INDEPENDENT AUDITOR'S REPORT

To the President and Plan Administrator
Trapper's Sushi, Inc. 401(k) Plan
Enumclaw, WA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Trapper's Sushi, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Trapper's Sushi, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trapper's Sushi, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trapper's Sushi, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trapper's Sushi, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trapper's Sushi, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Allocations of Plan earnings are based on participant account balances, as defined, and allocation of company contributions are based on participant compensation, as provided in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan permits the transfer of funds from other qualified plans to a separate participant's rollover account.

NOTE A -- Description of plan and significant accounting policies (Continued)

Vesting

Participants are immediately vested in their contributions and company matching contributions plus actual earnings thereon. Vesting in the company's additional discretionary matching, and profit-sharing contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested ratably over six years of credited service starting with year two of service. Participants, who leave the Plan because of death or disability, as defined in the Plan, are considered 100% vested in all amounts.

Notes receivable from participants

Participants may not borrow from their fund accounts.

Benefits

On termination of service due to death, disability, retirement (age 65) or termination of employment, a participant may elect either a lump-sum distribution of the entire vested account balance or in a single sum distribution of a portion of the participant's vested interest in his or her account.

Effective July 1, 2021, the Plan permits hardship distributions if certain criteria are met (see Note H). In-service distributions are available upon reaching age 59 ½. A participant with an account valued at less than \$5,000 shall receive a lump sum distribution. For accounts exceeding \$5,000 the participant may elect a lump sum distribution or may elect to defer such distribution to any valuation date subsequent to his/her termination but no later than the valuation date of his/her normal retirement date; or the participant may elect to roll over the distribution to another qualified plan.

Forfeited accounts

For each of the years ended December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0. These accounts are used to restore forfeitures, reduce company contributions or pay plan expenses. No forfeitures were used to restore forfeitures, reduce company contributions or pay plan expenses during 2022.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Cash

The Plan maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. Management believes it is not exposed to any significant credit risk on cash and cash equivalents.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE A -- Description of plan and significant accounting policies (Continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Income, gains, and losses from the assets in each account are credited or charged against that account without regard to other income, gains, or losses of John Hancock Life Insurance Company (John Hancock) or any other separate account. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan's participating employers pay most of the administrative expenses of the Plan, which are excluded from these financial statements. The major administrative expenses are professional and investment management fees.

Subsequent events

These financial statements have not been updated for subsequent events occurring after October 3, 2023, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after that date.

NOTE B -- Information certified by the asset custodian

Certain information related to investments and cash from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and cash held at December 31, 2022 and 2021, and net depreciation for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock, the asset custodian of the Plan.

NOTE C -- Fair value measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- **Stable value collective investment trust fund.** A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.
- **Pooled separate accounts.** The pooled separate accounts are invested in investments such as stocks, mutual funds, short-term investments, bonds, etc. John Hancock owns the underlying investments in the separate accounts. The underlying measurements for the separate key prices for similar assets in active or non-active markets. While the underlying asset values are quoted prices, the net asset value of the separate account is not public quoted.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, are reported in net depreciation in fair value of investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE D -- Party-in-interest transactions

Certain Plan investments are managed by John Hancock. John Hancock is the asset custodian and recordkeeper for the Plan, and therefore, these transactions qualify as party in interest transactions.

John Hancock provides certain administrative services to the Plan pursuant to a Master Plan Services Agreements (MSA) between the company and John Hancock. John Hancock receives revenue from mutual fund service providers for services John Hancock provides to the funds. This revenue is used to offset certain amounts owed to John Hancock for its administrative services to the Plan.

If the revenue received by John Hancock from such mutual fund service providers exceeds the amount owed, John Hancock remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, there were no excess amounts. The Plan or Plan Sponsor may make a payment to John Hancock for administrative expenses not covered by revenue sharing.

Fees were also paid by the Plan during the year for investment advisor services rendered by Willshire Associates Inc. and Edward D. Jones & Co., L.P. These transactions also qualify as party-in-interest transactions.

NOTE E -- Plan termination

Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their allocated company contributions.

NOTE F -- Tax status

The Premier Retirement Partners, LLC Non-Standardized Pre-Approved Profit Sharing Plan that the Plan has adopted effective July 1, 2021, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code (IRC) for use by the employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G -- Concentration of market risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
