Independent Auditor's Report

Audit Committee and Plan Administrator
Wittenberg University Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Wittenberg University Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i)—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Wittenberg University Defined Contribution Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the Wittenberg University Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan sponsored by Wittenberg University (the University). The Plan allows for two different sections within the Plan which are the defined-contribution portion (DC portion) and tax deferred annuity portion (TDA portion). The DC portion of the Plan is for the benefit of employees who have at least one year of service with 1,000 hours, excluding employees who are considered students, independent contractors, adjunct faculty, or call-in employees. An employee is immediately eligible if their prior employment was with another employer that sponsored a 403(b) plan. The TDA portion of the Plan is for the benefit of employees immediately upon hire. Roth contributions are also allowed and any contribution percentage above 5% will be deposited into the TDA portion of the participants' account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, participants may contribute up to the maximum amount of annual compensation, as defined by the Plan and as allowable under the Internal Revenue Code (IRC), on a pre-tax or Roth (after-tax) basis. Participants who attained age 50 before the end of the Plan year are eligible to contribute additional contributions, as allowable under the IRC. The Plan also permits employees to contribute amounts representing distributions from other qualified plans.

The University matching contribution is at the discretion of the University. The University currently provides a matching contribution equal to 5% of the participant's eligible compensation for all participants, provided they are deferring at least 2%. The University may also contribute an additional, non-elective contribution to participants in certain job classifications as determined at the discretion of the University. There were no non-elective contributions during 2022 or 2021.

The Plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer 5% of eligible compensation unless the participant has made an affirmative election otherwise.

Participant accounts: Each participant's account is credited with the participant's contributions, University's contributions and Plan investment results and is charged with withdrawals and an allocation of Plan expenses. The allocation of the participant and University contributions follows the participant's directed investment options. Allocations of Plan investment results and expenses are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their contributions as well as the University's contributions, plus actual earnings thereon.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Plan loans: Participants may obtain loans directly from Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF), using a portion of their account balance in the Plan as security for the loan (see Note 2). During 2021, TIAA-CREF stopped issuing plan loans which are not assets of the Plan and began issuing loans from participant accounts as notes receivable from participants.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. The loans are secured by the balance in the participant's account. Interest rates for retirement plan loans from participant accounts are set at 1% above the current prime rate, as defined by the Plan document. Principal and interest is paid ratably through payroll deductions. A participant may have two loans outstanding. At December 31, 2022, the notes bear interest between 4.25% and 5.75%. At December 31, 2021, the interest rate on the outstanding note was 4.25%.

Payment of benefits: Upon termination of service, or if the participant becomes permanently disabled, a participant may elect to receive either a lump-sum amount equal to the value of his account, an annuity contract (if assets are held in a custodial account) or converted to an income option (if assets are invested in an annuity contract). A participant may elect to receive a distribution of their rollover contribution at any time. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

Administrative expenses: The Plan provides that administrative expenses of the Plan are to be paid by the Plan or by the University, at the University's discretion. Administrative expenses that are paid by the University are excluded from these financial statements.

The Plan receives servicing credits in the revenue credit account. This account is credited with revenue sharing from the investment contract agreement. Funds are typically credited at the beginning of the year, but may be allocated at any time and are considered Plan assets. The credits may be used to pay Plan expenses or any excess funds available may be allocated to Plan participants. Credits received by the Plan were \$39,526 in 2022. These credits are included in interest and dividends in the statement of changes in net assets available for benefits and were allocated to participants' accounts. At December 31, 2022 and 2021, total unallocated credits were \$18,272 and \$12,024, respectively.

Plan termination: Although it has not expressed any intent to do so, the University has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board Accounting Standards Codification.

Accounting estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for certain fully benefit-responsive guaranteed annuity contracts held by TIAA-CREF, which are reported at contract value as described in Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The University determines the Plan's valuation policies utilizing information provided by the Plan's investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Wittenberg University Defined Contribution Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Because the guaranteed annuity investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed annuity investment contract. Contract value, as reported to the Plan by TIAA-CREF, is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participants' and University contributions are recognized each pay date when the related compensation is earned by employees.

Plan loans: Participants may borrow from TIAA-CREF using a portion of their plan account as security for the loan. The maximum loan amount may be the lesser of \$50,000 or 45% of their account balance for loans from TIAA-CREF. Loans from TIAA-CREF bear interest at rates that range from 4.67% to 4.78% as of December 31, 2022, and 4.00% to 4.28% as of December 31, 2021, which is commensurate with local prevailing rates as determined periodically by TIAA-CREF. Principal and interest is paid ratably through monthly or quarterly payments by the participants to TIAA-CREF. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions.

The loan balances are \$3,994 and \$12,128 as of December 31, 2022 and 2021, respectively. Under the borrowing terms, 110% of the outstanding loan balance is collateralized by Plan assets.

In the event of default, such loans are reportable to Plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan.

Notes receivable from participant: Participants may obtain loans directly from their retirement plan account, using a portion of their account balance in the Plan as security for the loan. Notes receivable from participant is measured at its unpaid principal balance plus an accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deemed the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Approximately 48% of the Plan's investments are held in two funds (the CREF Stock R2 Fund and the TIAA Traditional Non-Fully Benefit-Responsive Fund) at December 31, 2022 and 2021, respectively. As such, this is considered a concentration of credit risk.

Wittenberg University Defined Contribution Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The guaranteed annuity contract has been certified at contract value, which approximates fair value, as reported to the Plan by TIAA-CREF. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant causing the financial statements to become materially misstated.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 3, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by TIAA and CREF, as Issuer and as Agent for TIAA, FSB, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided by TIAA and CREF and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from TIAA and CREF that information provided to the Plan Administrator by TIAA and CREF related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets at December 31:

	2022	2021
Investments, at fair value:		
Money market fund	\$ 328,352	\$ 725,061
Variable annuity contracts	51,940,799	70,861,964
Guaranteed annuity contract—non-fully benefit-responsive	41,847,391	41,292,447
Mutual funds	28,535,534	33,557,036
Pooled separate account	5,957,518	5,709,008
	<u>128,609,594</u>	<u>152,145,516</u>
Investment, at contract value:		
Guaranteed annuity contract—fully benefit-responsive	10,245,988	9,159,956
Notes receivable from participants	35,644	5,212
	<u>\$138,891,226</u>	<u>\$161,310,684</u>

TIAA-CREF also certified to the completeness and accuracy of the net depreciation in fair value of investments of \$18,123,913, interest and dividends of \$2,198,761 related to the aforementioned investments and \$1,084 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Wittenberg University Defined Contribution Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Money market fund: Valued at amortized cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity contracts: Valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.

Guaranteed annuity contract: The non-fully benefit-responsive portion of the fixed annuity contract is reported at contract value, which approximates fair value. This determination is based on TIAA-CREF's credit rating and yield during 2022 and 2021 being comparable to similar alternative investments and the interest rate which resets annually being comparable to a 10-year U.S. treasury bond.

Pooled separate account: The TIAA Real Estate account is a pooled separate account in which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in this account.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 328,352	\$ -	\$ 328,352
Variable annuity contracts	51,940,799	-	-	51,940,799
Guaranteed annuity contracts— non-fully benefit-responsive	-	-	41,847,391	41,847,391
Mutual funds	28,535,534	-	-	28,535,534
Pooled separate account	5,957,518	-	-	5,957,518
	<u>\$ 86,433,851</u>	<u>\$ 328,352</u>	<u>\$ 41,847,391</u>	<u>\$ 128,609,594</u>

	2021			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 725,061	\$ -	\$ 725,061
Variable annuity contracts	70,861,964	-	-	70,861,964
Guaranteed annuity contracts— non-fully benefit-responsive	-	-	41,292,447	41,292,447
Mutual funds	33,557,036	-	-	33,557,036
Pooled separate account	5,709,008	-	-	5,709,008
	<u>\$ 110,128,008</u>	<u>\$ 725,061</u>	<u>\$ 41,292,447</u>	<u>\$ 152,145,516</u>

Changes in fair value levels: The availability of market data is monitored to assess the appropriate classification of investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

The table below sets forth changes in the Plan's Level 3 investment assets attributable to purchases and the amounts of any transfers into or out of Level 3 of the fair value hierarchy for the year ended December 31, 2022:

	Guaranteed Annuity Contract*
Purchases	\$ 3,782,794
Transfers into Level 3	-
Transfers out of Level 3	-

* Non-fully benefit-responsive

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value

Measurements: The following table represents the Plan's Level 3 investments, the valuation techniques used to measure the fair value of those investments and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs	Input Values
	2022	2021			
TIAA Traditional	<u>\$ 41,847,391</u>	<u>\$ 41,292,447</u>	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.70% - 6.25%

Note 5. Investment Contracts with TIAA

The Plan has a guaranteed annuity contract with TIAA. Under this contract are sub-contracts, some of which are fully benefit-responsive while others are not. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the guaranteed fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Investment contracts that are not fully benefit-responsive are included in the financial statements at fair value as reported by TIAA. TIAA has reported to the Plan that contract value approximates fair value for these investments at December 31, 2022 and 2021.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. TIAA-CREF indicates that contract value approximates fair value for these investments at December 31, 2022 and 2021. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are viewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to Financial Statements

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by TIAA-CREF, the custodian of certain investments; therefore, these transactions qualify as party-in-interest.

Fees paid for investment advisory and auditing services rendered by parties-in-interest during the year ended December 31, 2022, totaled \$44,244. Certain employees of the University provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Note 7. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The University believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, the Plan continues to qualify under Section 403(b).

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken any uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions.

Note 8. Excluded Contracts

There may have been certain annuity and custodial accounts issued to current and former employees without the Plan Administrator's knowledge prior to January 1, 2009. As permitted by the United States Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, these annuity and custodial accounts, if any, have been excluded from the Plan's investments. In addition, investment income and distributions, if any, related to such potential accounts have also been excluded from the statement of changes in net assets available for benefits. U.S. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan Administrator has not determined the amount of these excluded annuity and custodial accounts and the related income and distributions because records relating to these are not available or do not exist, but believes such amounts to not be material to the Plan's financial statements.

Note 9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	\$ 138,891,226	\$ 161,310,684
Money market fund	(328,352)	(725,061)
