Independent Auditors' Report

To the Participants and Plan Administrator of
Glazer's, Inc, Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Glazer's, Inc, Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the forms and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan

General

Glazer's, Inc. Profit Sharing Plan and Trust (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on September 1, 1955, covering substantially all employees of Glazer's, Inc. and its affiliates (the Company or Plan Administrator). The Plan's trustee is Fidelity Management Trust Company (the Trustee or Fidelity). Fidelity Workplace Services, LLC serves as the record-keeper of the Plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

Employees become eligible for participation upon 30 days of service and attaining the age of twenty-one as defined by the plan document. Participants may enter the Plan on the first day of each month after meeting the eligibility requirements. Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Company discretionary matching contributions, and an allocation of plan earnings or losses, and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding investments on a daily basis.

Contributions

The Plan is funded through participant elective deferrals and Company contributions. A participant may elect to contribute between 1% to 92% of his or her pre-tax annual compensation, which is subject to maximum limitations imposed by the Internal Revenue Code (IRC) of \$20,500 for 2022. Participants who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC of \$6,500 for 2022. Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted. The Plan has an automatic enrollment feature. Unless participants otherwise enroll or specifically decline to contribute, certain eligible participants are automatically enrolled at 2% of employee compensation, upon meeting eligibility requirements. Automatic-enrollment percentages are increased by 1% for each additional year of service on November 3rd of each year, to a maximum of 6%.

The Plan also allows for Company discretionary matching contributions in amounts to be determined by the Company. Company contributions are made on a pay period basis and are trued-up after year-end based on compensation for the Plan year. To receive such contributions, a participant must be participating in the Plan and employed on the last day of the Plan year. For the 2022 plan year, the Company elected to contribute a matching contribution of 4% of a participant's contribution up to 4% of the participant's eligible compensation to the Plan.

Vesting

Participants are immediately vested in rollover contributions, participant contributions, after-tax contributions and any earnings thereon. Vesting of Company discretionary matching contributions and earnings thereon is based on years of continuous service. Participants vest 20% per year beginning after one year of service and are 100% vested after five years or upon occurrence of the participant's retirement, death or disability, as defined by the plan document.

Glazer's, Inc. Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Forfeitures

Forfeitures of terminated Participants' nonvested accounts are used to reduce Company discretionary matching contributions or to pay plan expenses. At December 31, 2022 and 2021, forfeited nonvested accounts available totaled \$13,014 and \$18,511, respectively. These amounts are reported as a component of net assets available for benefits. During 2022, no forfeitures were utilized to reduce administrative expenses, and \$131,388 of forfeitures were used to reduce Company discretionary matching contributions.

Revenue Sharing

The Plan has a revenue sharing account, which is funded by the Trustee. Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. For the year ended December 31, 2022, revenue sharing contributions to the Plan totaled \$50,000, which is recorded as other income on the Statement of Changes in Net Assets Available for Benefits. At December 31, 2022 and 2021, there were \$9,550 and \$114,939, respectively, of revenue sharing account balances available. For the year ended December 31, 2022, revenue sharing funds of \$40,624 were used to pay administrative expenses and \$114,939 were allocated back to the participants.

Benefits Paid to Participants

Upon normal retirement age, age 59 ½, death, disability, or termination, a participant's benefits may be payable in periodic installments, direct rollovers, and/or lump-sum amounts equal to 100% of the participant's vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Such withdrawals are subject to meeting hardship guidelines established by the Internal Revenue Service (IRS). Participants with vested account balances greater than \$5,000 may defer their distributions to a later date. Participant account balances less than \$5,000, upon termination, may be rolled over to an individual retirement account or, if less than \$1,000, directly to the participant by the Company.

Investment Options

The Plan provides for participants to direct both participant and Company discretionary matching contributions into a variety of mutual funds of registered investment companies and a money market fund in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the plan website for additional fund information.

Notes Receivable From Participants

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the IRS. A participant may only have two notes receivable outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period may not exceed ten years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2022 have interest rates ranging from 5.25% to 8.25% and maturity dates from January 2023 through August 2031. Notes receivable from participants as of December 31, 2021 have interest rates ranging from 5.25% to 7.50% and maturity dates from January 2022 through December 2031.

Notes to Financial Statements

December 31, 2022 and 2021

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid for by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested, subject to payment of liquidation costs and expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with Accounting Standards Codification (ASC) 820, the following valuation methodologies were used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds of registered investment companies are valued at net asset value (NAV) or quoted market prices of shares held by the Plan at year-end.

The money market fund is valued at cost of \$1 per unit, which represents the NAV at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

5. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by an affiliate of the Trustee; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, concentration, market and credit risk. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Tax Status

The Plan is based on a non-standardized preapproved profit sharing plan with CODA plan developed by FMR LLC which received a favorable advisory letter dated June 30, 2020, from the IRS stating that the preapproved plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Delinquent Participant Contributions

During 2022 and 2021, participant withholdings in the amounts of \$222 and \$85, respectively, were unintentionally late in being transferred to the Plan. The Company corrected these remittances during 2022, and in conjunction with the corrections, lost earnings and interest were calculated using the DOL guidelines for late deposits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 143,890,538	\$ 191,676,374
Less company contributions receivable	(91,732)	(30,672)
Less participant contributions receivable	<u>(111,585)</u>	<u>-</u>
Net assets available for benefits per Form 5500	<u>\$ 143,687,221</u>	<u>\$ 191,645,702</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (47,785,836)
Add prior year Company contributions receivable	30,672
Less current year Company contributions receivable	(91,732)
Less current year participant contributions receivable	<u>(111,585)</u>

10. Subsequent Events

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through October 6, 2023, the date the financial statements were issued, and determined there were no other , events or transactions, other than noted below, that would impact our financial statements for the year ended December 31, 2022, except as follows:

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

The Plan was amended and restated effective September 30, 2023, to include two additional participating employers, Premier Glazer's Beer & Beverage, LLC and Premier-Midwest Beer & Beverage, LLC.
