INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Blackberry Farm 401(k) Savings Plan
Walland, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Blackberry Farm 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Blackberry Farm 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section;

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blackberry Farm 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blackberry Farm 401(k) Savings Plan 's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blackberry Farm 401(k) Savings Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blackberry Farm 401(k) Savings Plan 's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BLACKBERRY FARM 401(K) SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1: <i>Description of the Plan</i>

The following description of the Blackberry Farm (the “Company”) 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) Savings Plan covering substantially all employees of the Company who have six months of service and are aged 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was created January 1, 1999. Benefits payable by the Plan are to be funded from trust assets invested with Empower Financial. The Plan has received a favorable determination letter from the Internal Revenue Service.

Contributions

Each year, participants may contribute a percentage of pre-tax annual compensation, as defined in the Plan Agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants are permitted to designate all, or a portion of, their elective deferrals as Roth elective deferrals. Individual participant deferrals in any taxable year may not exceed a certain dollar limit which is set by law. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participants’ compensation. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible to receive an allocation of the Company contributions for such year.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contributed portion of their accounts is prorated, based on five years of continuous service. A participant is 100 percent vested after five years of credited service. Regardless of the vesting schedule, participants shall become fully vested in the Company’s contributions upon death or total and permanent disability.

NOTE 1: <i>Description of the Plan (Continued)</i>

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions into a number of investment options, including selected mutual funds. Participants may change their investment options on the first day of any plan quarter.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms range from one to five years and a participant may only have one outstanding loan. The loans are secured by the balance in the participants account and the administrator will determine a reasonable rate of interest by reviewing the interest rates charged for similar types of loans by other lenders. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon retirement, death or disability, a participant (or beneficiary) will receive the entire amount of their account in a single cash payment if their vested benefit is less than \$5,000. If the participant's account is greater than \$5,000 the participant may have the option to receive payment in a single lump sum or in installments of a fixed amount designated by the participant. The Plan also provides for hardship distributions for medical emergencies, education, and purchase of a primary residence.

Administration

The Plan is administered by the Company. ERISA Services, Inc. has been appointed as the third party administrator (TPA) for the Plan. Voya Financial, Inc. ("Voya Financial") was the appointed custodian of the Plan through December 29, 2021 and subsequently the Plan appointed Empower Trust Company, LLC as custodian.

Forfeitures

Amounts that are forfeited due to a participant's termination of employment prior to vesting in Company contributions made on the participant's behalf may be used to reduce employer matching contributions or to offset administrative expenses in subsequent periods. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$12,643 and \$7,446, respectively.

Basis of Accounting

The Plan's policy is to prepare their financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2: <i>Summary of Accounting Policies</i>
--

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of additions and deductions during the reporting period. Accordingly, actual results could differ from these estimates.

Terminated Balances

The account balances of terminated employees who have not elected to withdraw from the Plan totaled \$855,541 and \$853,751 for the years ended December 31, 2022 and 2021, respectively.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Investments in interest-bearing funds held by the custodian are valued at cost as of the last day of the year. Investments in mutual funds are determined by multiplying the unit value calculated by Empower Trust Company, LLC (the Custodian) by the units owned by the Plan at year end.

Purchases and sales of funds are recorded on a trade-date basis. Net appreciation in fair value of investments is the difference between the proceeds received or aggregate fair value of investments determined at the end of the year and the aggregate fair value of investments determined at the beginning of the year or cost if acquired during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan were paid by the Company.

Subsequent Events

Subsequent events were evaluated through September 20, 2023 which is the date the financial statements were available to be issued. As of this date, no subsequent events were noted.

NOTE 3: *Income Tax Status*

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from tax pursuant to Section 501(a) of the IRC. The Plan is required to operate in conformity with the provisions of the Internal Revenue Code to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods.

NOTE 4: *Fair Value Measurement*

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Plan has Level 1 assets only. The levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other meansIf the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: Fair Value Measurement (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ending December 31, 2022 and 2021.

- *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 7,668,117	\$ -	\$ -	\$ 7,668,117

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 6,901,150	\$ -	\$ -	\$ 6,901,150
Total	<u>\$ 6,901,150</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,901,150</u>

NOTE 5: Investments – Participant Directed

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Empower Trust Company, LLC for 2022 and Voya Financial for 2021 and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Total investments as shown in the accompanying statements of net assets available for benefits were \$7,668,117 and \$6,901,150 as of December 31, 2022 and 2021, respectively.
- b. Net investment (loss) as shown in the accompanying statement of changes in net assets available for benefits was (\$1,270,845) for the year ended December 31, 2022
- c. All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022.

NOTE 6: *Plan Termination*

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.

NOTE 7: *Transactions with Parties-In-Interest*

Fees paid during the year for legal, accounting, and other services rendered by parties-in-interest were paid on customary and reasonable rates for such services. These administrative expenses were paid by the Plan Sponsor.

NOTE 8: *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in values of investment securities will occur in the near term and that such change could materially affect participants' account balances and amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9: *Reconciliation of Financial Statements to Form 5500*

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2022 to Form 5500.

The Form 5500 does not count a return of contributions as a liability, but instead will record as a distribution in the year the contribution is refunded to the participant. Because of the liability, the participant contribution and/or employer contribution revenue is different by the corresponding amount.

The following is a reconciliation of change in net assets available for benefits per the financial statements at December 31, 2022 to Schedule H of Form 5500:

	<u>2022</u>
Changes in Net Assets Available for Benefits per the Financial Statements	\$ 798,621
