Independent Auditors' Report

Board of Trustees
Earth Systems, Inc. 401(k) Plan
San Luis Obispo, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Earth Systems, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Earth Systems, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022

Note 1: Description of Plan

The following description of the Earth Systems, Inc. (the Company / the Employer) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of defined contribution plan under which each participant has a specific account balance. The Plan covers substantially all employees of the Company who have six months of service and have attained twenty-one years of age. Ineligible employees of the Company include nonresident aliens, per diem, part-time, union and leased employees, and residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Participants may contribute to the Plan through salary deductions up to the maximum of eligible compensation, as defined in the Plan. Participants have the option of contributing through two types of salary deferrals - Pre-tax 401(k) deferrals or Roth 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans as a rollover contribution. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor, matching contribution up to a specified percentage (100% of deferrals that do not exceed 1% of compensation plus 50% of deferrals between 1% and 6% of compensation). For the Year Ended December 31, 2022, total matching contributions were \$314,424. In addition, each year the Company may also elect, at its discretion, to contribute a profit-sharing, non-elective contribution to the Plan which is in the form of a lump sum amount to the Plan. This contribution will be credited to eligible participant accounts provided the employees are still employed on the last day of the Plan year (unless they have attained 59.5 years of age) and have completed one year of service, in which they were employed 1,000 or more hours during the Plan year. Participants are allocated a certain amount based on a method determined by the Company in the year in which the contribution is made. For the year ended December 31, 2022, the Company contributed \$100,000 into the Plan as a discretionary profit-sharing contribution.

Note 1: Description of Plan (Continued)

Newly eligible participants are automatically enrolled in the Plan and begin salary deferrals unless the participant makes an election to opt out of the Plan or change the starting deferral percentage. Salary deferrals begin at 3% of eligible compensation per pay period and escalate each year by 1% up to the maximum automatic deduction of 6%. Effective April 1, 2022, employees will be automatically enrolled at 6% of eligible compensation per pay period with no yearly escalation of deferral rate.

Contributions, by the employee and Company, are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions via salary reductions and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their voluntary contributions and the Company's non-elective, profit sharing contribution plus earnings thereon. Vesting in the Company's safe harbor, matching contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested after two years of service. Forfeitures of the Company's contributions plus earnings thereon can be used to pay administrative expenses of the Plan or reduce the amount of employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$1,237 and \$2,037, respectively. For the year ended December 31, 2022, \$1,400 forfeitures were used by the Plan to offset fees.

Payment of Benefits

Upon termination of employment, a participant may elect to receive a distribution equal to the value of the participant's vested interest in their account. The Plan has a required minimum distribution for participants who have attained age 70 ½ (72 if born on or after July 1, 1949) and an in-service distribution available for participants who have attained age 59 ½. Hardship distributions are permitted upon demonstration of financial hardship. Benefits may be paid in one of the following forms of payment, or in a combination: (1) single lump sum, or (2) installments over a period not to exceed the participant or participant's beneficiary's life expectancy, or (3) any form acceptable to the participant and the plan administrator.

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 2%, as of the loan date. Principal and interest are paid through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (Continued)

Fair Value Measurement and Income Recognition

Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Topic), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The Topic also established a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Security Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 2: Summary of Significant Accounting Policies (Continued)

Collective trust funds: Valued at the NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount differing from the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 595,827	\$ -	\$ -	\$ 595,827
Investments measured at NAV (a)				19,702,804
Total investments at fair value	<u>\$ 595,827</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,298,631</u>
2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 901,868	\$ -	\$ -	\$ 901,868
Investments measured at NAV (a)				23,349,999
Total investments at fair value	<u>\$ 901,868</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,251,867</u>

- (a) Certain investments that were measured at net asset value per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Note 2: Summary of Significant Accounting Policies (Continued)

The following tables set forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

		2022		
	Fair Value	Unfunded Commitment	Redemption frequency	Redemption notice period
Reliance Trust Advisory Funds	\$ 19,702,804	\$ -	Daily	None
Galliard Retirement Inc 35 Fund	833,855	-	Daily	(b)
	<u>\$ 20,536,659</u>	<u>\$ -</u>		
		2021		
	Fair Value	Unfunded Commitment	Redemption frequency	Redemption notice period
Reliance Trust Advisory Funds	\$ 23,349,999	\$ -	Daily	None
Galliard Retirement Inc 35 Fund	1,137,162	-	Daily	(b)
	<u>\$ 24,487,161</u>	<u>\$ -</u>		

- (b) The Company is required to provide advance written notice of 5 business days for withdrawals which will exceed \$1 million of invested assets. The Company is required to give the fund 12 months' irrevocable written notice of intent to redeem all or a portion of its participation in the fund.

Plan Administrative Expenses

Certain expenses to maintain the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. Administrative expenses paid by the Plan were \$82,622 for the year ended December 31, 2022.

Note 3: Information Prepared and Certified by Trustee

The Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the accompanying financial statements and supplemental schedule was prepared or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the following information is complete and accurate:

- Investments, at fair value, and notes receivable from participants reflected on the accompanying statements of net assets available for Plan benefits as of December 31, 2022 and 2021.

Note 3: Information Prepared and Certified by Trustee (Continued)

- Net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for Plan benefits for the year ended December 31, 2022.
- Investments reflected on the schedule of assets (held at end of year).

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information which appears through the financial statements and supplemental schedule.

Note 4: Reconciliation to Form 5500

The following is a reconciliation of net assets available for Plan benefits, per the financial statements, to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for Plan benefits per financial statements	\$ 20,518,172	\$ 24,497,529
Employer contributions receivable not recorded on the Form 5500	(100,000)	(100,000)
Net assets available for Plan benefits per Form 5500	<u>\$ 20,418,172</u>	<u>\$ 24,397,529</u>

The following is a reconciliation of net decrease, per the financial statements, to net loss per the Form 5500:

	<u>2022</u>
Net decrease per financial statements	\$ (3,979,357)
Employer contributions receivable accrued per the financial statements and not accrued per Form 5500 as of December 31, 2022	(100,000)
Employer contributions receivable accrued per the financial statements and not accrued per Form 5500 as of December 31, 2021	<u>100,000</u>
Net loss per Form 5500	<u>\$ (3,979,357)</u>

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Earth Systems, Inc. 401(k) Plan**Notes to Financial Statements****December 31, 2022****Page 8****Note 6: Tax Status**

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Related-Party Transactions and Party in Interest Transactions

Reliance Trust Company, the trustee of the Plan, manages certain plan investments. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net depreciation in fair value investments.

Note 8: Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Subsequent Events

Events subsequent to December 31, 2022 have been evaluated through September 27, 2023, which is the date the financial statements were available to be issued. Management did not identify any subsequent events that require disclosure.
