Plan Participants and Board of Directors
IEC Electronics 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of IEC Electronics 401(k) Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 11, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to July 11, 2022, and the related notes to the financial statements (collectively, financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of July 11, 2022 and December 31, 2021, and for the period from January 1, 2022 to July 11, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

IEC ELECTRONICS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
JULY 11, 2022 AND DECEMBER 31, 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the IEC Electronics (Company) 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all employees of the Company who had attained the age of 21, except for leased employees, temporary employees, residents of Puerto Rico, and employees covered by a collective bargaining agreement. Initial enrollment was available on the first payroll period after reaching eligibility. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Board of Directors was responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

In October 2021, the Company was acquired by Creation Technologies, Inc. Effective July 11, 2022, the Plan's Board of Directors terminated the Plan and merged the Plan into the Creation Technologies 401(k) Plan.

Contributions

Each year, participants could contribute up to 60% of pretax annual compensation, as defined in the Plan agreement. Participants had the option of contributing a percentage of their taxable compensation as a Roth contribution. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. If an employee became a participant in the Plan under the automatic enrollment rules, the participant's salary deferral contribution percentage was automatically increased each year by an additional 1% (up to a maximum of 10%), unless the employee elected to have a different contribution percentage applied.

Discretionary matching contributions may have been made on behalf of qualified participants who made a pretax or Roth contribution to the Plan during the year. The Company elected to match 50% of a participant's elective deferral contribution limited to 4% of eligible compensation. The Company may have also made discretionary nonelective contributions to qualified participants who were employed on the last day of the Plan year. During the period from January 1, 2022 to July 11, 2022, the Company made matching contributions totaling \$308,877 and no nonelective contributions

Participants directed the investment of their contributions into various investment options offered by the Plan. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Participant Accounts

Each participant's account was credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's nonelective contributions and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and nonelective portions of their accounts was based on years of continuous service. A participant was 100% vested after three years of credited service.

Notes Receivable from Participants

Participants could have borrowed from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. The loan interest rate was set at 1% above the prime rate, as defined. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with the Plan agreement. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

Forfeited nonvested accounts could have been used to pay administrative expenses of the Plan or to reduce the Company's future contributions to the Plan. At July 11, 2022 and December 31, 2021, forfeited nonvested accounts totaled \$0 and \$29,467, respectively. For the period from January 1, 2022 to July 11, 2022, \$19,498 of forfeited nonvested accounts were used to reduce Company matching contributions and \$716 was used to pay administrative expenses of the Plan. Approximately \$24,000 of forfeited nonvested accounts were included in the Plan assets merged into the Creation Technologies 401(k) Plan (See Note 6).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan were prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Directors determined the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of July 11, 2022 and December 31, 2021. If a participant did not make loan repayments and the Plan Administrator considered the participant loan to be in default, the loan balance was reduced, and the delinquent participant note receivable was recorded as a benefit payment based on the terms of the Plan document. Deemed distributions resulting from delinquent participant loans totaled \$29,438 for the period from January 1 to July 11, 2022 and are included in benefits paid to participants on the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net depreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated through October 2, 2023, the date that the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Fidelity Management Trust Company (Fidelity MTC), a qualified institution, has certified that the following information included in the financial statements is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of July 11, 2022 and December 31, 2021.
- Interest and dividends, interest on notes receivable from participants, and depreciation in fair value of investments as shown in the accompanying statement of changes in net assets available for benefits for the period from January 1, 2022 to July 11, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to the certified investment information, except for comparing such information to the related information included in the financial statements.

NOTE 4 - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 - FAIR VALUE MEASUREMENTS, CONTINUED

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 11, 2022 and December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the U.S. Securities and Exchange Commission. These funds were required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient was not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may have occurred daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 11, 2022 and December 31, 2021:

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Fidelity MTC and a related entity, Fidelity Investments Institutional (Fidelity Institutional). Fidelity MTC was the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Institutional for investment management, recordkeeping, and transaction processing services amounted to \$53,058 for the period from January 1, 2022 to July 11, 2022.

These party-in-interest transactions were exempt from the prohibited transaction rules of ERISA.

NOTE 6 - PLAN TERMINATION

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

As stated in Note 1, the Company was acquired by Creation Technologies, Inc. in October 2021. In July 2022, the assets of the Plan were merged into the Creation Technologies 401(k) Plan and the Plan was terminated.

NOTE 7 - TAX STATUS OF PLAN

The Plan adopted a non-standardized form of a pre-approved plan sponsored by FMR, LLC. The pre-approved plan has received an opinion letter from the IRS as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan was designed and operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE 7 - TAX STATUS OF PLAN, CONTINUED

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of July 11, 2022 and December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator has no reason to believe the Form 5500 is subject to examination for years prior to 2019.
