INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Novel Healthcare Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Novel Healthcare Services 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Novel Healthcare Services 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- *the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.*
- *the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).*

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Novel Healthcare Services 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the

design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Novel Healthcare Services 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- *Exercise professional judgment and maintain professional skepticism throughout the audit.*
- *Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.*
- *Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Novel Healthcare Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.*
- *Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.*
- *Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Novel Healthcare Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.*

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- *the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*
- *the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).*

Note 1 – Description of the Plan

The following description of the Novel Healthcare Services 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Novel Healthcare Services Inc. ("the Employer"), who are not covered by a collective bargaining agreement which includes retirement benefits, and who are not Non Resident Aliens (NRI's), have completed six months of service and are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and up to the maximum limit prescribed by the law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan provides that each year the Employer may make discretionary matching, safe harbor matching and discretionary profit sharing contributions at the option of the Employer's management. Contributions are subject to certain limitations.

Investment Options
Upon enrollment in the Plan, a participant may direct contributions in any of the available investment options. These investment options are comprised of a variety of mutual funds. Each of these investment vehicles has a distinct investment strategy, allowing adequate selection for participants wishing to thoroughly diversify their portfolios. Participants may change their investment options and their contribution percentages at any time.

Participant Accounts
Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of Plan earnings(losses) and charged with an allocation of Plan expenses. Allocations of Plan earnings and expenses are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon as well as any safe harbor matching contributions made by the employer. Vesting in the Employer's profit sharing contributions is based on years of continuous service, a participant is 100% vested after five years of credited service.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant (or beneficiary in case of death) may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum or direct rollover distributions.

Forfeited Accounts
Forfeitures are retained in the Plan and can be used to reduce future employer contributions or pay plan expenses. At December 31, 2022 and 2021, there was no balance in the forfeiture account. In 2022 and 2021, the Plan applied $0 in forfeited accounts to reduce employer contributions or to pay plan expenses.

Note 1 – Description of the Plan, continued

Notes Receivable from Participants
Participants may borrow from their account balances a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Participants are allowed to have one outstanding loan. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. Loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest determined at the time the loan is made. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses
All Plan administrative expenses are paid by the Plan Sponsor with the exception of participant-initiated charges which include withdrawal activity charges, charges to set up an annuity or installment payments, and any other specific activity charges for withdrawals which are charged to the individual participant's account. The Sponsor, Novel Healthcare Services paid audit fees of $11,500 in 2022 which are excluded from these financial statements.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Plan Administration
The Plan is administered by the Company's owners. The owners supervise the administration and enforcement of the Plan. The owners are also employees of the Company.

Note 2 – Summary of Significant Accounting Policies

Date of Management's Review
Subsequent events were evaluated through September 22, 2023, which is the date the financial statements were available to be issued.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and the changes in those net assets in accordance with accounting principles accepted in the United States of America.

Investment Valuation and Income Recognition
Mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Investment earnings are recorded on the accrual basis. Benefits are recorded when paid. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based on the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies, continued

Payment of Benefits
Benefits are recorded when paid.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market methods, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820), Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified or contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

> *Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.*

Note 3 – Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value:

December 31, 2022	*Level 1*	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 923,715	$ -	$ -	$ 923,715
Total	$ 923,715	$ -	$ -	$ 923,715

Mutual funds	1,063,364	-	-	1,063,364
Total	$ 1,063,364	$ -	$ -	$ 1,063,364

Note 4 – Information Prepared and Certified by the Trust Administrator

Consistent with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the independent auditors not to audit the information certified as complete and accurate by the Plan's trust administrator. The investment information as of December 31, 2022 and 2021 was certified by Capital Bank and Trust Company.

The value of investments as reported by the trust administrator is summarized as follows:

	2022	*2021*
Mutual funds	$ 923,715	$ 1,063,364
	$ 923,715	$ 1,063,364

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2022	*2021*
Net appreciation (depreciation) from mutual funds	$ (197,293)	$ 43,301
Earnings from interest and dividends	27,568	78,404
	$ (169,725)	$ 121,705

Note 5 – Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 – Party-in-Interest Transactions

Plan investments are funds managed by the trust administrator, Capital Bank and Trust Company. Such transactions qualify as party-in-interest transactions and are reported on the Schedule of Assets (Held at End of Year), as part of the financial statements.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 – Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Note 9 – Delinquent Participant Contributions

As reported on Schedule H, line 4a, Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, certain participant contributions were not remitted timely to the trust, thus constituting nonexempt transactions between the Plan and the Company. The contributions were remitted during 2022, but the lost earnings were remitted subsequent to year end through the IRS self-correction program.

Note 10 – Subsequent Events

In accordance with FASB ASC855, "Subsequent Events", the Company has evaluated events or transactions occurring after December 31, 2022 through September 22, 2023, the date these financial statements were available to be issued.
