INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustee of
Aries Marine Corporation 401(k) Plan
Lafayette, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Aries Marine Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aries Marine Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors'*

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aries Marine Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aries Marine Corporation 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aries Marine Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aries Marine Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARIES MARINE CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2022 and 2021

1) Description of plan

The following description of the Aries Marine Corporation 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information regarding the Plan's provisions.

(a) General

The Plan is a defined contribution plan sponsored by Aries Marine Corporation, Inc., (Plan Sponsor or Employer or Company) covering substantially all employees of Aries Marine Corporation, Inc; WFC, Inc.; and Ramsay Marine, Inc. Employees who have completed one year of service with the Plan Sponsor are eligible for participation in the Plan. The Plan allows participants to make before tax contributions in accordance with the provisions of Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Participant contributions

Participants may make elective contributions to the Plan up to the statutory maximum dollar amount for the year. In addition, a participant who has attained age 50 before the close of the plan year shall be eligible to make catch-up contributions in accordance with limitations under the Internal Revenue Code. The Plan does not allow participants to defer on bonuses.

(c) Investment options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions in a variety of investment options. Participants may change their investment options via an automated system as often as they choose.

(d) Employer contributions

(i) Basic matching

The Employer may make matching contributions equal to a discretionary percentage of the participant elective deferrals, which is determined by the Employer. In determining the match contribution, only elective deferrals up to the percentage or dollar amount specified by the Employer will be distributed on a uniform basis to all participants. There were no matching contributions for the years ended December 31, 2022 and 2021.

(ii) Employer non-elective contributions (profit sharing contributions)

The Employer may make a profit-sharing contribution at its discretion, allocated on a uniform percentage of included compensation or a uniform dollar amount. Participants must be employed on the last day of the Plan year or have worked at least 501 hours of service for the Plan year, as defined. There were no profit sharing contributions made for the years ended December 31, 2022 and 2021.

(e) Vesting

Participants are immediately vested in their elective deferral and rollover contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as defined in the Plan. Participants vest 33.33% each year and are fully vested after three years of service.

ARIES MARINE CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2022 and 2021

1) Description of plan (continued)

(f) Forfeitures

If a participant terminates employment before becoming 100% vested in their account balance and does not take a distribution from the Plan, the non-vested portion of the participant's account balance will be forfeited as of the date the participant has five consecutive one-year breaks in service. If a participant terminates employment before becoming 100% vested in their account balance and receives a distribution, the non-vested portion of their account will be forfeited. As defined, forfeitures reallocated, within the same Plan year in which the forfeitures occur, are treated as a reduction of the Employer's matching contributions. If the reallocation occurs in a subsequent Plan year, the reallocation is treated as additional Employer matching contributions and is applied using discretionary allocation method as noted above in (1) (d) (i) and (ii). Forfeitures in the amount of \$-0- were used to reduce Employer contributions into the Plan for the years ended December 31, 2022 and 2021. Forfeitures available to offset future Employer matching contributions at December 31, 2022 and 2021 were \$18,193 and \$17,453, respectively.

(g) Participant accounts

Each participant's account is credited with the participant's contribution, allocations of Plan earnings, the Company's contributions and loan principal and assessed interest payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(h) Payment of plan benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive their benefits in installment payments or a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are permitted after attaining age 59 ½. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. For vested benefits of a terminated participant not exceeding \$5,000, the plan administrator has the discretion to pay such benefits as a lump sum as soon as administratively feasible.

(i) Administrative expenses

The Plan Sponsor pays significant administrative expenses of the Plan. Administration expenses paid by the Plan arise from processing fees for loans and distributions. Administrative expenses paid by the Plan were \$27,289 and \$33,233 in 2022 and 2021, respectively.

(j) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(k) Notes receivable - participant loans

The Plan allows participants to borrow from the Plan up to 50% of each participant's vested account balance (not to exceed \$50,000), as defined in the Plan. The minimum amount that can be borrowed is \$1,000. Loans must be repaid through payroll deductions with a maximum loan term of five years, unless the loan is for the purchase of a participant's primary residence. Interest rates are based on the prime rate published in the Wall Street Journal on the first business day of each month, plus 1%. Interest rates on the loans ranged between 4.25% and 9.25%. Participants are charged a loan fee of \$75.

2) Summary of significant accounting policies

(a) Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

The Plan maintains a non-fully benefit-responsive investment contract with Empower Annuity Insurance Company. Empower Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value, which approximates contract value, as reported to the Plan. Fair value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield during 2022 and 2021 was 1.05% and 0.90%, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Risks and uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(e) Payment of benefits

Benefits are recorded when paid.

(f) Notes receivable – participant loans

Participant loans are classified as notes receivables – participant loans, and are measured at the unpaid balance plus unpaid accrued interest. Defaulted loans are deemed distributed and recorded as benefits paid to participants, based on the terms in the Plan document. For the years ended December 31, 2022 and 2021, no deemed distributions were recorded as benefits paid to participants in the statements of changes in net assets available for benefits.

ARIES MARINE CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2022 and 2021

3) Federal income taxes

The Plan adopted a prototype plan document that was restated effective March 31, 2014. The prototype plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC").

The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the letter, including amendments made to comply with recent law change. The administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions for a period of three years from filing these returns; however, there are currently no audits for any tax periods in progress.

4) Information certified by the trustees (unaudited)

The following is a summary of the investment information regarding the Plan as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplementary schedule that was prepared by or derived from information prepared by the trustees of the Plan, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustees that such information is complete and accurate.

	<u>2022</u>	<u>2021</u>
Investments:		
Mutual funds	\$ 6,822,568	\$ 8,859,910
Fixed annuity	2,967,961	2,185,467
Notes receivable - participant loans	136,121	189,308
Income:		
Interest income from notes receivable - participant loans	8,256	11,267
Interest and dividends	286,764	550,488
Net (depreciation) appreciation in fair value of investments	(1,615,078)	678,882

5) Party-in-interest transactions

Plan investments are mutual funds and fixed annuity funds managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, trustees of the Plan, for the years ended December 31, 2022 and 2021; therefore, these transactions, including administrative fees, qualify as parties-in-interest transactions which are exempt from the prohibited transaction rules.

ARIES MARINE CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2022 and 2021

6) Investments

The Plan's investments in mutual funds and fixed annuity funds (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in value in 2022 and 2021 by \$(1,615,078) and \$678,882, respectively.

7) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (FASB ASC 820), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurements level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at net asset value, which approximates fair value, as the assets are market-to-market on a daily basis.

Fixed Annuity: Valued at fair value, which approximates contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2022 and 2021

7) Fair value measurements (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,822,568	\$ -	\$ -	\$ 6,822,568
Fixed annuity	-	2,967,961	-	2,967,961
Total assets at fair value	<u>\$ 6,822,568</u>	<u>\$ 2,967,961</u>	<u>\$ -</u>	<u>\$ 9,790,529</u>

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,859,910	\$ -	\$ -	\$ 8,859,910
Fixed annuity	-	2,185,467	-	2,185,467
Total assets at fair value	<u>\$ 8,859,910</u>	<u>\$ 2,185,467</u>	<u>\$ -</u>	<u>\$ 11,045,377</u>

8) Excess deferrals

For the Plan years ended December 31, 2022 and 2021, the Plan failed the nondiscrimination tests. Consequently, contributions plus earnings in the amount of \$2,814 and \$4,650 have been reclassified as catch-up contributions. No further action was required to correct this failure.

9) SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

10) Subsequent events

The Company has evaluated subsequent events through the date of the auditors' report, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
