INDEPENDENT AUDITOR'S REPORT

Retirement Committee and Board of Directors
Unity Health 403(b) Retirement Plan
Searcy, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Unity Health 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of the net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subjected to periodic examination by a state or federal agency, or notes receivable, from participants provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional scepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified net asset information, except for obtaining and reading the certification, comparing the certified net asset information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Unity Health 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by Unity Health (the "Medical Center") for the benefit of its employees. The Medical Center is a corporation exclusively organized and operated pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986. Employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the Medical Center. The Plan is subject to the 403(b) provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). 403(b) Plans require universal availability; therefore, participation is not subject to any hours or years of service requirements.

Contributions

The Plan permits eligible employees through a pre-tax salary deferral election to make annual contributions of up to 100 percent of eligible compensation up to current Internal Revenue Service ("IRS") limits. Employee rollover and catch-up contributions are also permitted. The Plan allows for special code Section 403(b) catch-up contributions for those participants with 15 years of service.

Plan Expense Reimbursements

The Plan has a reimbursable fee agreement in place with the Trustee. Using quarter-end balances and fund revenue sharing payment amounts for the preceding year, the Trustee will determine the estimated total amount of fund revenue that was received by investments in the Plan. After comparing the revenue received (adjusted by any additional credits or charges already being applied to the Plan assets) to the required revenue to administer the Plan, the Trustee will determine if any excess or shortfall in revenue occurred. If there was an excess in revenue from investments (revenue received was more than the required revenue to administer the Plan), the Medical Center directs the Trustee to credit the excess revenue to all participant accounts on a pro-rata basis based on participant account balances. If there was a shortfall in revenue, (revenue received was less than the required revenue to administer the Plan), the Medical Center directs the Trustee to withdraw the amount from the Plan’s unallocated assets or participant balances.

Participant Investment Account Options

Each participant has the option of directing contributions into any of the investment account options selected by the Medical Center and may change the allocation to the extent permitted by the individual agreements. The Plan currently offers several different mutual funds, a self-directed account and a guaranteed interest contract as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The Plan provides benefits based

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

solely upon the amount contributed to the participant's account and any income, expenses, or gains and losses on investments, which may be allocated to such participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus earnings thereon.

Payment of Benefits

Upon termination of service or if the participant becomes disabled, a participant may elect to receive either a lump-sum amount equal to the value of his account, an annuity contract (if assets are held in a custodial account) or converted to an income option (if assets are invested in an annuity contract). A participant may elect to receive a distribution of his rollover contributions at any time. Withdrawals other than for termination are permitted under circumstances provided by the Plan. At December 31, 2022 and 2021, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant’s loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings, unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Note 2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 2. Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Self-Directed Accounts

The Charles Schwab Personal Choice Retirement account holds investments which are not standard options of the Plan as directed by participants, which consists of mutual funds and common stocks.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Plan to the extent not paid by the Medical Center.

Note 3. Investments Certified and Provided by Trustees

Information related to net assets disclosed in the accompanying financial statements and supplemental schedule held at December 31, 2022 and 2021, and net depreciation fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street Bank and Trust Company ("Trustee"), the trustee and custodian of the Plan, and Transamerica Financial Life Insurance Company, Inc. ("Transamerica"), the record keeper of the Plan. The contract value of the guaranteed investment contract was certified by the Trustee.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, on a recurring basis. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Mutual funds*:* Valued at the daily closing price as reported by the fund or individual common stock holdings within the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

- Self-directed brokerage account: Consists of common stocks and mutual funds. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the NAV of shares held by the Plan at year-end (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

Note 4. Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 34,927,522	$ -	$ -	$ 34,927,522
Self-directed account	1,596,780	-	-	1,596,780
	$ 36,524,302	$ -	$ -	$ 36,524,302

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 43,385,907	$ -	$ -	$ 43,385,907
Self-directed account	2,115,237	-	-	2,115,237
	$ 45,501,144	$ -	$ -	$ 45,501,144

Note 5. Guaranteed Investment Contracts

In 2006, the Plan entered into a fully benefit-responsive investment contract with Transamerica Financial Life Insurance Company, Inc. ("TFLIC"). TFLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

NOTES TO FINANCIAL STATEMENTS

Note 5. Continued

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The value of the traditional investment contract at December 31, 2022 and 2021, was $1,212,718 and $898,954, respectively.

Note 6. Related Party Transactions and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid $121,720 in administrative expenses during 2022. The Plan paid $80,964 of recordkeeping fees to Transamerica during 2022 with the remaining amount paid to various service providers during 2022. The Medical Center provides certain administrative services at no cost to the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Medical Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, the net assets of the Plan are to be set aside for the participants' benefits.

Note 8. Income Tax Status

The Plan has not requested or obtained a determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is, therefore, not subject to tax.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	$ 38,024,238	$ 46,790,788

Participant Contributions Receivable	-	1,062
Net assets available for benefits per the Form 5500	$ 38,027,351	$ 46,795,912

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	$ 8,766,550
Activity related to loans	2,011
Net decrease in net assets available for benefits per the Form 5500	$ 8,768,561

Note 11. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through October 4, 2023, the date the financial statements were available to be issued.
