Independent Auditor's Report

The Plan Administrator
Gould Paper Corporation
Employees' Profit Sharing and Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Gould Paper Corporation Employees' Profit Sharing and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the certified investment information in the accompanying financial statements agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gould Paper Corporation Employees' Profit Sharing and Retirement Plan

Notes to Financial Statements

1. Plan Description

The following description of the Gould Paper Corporation Employees' Profit Sharing and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective on May 29, 1957 that covers all employees of Gould Paper Corporation and its affiliates and has been subsequently amended as of January 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered by the Gould Paper Corporation Employees' Profit Sharing and Retirement Plan Committee of Gould Paper Corporation (the Employer or the Company). Empower Life and Annuity Insurance Company of New York and Empower Trust Company, LLC (collectively, Empower) (formerly, Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC, collectively, Great-West) are the trustee and custodian of the Plan, having custodial responsibility for the Plan's assets.

Eligibility

An employee who is 18 years or older may become a participant in the Plan on the first Plan entry date after completion of 30 days of service, having worked at least 83.3 hours of service in such 30 days, or upon completion of 1,000 hours of service within 12 consecutive months.

Contributions

Pre-tax participants' contributions are permitted up to 90% of their base compensation, subject to certain limitations. The Company may make contributions at its discretion. For both years ended December 31, 2022 and 2021, the Employer matched 150% of each participant's deferral contributions, up to 2% of the participant's eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Gould Paper Corporation Employees' Profit Sharing and Retirement Plan

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Participants vest in Employer contributions at the rate of 20% for each completed enrolled year in the Plan after two years of service, with 100% vesting after six years. Upon termination of an employee prior to full vesting, the non-vested portion of Employer contributions is used to pay administrative expenses of the Plan and any remaining amount is applied towards future Employer contributions.

Additionally, each participant shall be 100% vested in Employer contributions in the case of:

- Retirement under the Plan
- Attainment of age 65
- Total and permanent disability
- Death

Participant Accounts

Each participant's account is credited with the participant's and Employer contributions, as well as allocations of investment earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific-participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Subject to the approval of the Company, participants may obtain loans from the Plan. The minimum loan is \$1,000. The maximum that may be borrowed from the participant's account is the lesser of \$50,000 or 50% of the vested account balance. The interest rate of the loan is calculated at 1% above the prime rate determined at loan origination. Loan repayments are made through payroll deductions in equal installments over a period that may not exceed five years, unless the loan is for the purchase of a primary residence, in which case the maximum repayment period will be determined by reference to bank loans for the same purpose.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of payments, at the election of the participant. Additionally, the participant may withdraw his or her elective deferrals on account of financial hardship or the attainment of age 59½.

Forfeitures

Forfeitures that occur during a Plan-year will be used to pay administrative expenses of the Plan, and any remaining forfeitures will be used to offset future Employer contributions.

During 2022 and 2021, forfeited amounts totaling \$13,939 and \$25,740, respectively, were used to pay administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$15,799 and \$23,164, respectively.

Gould Paper Corporation Employees' Profit Sharing and Retirement Plan

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments in the statements of changes in net assets available for benefits. Direct compensation paid by the Plan as administrative expenses totaled \$153,098 and \$111,490 for the years ended December 31, 2022 and 2021, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and Empower (formerly, Great-West). See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Fees charged by the trustee relating to notes receivable from participants are paid from the participants' accounts. Delinquent notes receivable are deemed distributed and included in benefits paid to participants in the statements of changes in net assets available for benefits. There were no deemed distributed notes for the years ended December 31, 2022 and 2021. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower (formerly, Great-West), a qualified institution, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net appreciation (depreciation) in fair value of investments, Investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information included in the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, Fair Value Measurement, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Gould Paper Corporation Employees' Profit Sharing and Retirement Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - The Plan has investments in mutual funds. Investments in the mutual fund accounts are valued at net asset value (NAV) of shares held by the Plan at year-end. The mutual funds are traded at quoted prices through the National Securities Clearing Corporation. These investments are priced by the Plan's custodian using nationally recognized pricing services based on observable market data.

Self-Directed Brokerage Account - The self-directed brokerage account consists of a money market fund, mutual funds, and common stock. The fair values of common stock are determined by obtaining quoted prices traded on securities exchanges.

Common Collective Trust - The fair value of the common collective trust is valued NAV, representing the units of participation owned by the Plan and Plan participants, which approximates fair value. The NAV per unit is computed by dividing the total assets of the fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the fund and included in the determination of unit values. This investment is a direct-filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

December 31, 2022

	Total	Level 1
Mutual funds	\$ 19,993,597	\$ 19,993,597
Self-directed brokerage account	2,842,583	2,842,583
Total Investments, in the fair value hierarchy		\$ 22,836,180
Investments, measured at NAV*:		
Common collective trust	17,317,220	
Total Investments, at fair value	\$ 40,153,400	

Gould Paper Corporation Employees' Profit Sharing and Retirement Plan

Notes to Financial Statements

December 31, 2021

	Total	Level 1
Mutual funds	\$ 26,098,171	\$ 26,098,171
Self-directed brokerage account	4,435,672	4,435,672
Total Investments , in the fair value hierarchy		\$ 30,533,843
Investments, measured at NAV*:		
Common collective trust	16,231,152	
Total Investments , at fair value	\$ 46,764,995	

* Certain investments that are measured at fair value using the NAV per share (or its equivalent practical expedient) are not required to be, and have not been, categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2022 and 2021.

5. Excess Contributions

The Plan did not pass the Actual Deferral Percentage test and the Maximum Annual Additions test for the years ended December 31, 2022 and 2021. Excess contributions amounted to \$44,102 and \$70,464 at December 31, 2022 and 2021, respectively, and were accounted for as a reduction of participant contributions during 2022 and 2021, respectively. Excess contributions were reimbursed to Plan participants on February 24, 2023, for 2022 amounts and on March 10, 2022, for 2021 amounts.

6. Related-Party and Party-in-Interest Transactions

Empower (formerly, Great-West) is the trustee and record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

7. Tax Status

The Plan received an updated favorable determination letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter was received. However, the Plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intent to do so, the Company may, at its discretion, discontinue contributions or terminate the Plan completely or partially at any time by delivering to the trustee a notice of complete or partial termination, specifying the date of termination of the Plan and, in the case of a partial termination, the participants affected by such partial termination. In the event of Plan termination, each participant will become 100% vested in their accounts.

9. Risks and Uncertainties

The Plan's investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

Subsequent events have been evaluated through October 6, 2023, the date the financial statements were available to be issued. There were no subsequent events requiring adjustments to or additional disclosure to the financial statements other than disclosed in Note 5 and the following: Roth deferrals are permitted under the Plan effective January 1, 2023.
