Lewis & Clark College Defined Contribution Retirement Plan
and Tax Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lewis & Clark Defined Contribution Retirement Plan and Tax Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedules Required by ERISA

The supplemental schedules, as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lewis & Clark College Defined Contribution Retirement Plan and Tax Deferred Annuity Plan

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan

The following description of the Lewis & Clark College Defined Contribution Retirement Plan and Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) plan with both a defined contribution account and an employee elective deferral account established by Lewis & Clark College (the College). The Plan covers substantially all employees of the College and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the requirements of Section 403(b) of the Internal Revenue Code (IRC). The College is the sponsor and administrator of the Plan. The Audit Committee of the College's Board of Trustees is responsible for oversight of the Plan and has delegated operational administration of the Plan to the College's Retirement Plan Committee. Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) are collectively the Insurance Company of the Plan. The Insurance Company provides recordkeeping services for the Plan.

Eligibility

All employees, regardless of hours worked, are eligible to make salary deferral contributions to the Plan. Regular faculty and staff with an appointment of 0.5 full time equivalent or greater are eligible to receive employer contributions after completing one year of service, as defined by the Plan, and attaining 21 years of age.

Contributions

Participant contributions. Employees are automatically enrolled in the Plan with contributions equal to 3% of eligible compensation until the employee elects to not participate in the Plan or changes their deferral percentage. Contributions to the Plan are made through employee deferrals on earned compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants who have 15 years of service or more with a qualified organization, as defined, are permitted to make special 403(b) catch-up contributions. Participants may contribute, on a tax-deferred or after-tax basis, up to the annual limitations as prescribed by the Internal Revenue Service (IRS). Participants may also make rollover contributions representing distributions from other qualified plans.

Employer contributions. Discretionary contributions are made at a rate set at the sole discretion of the College as of the effective date. The rate was 9% of eligible compensation for the plan years ended December 31, 2022 and 2021.

Contributions are subject to regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting and Forfeited Accounts

Participants are immediately vested in their contributions and the College's contributions plus actual earnings thereon. As participants are immediately vested in their accounts, the Plan has no forfeitures.

Plan Loans

Prior to January 1, 2019, participants were allowed to borrow from the Insurance Company a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their elective deferral account balance, subject to the rules of the individual agreements with TIAA and CREF. The participant was required to transfer funds equal to the amount of the loan plus 10% into the TIAA Traditional Annuity account for use as collateral on the loan. These loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by TIAA and CREF. These funds are restricted with respect to withdrawals and transfers while the loan is outstanding. The maximum loan term is five years unless it qualifies as a home loan for the purchase of a primary residence, in which case the term of the loan is not to exceed ten years. Principal and interest payments are made monthly or quarterly by the participant directly to TIAA and CREF. As of December 31, 2022, the rates of interest on outstanding loans ranged from 4.22% - 5.18% with various maturities through April 2027. The loans themselves are not reported assets of the Plan. The total collateral included in the Plan assets was approximately \$8,000 and \$28,000 at December 31, 2022 and 2021, respectively. The collateral balances held on defaulted loans are segregated into the defaulted plan loan account, which is invested in the TIAA Traditional Annuity account and no longer accessible by the participant. As of January 1, 2019, the Plan converted to utilizing participant loans rather than plan loans.

All outstanding plan loans were in good standing as of December 31, 2022.

Notes Receivable From Participants

Loans taken after January 1, 2019 are funded directly from participant's accounts and are repaid by payroll deduction and offer a fixed rate of interest. Principal and interest payments are paid back to the participant's account based on his or her investment allocation for contributions. A participant may repay a conventional loan over a period no greater than five years, as elected by the borrower. If the loan is used to acquire a home to be used as the borrower's primary residence, the repayment period can be as much as ten years. Rates of interest on outstanding notes receivable ranged from 4.25% - 8.00% with various maturities through October 2032.

Payment of Benefits

Subject to the terms of the individual agreements, participants or the participants' beneficiary may generally request payment of benefits upon termination of service due to death, severance of employment or upon attainment of age 59½. For individual account balances of \$1,000 or less, participants or their beneficiary may receive a lump sum distribution. For account balances that exceed \$1,000, and to the extent permitted by the individual agreements, participants or their beneficiaries may elect that their account be paid: 1) in a lump sum, 2) in a partial payment, 3) in installment payments over a period not to exceed the life expectancy of the participant or their designated beneficiary or 4) be applied to the purchase of an annuity contract or converted to an income option.

Hardship Withdrawals

In the event of financial hardship, and with the approval of the Plan administrator, a participant is entitled to withdraw a specified portion of the balance in the participant's elective deferral account. No withdrawal in any portion may be made from the participant's balance from employer contributions or from any earnings of the account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Insurance Company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the cash basis, which approximates accounting principles generally accepted in the United States of America (U.S. GAAP). Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid directly by the College and are excluded from these financial statements. Fees related to the Plan audit, tax compliance, investment management, benefits and withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements
December 31, 2022 and 2021

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 5, 2023, the date the financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. Except for the change in election noted below in regards to pooled separate accounts, there have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market funds are valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Lewis & Clark College Defined Contribution Retirement Plan and Tax Deferred Annuity Plan

Notes to Financial Statements
December 31, 2022 and 2021

The interest in variable annuity contracts are valued at NAV of shares, which are valued by the Insurance Company at accumulation unit value based on the estimated value of the underlying investments, held by the Plan at year-end. NAV is a readily determinable fair value and is the basis for current transactions. There are no unfunded commitments as of December 31, 2022 and 2021.

As disclosed in the 2021 financial statements, as of December 31, 2021, the pooled separate accounts were presented within Level 2 of the fair value hierarchy. During 2022, the College elected to use the net asset value ("NAV") practical expedient and the pooled separate accounts were transferred from Level 2 to NAV within the fair value hierarchy. There were no changes to the amounts or presentation of assets on the Statements of Net Assets Available for Benefits, as of December 31, 2022 and December 31, 2021.

Investments in certain guaranteed investment (fixed annuity) contracts are valued at fair value by the Insurance Company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuers (see Note 4). In determining the reasonableness of the methodology, the Plan administrator evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration of payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Fixed annuity contracts	\$ -	\$ -	\$ 53,109,518	\$ 53,109,518
Money market funds	4,097,675	-	-	4,097,675
Mutual funds	106,100,197	-	-	106,100,197
Variable annuities	-	84,510,677	-	84,510,677
Total assets in the fair value hierarchy	\$ 110,197,872	\$ 84,510,677	\$ 53,109,518	\$ 247,818,067
Investments measured at NAV (a)				10,608,573
Investment at fair value				\$ 258,426,640

	2021			
	Level 1	Level 2	Level 3	Total
Fixed annuity contracts	\$ -	\$ -	\$ 52,890,423	\$ 52,890,423
Money market funds	4,404,235	-	-	4,404,235
Mutual funds	124,122,530	-	-	124,122,530

Pooled separate accounts	-	10,814,714	-	10,814,714
Total assets in the fair value hierarchy	\$ 128,526,785	\$ 119,475,956	\$ 52,890,423	\$ 300,893,144

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

2022				
	Fair Value Estimate	Valuation Techniques	Unobservable Inputs	Ranges
TIAA Traditional Annuity	\$ 53,109,518	Discounted Cash Flow		RA - 3.70% - 6.25% SRA - 3.00% - 5.50% GRA - 3.70% - 6.25%

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021.

	December 31, 2022			
	Fair Value ⁽¹⁾	Unfunded Commitments	Redemption Frequency ⁽²⁾	Redemption Notice Period ⁽³⁾
Pooled separate account	\$ 10,608,573	N/A	Daily	Once per quarter

(1) The fair value of investments is based on the fair values of the underlying investments in the funds.

(2) Certain events may cause funds held in the pooled separate account to be deferred, including, but not limited to, the following:

- (i) Closing or disruption of the financial markets or exchanges in which a transaction is unable to be settled prudently.
- (ii) An emergency situation in which the disposition of assets would be seriously prejudicial to participants.
- (iii) Breakdown in the means of communication normally employed to determine fair market value of an investment.
- (iv) Investments cannot be effected at normal rates of exchange.

None of these events occurred in 2022.

(3) Certain pooled separate accounts require redemption notice periods for plan withdrawals at the discretion of the investment advisor.

4. TIAA Traditional Annuity

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Lewis & Clark College Defined Contribution Retirement Plan and Tax Deferred Annuity Plan

Notes to Financial Statements
December 31, 2022 and 2021

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Related-Party and Party in Interest Transactions

The Plan's investments are managed by TIAA and CREF, the Insurance Company, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the College. No such officers or employees receive compensation from the Plan.

6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Information Certified by Insurance Company

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, TIAA and CREF, the Insurance Company of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

Notes to Financial Statements
December 31, 2022 and 2021

8. Plan Termination

Although it has not expressed any intent to do so, the College has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2022 and 2021, the Plan had investments of \$92,507,580 and \$103,178,312 respectively, which were concentrated in two funds.

10. Delinquent Participant Contributions

For the year ended December 31, 2022, the College did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a), Schedule of Delinquent Participant Contributions, which totaled \$29.01, were corrected outside of the Department of Labor Voluntary Fiduciary Correction Program. Additionally, the College has compensated participants for lost earnings resulting from the delay in contributions.
