Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Panavision Employee 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Panavision Employee 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Panavision Employee 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Panavision Employee 401(k) Plan's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Panavision Employee 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Panavision Employee 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PANAVISION EMPLOYEE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Panavision Employee 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. General

Effective March 1, 1985, the Plan was established for certain employees of Panavision International, L.P. and related companies (collectively the “Employer”). The Plan is a contributory 401(k) and profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 15, 2022, the Employer amended the Plan for changes in plan design.

2. Eligibility

Upon attainment of age 18, an employee is eligible to participate in the Plan on the first of the month following date of hire. In addition, temporary or on-call employees are eligible to participate after attainment of age 21 and completion of 1,000 hours during the plan year. Employees covered under a collective bargaining agreement, unless the agreement requires employees to be included in the Plan, non-resident aliens, and leased employees are excluded from participation in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred or after-tax Roth basis from 1% up to 75% of compensation, as defined, up to the maximum deferral limit per Section 402(g)(1) of the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for automatic enrollment of newly eligible participants. Participants will be enrolled automatically at a 5% deferral rate, unless the participant elects to opt-out of the Plan or elects a different deferral rate. In addition, unless elected otherwise, the participant’s deferral will increase by 1% annually until a deferral rate of 10% is reached.

The Employer makes non-discretionary matching contributions in an amount equal to 75% of the participant’s deferred compensation up to a maximum of 5% of compensation, as defined. The non-discretionary matching contributions totaled \$1,315,224 for the year ended December 31, 2022. In addition, the Employer makes a true up matching contribution to participants employed on the last day of the plan year, subject to some exceptions. During the year ended December 31, 2022, the Employer made true up matching contributions totaling \$88,426.

4. Participant Accounts

Each participant’s account is credited with the participant’s contributions and Employer contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options held by Fidelity Management Trust Company (“Fidelity”), the trustee, as provided by the Plan. Participants may change their investment options daily.

6. Vesting

Participants are immediately vested with respect to their individual contributions and the Employer’s contributions plus earnings thereon.

7. Benefit Payments

Upon termination of service, retirement, death, or disability, a participant or a participant’s beneficiary is entitled to receive an annuity or a lump-sum amount equal to the value of the participant’s account or to receive designated sums from time to time as elected by the participant. Effective April 15, 2022, participants may also elect installment payments. In addition, the Plan provides for mandatory cash-out distributions of vested participant accounts not exceeding \$1,000. Hardship and in-service withdrawals are allowed if certain criteria are met.

8. Notes Receivable from Participants

The Plan permits participants to borrow from their account a minimum of \$1,000 up to 50% of their vested account balance not to exceed \$50,000, reduced by the highest outstanding loan balance during the prior twelve month period. Participants may have only one loan outstanding at any time. All loans shall bear interest at prime plus 1.0%. Loans must be repaid within five years of the date of issuance. Loans for the purchase of a principal residence may be repaid over 10 years.

9. Plan Termination

Although it has not expressed such intent, the Employer reserves the right, at any time, to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan would cease and the assets of the Plan would be distributed to the participants based on each individual participant’s interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

PANAVISION EMPLOYEE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Plan Administration

The Employer is the plan sponsor and the Panavision 401(k) Plan Committee is the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note D for discussions of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

5. Payment of Benefits

Benefits are recorded when paid.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

7. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures. Accordingly, actual results could differ from those estimates.

PANAVISION EMPLOYEE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE C - INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, the trustee, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021
- Net investment income (loss) and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022
- Investments and notes receivable from participants reflected in the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

PANAVISION EMPLOYEE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy:				
Mutual funds	\$ 44,235,703	\$ -	\$ -	\$ 44,235,703
Investments measured at net asset value ^(a)				19,915,190
Investments at fair value				<u>\$ 64,150,893</u>

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy:				
Mutual funds	\$ 56,903,452	\$ -	\$ -	\$ 56,903,452
Investments measured at net asset value ^(a)				20,972,497
Investments at fair value				<u>\$ 77,875,949</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. Participant withdrawals are allowed at any time without penalty regardless of their frequency or amounts. Participants investing in the stable value collective trust fund must transfer to a non-competing fund for a minimum of 90 days before transferring to a competing fund option. The following redemption notice period is applicable only for the Plan.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	\$10,689,716	None	Daily	12-months
Common collective trust funds	\$9,225,474	None	Daily	None
<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	\$11,282,653	None	Daily	12-months
Common collective trust funds	\$9,689,844	None	Daily	None

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed and held by the trustee. The trustee is also the recordkeeper and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

NOTE F - TAX STATUS

The Employer adopted a non-standardized pre-approved profit sharing plan (“pre-approved plan”), which received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the pre-approved, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan’s advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

PANAVISION EMPLOYEE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE F - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 27, 2023, the date the financial statements were available to be issued.
