Report of Independent Auditors

Plan Advisory Committee
Constantia Flexibles America Company 401(k) Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Constantia Flexibles America Company 401(k) Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Plan Advisory Committee
Constantia Flexibles America Company 401(k) Plan

Opinion (continued)

- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Plan Advisory Committee
Constantia Flexibles America Company 401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Plan Advisory Committee
Constantia Flexibles America Company 401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Advisory Committee
Constantia Flexibles America Company 401(k) Plan

Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Constantia Flexibles America Company 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the Constantia Flexibles America Company 401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which provides retirement benefits to full-time employees of Constantia Blythewood, LLC, Constantia Colmar, LLC, Constantia Flexibles Sales, LLC, and Constantia Flexibles America Company (collectively the “Company”) who meet the eligibility requirements of the Plan as described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), which allows certain eligible individuals to suspend required minimum distributions, and delay the commencement date for required minimum distributions. Management expects to retroactively adopt the required plan amendments for the remaining provisions of the CARES Act by December 31, 2025, which is within the IRS guidelines.

Eligibility

Effective January 1, 2022, the Company’s employees, who are age eighteen or older, are eligible to participate in the Plan upon completion of one month of service with the Company. Prior to January 1, 2022, the employment requirement was two months of service with the Company. If an employee meets these requirements, they may enter the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are satisfied.

Contributions

Participants may contribute any percentage greater than or equal to 1% of their pretax compensation to the 401(k) portion of their account and any percentage greater than or equal to 1% of their after-tax compensation to the ROTH 401(k) portion of their account within the Plan, subject to contribution limitations specified by applicable laws and regulations. Participants may also contribute amounts representing distributions from other qualified employee benefit plans and individual retirement accounts.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three (3%) percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Contributions (continued)

The Company is required, in accordance with the Plan's documents, to make safe harbor matching contributions equal to the sum of 100% of the amount of each participant's elective deferrals that do not exceed 3% of each participant's pretax compensation and 50% of the next 2% of compensation that a participant contributes to the Plan. The Company may also make either discretionary matching contributions determined as a percentage of participant salary deferrals, or discretionary profit-sharing contributions, which are contributed to eligible participants. The amounts of these contributions, if any, are determined by the Company's board of directors. There were neither discretionary matching contributions nor discretionary profit-sharing contributions for the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, the appropriate amount of employer matching contributions, if any, an allocation of the Company's discretionary contributions, if any, and an allocation of Plan's earnings or losses. Participants' accounts are charged with an allocation of administrative expenses incurred by the Plan. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's non-elective and discretionary employer contributions of their accounts is based on the following schedule:

Years of Service	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

Investment Options

The Plan allows individual participants, upon enrollment, to self-direct their accounts by investing in one or more of the mutual funds and a common/collective trust fund selected by the Plan administrator. Participants should refer to investment provider information for a detailed description of the Plan's investment options.

1. Description of Plan (continued)

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable are required to be repaid over a reasonable period of time not to exceed the earlier of five years or retirement age, unless the note is for the purpose of purchasing a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at a nondiscriminatory rate established by the Plan administrator at the time of the loan. All loans outstanding at December 31, 2022 bear interest at rates ranging from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions. A participant may have no more than one note due to the Plan at any time. Delinquent note receivables are reclassified as participant distributions based on the terms of the Plan document.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, participants, or their beneficiaries, may elect to receive their vested portion of Plan assets under several payout options specified in the Plan. Hardship distributions are permitted upon demonstration of financial hardship. Participants who have attained 59½ years of age are permitted to withdraw all or part of their vested accounts as in-service distributions.

Forfeited Accounts

Forfeitures are retained in the Plan and may be used to reduce future employer contributions. For the years ended December 31, 2022 and 2021, there were no forfeited non-vested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer discretionary contributions.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP").

Constantia Flexibles America Company 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan may invest in investment securities that are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the accompanying 2022 statement of net assets available for plan benefits.

Administrative Expenses

The Plan pays record keeping and certain professional fees. All other professional fees are paid by the Company.

3. Trustee Certification

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2022 and 2021, related to investments, participant notes receivable, net appreciation in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Constantia Flexibles America Company 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. All of the Plan's mutual fund investments were valued using Level 1 inputs, which are based on quoted market prices of the shares held by the Plan.

The Plan's investments include the Galliard Stable Return Fund C, a common/collective trust that invests in a variety of fully benefit-responsive investment contracts. This common/collective trust is valued at the net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of each account is based on the fair value of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the account, the account provider reserves the right to temporarily delay withdrawal from the account in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in different fair values at the reporting date.

Gains and losses (realized and unrealized) included in the changes in net assets available for plan benefits are reported in the net appreciation (depreciation) in fair value of investments.

5. Filing Status

The Company has adopted the Plan based on a pre-approved plan document sponsored by Fidelity Management and Research Company. Fidelity Management and Research Company has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, that states that the form of the pre-approved plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the IRS opinion letter on the pre-approved plan. The Company and the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

During 2021, operational errors were discovered relating to employer and employee contributions that resulted in an underpayment of contributions to the Plan. Management determined that the impact of the errors was not significant to the Plan's 2021 financial statement. Management believes the necessary corrective actions have been taken during 2022 to ensure that these errors have no impact on the Plan's tax status.

Constantia Flexibles America Company 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

5. Filing Status (continued)

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2022 and 2021. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by affiliates of the trustee. The Plan paid approximately \$22,000 and \$41,000, net of revenue credits, for record keeping and certain professional fees during the years ended December 31, 2022 and 2021, respectively.

These transactions qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA.

7. Subsequent Events

The Plan evaluated events and transactions after December 31, 2022 through October 4, 2023, the date the financial statements were available to be issued, for subsequent events. There were no subsequent events to report.
