Independent Auditors' Report

To the Plan Administrator of the
Watts Water Technologies, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Watts Water Technologies, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan:

The following description of Watts Water Technologies, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a defined contribution plan covering all eligible employees of Watts Water Technologies, Inc. (the Plan Sponsor) and related participating employers, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Merger: During 2021, the Plan Sponsor acquired The Detection Group, Inc. Effective January 1, 2022, the Plan Sponsor approved the merger of the Detection Group Inc. 401(k) Profit Sharing Plan and Trust, a defined contribution plan of The Detection Group, Inc. As a result, it was determined that the plans would be merged and all assets would be transferred to the Watts Water Technologies, Inc. 401(k) Savings Plan effective January 1, 2022. The assets transferred from the Detection Group Inc. 401(k) Profit Sharing Plan and Trust amounted to \$483,946, which consisted entirely of investments at fair value and notes receivable from participants.

Eligibility: All employees of the Plan Sponsor, except for leased employees, nonresident aliens, independent contractors, and residents of Puerto Rico, become eligible for participation in the Plan three months after the date of hire. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provides for Participant pretax contributions. Participants may contribute up to 60% of their pretax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. The Plan includes a qualified Roth contribution program, whereby Participants may irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pretax contributions as designated Roth contributions as defined in Section 402A(c)(1) of the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Plan provides for safe harbor matching contributions whereby the Plan Sponsor matches 100% of Participant contributions up to 4% of their eligible compensation. Participants who are covered under a collective bargaining agreement are excluded from participation in the matching contributions. For the year ended December 31, 2022, safe harbor matching contributions were made to the Plan in the amount of \$4,674,243, which is net of forfeitures of \$14,190.

The Plan also provides for nondiscretionary nonelective contributions to the Plan in any Plan year of 2% of eligible compensation, subject to statutory limitations. Participants who are covered under a collective bargaining agreement are excluded from participation in the nonelective contributions. For the year ended December 31, 2022, the Plan Sponsor made nondiscretionary nonelective contributions to the Plan in the amount of \$2,896,798.

The Plan Sponsor may, at its discretion, make additional matching contributions to the Plan in any Plan year in an amount determined by the Board of Directors of the Plan Sponsor. For the year ended December 31, 2022, no discretionary matching contributions were made to the Plan.

Participant Accounts: Each Participant's account is credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

1. Description of the Plan (Continued):

Vesting: Participants are immediately vested 100% in their contributions and all Plan Sponsor contributions plus actual earnings thereon, with the exception of (i) the Participants who had assets transferred to the Plan from the Aerco International, Inc. Non-Union 401(k) and Profit Sharing Plan (Aerco Plan) on January 13, 2016 and did not perform at least one hour of service on or after January 1, 2016, and (ii) Participants who had assets transferred to the Plan from the PVI Industries, LLC Profit Sharing Incentive and Retirement Plan on January 22, 2018 (PVI Plan). For these Participants who transferred assets from the Aerco Plan and the PVI Plan, vesting in Plan Sponsor contributions is based upon years of service as follows:

<u>Years of Service from Date of Hire</u>	<u>Vested Percentage of Matching Contributions</u>	<u>Vested Percentage of Nonelective Contributions</u>
1	0%	0%
2	25%	40%
3	50%	60%
4	75%	80%
5	100%	100%

Participants are 100% vested upon the occurrence of death, permanent disability, or early retirement age, as defined.

Notes Receivable from Participants: Participants may borrow from their Plan accounts in amounts attributable to the Participant's vested balance for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant may borrow the lesser of 50% of their eligible balance up to \$50,000. The minimum loan amount is \$1,000 and only one loan can be outstanding at any time. The loan balance is secured by the Participant's account and bears fixed interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan Administrator, which range from 4.25% to 9.25% as of December 31, 2022. The interest rate will remain fixed throughout the duration of the loan. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond ten years from the date of the loan. The level repayment requirement may be waived for a period of one year; however, the loan must still be repaid in full on the maturity date. If the Participant is on military leave of absence, the repayment schedule may be waived for the entire length of the time missed on leave. The loan will accrue interest during this time, and upon return from a military leave of absence, the loan will be reamortized to extend the length of the loan by the length of the leave.

Benefits and Withdrawals: The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their beneficiaries will receive a lump sum distribution if the account balance has a value of less than or equal to \$1,000. Terminated Participants' vested account balances of greater than \$1,000 and up to \$5,000 may be automatically distributed to an Individual Retirement Account (IRA). Participants whose account balances exceed \$5,000 may elect to receive a lump sum or annuity payments distribution, or may leave their vested balance in the Plan.

Hardship withdrawals are permitted by the Plan as defined in the IRC. Participants may also withdraw their vested account balance upon attaining age 59 ½.

Forfeited Accounts: Forfeited amounts related to Plan Sponsor contributions are used to reduce future Plan Sponsor contributions or to pay Plan expenses. Forfeited amounts not used to reduce future Plan Sponsor contributions or to pay Plan expenses are reallocated to Participant accounts as additional Plan Sponsor contributions. During the year ended December 31, 2022, the Plan Sponsor used forfeitures in the amount of \$14,190 to reduce its contributions. During the year ended December 31, 2022, the Plan Sponsor used forfeitures in the amount of \$193 to pay Plan expenses. As of December 31, 2022 and 2021, the Plan had forfeitures available to offset future Plan Sponsor contributions or to pay Plan expenses in the amount of \$2,716 and \$9,288, respectively.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee and custodian. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a Participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.

Recent Pronouncements: The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements (Continued):

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at net asset value (NAV) based on information reported by the trustee and custodian with reference to the market value of the funds underlying assets at end of year. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable Value Fund: Valued at the net asset value (NAV) of units of the stable value fund. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Immediate Participation Guarantee Fund: Valued at replacement cost using contributions made under contract, plus earnings, less participant withdrawals, administrative expenses, and a market value adjustment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Total	Level 1	Level 2	Level 3
Investments:				
Mutual Funds	\$ 178,781,986	\$ 178,781,986	\$ -	\$ -
Immediate Participation Guarantee Fund	22,315	-	-	22,315
Total Assets in the Fair Value Hierarchy	178,804,301	\$ 178,781,986	\$ -	\$ 22,315
Investments Measured at Net Asset Value	10,952,762			
Investments at Fair Value	<u>\$ 189,757,063</u>			
	Assets at Fair Value as of December 31, 2021			
	Total	Level 1	Level 2	Level 3
Investments:				
Mutual Funds	\$ 220,296,876	\$ 220,296,876	\$ -	\$ -
Immediate Participation Guarantee Fund	21,457	-	-	21,457
Total Assets in the Fair Value Hierarchy	220,318,333	\$ 220,296,876	\$ -	\$ 21,457
Investments Measured at Net Asset Value	9,208,518			
Investments at Fair Value	<u>\$ 229,526,851</u>			

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the years ended December 31, 2022 and 2021.

	Immediate Participation Guarantee Fund
Balance as of December 31, 2020	\$ 5,831
Realized Gains (Losses)	512
Purchases	15,114
Balance as of December 31, 2021	21,457
Realized Gains (Losses)	858
Balance as of December 31, 2022	<u>\$ 22,315</u>

Unrealized gains from the guaranteed investment contract are not included in the statement of changes in net assets available for plan benefits as the contract is recorded at contract value for purposes of the statements of net assets available for plan benefits at the reporting date.

3. Fair Value Measurements (Continued):

The fair value of the AXA Equitable Guaranteed Interest Account, the immediate participation guarantee fund, is defined as the price that would be received to sell this investment. This investment is valued at replacement cost using contributions made under the contract, plus earnings consisting of interest at a variable rate (4% as of December 31, 2022 and 2021), less participant withdrawals and administrative expenses. There are no redemption restrictions or unfunded commitments applicable to this investment.

Valuation policies and procedures are managed by the Plan Sponsor's finance group, which regularly monitors fair value measurements. Fair value measurements, including those categorized within Level 3, are prepared and reviewed on their issuance date and then on an annual basis and any third-party valuations are reviewed for reasonableness and compliance with the *Fair Value Measurement* topic of the FASB's Accounting Standards Codification.

The following table summarizes investments measured at fair value based on NAV used as a practical expedient as of December 31, 2022 and 2021:

Financial Asset	Fair Value as of December 31, 2022	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Funds	\$ 10,948,624	None	Daily	12 Months
Pooled Separate Accounts	<u>4,138</u>	None	Daily	7 Days
	<u><u>\$ 10,952,762</u></u>			
Financial Asset	Fair Value as of December 31, 2021	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Funds	\$ 9,202,888	None	Daily	12 Months
Pooled Separate Accounts	<u>5,630</u>	None	Daily	7 Days
	<u><u>\$ 9,208,518</u></u>			

4. Party-in-Interest Transactions:

Certain Plan investments are managed by Fidelity Management Trust Company and Equitable Financial Life Insurance Company, trustee and custodian of the Plan, respectively, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2022. During the year ended December 31, 2022, the Plan made direct payments to Fidelity Investments Institutional and Strategic Advisors, Inc., the recordkeeper and advisor, respectively, in the aggregate amount of \$90,807, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

5. Tax Status:

The Plan has adopted the nonstandardized preapproved profit sharing plan of FMR LLC. The plan sponsor of the nonstandardized preapproved profit sharing plan received a favorable opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the form of the nonstandardized preapproved profit sharing plan was in compliance with the applicable requirements of the IRC. The nonstandardized preapproved profit sharing plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC, and that the related trust is therefore tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2022 and 2021 and for the year ended December 31, 2022.

6. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

7. Risks and Uncertainties:

The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

As of December 31, 2022 and 2021, the Plan had investments of \$45,946,465 and \$42,072,609, respectively, that were concentrated in two and one funds, respectively.

8. Information Certified by the Trustee And Custodian:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) as of December 31, 2022, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from Participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company and Equitable Financial Life Insurance Company, trustee and custodian of the Plan, respectively.

9. Subsequent Events:

Plan Amendments: Effective February 1, 2023, the Plan entered into a revenue sharing agreement with Fidelity Management Trust Company whereby the Plan will receive revenue sharing payments related to certain investments held by the Plan. Funds allocated to this account may be used to pay qualified plan expenses including investment management fees or allocated to Participants, as defined. Effective April 28, 2023, the Plan was amended to allow for partial withdrawal benefit payments.

10. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

Independent Auditors' Report

To the Plan Administrator of the
Watts Water Technologies, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Watts Water Technologies, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan:

The following description of Watts Water Technologies, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a defined contribution plan covering all eligible employees of Watts Water Technologies, Inc. (the Plan Sponsor) and related participating employers, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Merger: During 2021, the Plan Sponsor acquired The Detection Group, Inc. Effective January 1, 2022, the Plan Sponsor approved the merger of the Detection Group Inc. 401(k) Profit Sharing Plan and Trust, a defined contribution plan of The Detection Group, Inc. As a result, it was determined that the plans would be merged and all assets would be transferred to the Watts Water Technologies, Inc. 401(k) Savings Plan effective January 1, 2022. The assets transferred from the Detection Group Inc. 401(k) Profit Sharing Plan and Trust amounted to \$483,946, which consisted entirely of investments at fair value and notes receivable from participants.

Eligibility: All employees of the Plan Sponsor, except for leased employees, nonresident aliens, independent contractors, and residents of Puerto Rico, become eligible for participation in the Plan three months after the date of hire. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provides for Participant pretax contributions. Participants may contribute up to 60% of their pretax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. The Plan includes a qualified Roth contribution program, whereby Participants may irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pretax contributions as designated Roth contributions as defined in Section 402A(c)(1) of the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Plan provides for safe harbor matching contributions whereby the Plan Sponsor matches 100% of Participant contributions up to 4% of their eligible compensation. Participants who are covered under a collective bargaining agreement are excluded from participation in the matching contributions. For the year ended December 31, 2022, safe harbor matching contributions were made to the Plan in the amount of \$4,674,243, which is net of forfeitures of \$14,190.

The Plan also provides for nondiscretionary nonelective contributions to the Plan in any Plan year of 2% of eligible compensation, subject to statutory limitations. Participants who are covered under a collective bargaining agreement are excluded from participation in the nonelective contributions. For the year ended December 31, 2022, the Plan Sponsor made nondiscretionary nonelective contributions to the Plan in the amount of \$2,896,798.

The Plan Sponsor may, at its discretion, make additional matching contributions to the Plan in any Plan year in an amount determined by the Board of Directors of the Plan Sponsor. For the year ended December 31, 2022, no discretionary matching contributions were made to the Plan.

Participant Accounts: Each Participant's account is credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

1. Description of the Plan (Continued):

Vesting: Participants are immediately vested 100% in their contributions and all Plan Sponsor contributions plus actual earnings thereon, with the exception of (i) the Participants who had assets transferred to the Plan from the Aerco International, Inc. Non-Union 401(k) and Profit Sharing Plan (Aerco Plan) on January 13, 2016 and did not perform at least one hour of service on or after January 1, 2016, and (ii) Participants who had assets transferred to the Plan from the PVI Industries, LLC Profit Sharing Incentive and Retirement Plan on January 22, 2018 (PVI Plan). For these Participants who transferred assets from the Aerco Plan and the PVI Plan, vesting in Plan Sponsor contributions is based upon years of service as follows:

<u>Years of Service from Date of Hire</u>	<u>Vested Percentage of Matching Contributions</u>	<u>Vested Percentage of Nonelective Contributions</u>
1	0%	0%
2	25%	40%
3	50%	60%
4	75%	80%
5	100%	100%

Participants are 100% vested upon the occurrence of death, permanent disability, or early retirement age, as defined.

Notes Receivable from Participants: Participants may borrow from their Plan accounts in amounts attributable to the Participant's vested balance for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant may borrow the lesser of 50% of their eligible balance up to \$50,000. The minimum loan amount is \$1,000 and only one loan can be outstanding at any time. The loan balance is secured by the Participant's account and bears fixed interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan Administrator, which range from 4.25% to 9.25% as of December 31, 2022. The interest rate will remain fixed throughout the duration of the loan. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond ten years from the date of the loan. The level repayment requirement may be waived for a period of one year; however, the loan must still be repaid in full on the maturity date. If the Participant is on military leave of absence, the repayment schedule may be waived for the entire length of the time missed on leave. The loan will accrue interest during this time, and upon return from a military leave of absence, the loan will be reamortized to extend the length of the loan by the length of the leave.

Benefits and Withdrawals: The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their beneficiaries will receive a lump sum distribution if the account balance has a value of less than or equal to \$1,000. Terminated Participants' vested account balances of greater than \$1,000 and up to \$5,000 may be automatically distributed to an Individual Retirement Account (IRA). Participants whose account balances exceed \$5,000 may elect to receive a lump sum or annuity payments distribution, or may leave their vested balance in the Plan.

Hardship withdrawals are permitted by the Plan as defined in the IRC. Participants may also withdraw their vested account balance upon attaining age 59 ½.

Forfeited Accounts: Forfeited amounts related to Plan Sponsor contributions are used to reduce future Plan Sponsor contributions or to pay Plan expenses. Forfeited amounts not used to reduce future Plan Sponsor contributions or to pay Plan expenses are reallocated to Participant accounts as additional Plan Sponsor contributions. During the year ended December 31, 2022, the Plan Sponsor used forfeitures in the amount of \$14,190 to reduce its contributions. During the year ended December 31, 2022, the Plan Sponsor used forfeitures in the amount of \$193 to pay Plan expenses. As of December 31, 2022 and 2021, the Plan had forfeitures available to offset future Plan Sponsor contributions or to pay Plan expenses in the amount of \$2,716 and \$9,288, respectively.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee and custodian. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a Participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.

Recent Pronouncements: The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements (Continued):

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at net asset value (NAV) based on information reported by the trustee and custodian with reference to the market value of the funds underlying assets at end of year. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable Value Fund: Valued at the net asset value (NAV) of units of the stable value fund. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Immediate Participation Guarantee Fund: Valued at replacement cost using contributions made under contract, plus earnings, less participant withdrawals, administrative expenses, and a market value adjustment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Total	Level 1	Level 2	Level 3
Investments:				
Mutual Funds	\$ 178,781,986	\$ 178,781,986	\$ -	\$ -
Immediate Participation Guarantee Fund	22,315	-	-	22,315
Total Assets in the Fair Value Hierarchy	178,804,301	\$ 178,781,986	\$ -	\$ 22,315
Investments Measured at Net Asset Value	10,952,762			
Investments at Fair Value	<u>\$ 189,757,063</u>			
	Assets at Fair Value as of December 31, 2021			
	Total	Level 1	Level 2	Level 3
Investments:				
Mutual Funds	\$ 220,296,876	\$ 220,296,876	\$ -	\$ -
Immediate Participation Guarantee Fund	21,457	-	-	21,457
Total Assets in the Fair Value Hierarchy	220,318,333	\$ 220,296,876	\$ -	\$ 21,457
Investments Measured at Net Asset Value	9,208,518			
Investments at Fair Value	<u>\$ 229,526,851</u>			

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the years ended December 31, 2022 and 2021.

	Immediate Participation Guarantee Fund
Balance as of December 31, 2020	\$ 5,831
Realized Gains (Losses)	512
Purchases	15,114
Balance as of December 31, 2021	21,457
Realized Gains (Losses)	858
Balance as of December 31, 2022	<u>\$ 22,315</u>

Unrealized gains from the guaranteed investment contract are not included in the statement of changes in net assets available for plan benefits as the contract is recorded at contract value for purposes of the statements of net assets available for plan benefits at the reporting date.

3. Fair Value Measurements (Continued):

The fair value of the AXA Equitable Guaranteed Interest Account, the immediate participation guarantee fund, is defined as the price that would be received to sell this investment. This investment is valued at replacement cost using contributions made under the contract, plus earnings consisting of interest at a variable rate (4% as of December 31, 2022 and 2021), less participant withdrawals and administrative expenses. There are no redemption restrictions or unfunded commitments applicable to this investment.

Valuation policies and procedures are managed by the Plan Sponsor's finance group, which regularly monitors fair value measurements. Fair value measurements, including those categorized within Level 3, are prepared and reviewed on their issuance date and then on an annual basis and any third-party valuations are reviewed for reasonableness and compliance with the *Fair Value Measurement* topic of the FASB's Accounting Standards Codification.

The following table summarizes investments measured at fair value based on NAV used as a practical expedient as of December 31, 2022 and 2021:

Financial Asset	Fair Value as of December 31, 2022	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Funds	\$ 10,948,624	None	Daily	12 Months
Pooled Separate Accounts	<u>4,138</u>	None	Daily	7 Days
	<u><u>\$ 10,952,762</u></u>			
Financial Asset	Fair Value as of December 31, 2021	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Funds	\$ 9,202,888	None	Daily	12 Months
Pooled Separate Accounts	<u>5,630</u>	None	Daily	7 Days
	<u><u>\$ 9,208,518</u></u>			

4. Party-in-Interest Transactions:

Certain Plan investments are managed by Fidelity Management Trust Company and Equitable Financial Life Insurance Company, trustee and custodian of the Plan, respectively, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2022. During the year ended December 31, 2022, the Plan made direct payments to Fidelity Investments Institutional and Strategic Advisors, Inc., the recordkeeper and advisor, respectively, in the aggregate amount of \$90,807, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

5. Tax Status:

The Plan has adopted the nonstandardized preapproved profit sharing plan of FMR LLC. The plan sponsor of the nonstandardized preapproved profit sharing plan received a favorable opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the form of the nonstandardized preapproved profit sharing plan was in compliance with the applicable requirements of the IRC. The nonstandardized preapproved profit sharing plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC, and that the related trust is therefore tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2022 and 2021 and for the year ended December 31, 2022.

6. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

7. Risks and Uncertainties:

The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

As of December 31, 2022 and 2021, the Plan had investments of \$45,946,465 and \$42,072,609, respectively, that were concentrated in two and one funds, respectively.

8. Information Certified by the Trustee And Custodian:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) as of December 31, 2022, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from Participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company and Equitable Financial Life Insurance Company, trustee and custodian of the Plan, respectively.

9. Subsequent Events:

Plan Amendments: Effective February 1, 2023, the Plan entered into a revenue sharing agreement with Fidelity Management Trust Company whereby the Plan will receive revenue sharing payments related to certain investments held by the Plan. Funds allocated to this account may be used to pay qualified plan expenses including investment management fees or allocated to Participants, as defined. Effective April 28, 2023, the Plan was amended to allow for partial withdrawal benefit payments.

10. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
