INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Asian Art Museum Foundation of San Francisco 403(b) DC Plan
San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Asian Art Museum Foundation of San Francisco 403(b) DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Asian Art Museum Foundation of San Francisco 403(b) DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Asian Art Museum Foundation of San Francisco 403(b) DC Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Asian Art Museum Foundation of San Francisco 403(b) DC Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Asian Art Museum Foundation of San Francisco 403(b) DC Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Asian Art Museum Foundation of San Francisco 403(b) DC Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2022. ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of Asian Art Museum Foundation of San Francisco 403(b) DC Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Asian Art Museum Foundation of San Francisco (the "Museum") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective January 1, 1987. The Plan was restated on January 1, 2020. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment or financial hardship. The Plan covers all eligible employees of the Museum upon employment. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The Museum has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Museum has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Museum is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Museum has delegated certain responsibilities for the operation and administration of the Plan. TIAA and CREF (TIAA), and as agent for TIAA, FSB, (collectively the "Custodians"), serve as the Plan's asset custodians and are responsible for the custody and management of the Plan's assets and for maintaining participant accounts and transactions related to participant initiated activity.

Eligibility

All eligible employees may become participants in the Plan for purpose of making elective deferrals. Employees are eligible to enter the Plan and make elective deferrals as soon as administratively feasible following their hire date; there is no age requirement. Excluded from elective deferrals are part-time employees who work less than 20 hours per week.

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Eligibility (continued)

Participants become eligible to receive the Museum's non-elective contributions and are required to make mandatory contributions upon attainment of age 21 and completion of one year of service with the Museum, as defined by the Plan. Excluded from non-elective and mandatory contributions are the following employees: part-time employees who work less than 20 hours per week, any employees described as an "as needed" employee and the Director and Chief Executive Officer of the Museum. Any City and County employees of San Francisco who receive income from the Museum in the form of supplemental W-2 pay are excluded from making mandatory contributions and are ineligible to receive the Museum's non-elective contributions.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred and/or Roth after-tax basis, up to a maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also allowed to make rollover contributions from other qualified retirement plans.

Upon meeting eligibility requirements, participants are required to make mandatory contributions equal to 2.5% of their compensation, as defined by the Plan.

The Museum is authorized to make discretionary non-elective contributions. The Museum made discretionary non-elective contributions of \$338,537, net of forfeitures, for the year ended December 31, 2022.

Participants direct the investment of all their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution (including rollovers), and allocations of (a) the Museum's non-elective contributions, if any, and (b) Plan earnings, and charged with an allocation of Plan losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon.

Asian Art Museum Foundation of San Francisco 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Vesting (continued)

Participants vest in the Museum's contributions as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0 %
2	20 %
3	50 %
4	75 %
5	100 %

In the event of death, disability or attaining normal retirement age, participants are immediately vested in all of the Museum's contributions plus actual earnings thereon.

Forfeited non-vested accounts

If a participant terminates employment with the Museum prior to becoming fully vested, the non-vested portion of the Museum's contributions and earnings thereon are forfeited. Forfeited non-vested accounts totaled \$0 and \$7,021 as of December 31, 2022 and 2021, respectively. Forfeited accounts are generally used to pay for Plan expenses or reduce future Museum contributions. Forfeitures in the amount of \$24,399 were used to reduce the Museum's contributions for the year ended December 31, 2022.

Plan Loans

Plan Loans, no longer offered as of December 31, 2022, were available to participants through TIAA, subject to certain limitations. Loans to Plan participants were issued directly from funds owned by TIAA and not directly from a participant's account. Adequate security was required and a portion of the participant's account was reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The loan interest rate for these Plan loans were fixed or variable and the initial rate was determined by the terms of the controlling contract as was the rate adjustment details and frequency. For loans having collateral held in a Group Supplemental Retirement Annuity Contract, principal repayments increased the amount of TIAA Traditional Annuity funds available for the participant's use. For retirement loan contracts, principal repayments were transferred to the CREF Money Market investment option in the Retirement Annuity contract. The determination between which investment the principal payments increased was determined by the participant's investment selections at the time that the loan and collateral was established. Plan loan interest was paid directly to TIAA. Plan loans were not considered part of the Plan's assets. Participants had outstanding Plan loan balances due to TIAA with interest rates ranging from 4.00% to 4.15% and maturities through July 2029. Outstanding Plan loan balances were \$13,216 and \$15,831 at December 31, 2022 and 2021, respectively.

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Notes receivable from participants ("Participant Loans") are issued directly from the participant's account balances and are reported as notes receivable from participants in the statements of net assets available for benefits. Participant Loans are a minimum of \$1,000 and may not exceed the 50% of the participant's vested balance up to the maximum of \$50,000 and participants may only have a maximum of two loans outstanding at any time. Participant Loans bear a reasonable rate of interest and the interest rate for Participant Loans is fixed at the time of issuance. Loan terms range from one to five years for general purpose loans and extend up to ten years for principal residence loans. Participant Loans are secured by the remaining vested balance in the participant's account. There were no outstanding Participant Loans as of December 31, 2022 or December 31, 2021.

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination, financial hardship, disability or death. If a participant's account balance is less than \$5,000 upon termination, the balance is distributed immediately, without the participant's consent, in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. For balances of \$5,000 or more, upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or may postpone payment until a later date and remain in the Plan.

Upon reaching the age of 59 ½, the participant may, while still employed by the Museum, request a withdrawal from their account balance.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid directly by the Museum for the year ended December 31, 2022. The Museum does not require reimbursement from the Plan for these expenses. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants are charged for some or all of the costs and expenses of operating the Plan. Such expenses include, but are not limited to, investment expenses and costs to process distributions and domestic relations orders.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Asian Art Museum Foundation of San Francisco 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from these estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and changes therein.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions or repayments have been separated from a participant's pay by the Museum, which is the pay date. Museum contributions, if any, are recorded in the year earned to coincide with the year in which the Museum records the contributions in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the contributions are received by the Custodians.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Contract value is the amount participants receive under the terms of the contract, generally contributions plus interest less distributions and expenses (Note 4). The Custodians certify the value of all investments (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses

Administrative expenses paid by the Plan are recorded when due.

Subsequent events

The Plan has evaluated subsequent events through September 20, 2023, the date the financial statements were available for issuance. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full-term of the assets or liabilities; or

Level 3 - inputs are unobservable inputs for the assets or liabilities and significant to the fair value measurement.

Transfers between levels within the fair value hierarchy are recognized when there is a change in the investments within a level or a change in inputs used to value those investments. An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Asian Art Museum Foundation of San Francisco 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

3. FAIR VALUE MEASUREMENTS (continued)

Mutual funds and pooled separate account: registered investment companies (mutual fund investments) are valued at the net asset value of shares held by the Plan at year-end which are quoted in active markets. The investment in the pooled separate account consists of real estate properties and real estate-related investments. Investments are valued using market quotations or prices obtained from independent pricing services. The mutual funds and pooled separate account held by the Plan are deemed to have a readily determinable fair value and are classified within Level 1 of the fair value hierarchy.

TIAA Variable Annuities consist of CREF Accounts and TIAA Access Accounts:

- CREF Accounts consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation Linked Bond, Social Choice and Money Market accounts. The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF Accounts are deemed actively traded, and thus are classified within Level 1 of the fair value hierarchy. Data for values are available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources.
- TIAA Access Accounts are variable annuity products that are funded through the TIAA Separate Account VA-3, a separate investment account of TIAA. VA-3 invests in proprietary and nonproprietary mutual funds through various sub-accounts. The value of subaccount units held by the Plan in TIAA Access Accounts are calculated daily by the issuer and the underlying investments are generally valued using market quotations obtained from independent pricing sources. Data for values are available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of underlying holdings, and thus are classified within Level 1 of the fair value hierarchy.

Fixed Annuity Contracts - TIAA Traditional Annuities: The Plan's investments in the TIAA Traditional Annuities are reported by TIAA at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. TIAA Traditional Annuities are segregated into non-fully benefit-responsive and fully benefit-responsive categories. The Plan's investments in the non-fully benefit-responsive investment contracts are presented as Level 3 fair value investments in the fair value hierarchy. The fully benefit-responsive contracts are not categorized within the fair value hierarchy as they are measured at contract value; see Note 4. The Plan purchased and sold investments in non-fully benefit-responsive contracts of \$106,470 and \$172,223, respectively, during the year ended December 31, 2022. Transfers of non-fully benefit-responsive contracts totaled \$190,312 during the year ended December 31, 2022.

3. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

3. FAIR VALUE MEASUREMENTS (continued)

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy as of December 31, 2021:

TIAA Traditional Annuity	\$ 2,039,547	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 3.00% - 3.80% GRA - 3.00% - 3.80% RC - 2.75% - 3.90%

4. INVESTMENT CONTRACTS WITH TIAA

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. The TIAA Traditional Annuity is offered through a variety of contract types, including the Group Retirement Annuity (GRA), Retirement Annuity (RA), Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), Retirement Choice (RC) and Retirement Choice Plus (RCP). The GRA, RA and the RC are considered non-benefit responsive contracts and the GSRA, SRA and the RCP are considered fully benefit-responsive contracts. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account and the options for receiving income upon retirement.

The Plan invests in the SRA and GSRA investment contracts (the "Investment Contracts") through the TIAA Traditional Annuity.

The Investment Contracts are fully and unconditionally guaranteed by TIAA, and therefore are reported at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Notes to Financial Statements
December 31, 2022 and 2021

4. INVESTMENT CONTRACTS WITH TIAA (continued)

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a minimum specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rates of both the SRA and GSRA contracts were 3.00% as of December 31, 2022 and 2021. See Note 3 for crediting interest rates for the contracts that are non-benefit responsive.

When a participant's accumulation in the Investment Contracts is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

The TIAA Stable Value Fund is a fully-benefit responsive investment contract. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. The fund is included in the financial statements at contract value as reported to the Plan by TIAA. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with TIAA. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure to qualify for exemption from federal income taxes under section 501(a) of the IRC; (2) premature termination of the contracts; (3) failure to meet any required or prohibited transaction exemption under ERISA; (4) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); or (5) bankruptcy of the Plan sponsor or other Plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or would limit the ability of the Plan to transact at contract value with participants.

4. INVESTMENT CONTRACTS WITH TIAA (continued)

Total fully benefit-responsive insurance company investment contracts as of December 31, 2022 and 2021 measured at contract value were as follows:

	<u>2022</u>	<u>2021</u>
TIAA Traditional Benefit-Responsive Fund	\$ 930,156	\$ 977,123
TIAA Stable Value Fund	16,989	54,125
TIAA Traditional Benefit Responsive 2	<u>81</u>	<u>-</u>
	<u>\$ 947,226</u>	<u>\$ 1,031,248</u>

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodians, determined to be qualified institutions by the Plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year)("supplemental schedule"). The Custodians have certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net depreciation in fair value of investments, interest, dividends, and other income as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022; and,
- Investments reflected on the supplemental schedule as of December 31, 2022.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be party-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

The Custodians retain, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodians; therefore, these investment transactions qualify as exempt party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Museum has the right under the Plan to discontinue all contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, amounts allocated to a participant's account become fully vested.

8. TAX STATUS

The Plan has adopted TIAA's ERISA 403(b) Volume Submitter Basic Plan Document #20. The Internal Revenue Service informed TIAA by a letter dated August 7, 2017, that its volume submitter plan was designed in accordance with applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
