SCHEDULE H (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection
For calendar plan year 2022 or fiscal plan year beginning <u>01/01/2022</u> and ending <u>12/31/2022</u>		
A Name of plan <u>TMNA, INC. 401(K) PLAN</u>	B Three-digit plan number (PN) ►	001
C Plan sponsor's name as shown on line 2a of Form 5500 <u>TOKIO MARINE NORTH AMERICA INC.</u>	D Employer Identification Number (EIN) <u>45-2682016</u>	

Part I	Asset and Liability Statement
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.	
Assets	(a) Beginning of Year (b) End of Year
a Total noninterest-bearing cash.....	1a 0 0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **39-0859910**

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection.
For calendar plan year 2022 or fiscal plan year beginning 01/01/2022 and ending 12/31/2022		
A Name of plan TMNA, INC. 401(K) PLAN		B Three-digit plan number (PN) ► 001
C Plan sponsor's name as shown on line 2a of Form 5500 TOKIO MARINE NORTH AMERICA INC.		D Employer Identification Number (EIN) 45-2682016
Part I	Distributions	
All references to distributions relate only to payments of benefits during the plan year.		
1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....		1
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 04-6568107		
Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....		3

Independent Auditors' Report

To the Participants and Plan Administrator of
Tokio Marine North America, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Tokio Marine North America, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 11, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

End of year	<u>\$ 582,776,736</u>	<u>\$ 704,329,368</u>

The accompanying notes are an integral part of the financial statements.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan:

General:

Tokio Marine North America, Inc. 401(k) Savings Plan (the “Plan”), established in 2012, is a defined contribution plan which provides eligible employees of TM Claims Service, Inc., Tokio Marine Management, Inc., Maguire Insurance Agency, Inc., TMNA Services, LLC, and First Insurance Company of Hawaii, Ltd. (collectively the “Company”) with long-term savings and investment opportunities, and the opportunity to share in the profits of the Company. The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

Eligibility:

Employees, with the exception of those with circumstances as described within the Plan Document, are eligible to participate in the Plan when they have attained the age of 21 and have completed 30 days of service from the date of hire. On November 1, 2022, the Company retroactively amended the Plan to remove the 30 day eligibility requirement.

Participant and Employer Contributions:

The Plan allows participants to contribute up to a maximum of 75% of their compensation. The Company matches participant contributions (“Employer Safe Harbor Contributions”) at a rate of 100% of the first 4% of eligible compensation, and 50% of the next 2% of eligible compensation, as detailed in the plan document. The Company remits its matching contributions to the Plan on a bi-weekly basis consistent with the remittance of participant contributions to the Plan. In addition, the Company may make discretionary matching contributions (collectively “Employer Contributions”). There were no discretionary matching contributions in 2022 or 2021.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employer Profit Sharing Contributions:

The Company's Board of Directors, at its discretion, determines the amount of the profit sharing contributions (“Employer Profit Sharing Contributions”) to the Plan for each plan year from the Company's current or accumulated profits. The Employer Profit Sharing Contributions are allocated to participants ratably based on the ratio of each participant’s compensation, as defined, to the total participants’ compensation. There were no Employer Profit Sharing Contributions made to the Plan in 2022 or 2021.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) Employer Contributions, (b) Employer Profit Sharing Contributions, and (c) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Automatic Enrollment:

All new employees are automatically enrolled in the Plan on their date of hire provided they are over age 21. Participants have the option of declining their automatic enrollment in the Plan at this time. Participants who are automatically enrolled in the Plan contribute 3% of their eligible compensation to the Plan, which is automatically invested in the Vanguard Target Retirement Fund that most closely aligns with their projected retirement date based upon their birth year. These participants who are automatically enrolled in the Plan also become part of the Annual Increase Program, which automatically increases each participant’s contributions by 1% on April 1st during each plan year up to a maximum of 6% of compensation.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Vesting:

Participants are vested immediately in their contributions and earnings therein. Participants are 100% vested in the Employer Contributions portion of their accounts after two years of continuous credited service, with the exception of Employer Safe Harbor Contributions, which participants are 100% vested when the contributions are made. Vesting credit is earned based on the number of years that participants have worked for the Company. Participants vest in the Employer Profit Sharing Contributions and earnings at a rate of 25% a year and are 100% vested in these contributions after four years of continuous credited service.

Without regard to a participant's years of service, each participant shall be 100% vested at the earliest of the following:

- a. death while an active employee,
- b. total disability while an active employee, or
- c. attainment of normal retirement age while an active employee.

Generally, vesting under the Plan is based upon the elapsed time method whereby periods of service are computed for vesting. A period of service is determined based on the time a participant works for the Company. Only whole years of service with the Company are counted to compute years of service for vesting purposes. The measurement period for determining a participant's years of service is generally based upon the date of employment with the Company.

Forfeitures:

If a participant is not 100% vested at the termination of their employment, the nonvested portion of the participant's account will be forfeited. Forfeitures are retained in the Plan and may be used to reduce future Employer Contributions. As of December 31, 2022 and 2021, the balance in the forfeiture account amounted to \$193,006 and \$266,851, respectively. During the years ended December 31, 2022 and 2021, Employer Contributions were reduced by \$334,234 and \$275,451, respectively.

Notes Receivable from Participants:

The Plan has loan provisions, which permit participants to borrow from their account in the Plan based upon the following guidelines:

- A minimum amount of \$1,000 and a maximum amount of 50% of the participant's vested account balance up to a limit of \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. Only one outstanding loan is permitted at any time. Loans may be repaid by either payroll deductions or lump sum payments;
- The interest rate on a loan shall be determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances and would remain fixed throughout the duration of the loan;
- Interest paid on loans is credited to the participant's account; and
- Loans are repaid over a period not to exceed five years unless the loan is for the purchase or construction of a participant's primary residence, in which case the repayment period may be extended.

Fidelity BrokerageLink Investments Fees:

The Fidelity BrokerageLink ("BrokerageLink") is a self-directed brokerage investment option allowing participants to establish a brokerage account with Fidelity Management Trust Company ("Trustee"). This option provides participants the opportunity to select from a wide array of securities. An annual account fee of \$100 is charged to participants who invest via BrokerageLink. Additionally, the investment options available through BrokerageLink have associated fees paid for by the Company.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Termination:

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue Employer Contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their Employer Contributions and Employer Profit Sharing Contributions, and the net assets of the Plan will be distributed in accordance with the regulations of ERISA.

Note 2 – Asset Transfers

During 2021, one employee transferred to the Company from Privilege Underwriters, Inc., an affiliate of the Company. As a result, assets totaling \$152,787 were transferred into the Plan from the Privilege Underwriters Inc. 401(k) Plan on September 16, 2021.

Note 3 - Summary of Significant Accounting Policies:

Basis of Accounting:

The Company maintains the Plan's accounting records and prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and the differences could be material.

Investment Value and Income Recognition:

Investments are reported at fair value in accordance with American Standards Codification ("ASC") 820, *Fair Value Measurement* ("ASC 820"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. The investment in the common collective trust is valued at net asset value. Shares of registered investment companies and money market funds are valued at the net asset value of shares held by the Plan at year end. Investments in self-directed brokerage investments are stated at the fair value of the individual underlying brokerage account investments. Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments:

Benefit payments to participants are recorded when paid.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Administrative Services, Expenses, and Revenue-Sharing:

Administrative services are provided to the Plan by the Company at no cost to the Plan. The value of these services has not been recorded in the financial statements of the Plan. Trustee, recordkeeping, and loan fees are paid by the Plan. Investment related expenses are included in net appreciation or depreciation in the fair value of the investments.

The Company has a revenue-sharing arrangement with Fidelity under which Fidelity shares administrative revenue in excess of the contractually agreed upon recordkeeping rate with the Plan. This revenue is maintained in a separate ERISA account and first used to offset administrative expenses. Any income in excess of administrative expenses may be used to pay other plan expenses (i.e. consultant/auditor/legal) or can be shared back to participants. During the years ended December 31, 2022 and 2021, administrative expenses before revenue sharing income offset were \$41,114 and \$191,462, respectively. During the years ended December 2022 and 2021, revenue sharing income was \$463,696 and \$356,633, respectively, of which \$41,114 and \$191,462 was used to offset administrative expense, respectively. Revenue sharing income is reported in other income in the Statements of Changes in Net Assets Available for Benefits.

Note 4 – Certified Financial Data:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator has received certification of investment amounts from the Trustee in accordance with the applicable section of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment and investment income amounts included in the Statements of Net Assets Available for Benefits, the Statements of Changes in Net Assets Available for Benefits and the accompanying Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 were derived from information certified as complete and accurate by the Trustee and were not subject to audit procedures. The certified amounts in the accompanying financial statements and supplemental schedule include the following:

<u>Statements of Net Assets Available for Benefits:</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Investments at fair value	\$ 575,568,332	\$ 696,615,286
Notes receivable from participants	6,228,231	6,829,308
 <u>Statements of Changes in Net Assets Available for Benefits:</u>	 <u>December 31, 2022</u>	 <u>December 31, 2021</u>
Net (depreciation)/appreciation in the fair value of investments	\$ (152,276,408)	\$ 52,981,407
Interest and dividends	26,178,051	34,998,823
Interest income on notes receivable from participants	305,051	326,169
Other income	463,696	356,633

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Note 5 – Fair Value Measurements:

The Plan determines fair value following a consistent framework, which prioritizes the quality of inputs used when measuring items at fair value in accordance with ASC 820.

As of December 31, 2022 and 2021, the Plan's financial assets, which are required to be measured at fair value on a recurring basis, consisted of registered investment companies, a money market fund, self-directed brokerage investments, and a common collective trust. As of December 31, 2022 and 2021, the Plan does not have any financial liabilities that are required to be measured at fair value on a recurring basis. The Plan does not have any other assets or liabilities that are required to be measured at fair value on a recurring or non-recurring basis.

Fair Value Hierarchy:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation model are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Recurring Fair Value Measurements:

The following is a description of the Plan's recurring fair value measurements and categorization of the inputs used in the recurring fair value measurements of its financial assets included in its Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021:

Registered Investment Companies – The Plan's investments in registered investment companies consist of registered investment companies which pool the capital of many investors and invest it in stocks, bonds, short-term money market instruments, and/or other securities. The registered investment companies issue shares representing an undivided proportionate interest in its pool of securities. The registered investment company's net asset value ("NAV") is calculated as of the close of business of the New York Stock Exchange ("NYSE"). When calculating the registered investment company's NAV, portfolio securities for which market quotations are readily available are generally valued at their market value, which typically is the last quoted sales price at the time of valuation. Since the NAV is determined using quoted prices in an active market and the registered investment companies are traded on an active exchange, the Plan classifies the fair value measurement of its registered investment company investments within Level 1 of the fair value hierarchy.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Common Collective Trust – The Plan’s investment in the common collective trust is valued at the NAV of participation units owned by the Plan at year end. The NAV, which is based on the fair value of the underlying investments held by the trust less its liabilities, is used by the Plan as a practical expedient to estimate fair value, and is therefore not included within the fair value hierarchy. This practical expedient would not be used if it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV.

Self-Directed Brokerage Investments – The Plan’s self-directed brokerage investments consist primarily of registered investment companies, common stocks, money market funds, exchange-traded funds and preferred stocks. Since the fair value of these investments is determined using quoted prices in an active market, the Plan classifies the fair value measurements of these investments within Level 1 of the fair value hierarchy.

The following tables represent the Plan’s fair value hierarchy for all assets measured on a recurring basis as of December 31, 2022 and December 31, 2021:

Fair Value Measurements as of December 31, 2022 Utilizing:

<u>Description</u>	Quoted Prices – Active Markets Identical Assets – Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	<u>Total</u>
Registered Investment Companies	\$ 528,485,816	-	-	\$ 528,485,816
Self-Directed Brokerage Investments	12,239,074	-	-	12,239,074
Money Market Fund	<u>15,191,329</u>	<u>-</u>	<u>-</u>	<u>15,191,329</u>
Total Assets in the Fair Value Hierarchy	<u>\$ 555,916,219</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 555,916,219
Investments Measured at NAV as a Practical Expedient ^(a)				\$ 19,652,113
Investments at Fair Value				<u>\$ 575,568,332</u>

Fair Value Measurements as of December 31, 2021 Utilizing:

<u>Description</u>	Quoted Prices – Active Markets Identical Assets – Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	<u>Total</u>
Registered Investment Companies	\$ 650,851,856	-	-	\$ 650,851,856
Self-Directed Brokerage Investments	16,187,879	-	-	16,187,879
Money Market Fund	<u>11,549,496</u>	<u>-</u>	<u>-</u>	<u>11,549,496</u>
Total Assets in the Fair Value Hierarchy	<u>\$ 678,589,231</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 678,589,231
Investments Measured at NAV as a Practical Expedient ^(a)				\$ 18,026,055
Investments at Fair Value				<u>\$ 696,615,286</u>

^(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

The following tables summarize investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2022 and 2021, respectively.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Managed Income Portfolio Class 1	\$ 19,652,113	Not Applicable	Daily	None

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Managed Income Portfolio Class 1	\$ 18,026,055	Not Applicable	Daily	None

Note 6 - Related Party and Party-in-Interest Transactions:

Certain Plan investments are shares of registered investment companies, money market funds, self-directed brokerage investments and common collective trusts managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company, the Trustee as defined by the Plan. Transactions in these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Dividends received by the Plan from investments managed by the Trustee amounted to \$9,694,534 and \$13,002,856 for the years ended December 31, 2022 and 2021, respectively. Fidelity Investments Institution Operations Company, also an affiliate of Fidelity Management Trust Company, performs recordkeeping services for the Plan. Administrative expenses incurred by the Plan and paid to the Trustee amounted to \$41,114 and \$191,462 for the years ended December 31, 2022 and 2021, respectively. Revenue sharing income received by the Plan from the Trustee, which can be used to offset administrative expenses incurred by the Plan, amounted to \$463,696 and \$356,633 for the years ended December 31, 2022 and 2021, respectively.

Note 7 - Tax Status of the Plan:

The Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") states that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of registered investment companies, money market funds, self-directed brokerage investments and the common collective trust. Investment securities are exposed to various risks, such as interest rate, market and credit. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

As of December 31, 2022 and 2021, the Plan had investments of \$62,356,079 and \$93,846,268, respectively, that were concentrated in one fund.

Note 9 - Subsequent Events:

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

There were no other events occurring subsequent to December 31, 2022 requiring disclosure. Subsequent events have been evaluated through September 21, 2023, which is the date the financial statements were available to be issued.

SUPPLEMENTAL SCHEDULE

Independent Auditors' Report

To the Participants and Plan Administrator of
Tokio Marine North America, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Tokio Marine North America, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 11, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of the financial statements.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan:

General:

Tokio Marine North America, Inc. 401(k) Savings Plan (the “Plan”), established in 2012, is a defined contribution plan which provides eligible employees of TM Claims Service, Inc., Tokio Marine Management, Inc., Maguire Insurance Agency, Inc., TMNA Services, LLC, and First Insurance Company of Hawaii, Ltd. (collectively the “Company”) with long-term savings and investment opportunities, and the opportunity to share in the profits of the Company. The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

Eligibility:

Employees, with the exception of those with circumstances as described within the Plan Document, are eligible to participate in the Plan when they have attained the age of 21 and have completed 30 days of service from the date of hire. On November 1, 2022, the Company retroactively amended the Plan to remove the 30 day eligibility requirement.

Participant and Employer Contributions:

The Plan allows participants to contribute up to a maximum of 75% of their compensation. The Company matches participant contributions (“Employer Safe Harbor Contributions”) at a rate of 100% of the first 4% of eligible compensation, and 50% of the next 2% of eligible compensation, as detailed in the plan document. The Company remits its matching contributions to the Plan on a bi-weekly basis consistent with the remittance of participant contributions to the Plan. In addition, the Company may make discretionary matching contributions (collectively “Employer Contributions”). There were no discretionary matching contributions in 2022 or 2021.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employer Profit Sharing Contributions:

The Company's Board of Directors, at its discretion, determines the amount of the profit sharing contributions (“Employer Profit Sharing Contributions”) to the Plan for each plan year from the Company's current or accumulated profits. The Employer Profit Sharing Contributions are allocated to participants ratably based on the ratio of each participant’s compensation, as defined, to the total participants’ compensation. There were no Employer Profit Sharing Contributions made to the Plan in 2022 or 2021.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) Employer Contributions, (b) Employer Profit Sharing Contributions, and (c) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Automatic Enrollment:

All new employees are automatically enrolled in the Plan on their date of hire provided they are over age 21. Participants have the option of declining their automatic enrollment in the Plan at this time. Participants who are automatically enrolled in the Plan contribute 3% of their eligible compensation to the Plan, which is automatically invested in the Vanguard Target Retirement Fund that most closely aligns with their projected retirement date based upon their birth year. These participants who are automatically enrolled in the Plan also become part of the Annual Increase Program, which automatically increases each participant’s contributions by 1% on April 1st during each plan year up to a maximum of 6% of compensation.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Vesting:

Participants are vested immediately in their contributions and earnings therein. Participants are 100% vested in the Employer Contributions portion of their accounts after two years of continuous credited service, with the exception of Employer Safe Harbor Contributions, which participants are 100% vested when the contributions are made. Vesting credit is earned based on the number of years that participants have worked for the Company. Participants vest in the Employer Profit Sharing Contributions and earnings at a rate of 25% a year and are 100% vested in these contributions after four years of continuous credited service.

Without regard to a participant's years of service, each participant shall be 100% vested at the earliest of the following:

- a. death while an active employee,
- b. total disability while an active employee, or
- c. attainment of normal retirement age while an active employee.

Generally, vesting under the Plan is based upon the elapsed time method whereby periods of service are computed for vesting. A period of service is determined based on the time a participant works for the Company. Only whole years of service with the Company are counted to compute years of service for vesting purposes. The measurement period for determining a participant's years of service is generally based upon the date of employment with the Company.

Forfeitures:

If a participant is not 100% vested at the termination of their employment, the nonvested portion of the participant's account will be forfeited. Forfeitures are retained in the Plan and may be used to reduce future Employer Contributions. As of December 31, 2022 and 2021, the balance in the forfeiture account amounted to \$193,006 and \$266,851, respectively. During the years ended December 31, 2022 and 2021, Employer Contributions were reduced by \$334,234 and \$275,451, respectively.

Notes Receivable from Participants:

The Plan has loan provisions, which permit participants to borrow from their account in the Plan based upon the following guidelines:

- A minimum amount of \$1,000 and a maximum amount of 50% of the participant's vested account balance up to a limit of \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. Only one outstanding loan is permitted at any time. Loans may be repaid by either payroll deductions or lump sum payments;
- The interest rate on a loan shall be determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances and would remain fixed throughout the duration of the loan;
- Interest paid on loans is credited to the participant's account; and
- Loans are repaid over a period not to exceed five years unless the loan is for the purchase or construction of a participant's primary residence, in which case the repayment period may be extended.

Fidelity BrokerageLink Investments Fees:

The Fidelity BrokerageLink ("BrokerageLink") is a self-directed brokerage investment option allowing participants to establish a brokerage account with Fidelity Management Trust Company ("Trustee"). This option provides participants the opportunity to select from a wide array of securities. An annual account fee of \$100 is charged to participants who invest via BrokerageLink. Additionally, the investment options available through BrokerageLink have associated fees paid for by the Company.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Termination:

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue Employer Contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their Employer Contributions and Employer Profit Sharing Contributions, and the net assets of the Plan will be distributed in accordance with the regulations of ERISA.

Note 2 – Asset Transfers

During 2021, one employee transferred to the Company from Privilege Underwriters, Inc., an affiliate of the Company. As a result, assets totaling \$152,787 were transferred into the Plan from the Privilege Underwriters Inc. 401(k) Plan on September 16, 2021.

Note 3 - Summary of Significant Accounting Policies:

Basis of Accounting:

The Company maintains the Plan's accounting records and prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and the differences could be material.

Investment Value and Income Recognition:

Investments are reported at fair value in accordance with American Standards Codification ("ASC") 820, *Fair Value Measurement* ("ASC 820"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. The investment in the common collective trust is valued at net asset value. Shares of registered investment companies and money market funds are valued at the net asset value of shares held by the Plan at year end. Investments in self-directed brokerage investments are stated at the fair value of the individual underlying brokerage account investments. Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments:

Benefit payments to participants are recorded when paid.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Administrative Services, Expenses, and Revenue-Sharing:

Administrative services are provided to the Plan by the Company at no cost to the Plan. The value of these services has not been recorded in the financial statements of the Plan. Trustee, recordkeeping, and loan fees are paid by the Plan. Investment related expenses are included in net appreciation or depreciation in the fair value of the investments.

The Company has a revenue-sharing arrangement with Fidelity under which Fidelity shares administrative revenue in excess of the contractually agreed upon recordkeeping rate with the Plan. This revenue is maintained in a separate ERISA account and first used to offset administrative expenses. Any income in excess of administrative expenses may be used to pay other plan expenses (i.e. consultant/auditor/legal) or can be shared back to participants. During the years ended December 31, 2022 and 2021, administrative expenses before revenue sharing income offset were \$41,114 and \$191,462, respectively. During the years ended December 2022 and 2021, revenue sharing income was \$463,696 and \$356,633, respectively, of which \$41,114 and \$191,462 was used to offset administrative expense, respectively. Revenue sharing income is reported in other income in the Statements of Changes in Net Assets Available for Benefits.

Note 4 – Certified Financial Data:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator has received certification of investment amounts from the Trustee in accordance with the applicable section of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment and investment income amounts included in the Statements of Net Assets Available for Benefits, the Statements of Changes in Net Assets Available for Benefits and the accompanying Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 were derived from information certified as complete and accurate by the Trustee and were not subject to audit procedures. The certified amounts in the accompanying financial statements and supplemental schedule include the following:

<u>Statements of Net Assets Available for Benefits:</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Investments at fair value	\$ 575,568,332	\$ 696,615,286
Notes receivable from participants	6,228,231	6,829,308
 <u>Statements of Changes in Net Assets Available for Benefits:</u>	 <u>December 31, 2022</u>	 <u>December 31, 2021</u>
Net (depreciation)/appreciation in the fair value of investments	\$ (152,276,408)	\$ 52,981,407
Interest and dividends	26,178,051	34,998,823
Interest income on notes receivable from participants	305,051	326,169
Other income	463,696	356,633

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Note 5 – Fair Value Measurements:

The Plan determines fair value following a consistent framework, which prioritizes the quality of inputs used when measuring items at fair value in accordance with ASC 820.

As of December 31, 2022 and 2021, the Plan's financial assets, which are required to be measured at fair value on a recurring basis, consisted of registered investment companies, a money market fund, self-directed brokerage investments, and a common collective trust. As of December 31, 2022 and 2021, the Plan does not have any financial liabilities that are required to be measured at fair value on a recurring basis. The Plan does not have any other assets or liabilities that are required to be measured at fair value on a recurring or non-recurring basis.

Fair Value Hierarchy:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation model are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Recurring Fair Value Measurements:

The following is a description of the Plan's recurring fair value measurements and categorization of the inputs used in the recurring fair value measurements of its financial assets included in its Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021:

Registered Investment Companies – The Plan's investments in registered investment companies consist of registered investment companies which pool the capital of many investors and invest it in stocks, bonds, short-term money market instruments, and/or other securities. The registered investment companies issue shares representing an undivided proportionate interest in its pool of securities. The registered investment company's net asset value ("NAV") is calculated as of the close of business of the New York Stock Exchange ("NYSE"). When calculating the registered investment company's NAV, portfolio securities for which market quotations are readily available are generally valued at their market value, which typically is the last quoted sales price at the time of valuation. Since the NAV is determined using quoted prices in an active market and the registered investment companies are traded on an active exchange, the Plan classifies the fair value measurement of its registered investment company investments within Level 1 of the fair value hierarchy.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

Common Collective Trust – The Plan’s investment in the common collective trust is valued at the NAV of participation units owned by the Plan at year end. The NAV, which is based on the fair value of the underlying investments held by the trust less its liabilities, is used by the Plan as a practical expedient to estimate fair value, and is therefore not included within the fair value hierarchy. This practical expedient would not be used if it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV.

Self-Directed Brokerage Investments – The Plan’s self-directed brokerage investments consist primarily of registered investment companies, common stocks, money market funds, exchange-traded funds and preferred stocks. Since the fair value of these investments is determined using quoted prices in an active market, the Plan classifies the fair value measurements of these investments within Level 1 of the fair value hierarchy.

The following tables represent the Plan’s fair value hierarchy for all assets measured on a recurring basis as of December 31, 2022 and December 31, 2021:

Fair Value Measurements as of December 31, 2022 Utilizing:

<u>Description</u>	Quoted Prices – Active Markets Identical Assets – Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	<u>Total</u>
Registered Investment Companies	\$ 528,485,816	-	-	\$ 528,485,816
Self-Directed Brokerage Investments	12,239,074	-	-	12,239,074
Money Market Fund	<u>15,191,329</u>	<u>-</u>	<u>-</u>	<u>15,191,329</u>
Total Assets in the Fair Value Hierarchy	<u>\$ 555,916,219</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 555,916,219
Investments Measured at NAV as a Practical Expedient ^(a)				\$ 19,652,113
Investments at Fair Value				<u>\$ 575,568,332</u>

Fair Value Measurements as of December 31, 2021 Utilizing:

<u>Description</u>	Quoted Prices – Active Markets Identical Assets – Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	<u>Total</u>
Registered Investment Companies	\$ 650,851,856	-	-	\$ 650,851,856
Self-Directed Brokerage Investments	16,187,879	-	-	16,187,879
Money Market Fund	<u>11,549,496</u>	<u>-</u>	<u>-</u>	<u>11,549,496</u>
Total Assets in the Fair Value Hierarchy	<u>\$ 678,589,231</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 678,589,231
Investments Measured at NAV as a Practical Expedient ^(a)				\$ 18,026,055
Investments at Fair Value				<u>\$ 696,615,286</u>

^(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

The following tables summarize investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2022 and 2021, respectively.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Managed Income Portfolio Class 1	\$ 19,652,113	Not Applicable	Daily	None

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Managed Income Portfolio Class 1	\$ 18,026,055	Not Applicable	Daily	None

Note 6 - Related Party and Party-in-Interest Transactions:

Certain Plan investments are shares of registered investment companies, money market funds, self-directed brokerage investments and common collective trusts managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company, the Trustee as defined by the Plan. Transactions in these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Dividends received by the Plan from investments managed by the Trustee amounted to \$9,694,534 and \$13,002,856 for the years ended December 31, 2022 and 2021, respectively. Fidelity Investments Institution Operations Company, also an affiliate of Fidelity Management Trust Company, performs recordkeeping services for the Plan. Administrative expenses incurred by the Plan and paid to the Trustee amounted to \$41,114 and \$191,462 for the years ended December 31, 2022 and 2021, respectively. Revenue sharing income received by the Plan from the Trustee, which can be used to offset administrative expenses incurred by the Plan, amounted to \$463,696 and \$356,633 for the years ended December 31, 2022 and 2021, respectively.

Note 7 - Tax Status of the Plan:

The Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") states that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of registered investment companies, money market funds, self-directed brokerage investments and the common collective trust. Investment securities are exposed to various risks, such as interest rate, market and credit. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

Notes to Financial Statements

As of December 31, 2022 and 2021, the Plan had investments of \$62,356,079 and \$93,846,268, respectively, that were concentrated in one fund.

Note 9 - Subsequent Events:

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

There were no other events occurring subsequent to December 31, 2022 requiring disclosure. Subsequent events have been evaluated through September 21, 2023, which is the date the financial statements were available to be issued.

SUPPLEMENTAL SCHEDULE

TOKIO MARINE NORTH AMERICA, INC. 401(k) PLAN

**Schedule of Assets (Held at End of Year)
As of December 31, 2022**
