INDEPENDENT AUDITORS' REPORT

To the 401(k) Plan Trustees of
Birkenstock 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Birkenstock 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Birkenstock 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Birkenstock 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Birkenstock 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Birkenstock 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BIRKENSTOCK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

1. Plan Description

The following description of Birkenstock 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established effective January 1, 2003 and sponsored by Birkenstock USA, LP (the “Company”) to provide benefits to eligible employees, as defined in the Plan document. The Plan was established to provide employees of the Company the opportunity to save for retirement on a tax-deferral basis with the ability for the participants to direct their investments.

Effective October 30, 2014, the Plan was amended and restated to adopt a volume submitter defined contribution plan sponsored by Fidelity Management & Research Company, an affiliate of Fidelity Management Trust Company (the “Trustee”). The Plan is a safe harbor 401(k) plan under the Internal Revenue Code (“IRC”); as such, the Company is required to make certain contributions. The Company is the Plan sponsor and includes Logic & Logistics, LP; Birkenstock Cosmetics USA, LP; Birki, LP and Alpro ProFashion, LP as participating employers.

Eligibility

Effective September 1, 2022, all employees who have attained the age of 18, and all employees who have attained the age of 21 through August 31, 2022, excluding those covered by a collective bargaining agreement unless otherwise required by the agreement, leased employees, nonresident aliens and temporary employees who have completed less than 1,000 hours of service, are eligible to participate in the Plan. Employees may make employee deferral contributions beginning on the first day of the month coinciding with or following the date on which they become eligible.

Employees who satisfied the eligibility requirements are eligible for non-elective employer contributions immediately upon meeting all eligibility requirements.

The Plan offers discretionary matching contributions to the participants making employee deferral contributions and who are employed on the last day of the Plan year. The matching contributions may be made at the discretion of the Company’s Board of Directors. The Plan may make qualified matching contributions allocated to eligible non-highly compensated employees to help the Plan pass one or more annually required IRC nondiscrimination test(s). The Company may make discretionary non-elective contributions allocated based upon the ratio of employee compensation to total eligible compensation within the employee group, as defined in the Plan agreement. No such matching contributions were made during the 2022 Plan year.

Contributions

Eligible employees may make salary deferral contributions of up to 75% of the employees’ eligible compensation, as defined by the Plan, or up to the limits imposed by Section 401(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth 401(k) contributions to the Plan and may contribute amounts representing distributions from other qualified defined benefit or contribution plans and other individual retirement accounts. Unless designated otherwise, deferral contributions for participants entered under the automatic enrollment will start at 5% and are increased annually by 1% to a maximum deferral contribution of 10%. Contributions will be invested in the JPMorgan SmartRetirement Target Funds investment option.

1. Plan Description, continued

Contributions, continued

The Plan allows two types of employer matching contributions; (1) discretionary matching contributions, based on eligible compensation deferred into the Plan each Plan year, (2) qualified matching contributions, designated by the employer based on all or a portion of any matching contributions for a Plan year as “qualified matching contributions,” allocated to non-highly compensated employees to help the Plan pass one or more annually required IRC nondiscrimination test(s). There were no discretionary matching contributions or qualified matching contributions made during the 2022 Plan year.

The Plan allows for two types of non-elective contributions; (1) discretionary nonelective contributions in an amount to be determined based upon the ratio that a participant’s compensation bears to the compensation of all eligible employees within the group of eligible employees to which the participant belongs, and (2) safe harbor non-elective employer contributions in an amount equal to 5% of eligible compensation for Plan participants who participate in the Plan during the Plan year. These contributions satisfy certain IRC requirements and eliminate the need for the Plan to perform certain non-discrimination annual tests. Discretionary nonelective contributions of \$175,758, and safe harbor non-elective employer contributions of \$921,618 were made during the 2022 Plan year.

Payment of Benefits

Upon termination of service, participants or their designated beneficiaries may elect to leave their account balances in the Plan or receive their total benefits in installment payments or partial withdrawals equal to the value of the participant’s interest in his or her account. Participants who choose to receive distributions under a systematic withdrawal plan may elect to accelerate installment payments, or any portion thereof, or to receive a lump sum distribution of the remainder of his/her account balance. A life annuity option continues to be an available form of payment for any participant who elected such life annuity payment prior to 2011. The Plan allows for hardship withdrawals by participants as outlined in the Plan document. Eligible rollover distributions exceeding \$1,000 are to be directly rolled over into a traditional individual retirement account (“IRA”) or, if specified by the participant and less than \$5,000, as a direct payment to him/her in a single lump sum payment. Eligible rollover distributions less than \$1,000 are to be paid directly to the participant in a single lump sum. As of December 31, 2022 and 2021, there were no benefits processed or approved, but not paid.

Participant Accounts

Each participant’s account is credited with the participant’s salary deferral contributions, the participant’s qualified rollover contributions, the Company’s matching contributions, discretionary non-elective contributions, safe harbor non-elective contributions, Plan earnings or losses, and certain administrative expenses. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in percentage increments into any of the available investment options offered by the Plan. Participants may change their investment options at any time.

NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Vesting

Participant contributions, including rollovers of funds from other qualified retirement plans, and earnings thereon, vest immediately at 100%.

Vesting in the discretionary employer matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Vesting under the Plan is based upon the elapsed time method. Hours of service are not counted and instead periods of service are computed. A period of service starts with the employee's date of employment and, generally, ends on the employee's date of termination. The participants vest in the discretionary employer matching contribution at the rate of 25% after the first year of service and for each subsequent three years of service, becoming fully vested after four years.

Participants vest immediately at 100% on the qualified employer matching contribution, the discretionary nonelective employer contribution, and the safe harbor nonelective employer contribution portion of their accounts plus actual earnings.

Forfeitures

Forfeitures that occur during a Plan year will first be used to pay expenses related to the administrative expenses of the Plan, then to offset employer contributions as such obligations accrue. No unallocated forfeitures are included in net assets available for benefits as of December 31, 2022 and 2021.

Notes Receivable from Participants

Participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of \$1,000 up to 50% of the value of their account balance, or \$50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of ten years. The notes receivable is secured by no more than fifty percent of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates. Interest rates on notes receivable from participants as of December 31, 2022 ranged from 4.25% to 8.00% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, cashier's checks or bank money orders for the full payoff of the notes receivable.

Plan Trustee and Third-Party Administrator

The Company appointed Fidelity Management Trust Company as the Trustee of the Plan and Fidelity Investments Institutional Operations Company, Inc. as the third-party administrator (collectively "Fidelity").

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

BIRKENSTOCK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

2. Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are valued at fair value as of the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 3, "*Fair Value Measurements*" for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrued basis. Dividend income is accrued on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2022 and 2021.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions as of December 31, 2022 and 2021.

Benefits to Participants

Benefits to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: Valued based on the NAV of the units of the common/collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Money Market Fund: Valued based on redemption values on the last business day of the Plan year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investments measured at net asset value practical expedient (a)				<u>1,596,671</u>
Investments, at fair value				<u>\$ 19,537,152</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

4. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their employer contributions.

5. Tax Status

The Plan adopted a volume submitter defined contribution plan sponsored by Fidelity Management & Research Company ("FMRC"). FMRC has received an opinion letter dated March 31, 2014, and an opinion letter dated June 30, 2020, from the IRS as to the volume submitter plan's qualified status. The Plan itself has not received a determination letter; however, the Plan Sponsor believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Risk and Uncertainties

The Plan provides for various investment options in any combination of mutual funds, a common/collective trust fund, and a money market fund offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2022 and 2021, approximately 10.2% and 13.3%, respectively, of net assets are held in one fund.

7. Information Prepared and Certified by Trustee (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified by Fidelity Trust Management Company as of December 31:

	2022	2021
Mutual funds	\$ 14,984,864	\$ 17,940,481

NOTES TO FINANCIAL STATEMENTS

8. Common/Collective Trust

The Plan invests in the Fidelity Advisor Stable Value Portfolio (the "Portfolio"), a fully benefit responsive investment fund, which is valued in the Plan at fair value. The Portfolio is an open-end commingled pool sponsored by the Trustee and seeks to preserve principal investments while earning interest income. To achieve this investment objective, the Portfolio invests in fixed-income securities, money market funds, and investment contracts issued by insurance companies and other financial institutions. It is the policy of the Portfolio to use its best efforts to maintain a stable net asset value of \$1.00 per unit, through investments in "wrap" contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract as of December 31, 2022 and 2021 was \$1,748,295 and \$1,596,671, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

The wrap contracts limit the ability of the Portfolio to transact at contract value upon the occurrence of certain events such as: 1) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC, (2) the establishment of a defined contribution plan that competes with the Plan for employee contributions, 3) any substantive modifications to the Portfolio or the administration of the Portfolio that is not consented to by the wrap issuer, 4) any change in law, regulation, or administrative ruling applicable to the Plan that could have a material adverse effect on the Portfolio's cash flow, 5) any communication given to participants by the Plan sponsor or the Trustee that is designed to induce or influence participants not to invest in the Portfolio or to transfer assets out of the Portfolio, and 6) any transfer of assets from the Portfolio directly to a competing investment option.

Participant-directed withdrawals and exchanges may be made on any business day provided the exchange is not directed into a competing fund (i.e., money market funds, short-term bond funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. Plan sponsor-directed withdrawals must be preceded by 12 months of written notice to the trustee. There were no unfunded commitments as of December 31, 2022 and 2021.

9. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in mutual funds, common/collective trust and money market funds are managed by the Trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 11, 2023, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2022 that require recognition or disclosure in these financial statements.
