Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AVI Foodsystems, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AVI Foodsystems, Inc. 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AVI Foodsystems, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AVI Foodsystems, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AVI Foodsystems, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AVI Foodsystems, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters (continued)

Supplemental Schedule Required by ERISA (continued)

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

AVI FOODSYSTEMS, INC. 401(k) RETIREMENT SAVINGS PLAN

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

The following brief description of the AVI Foodsystems, Inc. 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all salaried, commissioned and hourly employees who are not subject to collective bargaining agreements, subject to certain limitations, as defined, of AVI Foodsystems, Inc. (Company or Sponsor). The Plan was established effective January 3, 1999. Employees are eligible to become a participant on January 1, or July 1 on or after they have achieved one year of eligible service and are age twenty-one or older. The Plan is administered by the Company and Principal Life Insurance Company (custodian or Principal) serves as the Plan's custodian and recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions:

Each year participants may contribute 1% to 20% of pretax annual compensation subject to limitations imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions; these additional contributions are eligible for a Company matching contribution. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company matches 50% of the first 4% of base compensation that a participant contributes to the Plan. The matching Company contributions are invested according to the participants' investment elections. Additional discretionary contributions may be contributed at the option of the Company and are invested in the funds elected by the participants. Contributions are subject to certain limitations as defined by the Plan. The Company's total matching contribution was \$1,385,050 in 2022.

Participant Accounts:

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and investment earnings or losses, net of fees. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AVI FOODSYSTEMS, INC. 401(k) RETIREMENT SAVINGS PLAN

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Investments:

Participants direct the investment of their contributions (including matching contributions) and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily, subject to certain restrictions on transfer frequency for certain investments. The Plan offers various pooled separate accounts and guaranteed interest accounts as investment options for participants.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants are vested in the Company's contributions plus actual earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits:

For termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period no longer than the maximum amount allowed by law or an annuity contract. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution if permitted criteria are achieved.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeitures:

Non-vested portions of terminated participants' accounts, as defined by the Plan, represent forfeitures. The Plan document permits the use of forfeitures to pay administrative expenses under the Plan which would otherwise be paid by the Company or to reduce Company contributions. Forfeited nonvested accounts totaled \$0 and \$162 for the years ended December 31, 2022 and 2021, respectively. Forfeitures by participants who withdrew before becoming fully vested were \$72,016 in 2022 and were used to reduce Company contributions during the year.

AVI FOODSYSTEMS, INC. 401(k) RETIREMENT SAVINGS PLAN

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Transfers:

Along with the Plan, the Company sponsors a 401(k) plan, AVI Foodsystems, Inc. 401(k) Plan A, for employees subject to a collective bargaining agreement. If employees change their status during the year, their plan eligibility would change and they may request to transfer their account balance to the affiliated plan, and vice versa. For the year ended December 31, 2022, plan transfers reported in the statement of changes in net assets available for benefits from the union plan were \$216,787.

Participant Loans:

The Plan does not permit the issuance of loans to participants.

CARES Act:

Effective April 15, 2020, the Plan adopted the applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020. The CARES Act distribution provision allowed the Plan's participants to take a distribution up to \$100,000 or 100% of their vested balance, whichever is less, from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Eligible participants who receive a distribution under the CARES Act were not subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½. Pursuant to the CARES Act, the Plan also suspended all minimum required distributions for 2020 and allowed participants who had already taken their minimum required distributions to roll them back into the Plan. The Plan intends to formally adopt these provisions by December 31, 2025.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of Benefits:

Benefit payments to participants are recorded when paid. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2022 and 2021.

AVI FOODSYSTEMS, INC. 401(k) RETIREMENT SAVINGS PLAN

December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Administrative Expenses:

Administrative expenses of the Plan not paid by the Company may be paid out of the assets of the Plan provided such payments are consistent with ERISA. A portion of administrative expenses were paid by the Plan in 2022. Management fees and operating expenses charged to the Plan for investment management services are deducted from income earned on a monthly basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of investment return for such investments.

Subsequent Events:

The plan administrator has evaluated all activity of the Plan through September 29, 2023, the date the financial statements were available to be issued and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN

In accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Principal Life Insurance Company, the custodian of the Plan. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The custodian has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2022 and 2021, and for the year ended December 31, 2022, and the schedule of assets held for investment purposes as of December 31, 2022.

AVI FOODSYSTEMS, INC. 401(k) RETIREMENT SAVINGS PLAN

December 31, 2022 and 2021

NOTE D - INVESTMENTS AND FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on quoted prices in active markets for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used attempt to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts – The fair value of pooled separate accounts is measured using the net asset value (NAV) per unit, based on the fair value of the underlying assets, as a practical expedient. The investments underlying the Plan's pooled separate accounts primarily include domestic and international equities and domestic fixed income securities.

Mutual Funds – The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Common Collective Trust – The fair value of the common collective trust is measured using the net asset value (NAV) per unit, based on the fair value of the underlying assets. The investments underlying the Plan's common collective trust include stable value investment contracts issued by life insurance companies, banks and other financial institutions.

Guaranteed Interest Accounts – The Plan's investments include various non-benefit responsive Guaranteed Interest Accounts (GIA) with Principal Life Insurance Company. These GIA's cannot be sold to a third-party; however, funds can be withdrawn prior to maturity. The fair value is the discontinuance value which is the amount the Plan participant would receive if they transfer or withdraw their funds prior to maturity. The fair value is computed using a combination of the current interest rates based on remaining investment terms at the reporting date as well as the interest rate on the account. If the applicable interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the years (including fractional years) until the maturity date. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is equal to the contract value.

NOTE D - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2022:

	Assets at Fair Value		
	Level 1	Level 3	Total
Guaranteed interest accounts	\$ 0	\$ 1,758,080	\$ 1,758,080
Mutual funds	44,825,377	0	44,825,377
Investments measured at net asset value	0	0	34,584,610
Total investments at fair value	<u>\$ 44,825,377</u>	<u>\$ 1,758,080</u>	<u>\$ 81,168,067</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2021:

	Assets at Fair Value		
	Level 1	Level 3	Total
Guaranteed interest accounts	\$ 0	\$ 2,694,990	\$ 2,694,990
Mutual Funds	60,632,404	0	60,632,404
Investments measured at net asset value	0	0	38,041,272
Total investments at fair value	<u>\$ 60,632,404</u>	<u>\$ 2,694,990</u>	<u>\$ 101,368,666</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2022, there were no transfers between levels.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

Beginning balance	\$ 2,694,990
Total losses (realized and unrealized) included in changes in net assets available for benefits	(56,593)
Interest	27,598
Sales	(907,915)
Ending balance	<u>\$ 1,758,080</u>

NOTE D - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2022.

<u>Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Significant Input Values</u>
Guaranteed interest accounts	<u>\$ 1,758,080</u>	Assumed proceeds at discontinuance	Composite guaranteed rate Current rate at 12/31/2022	0.25%-2.42% 4.73%-5.21%

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2021.

<u>Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Significant Input Values</u>
Guaranteed interest accounts	<u>\$ 2,694,990</u>	Assumed proceeds at discontinuance	Composite guaranteed rate Current rate at 12/31/2021	0.88%-1.66% 0.25%-2.42%

Plan management works with the custodian to establish fair value of Level 3 investments. Determination of fair value includes consideration of the specified terms of each contract, the quality of the issuer, liquidity needs of the fund and relevant market information for similar instruments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan independently computed the fair value of the GIA using a discounted cash flow model which produced a fair value approximately the same as the discontinuance method utilized by Principal.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - NET ASSET VALUE (NAV) PER SHARE

The table below presents additional information for investments whose fair value is estimated using the practical expedient of NAV per share as of December 31, 2022 and 2021:

Pooled Separate Accounts and Common Collective Trusts	Fair Value at December 31,		Unfunded Commitments	Redemption (d)		Notice Period
	2022	2021		Terms	Restrictions	
Blended (a)	\$ 27,043,029	\$ 32,390,664	\$ 0	Daily	30 day holding period	None
Government						
Securities (b)	2,298,870	2,900,288		Daily	30 day holding period	None
Stable value (c)	5,242,711	2,750,320		Daily	30 day holding period	None

- (a) Invests in common stocks of foreign and domestic entities, other Principal separate accounts and fixed income funds. The investment policy is to seek long-term capital growth with some current income.
- (b) Invests primarily in securities that are AAA rated or issued by the US government, its agencies or instrumentalities. Investments are focused on perceived undervalued securities that fund management believes represent good long-term investment opportunities.
- (c) Invests primarily in stable value investment contracts issued by life insurance companies, banks and other financial institutions, the performance of which may be predicated on underlying fixed income investments. The investment is designed to provide stable value regardless of stock and bond market fluctuations and is designed for long-term investing.
- (d) Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at net asset value without any redemption notice. The 30 day holding period for certain investments applies to participant directed transfers out of the indicated investments, which permit only one transfer per 30 day period. Once the number of allowed transfers out is met, participants are not allowed to transfer back into this investment option until the holding period lapses. Contributions into the investment option are not impacted.

AVI FOODSYSTEMS, INC. 401(k) RETIREMENT SAVINGS PLAN

December 31, 2022 and 2021

NOTE F - GUARANTEED INTEREST ACCOUNTS WITH INSURANCE COMPANY

The Plan's investments include various non-benefit responsive GIA's with Principal. These GIA's are valued at fair value. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all of or a portion of their investment at contract value, however, there is a possible market value adjustment for transfers to other investment options from the guaranteed accounts. The GIA's permit withdrawal at contract value for a benefit event, such as termination, death, disability or retirement. However, there is a market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to maturity or for a non-benefit event, such as withdrawal from the account for a change in investment option.

NOTE G - INCOME TAXES

In a letter dated June 30, 2020, the Internal Revenue Service has informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are a share of pooled separate accounts and GIA's managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian and recordkeeper, as defined by the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services are included as a reduction of the return earned on each fund.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their entire account balances maintained under the Plan.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
