INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Mazzetti 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Mazzetti 401(k) Plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2022, the statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Mazzetti 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Mazzetti 401(k) Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Newport Trust Company (Newport Trust), the custodian of the Mazzetti 401(k) Plan as of and for the year ended December 31, 2022, stating that the certified investment information as described in Note 8 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by Newport Trust agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Mazzetti 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mazzetti 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Mazzetti 401(k) Plan; and determining whether the Mazzetti 401(k) Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Mazzetti 401(k) Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mazzetti 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mazzetti 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by Newport Trust agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2021 Financial Statements

The financial statements of the Mazzetti 401(k) Plan as of December 31, 2021 were audited by other auditors. As permitted by ERISA Section 103(a)(3)(C), their audit need not extend to any statements or information related to assets held for investment of the Mazzetti 401(k) Plan certified by Newport Trust Company. In their opinion based on their audit and the procedures performed as described in their 2021 Auditor's Responsibilities for the Audit of the Financial Statements section dated October 17, 2022:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information by Newport Trust Company, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by Newport Trust Company agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MAZZETTI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Mazzetti 401(k) Plan (the Plan) provides only general information. Participants and others should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) profit-sharing plan for the exclusive benefit of the employees of Mazzetti, Inc. (the Plan Sponsor) and their beneficiaries, enabling participants to save and invest in accordance with the terms of the Plan. The Plan covers all employees of the Plan Sponsor (except union employees, certain nonresident aliens and leased employees) who are 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The effective date of the Plan was January 1, 1993. The Plan Sponsor restated the plan document as of January 1, 2021 to conform to new tax laws.

Effective July 30, 2021, the Plan was amended to modify involuntary cash-out provisions and conditions for distributions upon severance of employment.

Effective October 15, 2021, the Plan was amended to modify the provision for form of distributions to allow installments as an optional form of distribution and allowing for partial withdrawals as an optional form of distribution to terminated participants. Partial withdrawals are limited to one per plan year.

Contributions: Participants may make voluntary elective deferral contributions, subject to prescribed limitations and rollover contributions from a qualified plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may direct the investment of their contributions into various investment options offered by the Plan. If an eligible participant does not complete a salary deferral agreement, the Plan Sponsor will automatically withhold 3% of compensation and contribute such amount to the Plan as a salary deferral, increasing every year on August 1st by 1% with a maximum deferral of 10%. A participant may enter a salary deferral agreement at any time to select an alternative deferral amount or to elect not to defer into the Plan.

Each year, the Plan Sponsor may also contribute discretionary amounts to the Plan as determined by the Board of Directors. These discretionary amounts may be comprised of a flexible matching contribution (a designated percentage of a participant's elective contribution) and/or a discretionary employer contribution based on participant deferrals. All eligible employees share in the discretionary flexible matching contribution regardless of the amount of service completed during the year. An employee must have at least 500 hours of service during the year and be employed with the Plan Sponsor on the last day of the year to be eligible for discretionary employer contributions. These discretionary amounts must be paid in cash on or before the last day for filing the Plan Sponsor's federal income tax return for the taxable year in which the Plan's year ends. The Plan Sponsor's flexible matching contributions totaled \$521,829 for the year ended December 31, 2022. During 2022, the Plan Sponsor did not make any additional discretionary employer contributions.

Investment Options: Participants may direct both employee and employer contributions to be invested among various investment options as made available and determined by the Plan Administrator, which are more fully described in the plan literature. The Plan currently offers various mutual funds, a common/collective trust fund, and self-directed accounts as investment options for participants. Participants may change their investment options at any time throughout the year via direct phone or internet access with the recordkeeper.

DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts: Separate accounts are maintained for each participant: an elective deferral contribution account, an elective Roth deferral contribution account (if applicable), a matching contribution account, a discretionary employer contribution account, and a rollover contribution account. Each participant's elective contribution accounts are credited with the participant's elective contributions and an allocation of plan earnings attributable to the elective accounts. Each participant's matching and employer contribution accounts are credited with the Plan Sponsor's discretionary contributions, along with an allocation of plan earnings attributable to the accounts. Investment direction for each participant's accounts is provided by the participant.

Vesting: Participants are fully and immediately vested in their elective deferral contribution accounts and rollover contribution accounts, together with allocated plan earnings thereon. Employer matching contributions and the participant's interest in the Plan Sponsor's profit sharing contribution account are vested according to the following schedule:

Participants' Years of Service	Vested Percentage
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Loans to participants, subject to the discretion of the Plan Administrator, are limited to \$50,000 or one-half of the employee's vested interest, whichever is less, with a minimum amount of \$1,000. The maximum number of outstanding loans to a participant at any one time is two. The repayment term of the loans may not exceed five years (with the exception of a loan used to purchase a primary residence, whereby the term of the loan may exceed five years). The loans are secured by the participants' interests in the Plan's assets and bear interest at a fixed rate equal to 2% above the prime rate. Payments of interest and principal must be made no less frequently than quarterly. If a participant is currently employed by the employer, the Plan Administrator will require the participant receiving a loan from the Plan to enter into a payroll deduction agreement to repay the loan.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant is entitled to receive the participant's vested aggregate account balance and may choose to leave the assets invested in the Plan or take a lump-sum distribution. However, the Plan Administrator, without the consent of the participant, may distribute a participant's vested aggregate account balance in a lump sum any time after a participant terminates employment if the participant's account balance does not exceed \$5,000.

Participants currently employed may be entitled to receive in-service distributions upon reaching retirement age and in the event of financial hardship.

Forfeited Accounts: The forfeited nonvested accounts arising from the participants' employer matching contributions accounts totaled \$66,323 and \$33,508 for the years ended December 31, 2022 and 2021, respectively. Payments were made from forfeitures totaling \$291 for administrative expenses for the plan year ended December 31, 2022.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions and the withholding of participants' voluntary salary reduction amounts at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in all amounts credited to their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan were prepared using the accrual method of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition: The Plan's investments are valued at fair value except for fully benefit-responsive investment contracts, which are reported at contract value as of the Plan's year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurements.

Purchases and sales of the funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions and terminated employees' accounts are charged directly to the participant's account and included in administrative expenses. Investment related expenses are included in the net increase of fair value of investments.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Fair Value Measurements: The Accounting Standards Codification establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The guidance also establishes a three-level fair value hierarchy that describes the inputs used to measure assets and liabilities.

- Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities.
- Level 2 asset and liability fair values are based on observable inputs that include quoted market prices for similar assets or liabilities, quoted market prices that are not in an active market, or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash flow methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 compared to December 31, 2021.

- *Mutual Funds* – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Stocks and Bonds* – Valued at the closing price reported on the active market on which the individual securities are traded. Stocks and bonds are classified as Level 1 measurements.

Subsequent Events: The Plan has evaluated subsequent events through October 5, 2023, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments at fair value, by level within the fair value hierarchy, are as follows:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2022	Fair Value			
Mutual funds	\$ 35,676,409	\$ 35,676,409	\$ -	\$ -
Self-directed brokerage account	454,737	454,737	-	-
	<u>\$ 36,131,146</u>	<u>\$ 36,131,146</u>	<u>\$ -</u>	<u>\$ -</u>
2021				
Mutual funds	\$ 42,031,923	\$ 42,031,923	\$ -	\$ -
Self-directed brokerage account	1,080,539	1,080,539	-	-
	<u>\$ 43,112,462</u>	<u>\$ 43,112,462</u>	<u>\$ -</u>	<u>\$ -</u>

Gains and losses included in net assets available for plan benefits for the years ended December 31, 2022 and 2021 are reported under net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a Galliard Stable Return Fund Core, which is composed primarily of investment contracts, including guaranteed investment contracts (GICs), separate account GICs, and securities-backed investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and are therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

MAZZETTI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (CONTINUED)

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive contracts is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The stable value funds totaled \$1,489,629 and \$1,224,128 as of December 31, 2022 and 2021, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are shares of mutual funds and common/collective trust funds managed by institutional trustees and custodians, which qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments. Fees paid to the trustee for recordkeeping services amounted to approximately \$30,600 and \$39,300 for the years ended December 31, 2022 and 2021, respectively.

The Plan Sponsor provides certain accounting and administrative services to the Plan for which no fees are charged. These services constitute exempt party-in-interest transactions under ERISA.

NOTE 6 – TAX STATUS

The Plan adopted the Newport Group Non-Standardized Pre-Approved Profit Sharing Plan/Money Purchase/CODA. The Internal Revenue Service (IRS) has informed Newport Group by a letter, dated June 30, 2020, that its Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan was designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and that the related trust is tax-exempt as of the date of the financial statements.

US GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
