if the participant was hired before August 1, 2012, 100% vesting is attained upon reaching the age of 55.

Notes Receivable from Participants

The Plan does not allow for notes receivable from participants; however, as a result of a plan transfer in 2020, certain notes receivable are held by the Plan. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Participants or their beneficiaries are eligible for benefits upon retirement, termination, death, or disability. Benefits shall be distributed through the participant option of a lump-sum payment or an installment. In-service distributions are permitted for participants at age 55 if they became participants prior to August 1, 2012. A participant may also elect to receive a distribution upon turning age 59½ while continuing to work.

If the vested account value is greater than \$5,000, the participant may choose to 1) leave the funds in the Plan where they remain tax-deferred and invested at the participant's direction, 2) request a direct rollover into an individual retirement account (IRA) or to another qualified plan that accepts direct rollovers, or 3) take a distribution of the benefit, as fully described in the plan document.

If the vested account value is less than \$5,000, the participant must request, in writing, 1) a direct rollover into an IRA selected by the individual or to another qualified plan that accepts direct rollovers or 2) a lump-sum distribution of the benefit. Without a written directive, 1) a participant account with a vested account value greater than \$1,000 but less than \$5,000 will be rolled into an

Armstrong Bank 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

IRA designated by the Plan or 2) a participant account with a vested account value less than \$1,000 will be paid as a lump-sum distribution.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$185,327 and \$164,576, respectively. According to the plan document, the Company may elect to allocate forfeitures as additional employer contributions, use forfeitures to reduce employer contributions, or use forfeitures to pay plan expenses. In 2022 and 2021, the Company elected to allocate forfeitures as additional employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

Participant transactions (purchases and sales) may occur daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Armstrong Bank 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Certifications of Plan Trustees

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Insurance, formerly Great-West Insurance, and Empower Trust, formerly Great-West Trust, both being trustees of the Plan, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021
- Investment income (loss) and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such information to the related information included in the accompanying financial statements and ERISA-required supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are shares of mutual funds and fully benefit-responsive investment contracts managed by Empower Insurance and Empower Trust. Empower Insurance and Empower

Armstrong Bank 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Trust are the trustees as defined by the Plan and Cetera Advisory Networks, LLC is the investment advisory; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits as they are paid through revenue-sharing rather than a direct payment. The Company directly pays any other fees related to the Plan's operations. The Company provides certain administrative services at no cost to the Plan.

The Plan paid trustee, administrative, and other fees of approximately \$175,000 and \$199,000 in 2022 and 2021, respectively, to Empower, Cetera Advisor Networks, LLC, and the Company. Of those amounts, approximately \$50,000 and \$58,000 in 2022 and 2021, respectively, were paid for by use of plan forfeitures.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

Armstrong Bank 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2022				
Mutual funds	<u>\$ 36,346,079</u>	<u>\$ 36,346,079</u>	<u>\$ -</u>	<u>\$ -</u>
2021				
Mutual funds	<u>\$ 42,532,113</u>	<u>\$ 42,532,113</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2022 and 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan did not have any Level 2 or Level 3 investments for the years ended December 31, 2022 and 2021.

Note 6: Investment Contract with Insurance Company

In 2017, the Plan entered into a fully benefit-responsive investment contract with Empower Insurance maintaining the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative

Armstrong Bank 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Empower Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The guaranteed investment contract only holds traditional investment contracts.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype 401(k) plan sponsored by Empower Insurance and Empower Trust. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the IRC. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain

Armstrong Bank 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through September 22, 2023, which is the date the financial statements were available to be issued.

Plan Amendment

Effective January 1, 2023, the Plan was amended from a Profit Sharing Plan to a Safe Harbor Match of 100% up to 5%. The Safe Harbor Match includes a "true up" at the end of the plan year and has amended the vesting schedule for discretionary match and profit share to 100% for all participants immediately effective January 1, 2023.
