Report of Independent Auditors

The CallFire 401(k) Committee
CallFire, Inc. Retirement Trust

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CallFire, Inc. Retirement Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CallFire, Inc. Retirement Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CallFire, Inc. Retirement Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CallFire, Inc. Retirement Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CallFire, Inc. Retirement Trust's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CallFire, Inc. Retirement Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of CallFire, Inc. Retirement Trust (the "Trust") provides only general information. Participants should refer to the Plan Document and Adoption Agreement for a more complete description of plan provisions.

General – The Trust is a qualified defined contribution plan established on September 1, 2012. The Trust covers regular employees of CallFire, Inc. (the "Company") excluding employees covered by a collective bargaining agreement, nonresident aliens, leased employees, temporary employees, and interns. Fidelity Management Trust Company ("Fidelity") serves as the trustee of the Trust. The Trust is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Trust includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Trust after 30 days unless they affirmatively elect not to participate in the Trust. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are automatically increased annually on March 1 by 1% up to 6% of eligible compensation and invested in a designated fund until elected otherwise by the participant.

Contributions – Each year, participants may contribute up to 90% of their pre-tax annual compensation, as defined in the Trust, subject to certain Internal Revenue Code (IRC) limitations. The Company may make additional discretionary contributions, which shall be allocated to each eligible employee in proportion to his or her compensation as a percentage of the compensation of all eligible employees. No such additional discretionary contributions were made during the year ended December 31, 2022. The Trust allows eligible participants to make catch-up contributions subject to IRC limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant accounts – Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of plan earnings and losses. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Trust. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants – Participants may borrow from their fund accounts in increments of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. The term of participant loans generally may not exceed five years, unless used for a home loan. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest determined by the plan administrator. Upon termination of employment, the outstanding loan balance is deemed as a taxable distribution to the participant. As of year end, the outstanding loan balance was $0.

Investments – Participants direct the investment of their contributions into various investment options offered by the Trust. The Trust currently offers various registered investment companies as investment options for participants.

Vesting – Participants are immediately vested in their salary deferral, rollover contributions, and nonelective employer contributions, plus actual earnings thereon. Employer matching contributions and earnings shall be vested in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	50%
2	100%

Payment of benefits – On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance, if the vested account balance is more than $1,000. If the vested account balance is $1,000 or less, the entire balance will be paid out. Terminated participants who have not yet reached the age of 65 with account balances of $1,000 to $5,000 are automatically rolled to an Individual Retirement Account in a direct rollover.

Forfeitures – Forfeitures consist of corrections and adjustments of employer matching contributions that were returned to the Trust. Forfeitures are retained in the Trust and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled $3,389 and $7,426, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties – The Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible that, given the level of risk associated with investment securities, changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Investment valuation and income recognition – Investments are reported at fair value. The Trust's trustee, Fidelity Management Trust Company, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes both the Trust's realized gains and losses and unrealized appreciation and depreciation on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Document.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Administrative expenses incurred by the Trust may be paid by the Company directly or from forfeited participant accounts or funds held as assets of the Trust at the discretion of the Trust's management.

Subsequent events – Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are available to be issued. The Trust recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Trust's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.

The Trust has evaluated subsequent events through September 14, 2023, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Trust has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2022 and 2021.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Trust are deemed to be actively traded. Mutual funds held by the Trust are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The valuation methods used by the Trust may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Trust's assets by level as of December 31, 2022:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,045,354	$ -	$ -	$ 4,045,354
	$ 4,045,354	$ -	$ -	$ 4,045,354

The following table discloses the fair value hierarchy of the Trust's assets by level as of December 31, 2021:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 5,207,805	$ -	$ -	$ 5,207,805
	$ 5,207,805	$ -	$ -	$ 5,207,805

Note 4 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Trust, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.

- Net depreciation in fair value of investments, dividends and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

- Investments reflected on the schedule of assets (held at end of year).

Note 5 – Party-in-Interest Transactions

Certain Trust investments are managed by an affiliate of Fidelity, the trustee, as defined by the Trust. Therefore, these transactions qualify as party-in-interest and are denoted as such on the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year). However, these party-in-interest transactions are exempt pursuant to ERISA regulations.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Trust to amend or terminate the Trust subject to the provisions of ERISA.

Note 7 – Tax Status

The Trust Document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Trust, as then designed, was in accordance with applicable sections of the IRC. The plan administrator believes that the Trust is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Trust's tax positions and does not believe the Trust has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Trust is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Trust invests in various investment securities and common stock. Investment securities and common stock are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and common stock, it is at least possible that changes in the values of investment securities and common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Delinquent Participant Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals in the amount of $53,454 were not remitted to the Trust within the timeframe required by the Department of Labor for the year ended December 31, 2022. The Company is in the process of determining the amount related to lost earnings and will remit these amounts to participants' accounts as soon as administratively feasible.
