REPORT OF INDEPENDENT AUDITORS

To the Participants and Plan Administrator of the
OneMain 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the OneMain 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4a – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ONEMAIN 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1 - Description of the Plan

General

The following brief description of the OneMain 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by OneMain General Services Corporation (the "Company"). The Company's corporate offices are located in Evansville, Indiana.

The Plan was established on January 1, 2011, restated effective January 1, 2015, and subsequently restated June 1, 2021, as part of the conversion of the record keeper to Fidelity Workplace Services, LLC. The Fidelity Pre-Approved Plan documents ("Plan Documents") include the Adoption Agreement and the Fidelity Basic Plan Document No. 17. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan provides for participant elective salary deferrals in accordance with Section 1165(a) and (e) of the Internal Revenue Code (the "Code"). Fidelity Management Trust Company ("FMTC") is the Trustee and Custodian for the Plan. The OneMain Financial Retirement Plans Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death. The Plan is offered to eligible employees of the Company, as defined in the Plan Documents, which generally includes all employees who have attained 18 years of age and are U.S. citizens or resident aliens. There are no minimum service requirements to be eligible to participate in the Plan.

Contributions and Vesting

Elective Deferral Contributions

The amount of elective deferral contributions that may be made on behalf of a participant for any Plan year shall equal a percentage, as designated by the participant, of his/her eligible compensation, as defined in the Plan Documents. The amount of elective deferrals designated by the participant must be in whole percentages, not to exceed seventy five percent of the eligible compensation otherwise payable to the participant for the Plan year. Contributions may begin with the first payroll date coinciding with or immediately following the date the age requirement is met. Participants may elect that a portion or all of the deferrals are Roth deferral contributions. Participants may change their contribution rate and investment election for future contributions, as well as transfer all or part of their employee account balances among funds daily. All changes, except transfers, are effective as soon as administratively feasible. Transfer requests received prior to the closing of the New York Stock Exchange are effective on the business day the request is received.

Note 1 - Description of the Plan - continued

Employee contributions are limited to $20,500 for the 2022 Plan year or such other limitation as imposed from time to time by the Code. Additionally, individuals who are age 50 or over at the end of the Plan year can make annual catch-up contributions of up to $6,500 for the 2022 Plan year.

Rollovers

The Plan permits acceptance of lump-sum rollover contributions from a qualified plan of a prior employer. There is no Company match on any of these rollover contributions.

Company Contributions and Vesting

Effective January 1, 2013, the Plan adopted a Safe Harbor design in accordance with Code Section 401(k)(12). The employer shall make an employer Safe Harbor matching contribution, under the Enhanced Match guidelines, equal to a percentage of the total elective deferrals made on behalf of the participant for the Plan year. The employer Safe Harbor enhanced matching contribution rate is 100 percent of the first 4 percent of a participant's eligible compensation contributions to the Plan. If qualified, a true-up contribution which equals the difference between the Safe Harbor enhanced matching contribution and total contributions made during the Plan year, will be allocated to the Participant's account in the following year. A participant shall be fully vested at all times in employer Safe Harbor matching contributions.

Supplemental Deferrals

The employer may choose to make a discretionary nonelective contribution to be allocated to participants pro-rata on the basis of each participant's base compensation for the Plan year provided; however, the discretionary nonelective contribution shall only be allocated to those participants who are employed on the last day of the Plan year for which such contribution is made. The amount of such discretionary nonelective contribution shall be determined by the employer in its sole and absolute discretion, subject to IRS limitations. The nonelective contribution shall be fully vested after three years of service. There were no supplemental deferrals made during 2022.

Participant Accounts

Each participant's account is credited with his/her elective deferral contributions, the discretionary nonelective contributions, if any, made by the Company and the Company matching contributions plus an allocation of the investment income (loss) and administrative expenses. The benefit to which a participant is entitled is the amount of the participant's vested account balance, as defined in the Plan Documents.

Note 1 - Description of the Plan - continued

Investment Options

The Plan is an ERISA Section 404(c) plan which permits a participant to have control over the assets in his/her account. Plan assets are invested in the investment options offered under the Plan at the direction of Plan participants, and in accordance with the Plan Documents.

Participants can generally make transfers between existing funds or change the allocation of their current contributions on a daily basis. Certain investment funds may require a minimum of 90 days prior to a requested transfer and exchange.

To reduce administrative and fund transaction costs associated with short-term trading by participants, which can impact all investors in a particular fund, restrictions are placed on frequent or short-term trading. The Recordkeeper, Fidelity Workplace Services LLC ("Fidelity"), limits participant exchange activity. If a participant exchanges out of various funds, he or she cannot exchange back into that fund for 30 days.

Distributions

An employee can withdraw the vested portion of his or her account in the Plan upon termination, retirement, death, or if in need of the funds due to a case of hardship, as defined in the Plan Documents. Employees may make unlimited withdrawals from the Plan; however, certain restrictions on the sources of funds available for withdrawals prior to age $59^1/_2$ can apply. Participants who retire, leave the Company, or become disabled can elect to receive a lump sum distribution equal to the entire value of their vested account or defer the funds in the Plan indefinitely if the account balance is more than $5,000. Cash distributions are mandatory for account balances less than $1,000. Account balances greater than $1,000 but not more than $5,000 are automatically rolled into a qualified investment retirement account. Beneficiaries receive a lump-sum distribution equal to the full value of accounts held by the Plan participants who die. Funds taken out of the Plan, and not reinvested into another qualified plan or an individual retirement account, subject the distribution to income tax and potential penalties.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) for medical care expenses for the participant, their spouse, children, dependents or a primary beneficiary of the participant; (2) for the purchase of a principal residence for the participant; (3) to prevent eviction from, or foreclosure on, the participant's principal residence; (4) to pay for post-secondary education expenses (tuition, related educational fees, room and board) for the next 12 months for the participant, their spouse, children, dependents or a primary beneficiary of the participant; (5) to make payments for burial or funeral expenses for the participant's deceased parent, spouse, child, dependent or a primary beneficiary; or (6) to pay expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under Section 165 of the Code.

Note 1 - Description of the Plan - continued

Participant Loans

The Plan has a general loan provision that enables employees who have an account balance of at least $2,000 to borrow up to 50 percent of the value of their vested accounts, except that no loans will be made for less than $1,000 or more than $50,000. Most loans are granted for a period no less than one year and no more than 60 months. Loans granted for a primary residence will have a term of no less than 1 year and no more than 180 months. Additionally, no more than two general purpose loans may be taken at one time. The rate of interest on any loan to a participant under the Plan shall be determined by the Plan Administrator and shall be equal to the prime rate of interest at the beginning of the quarter in which the loan originates. Loans outstanding at December 31, 2022 and 2021 have been issued at interest rates between 3.25 percent and 7.00 percent, and 3.25 percent and 8.25 percent, respectively. Loan repayments including principal and interest made by participants who are employed by the Company are generally made through the after-tax payroll deductions.

Each loan is secured through the vested balance in the participant's Plan account. If a participant defaults on his or her loan by failing to make timely repayments (90 days without a payment), the outstanding principal and interest due on the loan is deemed a distribution and reported as a taxable distribution to the participant in the year of default. If the participant has an outstanding loan and takes a distribution of his or her Plan benefit, the outstanding principal and interest due on the loan is deducted from the amount distributed to the participant. Participants may also be permitted to roll over the unpaid balance of a plan loan from this Plan to a successor employer's plan.

Redemption Fees

There are no redemption fees related to the funds.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled $99,713 and $97,454, respectively. These forfeited balances will be available to pay expenses of the Plan and/or to reduce future employer contributions. No forfeitures were used to offset employer contributions in 2022 or 2021.

Plan Expenses

Employees of the Company or its affiliates perform certain administrative functions with no compensation from the Plan. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company or its affiliates. All significant administrative expenses paid by the Company or its affiliates are not reflected in the accompanying financial statements.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the modified cash basis of accounting. This differs from accounting principles generally accepted in the United States of America in that contributions, interest and dividend income, and other receipts are recognized when received rather than when due, and expenses are recognized when paid rather than when incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity and fixed income investments. See Note 3 for information related to the methodologies utilized to measure the fair value of the Plan’s assets.

Investment transactions are accounted for as of the trade date. Realized gains and losses from investment transactions are determined using the average cost method. Distributions received from an underlying fund, if any, are recorded on the ex-dividend date and retain the character of income as earned by the underlying fund. Dividend income, if any, is recorded, net of applicable withholding taxes, if any, on the ex-dividend date. Non-cash dividends, if any, are recorded at the fair value of the securities received. Interest income earned on securities, if any, is recorded on the accrual basis from settlement date. Interest income includes accretion of discounts and amortization of premiums, if any. Paydown gains and (losses) on mortgage and asset-backed securities are included in interest income. Investment income (other than securities lending income), expenses that are not attributable to a particular class, and unrealized and realized gains or losses are allocated daily to each Class of the Fund based upon the relative proportion of net assets of each Class. Securities lending income is allocated daily to each Class of the Lending Fund based upon the relative proportion of the Lending Fund's net assets.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Note 2 - Summary of Significant Accounting Policies - continued

Payment of Benefits

Benefits are recorded when paid**.**

Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less when purchased are treated as cash equivalents. As of December 31, 2022 and 2021, the Plan had no such investments.

Note 3 - Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

Management has described their methodologies below used to measure each major category of assets. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy for equity or majority equity funds and Level 2 for fixed income or majority fixed income funds. There are no significant restrictions on redeeming these investments at NAV.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

Note 3 - Fair Value Measurements – continued

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2022 and 2021.

	2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 96,210,617	$ 8,303,119	$ -	$ 104,513,736
Total investments in the fair value hierarchy	$ 96,210,617	$ 8,303,119	$ -	$ 104,513,736
Investments measured at NAV (a)				$ 365,415,450
Total investments at fair value				$ 469,929,186

	2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 115,948,873	$ 12,814,720	$ -	$ 128,763,593
Total investments in the fair value hierarchy	$ 115,948,873	$ 12,814,720	$ -	$ 128,763,593
Investments measured at NAV (a)				$ 416,515,745
Total investments at fair value				$ 545,279,338

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits – modified cash basis.

Note 3 - Fair Value Measurements – continued

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient and excluded from the fair value hierarchy due to unobservable inputs, as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC.

Note 5 - Tax Status

The Plan adopted the pre-approved form of the Fidelity Basic Plan Document No. 17 and relies on the favorable advisory letter from the IRS, which states that the form is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

The Plan Administrator and legal counsel believe the Plan Document remains in compliance with ERISA and the Code and the Plan is being operated in material compliance with the applicable requirements of the Code.

Management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant’s accounts will become 100% vested.

Note 7 - Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits – Modified Cash Basis.

Note 9 - Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 4, 2023, the date the financial statements were available for issuance.
