Independent Auditors' Report

To the Participants and Plan Administrator of
Burlington Coat Factory Warehouse Corporation 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Burlington Coat Factory Warehouse Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis), Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Burlington Coat Factory Warehouse Corporation 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. For more complete information about the Plan's eligibility, vesting, withdrawal and benefit provisions, reference should be made to the plan document for the Plan.

General

The Plan is a voluntary investment and savings plan intended to provide participating employees (Members) with additional retirement income. Active regular employees of Burlington Coat Factory Warehouse Corporation (the Company) and certain of its subsidiaries are eligible to participate in the Plan after attainment of age 21. State Street Bank and Trust Company (the Trustee) serves as the Trustee for the Plan. The Plan's 401(k) Committee is responsible for oversight of the Plan. This committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

The Plan is also intended to qualify as a profit sharing plan under the Internal Revenue Code (the Code), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions and Vesting

Under the Plan, Members may enter into salary reduction agreements with the Company and may contribute, within limitations specified by the Code from 1% to 100% of compensation (as defined in the plan document). The Company's matching contribution is 100% of the first 3%, and 50% of the next 2%, of compensation deferred by a Member in a plan year. Members' salary deferrals are always 100% vested immediately. Members must meet the one year of service and 1,000 hours requirement to be eligible for the Company match. Company matching contributions made for plan years commencing on and after January 1, 2000 are fully vested immediately. Company matching contributions made for plan years commencing prior to January 1, 2000. Company matching contributions made for plan years commencing prior to January 1, 2000 were 20% vested after three years of service and continued to vest an additional 20% each year, becoming fully vested after the Member completed seven years of service.

The Company may make a profit sharing contribution in cash to the Plan for a plan year in an amount determined by the Board of Directors of the Company at its discretion. The amount contributed for any plan year will be allocated proportionately, based on compensation, among all eligible Members who have completed at least 1,000 hours of service during the plan year and are employed on the last day of the plan year. For the 2022 and 2021 plan years, the Company determined that no profit sharing contribution would be made to the Plan. Effective January 1, 2007, the vesting schedule for the Company profit sharing contributions was amended to reflect a vesting rate of 20% after two years of service, and 20% for each year thereafter up to 100% upon completion of six years of service. Notwithstanding the vesting schedules, a Member becomes 100% vested in his or her account upon reaching normal retirement age, or upon death or disability.

Rollovers

An employee with the approval of Transamerica Retirement Solutions (Transamerica), the record-keeper, is eligible to rollover directly to the Plan, accrued benefits from another employer's tax-qualified plan. Rollovers are not eligible for Company matching contributions. For the 2022 and 2021 plan years, $3,957,220 and $5,477,052 of assets were rolled over into the Plan, respectively.

Member Accounts

Each Member's account is credited with the Member's contribution and allocations of (a) the Company's contributions and (b) the Plan's earnings, and charged with an allocation of transaction-related fees that are paid by the Plan. Allocations are based on Member earnings, account balances or specific Member transactions, as defined. The benefit to which a Member is entitled is the benefit that can be provided from the Member's vested account.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a Member may receive a lump-sum amount or rollover to a qualified institution of the value of the Member's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Notes Receivable From Members

Members can borrow from their account and repay it through after-tax payroll deductions. Members may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 (less the highest outstanding balance on any note during the preceding twelve months) or 50% of their vested account balance. Notes receivable transactions are treated as transfers between the investment funds and the loan account. Notes receivable terms range generally from one to five years, or up to twenty years if the purpose of the note is to enable a Member to purchase a primary residence. The notes are due and payable 90 days following termination of employment or earlier in certain circumstances. The notes are secured by the balance in the Member's account and bear interest at a commercially reasonable rate. Interest rates on the notes outstanding as of December 31, 2022 range from 4.25% to 8.50%.

Forfeited Accounts

At December 31, 2022 and 2021, forfeiture accounts totaled $3,480 and $57,531, respectively. These accounts can be used to reduce future Company nonelective contributions. In 2022, $183,551 of forfeitures were used to offset Company nonelective contributions. There were no forfeited nonvested accounts used to reduce Company nonelective contributions during 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis, Member contributions and Company matching and profit sharing contributions to the Plan are recognized when received.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, record-keeper and Trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Members

Notes receivable from Members are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as transaction fees and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from Members are charged directly to the Member's account and are included in transaction fees. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 26, 2023, the date the financial statements were available to be issued.

Subsequent to December 31, 2022, the 401(k) Committee approved a name change from Burlington Coat Factory Warehouse Corporation 401(k) Profit Sharing Plan to Burlington Stores Savings Plan. The 401(k) Committee also approved the transfer of trustee and record keeper from State Street Bank and Trust Company and Transamerica to Empower Trust Company. The transfer of plan assets took place in April 2023 to Empower Trust Company.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

General account is valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Reliance/MetLife Stable 25157 Class 35 Fund (the Fund), a collective trust fund, is valued at the NAV based on declared credited rates. This fund is a bank collective trust fund. Credited rates are declared in advance of each quarter based on transparent re-set formula. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Fund will sell the investment for an amount different than the reported NAV. Member transactions (purchases and sales) may occur daily. Plan level liquidation with a 60 day notice, will be at lower of book or market value. The Fund's objective is the safety and preservation of principal and accumulated interest for member-initiated transactions. The interest credited to balances in the Fund will reflect both current market conditions and performance of the underlying investments in the Fund. The Fund invests entirely in the MetLife Group Annuity Contract 25157 which consists of separately managed investment portfolios directed by Reliance Trust Company.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 274,393,547	$ -	$ -	$ 274,393,547

Investments measured at net asset value (a)				41,888,059
Total investments at fair value				$ 363,917,731

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits—Modified Cash Basis.

Fair Value of Investments That Calculate Net Asset Value

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2022 and 2021.

	December 31, 2022			
	Fair Value	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Collective trust:				
Reliance/MetLife Stable 25157 Class 35 Fund	$ 43,690,764	N/A	Daily	60 days

Collective trust: Reliance/MetLife Stable 25157 Class 35 Fund	$ 41,888,059	N/A	Daily	60 days

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, Members would become 100% vested in all Company contributions.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

The modified cash basis of accounting requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the Trustee and Transamerica, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net (depreciation) appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to Members, which are secured by the Member's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by employees or officers of the Company. No such employee or officer receives compensation from the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Members' account balances and the amounts reported in the Statements of Net Assets Available for Benefits—Modified Cash Basis.

As of December 31, 2022 and 2021, the Plan had investments of $43,690,764 and $41,888,059, respectively, that were concentrated in one fund. These concentrations expose the Plan to financial risk. Management does not believe this risk is significant.

8. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, State Street Bank and Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis as of December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022 and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits—Modified Cash Basis for the years ended December 31, 2022 and 2021.
