INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Priefert Manufacturing Co., Inc. 401(K) Plan
Mount Pleasant, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the accompanying financial statements of Priefert Manufacturing Co., Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Priefert Manufacturing Co., Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Priefert Manufacturing Co., Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Priefert Manufacturing Co., Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Priefert Manufacturing Co., Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Priefert Manufacturing Co., Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRIEFERT MANUFACTURING CO., INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Priefert Manufacturing Co. Inc 401K ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all employees of Priefert Mfg. Co., Inc. and related entities; Priefert Complex Designs, LLC; PMCI Management I, LLC; BENT Properties, LLC; and DFW Steel, LLC (collectively, "the Company"). Employees are eligible to participate the first day of the calendar month coincident with or next following 90 days of service. Participation in the Plan is voluntary. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Priefert Mfg. Co., Inc. is the Plan Sponsor.

CONTRIBUTIONS

Participants may elect to contribute pre-tax and Roth post-tax compensation, as defined in the Plan, not to exceed the limit of the Internal Revenue Code ("IRC"). Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company's discretionary matching contribution currently provides for a contribution of 50% of the first 6% of base compensation that a participant contributes to the Plan. The Company may provide discretionary non-elective contributions in an amount, to be determined by the Board of Directors, equal to a percentage of participants' eligible compensation. The Company did not make a non-elective contribution for the Plan year ended December 31, 2022.

PARTICIPANT ACCOUNTS

Each participant's account is credited with participant's contributions, Company match contributions, and Plan earnings. Participant balances and future contributions are held at Capital Bank and Trust. Participants can elect to invest balances and contributions in a pre-selected panel of investment options. If employee opts not to direct investments, employee balance and contributions are invested in specific Target Date funds based on employee age. Participant funds are valued daily. Employer match contribution funds are held at Charles Schwab. Semiannually, each participant's employer match account is credited with (a) the Employers' contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocation is based on a formula as defined in the Plan. Participant employer accounts are valued semiannually on June 30 and December 31. Plan assets are invested for the benefit of the Plan participants with prudent care and in accordance with the authority granted by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FORFEITED ACCOUNTS

The portion of a terminated participant's account to which he or she is not entitled as a result of being less than fully vested is forfeited by the participant and may be used by any permissible method, including restoring forfeitures, reducing or reallocating as contributions from the Company, or paying Plan expenses. At December 31, 2022 and 2021, forfeited, non-vested accounts were $14,929 and $64,191, respectively, which are available for future use, subject to reinstatement of the terminated employees' accounts. Also, in 2022, employer contributions were reduced by $224,679 from forfeited nonvested accounts.

PARTICIPANT LOANS

The Plan does not allow for loans to participants or beneficiaries.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested in the Company's contribution portion of their accounts upon the completion of five years of qualifying service or upon attainment of age sixty. If an employee terminates because of death or disability, they also become fully vested. If a participant terminates employment other than because of death, disability, or retirement, vesting in the Company's contributions is as follows:

Years of Service	% Vested
Less than a year	0%
1	0%
2	25%
3	50%
4	75%
5	100%

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, if the vested benefit exceeds $5,000. Vested benefits not exceeding $5,000 must be distributed as soon as practicable following death, disability, or retirement. For termination of service due to other reasons, a participant may receive the employee portion (salary deferral or 401(k) portion) of his or her account as a lump-sum distribution. Hardship distributions are permitted from the plan in accordance with updated Internal Revenue Service ("IRS") guidelines.

Payment to participants may start immediately for elective deferral balances and rollover contribution amounts. Payment for matching, discretionary non-elective, and qualified nonelective contribution accounts are performed semi-annually due to the valuation of these accounts occurring on June 30 and December 31 every year. Distributions must begin no later than April 1 following the calendar year in which the participant attains the age of 72 for 5% owners and 72 or retirement for less than 5% owners.

PLAN ADMINISTRATION

The Board of Directors of the Company appoints the Plan Administrator and Plan Trustees. The Plan Administrator is an employee of the Plan Sponsor. The Plan's third-party administrator, Resource Benefits Administrators, performs the Plan's administrative duties such as preparation of the Form 5500, participant recordkeeping, compliance testing and enrollment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements were prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and the plan trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan's investments, stated at fair value, consist primarily of shares in registered investment companies, equity securities, corporate bonds, and undeveloped land.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

OPERATING EXPENSES

The Company, at its sole discretion, may pay the administrative expenses (i.e., trustee fees, fund fees, loan fees, recordkeeping fees and other similar expenses) of the Plan. If such expenses are not paid by the plan sponsor, they are paid out of plan assets. Investment related expenses are included in net investment appreciation (depreciation) from investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Interest bearing cash and money market funds: Valued at the per unit price as quoted by the financial institution.

Common stock: The fair value of common stock is the value at the closing price reported on the active market on which the individual securities are traded.

Mutual funds and exchange-traded funds: The fair value of mutual funds and exchange-traded funds ("ETFs") are based on quoted net asset values of the shares as reported by the fund. The mutual funds and ETFs held by the Plan are open-end and registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds and ETFs held by the Plan are deemed to be actively traded.

Real estate: The real estate is valued by third party appraisals and/or third-party sales on value. The value is determined on an "as is" market value based on comparable sales as if unaffected by environmental issues. The valuation process involves the selection of an appraiser. The appraiser prepares a report of estimated fair value. The report is reviewed and approved by Plan management

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Fair Value Measurements at December 31, 2022			
	Level I	Level II	Level III	Total

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2022	2021
Investments at fair value:		
Money market fund	$ 202,292	$ 243,987
Mutual funds	17,266,623	19,889,480
	$ 17,468,915	$ 20,133,467
Investment income	$ 874,628	

These amounts represent the participant contributions and accumulated earnings managed by Capital Bank and Trust. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to related information included in the financial statements and supplemental schedule.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Capital Bank and Trust Company and provided by American Funds. Capital Bank and Trust Company is a trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for administrative services amounted to $49,181 for the year ended December 31, 2022. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of investments.

Other Plan investments are managed by Baker Financial Services Inc. and provided by Charles Schwab. Baker Financial Services, Inc. is the investment manager as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid to Baker Financial Services, Inc. by the Plan for investment management services amounted to $13,335 for the year ended December 31, 2022.

In addition, the Plan holds investment assets with Baker Financial Services that include shares of common stock of Guaranty Bancshares, Inc. The Plan also has a checking account with Guaranty Bancshares which is used for primarily distributions of employer funds to participants. A trustee of the Plan is also a member of the Board of Directors of Guaranty Bancshares, Inc. as well as the principal shareholder of the Plan Sponsor. Any transactions between the Plan and Guaranty Bancshares, Inc. are deemed to be with a party-in-interest. Account fees incurred by the Plan amounted to $4,094 for the year ended December 31, 2022.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE 7 - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been restated since receiving this determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7 - INCOME TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the notes to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 30, 2023, the date the financial statements were available to be issued.
