INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the IntelePeer Cloud Communications, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

An independent member of Baker Tilly International

Frank Rimerman + Co. LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

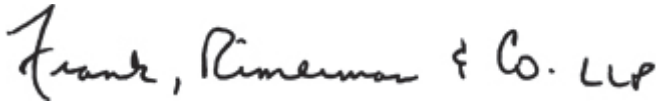

The supplemental schedules included in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The IntelePeer Cloud Communications, LLC 401(k) Plan was established by IntelePeer Cloud Communications, LLC (the Company), effective March 23, 2007, to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan has since been amended and restated, most recently as of June 22, 2021. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan with a salary deferral arrangement under appropriate provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by Company employees. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee and record keeper. Fidelity is authorized to invest, manage and reinvest Plan assets, pay benefits and ensure proper accounting records are maintained. Plan investments are invested based on instructions from participants and their beneficiaries.

Eligible Participants:

Company employees, as defined by the Plan agreement, age 21 or older may participate in the Plan on the first day of the month following their date of hire.

Contributions:

Participants may make contributions to the Plan through pre-tax salary reductions or post-tax deductions up to 90% of annual compensation, as defined in the Plan agreement, subject to certain limitations under the Code. Participants who have reached the age of 50 may elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other tax-qualified plans (rollovers), excluding rollovers of after-tax contributions, subject to Code regulations.

The Company may make discretionary matching contributions to the Plan, as determined by the Company's Board of Directors. The Company did not make any matching contributions to the Plan through December 31, 2022.

Contributions are subject to certain limitations under the Code.

1. Description of the Plan (continued)

Participant Accounts:

Each participant's account is credited with the participant's contributions, Company contributions, if any, plus earnings (less any losses) thereon. Allocations are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

Vesting:

Participants are fully (100%) vested in their contributions and Company qualified non-elective contributions, plus actual earnings (less any losses) thereon. Participants vest in Company matching contributions, if any, plus actual earnings (less any losses), after three years of service.

Forfeitures:

The non-vested portion of a terminated participant's account balance is forfeited upon a five-year break in service or, if earlier, upon distribution of the vested account balance. Forfeitures, if any, may be used to reduce Company contributions or pay Plan administrative expenses. There are no forfeitures as there have been no company contributions to the Plan through December 31, 2022.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balances, not to exceed $50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which a longer term may be granted. Participant notes are evidenced by a written note, secured by the balance in the participant account, and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator under the note policy. Participants may not have more than one note outstanding at any time. The interest rates on notes outstanding at December 31, 2022 is 4.00%. Repayment of principal and interest is generally made through payroll deductions.

1. Description of the Plan (continued)

Payment of Benefits:

Upon termination of service, participants may receive a lump-sum cash payment in an amount equal to the balance in their accounts. Account balances of $1,000 or less may be distributed without the consent of the participant. All distributions are subject to the applicable provisions of the Plan agreement. Benefits are recorded when paid.

Administrative Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Certain management, participant note and contract administration fees are paid by the Plan and charged directly to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risks in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a Plan termination, participants would remain fully vested in their accounts and distributions would be made to participants, as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments Valuation:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition:

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on the Plan's investments bought, sold or held during the year.

3. Fair Value Measurement

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

3. Fair Value Measurement (continued)

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for Plan investments. The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriates and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Funds and Money Market Fund: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held.

Common/Collective Trusts (CCT): Units held in a CCT are valued using the NAV practical expedient of the CCT as valued by the CCT manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of the CCT is calculated based on the compilation of primarily observable market information. The Plan has no unfunded commitments with the CCT and investments are redeemable on a daily basis.

The Invesco Stable Asset Fund – Class III is a common collective trust and stable value fund that is composed primarily of fully benefit-responsive investment contracts and valued using the NAV practical expedient, as an estimate of fair value. The NAV practical expedient would not be used is it is determined to be probable the Plan will sell the investment for an amount different form the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidated will be carried out in an orderly business manner. The Plan has no unfunded commitments with this fund.

Investments valued using NAV as a practical expedient are excluded from the fair value hierarchy under GAAP.

3. Fair Value Measurement (continued)

Investments at fair value at December 31, 2022 under the three-level hierarchy are as follows:

Investments	Level I	Level II	Level III	Total
Mutual funds	$ 10,231,749	$ -	$ -	$ 10,231,749
Money market fund	24,287	-	-	24,287
	$ 10,256,036	$	$ -	10,256,036
CCT measured using the NAV practical expedient				98,489
				$ 10,354,525

Investments at fair value at December 31, 2021 under the three-level hierarchy are as follows:

Investments	Level I	Level II	Level III	Total
Mutual funds	$ 11,455,387	$ -	$ -	$ 11,455,387
Money market fund	25,412	-	-	25,412
	$ 11,480,799	$	$ -	11,480,799
CCT measured using the NAV practical expedient				66,634
				$ 11,547,433

4. Information Prepared and Certified by Fidelity

Fidelity, as the Plan's trustee, has certified the current value of the following assets held at December 31, 2022 and 2021 and the net loss for the year ended December 31, 2022, that were used in the preparation of the financial statements and supplemental schedule. The following table summarizes the certified information at December 31:

	2022	2021
Investments, at fair value	$ 10,256,036	$ 11,480,799
Common/collective trust	98,489	66,634
Notes receivable from participants	180,791	201,270
Total certified assets	$ 10,535,316	$ 11,748,703
Certified net loss for the year ended December 31, 2022	$ (2,259,980)	

5. Income Tax Status

The Company adopted a volume submitter plan offered by Fidelity, which has received an opinion letter from the Internal Revenue Service (IRS) stating the form of the plan submitted for review was qualified under applicable provisions of the Code. The Plan has been amended since the date of the opinion letter; however, the Company believes the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded, at December 31, 2022, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

6. Party-In-Interest Transactions

Certain Plan investments are offered by Fidelity, the Plan's trustee. Purchases and sales of these investments qualify as party-in-interest transactions. Notes receivable transactions with participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.

7. Nonexempt Prohibited Transactions

In 2022, participant contributions and note repayments totaling $76,229 were not remitted timely, as required by the Department of Labor (DOL). The DOL considers delinquent contributions to be nonexempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status. The Plan sponsor remitted lost earnings on the delinquent remittances to the Plan in 2023.

8. Subsequent Events:

Subsequent events have been evaluated through September 29, 2023, which is the date the financial statements were approved by the Plan and available to be issued.

INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the IntelePeer Cloud Communications, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

An independent member of Baker Tilly International

Frank Rimerman + Co. LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

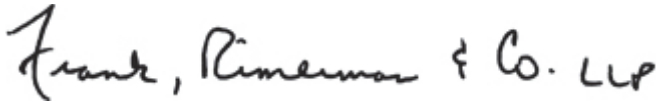

The supplemental schedules included in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The IntelePeer Cloud Communications, LLC 401(k) Plan was established by IntelePeer Cloud Communications, LLC (the Company), effective March 23, 2007, to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan has since been amended and restated, most recently as of June 22, 2021. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan with a salary deferral arrangement under appropriate provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by Company employees. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee and record keeper. Fidelity is authorized to invest, manage and reinvest Plan assets, pay benefits and ensure proper accounting records are maintained. Plan investments are invested based on instructions from participants and their beneficiaries.

Eligible Participants:

Company employees, as defined by the Plan agreement, age 21 or older may participate in the Plan on the first day of the month following their date of hire.

Contributions:

Participants may make contributions to the Plan through pre-tax salary reductions or post-tax deductions up to 90% of annual compensation, as defined in the Plan agreement, subject to certain limitations under the Code. Participants who have reached the age of 50 may elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other tax-qualified plans (rollovers), excluding rollovers of after-tax contributions, subject to Code regulations.

The Company may make discretionary matching contributions to the Plan, as determined by the Company's Board of Directors. The Company did not make any matching contributions to the Plan through December 31, 2022.

Contributions are subject to certain limitations under the Code.

1. Description of the Plan (continued)

Participant Accounts:

Each participant's account is credited with the participant's contributions, Company contributions, if any, plus earnings (less any losses) thereon. Allocations are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

Vesting:

Participants are fully (100%) vested in their contributions and Company qualified non-elective contributions, plus actual earnings (less any losses) thereon. Participants vest in Company matching contributions, if any, plus actual earnings (less any losses), after three years of service.

Forfeitures:

The non-vested portion of a terminated participant's account balance is forfeited upon a five-year break in service or, if earlier, upon distribution of the vested account balance. Forfeitures, if any, may be used to reduce Company contributions or pay Plan administrative expenses. There are no forfeitures as there have been no company contributions to the Plan through December 31, 2022.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balances, not to exceed $50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which a longer term may be granted. Participant notes are evidenced by a written note, secured by the balance in the participant account, and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator under the note policy. Participants may not have more than one note outstanding at any time. The interest rates on notes outstanding at December 31, 2022 is 4.00%. Repayment of principal and interest is generally made through payroll deductions.

1. Description of the Plan (continued)

Payment of Benefits:

Upon termination of service, participants may receive a lump-sum cash payment in an amount equal to the balance in their accounts. Account balances of $1,000 or less may be distributed without the consent of the participant. All distributions are subject to the applicable provisions of the Plan agreement. Benefits are recorded when paid.

Administrative Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Certain management, participant note and contract administration fees are paid by the Plan and charged directly to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risks in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a Plan termination, participants would remain fully vested in their accounts and distributions would be made to participants, as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments Valuation:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition:

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on the Plan's investments bought, sold or held during the year.

3. Fair Value Measurement

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

3. Fair Value Measurement (continued)

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for Plan investments. The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriates and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Funds and Money Market Fund: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held.

Common/Collective Trusts (CCT): Units held in a CCT are valued using the NAV practical expedient of the CCT as valued by the CCT manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of the CCT is calculated based on the compilation of primarily observable market information. The Plan has no unfunded commitments with the CCT and investments are redeemable on a daily basis.

The Invesco Stable Asset Fund – Class III is a common collective trust and stable value fund that is composed primarily of fully benefit-responsive investment contracts and valued using the NAV practical expedient, as an estimate of fair value. The NAV practical expedient would not be used is it is determined to be probable the Plan will sell the investment for an amount different form the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidated will be carried out in an orderly business manner. The Plan has no unfunded commitments with this fund.

Investments valued using NAV as a practical expedient are excluded from the fair value hierarchy under GAAP.

3. Fair Value Measurement (continued)

Investments at fair value at December 31, 2022 under the three-level hierarchy are as follows:

Investments	Level I	Level II	Level III	Total
Mutual funds	$ 10,231,749	$ -	$ -	$ 10,231,749
Money market fund	24,287	-	-	24,287
	$ 10,256,036	$	$ -	10,256,036
CCT measured using the NAV practical expedient				98,489
				$ 10,354,525

Investments at fair value at December 31, 2021 under the three-level hierarchy are as follows:

Investments	Level I	Level II	Level III	Total
Mutual funds	$ 11,455,387	$ -	$ -	$ 11,455,387
Money market fund	25,412	-	-	25,412
	$ 11,480,799	$	$ -	11,480,799
CCT measured using the NAV practical expedient				66,634
				$ 11,547,433

4. Information Prepared and Certified by Fidelity

Fidelity, as the Plan's trustee, has certified the current value of the following assets held at December 31, 2022 and 2021 and the net loss for the year ended December 31, 2022, that were used in the preparation of the financial statements and supplemental schedule. The following table summarizes the certified information at December 31:

	2022	2021
Investments, at fair value	$ 10,256,036	$ 11,480,799
Common/collective trust	98,489	66,634
Notes receivable from participants	180,791	201,270
Total certified assets	$ 10,535,316	$ 11,748,703
Certified net loss for the year ended December 31, 2022	$ (2,259,980)	

5. Income Tax Status

The Company adopted a volume submitter plan offered by Fidelity, which has received an opinion letter from the Internal Revenue Service (IRS) stating the form of the plan submitted for review was qualified under applicable provisions of the Code. The Plan has been amended since the date of the opinion letter; however, the Company believes the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded, at December 31, 2022, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

6. Party-In-Interest Transactions

Certain Plan investments are offered by Fidelity, the Plan's trustee. Purchases and sales of these investments qualify as party-in-interest transactions. Notes receivable transactions with participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.

7. Nonexempt Prohibited Transactions

In 2022, participant contributions and note repayments totaling $76,229 were not remitted timely, as required by the Department of Labor (DOL). The DOL considers delinquent contributions to be nonexempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status. The Plan sponsor remitted lost earnings on the delinquent remittances to the Plan in 2023.

8. Subsequent Events:

Subsequent events have been evaluated through September 29, 2023, which is the date the financial statements were approved by the Plan and available to be issued.

INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the IntelePeer Cloud Communications, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

An independent member of Baker Tilly International

Frank Rimerman + Co. LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

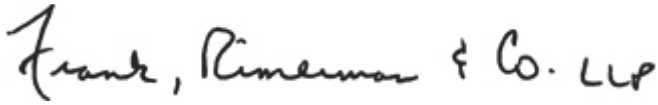

The supplemental schedules included in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The IntelePeer Cloud Communications, LLC 401(k) Plan was established by IntelePeer Cloud Communications, LLC (the Company), effective March 23, 2007, to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan has since been amended and restated, most recently as of June 22, 2021. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan with a salary deferral arrangement under appropriate provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by Company employees. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee and record keeper. Fidelity is authorized to invest, manage and reinvest Plan assets, pay benefits and ensure proper accounting records are maintained. Plan investments are invested based on instructions from participants and their beneficiaries.

Eligible Participants:

Company employees, as defined by the Plan agreement, age 21 or older may participate in the Plan on the first day of the month following their date of hire.

Contributions:

Participants may make contributions to the Plan through pre-tax salary reductions or post-tax deductions up to 90% of annual compensation, as defined in the Plan agreement, subject to certain limitations under the Code. Participants who have reached the age of 50 may elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other tax-qualified plans (rollovers), excluding rollovers of after-tax contributions, subject to Code regulations.

The Company may make discretionary matching contributions to the Plan, as determined by the Company's Board of Directors. The Company did not make any matching contributions to the Plan through December 31, 2022.

Contributions are subject to certain limitations under the Code.

1. Description of the Plan (continued)

Participant Accounts:

Each participant's account is credited with the participant's contributions, Company contributions, if any, plus earnings (less any losses) thereon. Allocations are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

Vesting:

Participants are fully (100%) vested in their contributions and Company qualified non-elective contributions, plus actual earnings (less any losses) thereon. Participants vest in Company matching contributions, if any, plus actual earnings (less any losses), after three years of service.

Forfeitures:

The non-vested portion of a terminated participant's account balance is forfeited upon a five-year break in service or, if earlier, upon distribution of the vested account balance. Forfeitures, if any, may be used to reduce Company contributions or pay Plan administrative expenses. There are no forfeitures as there have been no company contributions to the Plan through December 31, 2022.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balances, not to exceed $50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which a longer term may be granted. Participant notes are evidenced by a written note, secured by the balance in the participant account, and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator under the note policy. Participants may not have more than one note outstanding at any time. The interest rates on notes outstanding at December 31, 2022 is 4.00%. Repayment of principal and interest is generally made through payroll deductions.

1. Description of the Plan (continued)

Payment of Benefits:

Upon termination of service, participants may receive a lump-sum cash payment in an amount equal to the balance in their accounts. Account balances of $1,000 or less may be distributed without the consent of the participant. All distributions are subject to the applicable provisions of the Plan agreement. Benefits are recorded when paid.

Administrative Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Certain management, participant note and contract administration fees are paid by the Plan and charged directly to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risks in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a Plan termination, participants would remain fully vested in their accounts and distributions would be made to participants, as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments Valuation:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition:

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on the Plan's investments bought, sold or held during the year.

3. Fair Value Measurement

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

3. Fair Value Measurement (continued)

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for Plan investments. The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriates and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Funds and Money Market Fund: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held.

Common/Collective Trusts (CCT): Units held in a CCT are valued using the NAV practical expedient of the CCT as valued by the CCT manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of the CCT is calculated based on the compilation of primarily observable market information. The Plan has no unfunded commitments with the CCT and investments are redeemable on a daily basis.

The Invesco Stable Asset Fund – Class III is a common collective trust and stable value fund that is composed primarily of fully benefit-responsive investment contracts and valued using the NAV practical expedient, as an estimate of fair value. The NAV practical expedient would not be used is it is determined to be probable the Plan will sell the investment for an amount different form the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidated will be carried out in an orderly business manner. The Plan has no unfunded commitments with this fund.

Investments valued using NAV as a practical expedient are excluded from the fair value hierarchy under GAAP.

3. Fair Value Measurement (continued)

Investments at fair value at December 31, 2022 under the three-level hierarchy are as follows:

Investments	Level I	Level II	Level III	Total
Mutual funds	$ 10,231,749	$ -	$ -	$ 10,231,749
Money market fund	24,287	-	-	24,287
	$ 10,256,036	$	$ -	10,256,036
CCT measured using the NAV practical expedient				98,489
				$ 10,354,525

Investments at fair value at December 31, 2021 under the three-level hierarchy are as follows:

Investments	Level I	Level II	Level III	Total
Mutual funds	$ 11,455,387	$ -	$ -	$ 11,455,387
Money market fund	25,412	-	-	25,412
	$ 11,480,799	$	$ -	11,480,799
CCT measured using the NAV practical expedient				66,634
				$ 11,547,433

4. Information Prepared and Certified by Fidelity

Fidelity, as the Plan's trustee, has certified the current value of the following assets held at December 31, 2022 and 2021 and the net loss for the year ended December 31, 2022, that were used in the preparation of the financial statements and supplemental schedule. The following table summarizes the certified information at December 31:

	2022	2021
Investments, at fair value	$ 10,256,036	$ 11,480,799
Common/collective trust	98,489	66,634
Notes receivable from participants	180,791	201,270
Total certified assets	$ 10,535,316	$ 11,748,703
Certified net loss for the year ended December 31, 2022	$ (2,259,980)	

5. Income Tax Status

The Company adopted a volume submitter plan offered by Fidelity, which has received an opinion letter from the Internal Revenue Service (IRS) stating the form of the plan submitted for review was qualified under applicable provisions of the Code. The Plan has been amended since the date of the opinion letter; however, the Company believes the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded, at December 31, 2022, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

6. Party-In-Interest Transactions

Certain Plan investments are offered by Fidelity, the Plan's trustee. Purchases and sales of these investments qualify as party-in-interest transactions. Notes receivable transactions with participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.

7. Nonexempt Prohibited Transactions

In 2022, participant contributions and note repayments totaling $76,229 were not remitted timely, as required by the Department of Labor (DOL). The DOL considers delinquent contributions to be nonexempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status. The Plan sponsor remitted lost earnings on the delinquent remittances to the Plan in 2023.

8. Subsequent Events:

Subsequent events have been evaluated through September 29, 2023, which is the date the financial statements were approved by the Plan and available to be issued.
